Here is the Result of One Year's Operation of Such a Law in Washington, D. C.

A STRIKING CONTRAST.

Table comparing hospital treatments for injuries from explosives in Washington, D.C. for July 4, 1908, and July 4, 1909. Columns include Hospital, Emergency, Georgetown, Casualty, Firemen, Garfield, Homeopathic, Children's, and Totals.

FIREWORKS ORDINANCE.

Suggested by National Fire Protection Association.

Prohibiting the discharge or firing of fireworks and other pyrotechnic display and to limit their storage.

Be it ordained by the Council of the city of Washington, D. C., as follows:

Section No. 1. The discharge, firing or use of all firecrackers, rockets, torpedoes, Roman candles, or other fireworks or substances designed and intended for pyrotechnic display, and of all pistols, canes, cannons, or other appliances, using blank cartridges or caps containing chlorate of potash mixture, is hereby prohibited.

Section No. 2. The sale of fireworks at retail is prohibited.

Section No. 3. The storage or sale of fireworks at wholesale is prohibited, except by permit from the Chief of the Fire Department.

Section No. 4. Permits may be issued only after an inspection of the premises by the Chief of the Fire Department.

Section No. 5. Any person, firm or corporation violating any of the provisions of this ordinance as regards the storage and sale of fireworks shall be deemed guilty of a misdemeanor and be fined not less than Ten (\$10.00) Dollars nor more than Twenty-five (\$25.00) Dollars for each day's neglect of compliance.

Section No. 6. The Chief of the Fire Department shall direct such fire appliances as in his judgment may be necessary for the premises.

Section No. 7. All ordinances and parts of ordinances inconsistent herewith are hereby repealed.

Section No. 8. This ordinance shall take effect and be in force from and after its passage and legal publication.

A SANE FOURTH EVERY DAY.

Physicians, nurses and hospitals throughout the country are preparing for a great battle. Bandages and splints are being made ready.

Why not avoid all this suffering and trouble by stopping the battle? Why allow the children to have firecrackers and pistols?

As a result, last year's accidents were fewer than ever before. Because many parents celebrated Fourth of July without fireworks. In a few years there will be no casualties whatsoever.

tuberculosis are as unnecessary as those following the Fourth of July. Let parents keep their children from unhealthful places. See that the boys and girls have wholesome amusement, plenty of sleep, good food and a proper proportion of exercise and rest.

MYERS-CLARK NUPTIAL.

Boyd's Mills was honored by one of the prettiest weddings in its history on Wednesday, June 26, when Miss Caroline Elizabeth Clark, daughter of Mr. and Mrs. C. E. Clark and Garry Cleveland Myers of Sylvan, Pa., were united in marriage in the Union church.

The service was read by the Rev. M. S. Spear of the Christian church, at Dunmore, Pa. The bride was given away by her father and was attended by her sister, Miss Anita Clark, who was maid of honor, and Miss Sylvia Ashenfelter of Norristown, Pa., as bridesmaid.

The bride was attired in a white messaline, veiled with marquisette and trimmed with Irish point-lace. She wore a large veil caught up with a wreath of syringas, and carried a shower bouquet of bride roses and lilies of the valley.

The maid of honor wore yellow messaline with a white marquisette over dress, and the bridesmaid wore a blue marquisette over the yellow messaline. The bride's attendants carried bouquets of daisies.

After the ceremony, Mr. and Mrs. Myers received their friends at the bride's home from which they left at six o'clock for their wedding tour to New York, Atlantic City and the groom's home in Franklin county. Mrs. Myers is one of Wayne county's fairest daughters, deeply beloved by all who know her, and takes with her the best wishes of a host of friends.

Mr. and Mrs. Myers will be at home after October 1 in Huntington, Pa., where Mr. Myers has recently been elected to the Chair of History in Juniata College.

GIVING FALSE NEWS OF MARRIAGES TO NEWSPAPERS.

There are quite a few young people, and some who are older in years but very young in sense, who think it great fun to send newspapers false news. Weddings of young folks who have been associating with each other seem their specialty.

They take advantage of the fact that newspapers are rapidly made up and so they prepare the most plausible stories carefully written, but avoiding elaboration which would lead to suspicion.

It is not the part of friends to embarrass their friends by items such as announcements of their wedding and

yet it is usually friends who perpetrate the "joke." What may be a joke in a small company loses its character when everybody knows it. A story of this sort is not a bit funny when put into cold, hard type. The newspapers mean well. They are busy, rushed people who conduct them and with all their desire for accuracy they are sometimes misled.

