INCOME TAX.

With the opening of the special session of Congress Monday the Democrats introduced their long heralded bill revising the tariff.

The loss in revenue through the cuts on the necessities of life and other items, amounting in all to about \$120,000,000, is made up by the imposition of an income tax.

All persons having net incomes over \$4,000 and also all firms and corporations and partnerships with an equal income will be called on to help make up this loss.

ARE YOU IN THE CLASS?

Look here, you! If the writer hereof had a touring car or something that he wouldn't use or couldn't use, and wanted to sell it for cash, he'd expect a pretty good price for it; yes, he would, and he would think the instrument of torture he was trying to sell well worth all he expected to get out of it.

Look here, once more! If the writer wanted to buy a touring car or something, he'd want to get it for just about next to nothing.

Maybe the reader isn't built that way. Hands up, now, all you that are in the same class.

DIRECT ELECTION OF SENATORS

The State Senate recently ratified the proposed amendment to the Federal constitution providing for the election of United States Senators by direct vote of the people.

not because everybody who voted for it were convinced that the new plan would be an improvement over the old, but because the people want it.

THAT MAIN STREET PAVE.

From one end of Wayne county to the other, (we came near writing, "From Greenland's icy mountains"), there should go forth notes of joy, for Main street in Honesdale is to be paved.

Years ago, in the good old times of the canal, they used to scrape the bottom of the canal once in a year and dump on Main street. The result was that, "when the Springtime came, gentle Annie," the wagons settled to their hubs in as soft and black a mess as was ever called a street, and when it froze o' nights the next morning as the wagons bumped along over the frozen mountains of black mud, the drivers could not be at all blamed for chanting sadly, oh, so sadly.

"Rattle his bones Over the stones! He's only a pauper Whom nobody owns!" A brick pavement on Main street will be one of the best investments Honesdale ever made.

TO CLOSE STORES MONDAY NIGHT

MAY CONSOLIDATE BOARD OF TRADE WITH BUSINESS MEN'S ASSOCIATION.

Gurney Electric Elevator Plant to be Opened April 23—Letter of Appreciation Received from Boy Scouts for Boots.

The regular monthly meeting of the Honesdale Business Men's Association was held last Wednesday evening in the city hall with a large representation present.

A communication was read concerning a proposed act on Labor and Industry, received from the House of Representatives, Harrisburg.

The following complimentary letter was received from Scout Master E. G. Jenkins:

HONESDALE TROOP NO. 1 Boy Scouts of America, Honesdale, Pa.

At a recent meeting of the Honesdale Troop of Boy Scouts an unanimous and enthusiastic resolution was passed directing me to express to you the appreciation of the Troop for the rubber boots you have so generously supplied us.

The boys feel the responsibility this gift implies and wish to assure you that they will not only diligently and loyally look after the comfort of the brethren when needed but are ready at all times to respond to any call where services may be required.

Each lad to whom boots have been awarded understands that they are to be used for public service only.

As Scout Master I wish to say that your action will bear fruits you have not thought of. You have publicly recognized the desire of these boys to do something for others. They will deliver the goods.

All over this country men are coming to have a deep interest in boys. The Scout movement simply aims to give boys something worth while to do. Teaches them co-operation—collective and individual service—to others. Every Scout must do

a good turn to some one, without pay, every day.

I know personally nearly every boy in Honesdale and let me tell you, there are no cleaner nor more manly and trustworthy lads to be found anywhere in this country.

Yours very truly, E. G. JENKINS, Scout Master.

There is a possibility of having the stores of Honesdale closed every night except Saturday. This was the chief topic of discussion at Wednesday night's session.

In view of the fact that the Business Men's Association and Board of Trade are practically doing the same work with the same force of workers, it was suggested that a consolidation of the two organizations be made.

R. J. Murray, under the head of new business, reported that the Gurney Electric Elevator new plant expects to be opened for public inspection on Wednesday evening, April 23, from 8 o'clock for about an hour, after which speeches will be made by town and county officials and visiting gentlemen.
