

EXPLOSION HURTS 4

Mother Attempted to Clean House With Gasoline.

CHILDREN IN SERIOUS STATE.

Policeman Jumps Through Window of Trolley Car to Aid Injured Ones. Child Stepped on Match, Which Ignited One of the Gasoline Bottles.

Philadelphia, July 16.—Mrs. Irene Caruso's attempt to clean house with gasoline caused an explosion which seriously injured the woman and her three children and a fire which resulted in a loss of \$50.

Angella, four years old, and Trazzio, two years old, are so seriously burned from inhaling flames that physicians at the Samaritan hospital do not expect them to live.

Mrs. Caruso carried twelve quarts of gasoline up to her bedroom in preparation for housecleaning. She divided the fluid among three glass bottles and proceeded to saturate the woodwork of the rooms with it.

Eight-year-old Sabano, who was assisting her, stepped accidentally upon a match. The tiny point of flame twinkled for an instant and then burst into a sheet of flame. The three glass bottles exploded, cutting Mrs. Caruso and the children with flying bits.

Mrs. Caruso, with her skirts blazing, seized Trazzio, the youngest child, and tried to beat out the flames which enveloped him.

Policeman Lafferty was riding on a car which was passing and he heard people screaming and running up the street. The car had just started, and before the motorman had time to open the doors Lafferty threw open one of the windows and jumped out while the car was in motion.

Arriving at the house, he ran up the stairs and in the middle of the stairway met Mrs. Caruso carrying her two-year-old son Trazzio in her arms. He assisted the two to the street, where he extinguished the flames, and then ran to the nearest patrol box.

STEEL MEN GET INCREASE.

All Working Men Except Tonnage Men Get 10 Per Cent Advance.

Pittsburgh, July 16.—Notice of an increase of 10 per cent in wages of all working men, except tonnage men, was posted in all the Jones & Laughlin plants. The increase has already become effective.

The wage advance came as a surprise, as there had been no notice that such a thing was contemplated. More than 6,000 men are affected, and the monthly payroll will be enlarged by approximately \$100,000. The Jones & Laughlin Steel company is the biggest competitor of the United States Steel corporation in the Pittsburgh district. The wage advance will certainly be followed by a similar boost by the steel corporation—an advance of 1 1/2 cents an hour. The change affects all working men, skilled and unskilled, who work by the day or the hour. It has no effect upon the men who work on a tonnage basis. The men at the coke plants of the Jones & Laughlin Steel company are included.

IN PAJAMAS, CHASED BY WIFE

Philadelphia Man Races Through Streets to Escape Carving Knife.

Philadelphia, July 16.—Clad only in his pajamas, Edouard Girard started Overbrook churchgoers when he fled from his home, pursued by his wife, Ethel, who was brandishing a good sized carving knife.

Every now and then the wife would make a false start, and the husband would take two or three jumps in an effort to prevent being dissected.

The noise became so great that Mounted Policeman Parkes made Girard dress and the pair accompany him to the police station. After hearing both sides Magistrate Boyle held the wife in \$500 bail to keep the peace.

FORTUNE IN OLD SHOE.

But the Finder, an Old Woman, Had to Give It Up.

Philadelphia, July 16.—Two thousand dollars' worth of jewelry came tumbling out of an old shoe which an old woman picked up while cleaning up some rubbish in the yard of a political club in South Nineteenth street. She thought fortune was smiling on her beautifully, but just then a big policeman came along and saw her glistening over her find. He, too, was after the jewelry, for it had been stolen from Mrs. Francis De Magalhães several weeks ago.

Pittsburgh, July 16.—Alex Tauer, depressed by the heat wave, jumped from the fourteenth floor of the Machesney building, in the heart of the financial district, to the roof of a neighboring building. He was dead when picked up.

"NO COMPROMISE," SAYS T. R.

Against Fusion Between His Forces and "Successful Dishonesty."

Oyster Bay, N. Y., July 16.—In expressing his emphatic disapproval again of the plan by which in some states Republican and progressive presidential electors identical upon both tickets shall be pledged to support the candidate of the ticket upon which he receives the most votes Colonel Roosevelt made clearer than ever before his determination that the progressive movement should be bound by no ties to the Republican party.

"I will acquiesce," he said, "in no compromise whatever."

Colonel Roosevelt's position is that his strength is to be exerted for the progressives and for them only. He is unwilling that there should be anything resembling compromise between his forces and those which he claims represent "successful dishonesty." As a secondary consideration, he declares, he is averse to the scheme, because in lining up with the Republican party he would alienate the independent and Democratic progressive vote for which he bids.

ROCKEFELLER PUPIL KILLED.

Ran Over by Stone Boat on Estate Near Summer School.

Tarrytown, N. Y., July 16.—Clara Hanley, six years old, was crushed to death by a big stoneboat on the John D. Rockefeller estate. She was one of about twenty pupils who attended the Rockefeller Summer school, and her sister, who was the teacher, had just dismissed the morning session when the children ran down the road for a ride on a loaded stoneboat. The driver, Wheeler Turner, did not see them, but Mrs. Rutledge, who was waiting for her own children, saw little Clara fall and the heavy wheel pass over her body.

Mrs. Rutledge ran out to pick up the little girl. She carried her into the schoolhouse and placed her on a bench and covered her with an American flag. Death had been instantaneous.
