HONESDALE, WAYNE CO., PA., FRIDAY, OCTOBER 11, 1912.

PRICE 2 CENTS

LIST OF HOLIDAYS OBSERVED BY BANKS

Scranton Clearing House Manager Gives Law on Columbus Day— Rules Governing Paper.

Columbus Day, Saturday of this week, will be a legal holiday under the laws of Pennsylvania...

The text of the state law follows: and the Clearing House association has requested that business people generally preserve the act and be governed by it in their dealings...

ANOTHER NEWSPAPER FOR SULLIVAN COUNTY.

First Issue of Narrowsburg Democrat Published on Oct. 1.

The latest newspaper to be published in Sullivan county is the Narrowsburg Democrat, the second issue of which appeared on October 9.

BERRY AND PALMER.

A Wilson rally is to be held at the court house, Honesdale, Monday evening, Oct. 14, to be addressed by W. H. Berry...

50 MEN ON ELEVATOR SITE

Grading for Sidling from Main Line of D. & H. to Factory—Laborer Caught in Fall of Earth— Brick Laying Commenced.

The F. A. Havens' company have 50 laborers and skilled mechanics at work on the site of the Gurney Electric Elevator company proposed factory.

Several teams and men with scrapers are grading a portion of the berm bank of the old Delaware and Hudson Canal preparatory to laying a siding or switch from the main track of the D. & H. road in an easterly direction toward the factory.

A large portable derrick has been erected preparatory for placing the structural steel, which is expected any day.

Brick laying was commenced Wednesday on the western part of the building. The footings for the foundation are nearly all excavated and same are now being filled with concrete...

While digging one of these footings a young man nearly became suffocated by a cave in, which occurred a few days ago. He was rescued by fellow workmen and was apparently none the worse for his experience.

The structural operations upon the grounds are tied up on account of no material. The non-arrival of the steel may cause a delay in the completion of the building in the scheduled time of 120 days.

Seaman, Irwin and Brennehan are furnishing the cracked stone for the Havens people. The stone is being obtained from the Seaman farm.

GRAVITY WOMAN FOUND PENNILESS IN THE WEST.

Indianapolis, Oct. 8.—Found wandering on the streets here early today with her twelve-year-old daughter, Ruth, Mrs. Mary D. Brundage...

Mrs. Brundage said that she came here a week ago Saturday to defend herself in a divorce suit brought by her husband, who she says left her seven years ago.

On her arrival she went to visit friends in Mooresville, who she said refused to allow her to come to Indianapolis Friday, the day set for the trial. Without friends or money she came here yesterday and attempted to find her husband so that she could get enough money to return to Gravity.

PUPILS' HEALTH BETTER SINCE NEW SCHOOL WAS ERECTED.

Since the erection of Honesdale's new school building the health of the pupils is much better than when the antiquated school building was standing.

Approved the 16th day of February, A. D. 1911.

JOHN K. TENER.

THE WORLD'S SERIES GAMES

New York Wins Second Game of Series.

Scoreboard for New York vs Boston. New York 0 1 0 0 1 0 0 0 0 2 7 1, Boston 0 0 0 0 0 0 0 0 1 1 7 0.

Boston, Mass., Oct. 10.—Unfavorable weather conditions were evident here today for the third game of the World's Series, between the Giants and Red Sox.

New York Giants played Red Sox to a tie at 6 to 6 in eleven-inning game at Boston yesterday, the second in the world's series.

Tickets sold for scheduled game at Polo Grounds today good for tomorrow, or whenever next game is played.

Official paid attendance yesterday, 20,148. Total receipts, \$58,369, divided as follows:

Attendance breakdown: Players \$31,519.26, Clubs \$21,012.84, National Commission \$5,836.90.

First Inning. New York—Devore singled, Doyle flied out to Speaker, Devore out. Snodgrass flied out to Speaker. One hit, no runs.

Second Inning. New York—Murray hits for two bases. Merkle sacrifices, Murray to third. Herzog flied out to Hooper and Murray scored. Myers out, short to first. One run, no hits.

Third Inning. New York—Fletcher walked, took second on Marquard's sacrifice.

MILKMAN E. H. BLAKE SAVES WOMAN'S LIFE

Mrs. Anna Emmons Asleep in Home Which Was Being Consumed by Fire—Efforts of Mr. Blake and John Clemo Saved the Building.

While returning from Odd Fellows' lodge last Monday evening about 12 o'clock, Ed H. Blake, of Beech Grove, saw a light ahead of him which appeared like an auto approaching him.

