St. Louis.-A storm which spread over the entire Middle West, the Rocky Mountain region, the South and the Southwest caused loss of life and great property damage.

Late reports indicate that nearly a hundred persons were killed, scores seriously injured, and millions of dollars' worth of property destroyed, in the terrific electrical tornado which swept Georgia, Tennessee, Alabama, Louisiana, Mississippi, Arkansas and

Ninety deaths have been reported, and the total loss of life probably will be increased when communication is restored in remote sections devastated by the cyclone. The damage to property cannot be estimated, but will have to be computed in millions.

Twenty-nine persons are reported to have perished in Georgia and the property loss in that State is roughly estimated at \$1,000,000. Calhoun, Gordon county, Ga., and its vicinity bore the brunt of the storm in that State, and eleven persons are reported to have been killed there. The other fatalities in Georgia were nine at Tucker, four at Eaglesville, three at Clarkson, and two at Columbus.

Every message from the towns and cities of the storm-ridden zone brought its quota of disaster. Men, women and children were overwhelmed in their homes, in the streets or in the fields where they had taken shelter. Cloudbursts drove plunging torrents through the hurricane belt. A wind of terrific velocity uprooted trees, blew down telegraph and telephone poles, tumbled big and little buildings, and even blew railroad cars from the tracks.

The latest reports from Tennessee have increased the death toll in that State to twenty-six persons. Six perished in Middleton, four at South Berlin, three at Huron, two each at Culleoka and Lexington, and one each at Leesburg, Rally Hill and Bryant Station. The loss of life in Alabama is estimated at thirteen. Five negroes were killed near New Decatur, three persons perished at Calera, and two each at Hoyles Bluff, Gayesville and

A conservative estimate places the number of dead in the lower Middle West, Southwest and South at 50, with not fewer than 200 injured and a property loss of \$3,000,000 or more.

Four persons were killed and 12 injured as the result of a blizzard in Nebraska, which caused two wrecks. A St. Paul engineer saved a train-

load of passengers in Minnesota. He feared a washout, and ran slowly as he approached a bridge. His engine plunged through the bridge. His fireman was killed and he was fatally

At Gothamburg, Nebraska, a passenger train crashed into the rear of a Pullman sleeper, throwing it and the coach ahead into the ditch. Four persons were killed and 10 others are seriously injured. Three were fatally

After two days of the hardest gales ever known in the Ozark Mountain district, the apple belt of Missouri, the temperature fell to 22 above zero, and the wind died down. The freeze is not believed to have done much dam-

One person was killed at Jacksonville, Ill. In Peoria, Woodford, Taxewell, Morgan, Cass, Menard, Jersey and Greene counties, in Illinois, the wind created great havoc. A church steeple at Spring Hill, Ill., blown over while meeting was in progress, caused a panie.

Hundreds were rendered homeless in the eastern part of Wisconsin and hundreds of lives were endangered. The damage is estimated at \$500,000.

At Fond du Lac the business and residence sections experienced the worst flood in ten years, the causes being ice jams. The water works in the total appropriation is due to plant is flooded and newspaper press many causes. The continued growth plant is flooded and newspaper press rooms are out of commission.

WILSON BARS INVITATIONS.

Will Accept None in His First Year as President of United States. Washington.—President Wilson said definitely that he would accept no invitations away from Washington during the first year of his administra-

He made this announcement in a letter declining to attend the celebration of the 137th anniversary of the signing of the Mecklenburg Declaration of Independence at Charlotte, N. C., on May 20.

BEACH LAKE.

Beach Lake, March 17. I have not got the smallpox nor been exposed to it and have been vac-cinated so that I dared to send The Citizen a few items without endangering any one. I want to say that there has been no deaths and I hear of no one sick with that disease in our midst. It is generally under-stood that Mr. and Mrs. H. D. Wood have had the smallpox and Mr. Wood has been very sick but am glad to be able to say they are improving. If any one else has had it it has been so very light that it is hard to believe they have been sick with that terrible disease. Our town is, generally speaking, in a good healthy condition. Mrs. Henry Bradney is sick with neuralgia of the stomach which is the extent of the sick list.

