POMONA MEETS AT GREENTOWN

On account of the heavy rain on Wednesday night and the uncertainy of the weather Thursday morning last week many grangers concluded to stay at home; quite a number were brave enough to go. It turned out to be a fairly good day and there was a fair-sized attendance especially in the evening. Many who were to take part in the meeting falled to get there but the people of Harmony grange got busy and prepared a fine program for the evening.

The afternoon session was called o order by S. Saunders, the worthy master. Officers were appointed to fill the vacant chairs. Brother Webster gave a good talk along the lines of farming, the high cost of living and how he thinks the farmer might overcome some of it at least. The resignation of M. G. Noble, county deputy, was received and F. S. Hart-ford elected in his stead. W. B.

Lesher now took the meeting in charge and as the principal talkers of the afternoon were absent the lecturer called on some of the mem-bers for remarks 'and he was responded to by Messrs. Jones, Howe, Ammerman and Butler. A paper on agriculture was read by Mrs. Anthony Hopps. This was full of in-terest from start to finish and we hope to have it printed in the next Grange News. Worthy Master Saunders says he thinks that a part of the

high cost of living is due to housewives having the grocers and others deliver their goods which necessitates the keeping of a horse or two and additional man, amounting to \$800 to \$1000 extra money, and this G. Smith gave some good ton. haser.
