—Trainman Fred Nichols, of the Ontario and Western Railroad, whose home is in Middletown, was working in the yards of that city Monday morning and stepped in a lunch wagon for a cup of coffee. While he was there, his train began to move, and in attempting to board the engine tank, he slipped, and in some manner fell so that his left hand and arm lay across the rail. The hand was taken off just above the wrist. After running a short distance, the train stopped, when Mr. Nichols, displaying great nerve, walked to the engine, holding the stump of his arm. He told Engineer Jackson what had happened and was taken to Thrall hospital.—Port Jervis Gazette.

—Dust from the tail of Halley's comet, according to M. Marchand, of the Pic du Midi Observatory, is responsible for the coronas that have frequently been seen around the moon in perfectly clear weather ever since May 19th, 1911. It is well known that the angular size of a corona depends upon the size of the solid or liquid particles in the air which diffract the light; the smaller these particles, the larger the corona. M. Marchand's measurements indicated an average diameter of the dust particles of from 20 to 60 microns shortly after the passage of the comet's tail through our atmosphere. Since that time the size of the particles has decreased to about 0.5 micron.

GOULDSBORO.

Rev. and Mrs. P. S. Lehman were tendered a farewell party at the parsonage Friday evening. The party was given by the Gouldsboro members of Chaplain T. D. Swartz, W. R. C., and the Ladies' Aid of the M. E. church. About forty were present and a most delightful evening was enjoyed by all, with only the thought that it would be the last of many pleasant gatherings to be held with Rev. and Mrs. Lehman at the parsonage. Refreshments were served and they were presented with several gifts to take to their new home to remind them of the many friends they have at Gouldsboro.

A GREAT PROGRAM

For Sunday School Convention—10,000 Workers to Attend—Speakers of International Note on Program.

Sunday school folks all over the State are looking forward with much anticipation to the great annual convention to be held in Philadelphia, October 8 to 11, next.

Many counties will send large delegations. It is anticipated that no less than 10,000 workers outside of Philadelphia will be in attendance.

The program has on it the names of many Sunday school people who are specialists and enjoy a world-wide reputation.

FAIR NOTES.

Everything is in readiness for the Wayne county fair which will be held at Honesdale, September 30 to October 3 inclusive.

The great attraction this year will be the flying machine, which, if weather permits, will make three ascensions on the fair grounds during the annual agricultural exhibit. This will be the largest drawing card ever presented by the management of the fair. No one wants to miss it.

On Tuesday, October 1st, all school children will be admitted free upon the grounds.

Some fast horses have been secured for trotting and pacing and the races promise to be the best ever witnessed.

Local and county bands have been engaged to furnish music at the fair. Everybody wants to hear his own band. Come and have a good time.

Don't forget the automobile parade. Two handsome silver loving cups will be given for the best trimmed automobile. One will be given to the owner of the most artistically trimmed touring car in Wayne county and another loving cup to the most artistically trimmed runabout. The prize is open to owners of machines in Wayne county. Secretary Gammell says the cars must be trimmed—that one or two plumes will not classify the contestant.

Amusements, yes, and any number of them. There will be the ever merry-go-round, ocean wave, which is something new and very popular, the Ferris wheel and numerous others.

Tompkins' Wild West show will also be upon the grounds and give tent and open air exhibitions.

Grangers, don't forget to exhibit. The fair management will give five premiums, the first being \$60. Others are \$50, \$40, \$30 and \$20. Make an effort to capture one of these prizes.

There will be an excellent display of farm produce and some growths will make the people open their eyes.

Farmers are requested to bring their single and matched horses and place them upon exhibition. Liberal premiums will be awarded.

The weather promises to be fine.

This is the 50th exhibition of the Wayne county fair and will also be the banner fair. Come and spend the week in Honesdale.

RECLAIMING THE JERSEY MEADOWS.

The members of the American Peat Society, which recently held its annual convention in New York, visited the Jersey meadows where they inspected several hundred acres of peat bog that are being reclaimed and cultivated. After eight years of development some two hundred acres are yielding, in lettuce and onions, from 600 to 1,000 bushels per acre, while the yield of celery is said to average about 3,000 dozen per acre. The results obtained in this locality should prove a great stimulus in similar work of reclamation on valuable but undeveloped bog lands throughout the country.

APPLES ARE LESS WORMY.

Horticulturalist W. H. Bullock claims that the apples this year are less wormy than previous years, which Mr. Bullock claims he thinks is due to the exceedingly cold winter weather. The extreme cold he says killed the coddling moth, hence fewer apples are wormy.

The peach crop in the state is very light. Trees that bore a peach this year contained bushels of this delicious fruit other seasons.

Mr. Bullock told a Citizen representative that Thomas Ridd, of Rileyville, has the finest peaches of note that he had seen in all his travels this season. Mr. Ridd's tree is well loaded and they are some of the finest grown.

DANCE TONIGHT.

There will be a dance at the Lyric tonight. The proceeds will apply on purchasing suits and equipment for the Honesdale basket ball team.

Harold Rommelmeier was a passenger to Carbondale on Thursday.

—President Felton, of the Chicago Great Western railways, says business prospects in the West are the best in eleven years, and he believes the big crops are sufficient to overcome any political effect this fall.