The roads are in a bad condition. It is thought by the old people they are worse than they ever knew them to be before.

Most of our farmers have got to go to Honesdale today to sign the milk

SIKO.

Siko, March 17. The Grangers' oyster supper their hall in Dyberry on last Friday evening, was as well attened as could have been expected with the roads in such a bad condition. Some that started were compelled to turn back.

Mr. and Mrs. T. H. Ridd had a very disagreeable and uncommon experience on Sunday evening at nine o'clock, March 9th, when a woman rapped at their door and when it was opened by Mr. Ridd she walked in, carrying a baby and seated her-self, saying she had come to see if she and her husband could stay all night. Mr. and Mrs. Ridd being kind hearted were not disposed to send them on at so late an hour at night, so the horse was stabled and they were made comfortable for the night The next morning they went on their way, saying they were going to Deposit. They were of the tramp class and Mr. and Mrs. Ridd do not care

to repeat their experience. C. E. Bolkcom has been entertaining the grippe. He is not anxious for

another call.

J. W. Ridd has commenced sawing in his mill on the Dyberry. We congratulate Mr. and Mrs. F Smith on the arrival of a fifth daugh-

Marie, little daughter of Nat and Phebe Bolkcom, has been taken lame and is under the doctor's care. We

hope for her speedy recovery.
Our Sunday school is planning to observe Easter with special music and recitations.

STERLING.

Sterling, March 17. We are now having very warm weather for March and for a day or two the thermometer registered above 50 night and day. count of the rain it is rather dis-

agreeable making sugar.

After a brief sickness Mortimore McLain died on the 8th and was burled in the Catterson cemetery burying ground on the 11th inst., Rev. W. E. Webster officiating at the house. Mr. McLain was 65 years old and had lived all his life in Sterling. He is sur-vived by his widow, one sister, Mrs. The young ma

W W. Hinds and five brothers, Robt., Harry, John, Albert and Charles. While working in the woods one of H. R. McGargles men badly cut the foot of one horse with an ax and

it nearly bled to death.

On account of the very sloppy roads the Ladies Aid postponed the entertainment until the 21st—next Friday night

William Bachelor, our mail carrior, has moved into the A. C. Megargle house.

After the first of July Russell Bor-

ant drive as the scenery along the Wildcat Eddy road is delightful and exhilerating.

TREASURY DEFICIT AHEAD, SAYS CANNON.

Illinois Ex-Member Denounces Appropriations Made by the Sixty-Second Congress

Washington, March 15 .- The annual defence of the work of the majority of the House of Representa-tives by the chairman of the Committee on Appropriations, coupled with make my brother to offend, I will tee on Appropriations, coupled with the annual attack of the senior min-ority member of that committee charging gross extravagance against the party in power, was made public to-day. The two statements take the form of "Leave to print" speeches, the longer one from Representative Joseph G. Cannon of Illinois for the opposition and the shorter and terser

any previous annual aggregate in the history of American legislation; this too in the face of an economy pledge in the Democratic platform. Mr. Fitzgerald says: "The

" The increase and development of the country and the increased activity of many services of the Federal Government and the constant pressure to divert to the Federal Treasury burdens which properly belong elsewhere are fac-tors which tend more or less legitimately to increase the cost of the Federal Government."

Mr. Cannon calls the attention of the public to the fact that all "performances of Republican Houses ed a number of friends on March 10 pale when placed in contrast with in honor of her tenth birthday. The what the Democratic House of the usual party diversions were indulged in and at a seasonable hour refresh-Sixty-second Congress has accomplished in emptying the Treasury and piling up obligations against revenues to be derived by direct taxation and from revenue of free trade tariff laws to which the new Administration stands and committed and Games and cards passed the after-

Mr. Cannon scents a Treasury deficit ahead, basing his view upon the promise of revenue reduction, coupled with the extravagance which he charges as a new Democratic fail-

SOUTH CANAAN.