The outcome of all this business of sending false information to the newspapers is that someone is going to be made to suffer dearly. Some one is going to be made an example of. It is going to be the example set will be one that will act as a deterrent to those who have been having fun out of seeing the papers print false stories.

PETITION IN BANKRUPTCY AGAINST SCRANTON FIRM.

Scranton.—An involuntary petition in bankruptcy has been filed in United States court, by some of the creditors against J. D. Williams Bro. & Co., of this city. It is understood that owing to a too-rapid extension of the business, this corporation has become over-extended, and it has been necessary to ask for the appointment of a receiver to conserve the resources of the company for the best interests of the creditors.

It is stated that the receivers will conduct the business and that as soon as the auditors who are now examining the books of the company have made a report, a compromise or settlement will be made with the creditors.

The petitioners are Benjamin Evans, Clearview Coal Co., Hugh Dawson and L. H. Williams, the latter of Dalton and the others of this city. The petition sets forth that the firm is in debt in excess of \$1,000, Attorney A. V. Bower represented the creditors.

WOMAN KILLED BY FALL.

Mrs. Phillipine Henry, aged 90 years, who lived with her son George at Lake Huntingdon, fell out of the window of her bedroom in the second floor of the Henry home, Laurel Cottage, at about 3 o'clock Wednesday morning, and was killed by the fall. Apparently she had raised the window of her room a little way to put her head out for air, and in drawing her head in again struck the back of it against the window and was so dazed that she fell forward out of the window to the ground. Other members of the family hearing the noise, went at once to investigate and found Mrs. Henry lifeless on the ground, where she had struck on her left side, breaking her left arm at the elbow and fracturing several ribs.—Walton Reporter.

FLIES OVER NORTH SEA NINE CONSECUTIVE HOURS.

Zeppelin's Dirigible Victoria Luise Makes Long Trip. Hamburg, Germany.—The Zeppelin dirigible airship, Victoria Luise started Friday morning on a ten-hour over-sea trip with twelve passengers on board. The monster airship flew directly out from this city over the North Sea. She returned to her station nine hours later.

It is stated in some quarters that the purpose of the trip is to demonstrate that an airship raid on England is possible, as the vessel's speed of forty-five miles an hour and its fuel carrying capacity gives a radius as wide as London from Hamburg and as far as Bristol from Emden.

Coal Men Laud Newspaper Advertising.

At the convention of the Pennsylvania Retail Coal Merchants' Association held in Reading last week there was a 29-minute discussion on the "Best Methods of Advertising for Retail Coal Men." This subject was suggested by President White, and at the conclusion it was unanimously agreed that the newspapers were the

best advertising mediums for the coal or any other business.

C. Frank Williamson, of Media, gave an interesting talk on "Newspaper Advertising." He said:

Advertising depends on the different localities. I have tried various ways of advertising to bring business before the public, but in the end I always went back to the newspapers. I tried circulars, personal solicitation, and post card methods of bringing my name before the public, but none was so successful as the newspaper.

Change your advertisement from time to time and make it attractive and people will read it. A great deal depends upon the advertisement itself. I believe that by advertising in newspapers a man receives five times as much for the value of the money expended than in any other way. Advertise and you will be successful.

LIGHTNING'S PRANKS.

Bolt Robs Woman of Speech, and Another Bolt Returns it Year Later.

Says the Williamsport Gazette and Bulletin: "To lose her power of speech by being struck by lightning and then to have her speech restored a year later by being struck the second time was the astounding experience of Mrs. D. Walter Spence, formerly of this city, now of Springfield, Ohio.

"Mrs. Spence's maiden name was Blanche Fegley. Her husband is Dr. D. Walter Spence, a former Williamsport physician.

A little more than a year ago Mrs. Spence was in the act of closing a window during a severe storm when she was struck by lightning. So great was the shock that she was thrown to the floor and was unable to move a muscle for weeks. In addition was completely lost the power of speech. After a few months, however, she was able to move her limbs, but she could not talk, and was under the care of a physician practically all the time.

"Mr. Fegley received a telegram the other morning from his son-in-law which read as follows: 'During the storm Blanche was struck and speech entirely restored.' It is not necessary to state that Mr. Fegley was greatly surprised and overjoyed to receive glad news."

REPORT OF THE CONDITION OF THE HONESDALE NATIONAL BANK AT THE CLOSE OF BUSINESS, JUNE 14, 1912.

Financial report table for Honesdale National Bank. Columns include RESOURCES (Loans and Discounts, Overdrafts, U.S. Bonds, etc.) and LIABILITIES (Capital Stock, Surplus Fund, etc.).