The fire was at the rear of the house and burned perpendicularly from the ground to the gable. There were no signs of any chips or kindling at the base of the building.

DEVELOPMENT COMPANY BUYS LAND.

The Wayne Development Company which is building the big dam at Wilsonville, near Hawley, is purchasing land along the Wallenpaupack river, probably for the purpose of developing water power or for other purposes.

EXPECTS 200 PATIENTS FOR STATE INSANE HOSPITAL.

Fairview, Oct. 8.—Hon. Henry F. Walton, chairman of the board of trustees, other members of the board and state officials, are here today at the State hospital for the insane in executive session...

Bids were opened for the furnishing of the hospital, including all furniture, laboratory equipment, etc., at the executive meeting of the directors.

How much of the tariff do you pay? The population of the United States is, in round numbers, one hundred million people...

HOW MUCH OF THE TARIFF DO YOU PAY?

Under absolute "free trade," with all duties removed, you could not save more than this \$3.46 a year. Under a tariff "for revenue only," you would save less than that.

Prices are higher in every country in the world than they used to be. The Republican principle of protection, the tariff, and President Taft are certainly not to blame for conditions that are world-wide.

Look at this in another way. Tea and coffee have gone up in price—and there is no tariff on them at all!

But cotton is free of duty! And raw cotton has increased in price. But cotton and wool hoisery and underwear both pay a duty—and cotton goods and flannels are lower in price.

The greatest rise in prices in twenty-one years has been in duty free goods! The smallest increase in prices has been in manufactured goods which pay a fairly high duty!

President Taft approved the last tariff bill because it was the best tariff he could get at the time. And because it was much better than the tariff law then in effect.

STERLING.

Rev. W. E. Webster, and family are enjoying a few weeks' vacation with his old Maryland friends.

The Ladies' Aid met with Miss A. M. Noble for dinner today.

On the 3rd there was born at the home of Mr. and Mrs. Lem Yates a son.

On the 1st a little daughter also came to brighten the home of Mr. and Mrs. John Gillner.

Mr. Theobald is survived by his wife and several sisters, all of South Canaan.

JACOB THEOBOLD DEAD AS RESULT OF BEING CRUSHED UNDER WHEEL OF BRICK WAGON IN SCRANTON.

Jacob Theobald, of South Canaan, was almost instantly killed about one o'clock Tuesday afternoon in Scranton, when he was jolted from a brick wagon on which he was riding at Mulberry street and Adams Avenue.

The wagon and team are the property of J. J. Coyne of Minooka, and bricks were being hauled from the Standard brewery to Minooka.

Andrew Horn, of Dunmore, was passing in his automobile at the time and after the accident hustled Theobald to the State Hospital where he died five minutes after being admitted.

The body of Mr. Theobald was identified. A niece of the dead man happened to be in the city shopping and hearing of the accident made inquiries and was directed to Cusick's morgue, where she identified the body.

WHAT HONESDALE NEEDS

Electric Automatic Fire System— Paved Main Street—Expansion of Borough and a Trolley Road.

Living, growing and progressive Honesdale is in the need of four things, any one of which is important to a growing town, namely, a good fire alarm system, an extension of the borough line, paved streets and a trolley car system.

The trolley road would be the making of Honesdale. It would bring people to town to trade, which now go somewhere else or stay at home.

We have a fire alarm system, but many times people cannot tell what district the fire is in, whereas if an electric box system were installed it would tell the exact district and people would not be left to wonder where the fire might be.

Under absolute "free trade," with all duties removed, you could not save more than this \$3.46 a year. Under a tariff "for revenue only," you would save less than that.

Prices are higher in every country in the world than they used to be. The Republican principle of protection, the tariff, and President Taft are certainly not to blame for conditions that are world-wide.

The small amount YOU pay for tariff protection—\$3.46 a year—has almost NO effect on the cost of YOUR food, clothing and shelter.

Prices are higher in every country in the world than they used to be. The Republican principle of protection, the tariff, and President Taft are certainly not to blame for conditions that are world-wide.

Look at this in another way. Tea and coffee have gone up in price—and there is no tariff on them at all!

BIGELOW HOMESTEAD BURNS.

Fire Starting From Spark From Wood Stove, Causes \$4000 Loss to Niagara Man.

Fire, which destroyed the old Bigelow homestead at Niagara, a few miles from Pleasant Mount, broke out about 1 o'clock Tuesday night and before it was discovered it had gained such a start that to put it out was next to impossible.

The house was owned by Clarence Bigelow and was occupied by him and Mr. and Mrs. Nelson Bigelow and daughter and several hired men.