South Canaan, March 17, Mr. and Mrs. Fred Jenkins spent Sunday with Mr. and Mrs. Loren Fielding.

Rev. and Mrs. Sliker are entertaining the former's mother of Shick-

shinny.

The M. P. ladies' aid held their regular meeting on Wednesday at the parsonage. The next aid will be held with Mrs. Mark Inch the third-Wednesday in April. Mrs. Charles Hetzel, Maurice Het-

zel and Mrs. L. C. Barhight spent Sunday at Waymart with relatives. Mr. and Mrs. Frank Bone have mucous lining of the Eustachian rented O. W. Shaffer's residence at Varden, and will move there April you have a rumbling sound or im-

John Enslin is anticipating on building a new house in the spring.

SHORT TALK ON TEMPERANCE. How Our W. C. T. U. Topic For December, 1912, was Used by One Union.

Our topic for December is "Need of Temperance Work at Holiday

Holiday time is a time when the home coming of the absent members of families makes it a time of fes-Many, when preparing food for a festive meal, deem it necessary to use brandy or wine in their concoction which when eaten to any extent creates an appetite for strong drink hard to conquer or renews the appetite in a reformed drinker.

An Ohio woman who was planning to serve wine with other delicacies at a reception, was asked by a friend, "Do you think it is right to serve fermented wine to your guests?" "Certainly," she replied, "they serve it in our church, and if it is right in the church, it is right in the home." Here we have in a nut-shell the educational influence of a church that uses alcoholic wine at

The young man may also say consistently, "If it is right to take fermented wine at my church altar, it is right for me to take it elsewhere. It is useless to reply "It is consecrat-ed wine." No prayer or blessing over a dangerous and unholy thing can make it pure or safe; no religi-ous ceremony can sanctify what God Himself has pronounced unholy and unclean. We read His law given to Aaron, the priest, in Lev. 10, 9 and 10th verses—"Do not drink wine nor strong drink, thou nor thy sons with thee, when ye go into the tabertree expects to carry the mail from nacle of the congregation lest ye die. Ledgedale to Moscow. A very pleas- It shall be a statue forever throughout your generation that ye may put difference between holy and unholy and between clean and unclean."

For years the W. C. T. U. has been endeavoring its utmost, through its department of Unfermented Wine at the Sacrament, to banish the foe of the human race from every church in Christendom. It has succeeded, in great part, but the German Lutheran, Episcopal, Catholie and a few others still resist our appeals and continue its use. We believe that the anostle Paul, were he on earth in 1912, would say to them, drink no more wine while the world standeth.

Christ did not in any gospel command his diciples to use wine at the Lord's Supper, but always "the fruit of the vine" which is unchanged, unfermented grape juice, a health-giving temperance drink, neither unholy nor unclean.

At one of our local meetings reone from Chairman some aid of New York for the defence.

Mr. Fitzgerald points with pride sign the pledge and joint to the fact that "it is a matter of considerable satisfaction that the sign the pledge because when wine sign the pledge because when wine was served at social gatherings where she was, she hated to refuse, and if she was, she hated to refuse, and if the was pledge, would not feel to the pledge and joint to the pledge an two bills which did not become laws, attained only the sum of \$1,098,-647,560 and did not reach or pass the sum of \$1,100,000,000."

Representative Cannon views with alarm the fact that the Democratic appropriation bill has been so suffed in every direction, including a \$40,-000,000 public building bill, as to surpass by more than \$76,000,000 many think it necessary to pledge any previous annual aggregate in the later of American legislation; this

No wine I'll take For friendship's sake, Away with such a plea, No friend of mine Would give me wine To wreck and ruin me.

