No. 4. HONESDALE, PA., JULY 12, 1912. Vol. 1

[Published in the interest of Honesdale and vicinity.]

Trade with your home merchant.

A dollar spent in Honesdale goes farther than one sent out of town.

If you don't believe it try and get credit from the mail order houses.

Do you wear Honesdale shoes? If you don't you ought to. Make it a point that the next time you need shoes that you buy a pair of Honesdale made shoes. "Insist upon it."

The regular monthly meeting of the Board of Trade will be suspended during the months of July and August. The next meeting will be held the second Friday in September.

Did it ever occur to you that if 600 voters purchased shoes bearing Honesdale labels that in a year an average of 1,200 pairs of shoes

would have been sold. This in turn would amount to \$5,000. Who would be the gainer? Surely not the out-of-town manufacturer.

If you are skeptical about advertising, ask any member of the Board of Trade or the merchants of the town and they will soon convince you that it pays and pays big dividends. As an evidence of the result of advertising the Board of Trade wishes to announce that money thus expended is spent wisely. The Board can talk from experience. A few weeks ago the Erie summer timetable was inserted in Honesdale's three newspapers so that patrons living along the Scranton branch would be benefited by trading in Honesdale. They can also leave their home on the first train, come to Honesdale, do their shopping and return home the same day. It is now three weeks since the timetable went into effect. On Monday morning's 8:08 Erie train 30 passengers alighted from the cars. Besides this, mail is received from New York, Scranton and other points, together with the morning papers. Does it pay to advertise?

Menner & Co. will sell out their remaining stock of waist suiting at remarkably low prices. 55el 8
