GRANGERS ASK REFORMS.

A challenge to State Highway Commissioner Bigelow to debate questions of road building with William T. Creasy, master of the State Grange, was issued recently by the legislative committee of the state grange which was in session last week, discussing its legislative program. The details and questions are left to Messrs. Bigelow and Creasy to arrange.

The committee also recommended the following legislation to the general assembly: Direct election of United States senators, a senatorial preference primary, equalization of taxation by relieving real estate or increase of state appropriations for schools and roads; payment of the minimum teachers' salary for the minimum term by the state; full appropriation to townships for roads up to \$25 per mile per annum; equal taxation of all classes of subjects; 'An honest initiative, referendum and recall'; a larger appropriation to State college; prohibition of use of any coloring matter in oleomargarine.

Regarding liquor legislation the resolutions are as follows:

"Since all parties are agreed on the initiative and referendum a local option bill should be passed. We heartily second the approval by Gov. Tener of a law requiring clubs that wish to dispense liquor to take a license the same as hotels. And, further, we demand the passage of a rigid anti-treating law. Peddling of liquors should be prohibited as covered by house bill No. 6 and the courts should fix the hours of opening and closing of bars.

Recommendations on national legislation were made as follows:

Perfection of the parcels post; removal of tariff on all articles controlled by monopolies; a graduated income tax; physical valuation of railroads; legislation to make manufacture of denatured alcohol possible; and conservation of timber and mineral lands and water power. Opposition was voiced to central bank legislation; ship subsidy, federal charters and shipment of liquor into dry territory.

"THE GIRL OF MY DREAMS."

At the Lyric on Wednesday, Feb. 5th, Jos. M. Gaites will present to the theatregoers of Honesdale John Hyams and Leila McIntyre in the delightful musical play "The Girl of My Dreams." This highly successful musical production which had its initial presentation in Chicago three seasons ago, enjoying a twelve weeks' run, is said to be one of the most delightful and refined musical plays seen in years and a worthy successor to Gaites famous "Three Twins."

It has also filled highly successful engagements in all the principal cities of the country including Boston, Philadelphia and New York City.

The story of the piece tells of a bachelor's downfall before the charms of a demure little Quaker girl. These roles will be those of the principals, John Hyams and Leila McIntyre. The bachelor is much of a club man and has the cynical attitude of his class toward the feminine sex. The piece is chock full of catchy musical numbers, "I'm Ready to Quit and Be Good," effectively rendered by Mr. Hyams and Miss McIntyre's delightful "Doctor Tinkle Tinkle" being the most popular. The supporting company numbers among the principals Alice Hills, Francis Gaillard, Neil Burns, Silvia Frankie, Della Niven, Irving Brooks, Frank McEwen, Adele Boulais and Joseph Harris together with a splendid male chorus and the original De Luxe Pony Ballet. The organization numbers seventy people in all.

The official gazette of the French African colonies has announced that the French officials of the West Africa Ivory Coast hereafter will make all their official journeys in wheelbarrows. The growing disinclination of the natives to carry either passengers or baggage on their heads is given as the cause of the innovation.

A WONDERFUL DISCOVERY WHICH PRACTICALLY ELIMINATES THE DANGERS OF DEATH BY CATARRH OR DISEASES WHICH ORIGINATE WITH CATARRH.

From the Paterson, N. J., Guardian. Ninety-four per cent. of all the diseases with which the human system is afflicted, originate or turn into catarrh; assuring himself of this fact, Dr. Barker gave the matter of his entire time and study, and after several years of the most thorough research for a remedy which would positively cure catarrh in any form, he prepared a prescription which he used in his private practice without a single failure of any case of catarrh he treated. After a considerable amount of persuasion he consented to put the prescription up in convenient form, so that sufferers from this terrible disease could purchase the treatment at a nominal cost. The prescription will be found in most any drug store in the United States under the label Bloodine. In a recent introductory sale in the city of New York, more than 20,000 bottles were sold in a single week.

I am so confident that Bloodine will cure anyone afflicted with catarrh that I will gladly supply it to any patient on a positive guarantee to cure, or money will be as cheerfully refunded as it is taken. If your druggist does not keep Bloodine you can be supplied by The Bloodine Laboratories, Boston, Mass., at 50c a bottle, or six bottles for \$2.50.

The bustling little borough of Waymart, located on the Honesdale branch of the Delaware and Hudson railroad, at the base of the Moosic mountains, is growing rapidly.

There is only one house vacant in that village and it is one of the best built, houses, there, too. It contains eight rooms and is a store and dwelling combined. Can be used for two families. The property is located in the center of the town and is directly opposite the postoffice. It would make an ideal place for almost any kind of business. The lot is 60x160 feet and can be bought on easy terms of the Buy-U-A-Home Realty Company, Honesdale, Pa., Jadwin building. If you cannot come to Honesdale use the telephone or write and further description will be cheerfully given. 99tf.