-Hon. Richard Barthold, of Missouri, has completed his tentative plan for the meeting of the American Peace Society to be held in St. Louis in May. President Wilson has ac-cepted the honorary presidency and Even the figures given by Mr. Fitzgerald, however,, show that the appropriations for the fiscal year 191314 exceed by more than \$70,000,000
the extreme limit of expenditure
reached by any Administration Republican in all its branches. The record until now had been held by the
Sixty-first Congress, which for the
fiscal year 1910 appropriated a shade
more than \$1,028,000,000. has signified his intention to be pres-ent. All of the members of the di-

GET THESE Money-making Secrets Farm Journal

FARM JOURNAL ("cream, not skim milk") is the great little paper published for 36 years in Philadelphia by Wilmer Atkinson. It is taken and read by more families than any other farm paper in the WORLD. Its four million readers (known as: "Our Folks") are the most intelligent and prosperous country people that grow, and they always say the Farm Journal helped to make them so. Their potatoes are larger, their milk tests higher, their hogs weigh more, their fruit brings higher prices, because they read the Farm Journal.

De this cock property held? Paultry Servers" tells how to carry fouls, and othersecreti far more importants.

Do you know Peter Tumbledown, the old fellow who won't take the Farm Journal? By showing how NOT to run a farm, Peter makes many prosperous. Nobody can go on reading the Farm Journal and being a Tumbledown too. Many have tried, but all have to quit one on the other.

The Farm Journal is bright, brief, "boiled down," practical, full of gumption, cheer and sunshing. It is strong on housekeeping and home-making, a favorite with busy women, full of life and fan for boys and girls. It sparkles with wit, and a happy, sunny spirit. Practical as a plow, readable as a nevel. Clean and pure, not a line of fraudulent or nasty advertising. All its advertisers are guaranteed trustworthy.

The Farm Journal gives more for the money and puts it in fewer words than any other farm paper. 32 to 80 pages monthly, illustrated. FINE years (60 issues) for \$1.00 only. Less than 2 cents a month. No one-year, two-year or three-year subscriptions taken at any price.

The Farm Journal Booklets

have sold by hundreds of thousands, and have made a sensation by revealing the SECRETS OF MONEY-MAKING in home industry. People all over the country are making money by their methods.

POULTRY SECRETS is a collegtion of discoveries and methods of successful poultrymen. It gives Pelch's fr mating chart, the Curties method of getting one-half more than cockerels, Boyer's method of insuring fertility, and pri-secrets of breeding, feeding, how to produce winter eggs,

HORSE SECRETS exposes all the methods of "bishoping," "plugging," cocaine and gazoline doping, and other tricks of "gyps" and swindlers, and enables any one to tell an unsound horse. Gives many valuable training secrets.

CORN SECRETS, the great NEW hamil-book of Prof. Holden, the "Corn King," shows how to get ten to twenty bushels more per acre of corn, rich in protein and the best stock-teeding elements. Pictures make every process plain. EGG SECRETS tells how a family of six can make

hens turn its table scraps into a daily supply of fresh eggs. If you have a back-vard, get this sooklet, learn how to use up every scrap of the kitchen waste, and live better at less cost. THE "BUTTER BOOK" tells how seven cows were made to produce half a jon of butter each yer year. (140 pounds is the average). An eye-openar, Get it, weed out your poor cows, and turn the good ones muo record-breakers.

STRAWBERRY SECRETS is a revelation of the discoveries and methods, of L. J. Farmer, the famous expert, in growing fuscious fall strawberries almost until snow files. How and when to plant, how to fertilize, how to remove the blossous.

w to get three crops in two years, etc. GARDEN GOLD shows how to make your backyard supply fresh vegetables and frait, how to cut down your greecery bills, keep a better table, and get cash for your surplus. How to plant, cultivate, barvest and market.

DUCK DOLLARS tells how the great Weber duck-farm near Boston makes every year 50 cents each on 40,000 duck-lings. Tells why ducks pay them better than chickens, and just HOW they do everything. TURKEY SECRETS discloses fully the methods of

Horace Vose, the lamous Rhode Island "turkey-man," who supplies the White House Thanksgiving turkeys. It tells how to mate, to sat eggs, to batch to feed and care for the young, to prevent sickness, to latten, and how to make a turkey-ranch PAY. The MRLLION EGG-FARM gives the methods by which J. M. Poster made over \$18,000 a year, mainly from eggs. All chicken-raisers should learn about the "Rancocas Unit," and how Fester FEEDS heas to produge such quantities of eggs, especially in winter.

DRESSMAKING SELF-TAUGHT shows how any intelligent woman can design and make hes own clothes, in the leght of fashion. The author has done it since she was a girl she now has a successful dressmaking establishment and sachool of dressmaking. Illustrated with diagrams.

SHALL I FARM? is a clear, impartial statement of both advantages and drawbacks of farming, to help those who have to decide this important question. It warms you of dangers, swindles, and mistakes, tells how to start, equipment needed, its cost, chances of success, how to get government aid, etc. These backlets are 6 x 9 inches, and profusely illustrated

Parm Journal FOUR full years. both for \$1.00 with any one of these booklets.

The Booklets are NOT sold separately only with Farm Journal. Be sure to say WHICH booklet you want.

What Our Folks Say About F. J. "I have had more help, encouragement and enjoy-ment out of it in one year than I did out of my other papers in ten years," says C. M. Persons.

" It is a queer little paper. I have sometimes read it through and thought I was done with it, then pick it agangain and find something new to interest me," says Altred Krogie. "Parm Journal is like a bit of sunshine in our home.

It is making a better class of people out of farmers. Is was first sent me as a Christimas present, and I think it the choiceas present I ever received, "says P. R. LeValley. "We have read your dear little paper for nearly 40 years. Now we don't live on the farm any more, yet light have a hankering for the old paper. I feel that I belong to the family, and every page is an deneand similar as the faces of old friends," says Mrs. B. W. Edwards.

"I fear I neglect my business to read it: I wish it could be in anu hands of every farmer in Virginia," \$436 "I live in a town where the yard is only 15 x 18 feet, but I could not do without the Farm Journal, bears Miss Sara

"I get lots of books and papers, and put them aside for future reading. The only paper I seem to have as my hands all the time is Farm Journal. I can't finish reading it. Can't you make it less interesting, so I can have a chance at my other papers. ""writes John Swail.

"If I am lonesome, down-hearted, or tired, I go to Farm Journal for contort, next to the Bible, "says Mabel Dewitt. "Farm Journal has a cheerful veils running through it that makes it a splendid cure for the "blues," When home-tired in mind and body, I sit down and read it, and to give me new inspiration for life," writes, G. E. Haldern

"We have a brother-in-law who loves a joke. We in Greater New York, and consider ourselves quite citified so "We have a brother-in-law who loves a joke. We will forester New York, and consider ourselves quite citifed, sowhen he sent us the Farm Journal as a New Year's gift we nearly died laughing. 'How to raise hops'—we who only use bacon in glass jars! 'How to keep cows clean, "when we use condensed milk even for rice pudding! 'How to plant ontons—when we never plant anything more fragrant than filies of the valley. I accepted the gift with thanks, log-we are too well-bred to look a gift horse in the month. Soon my-sye was caught by a heading poem. I began to read it, then when I wanted the Farm Journal I found my husband deeply inherested in an article. Than my oblest son began to ask, 'Has the Farm Journal come yet?' He is a jeweler, and ham't much timp as iterature; but we find so much interest and uplift in this fine paper that we appreciate out New Year's gift more and more, "willin kila B. Burkman.

"I received 'Corn Secrets' and 'Poultry Secrets,' deconsider them worth their weight in gold," says W. C. Newall. "What your Egg Book tells would take a beginner ars to learn," says Rog Chaney.

"Duck Dollars is the best book I ever had on duck-ising," says F. M. Warsock.

"If your other booklets contain as much valuable information as the Egg-Book, I would consider them cheap double the price," says F. W. Mansfield.

think your Egg-Book is a wonder," says "The Farm Journal beats them all, Every issue has minders and ideas worth a year's subscription," writes

"One year ago I took another agricultural paper, and it took a whole column to tell what Farm Journal tells in one paragraph," says N. M. Gladwin.

"It ought to be in every home where there is a chick, a child, a cow, a cherry, or a cucumber," says I. D. Bordus.
