

**UPBUILDING THE TOWN.**

By Advertising in Barometer of Local Industry, the Newspaper.

If a member of your family died, would you print the resolutions on a billboard? If your wife entertained, would you send an account of it to the theatre program man? You would send such items to a newspaper, wouldn't you? Then why don't you put your advertisements in a newspaper? Every man who uses a billboard is adding to nature's faking. Every dollar spent in a theatre program, in a register, in a directory or in a handbill is a legitimate dollar taken away from the newspapers of your town.

The newspapers build your town. Why not help build up the newspapers? There is no better advertisement in the world for a town than a good newspaper. A newspaper is the barometer of the town's industry. Show us a good newspaper, full of advertising, and we will show you a good town, full of live merchants. Billboards are an eyesore; handbills are a nuisance; theatre pro-

grams are worthless; hotel registers, from an advertising standpoint, are ridiculous.

Newspapers are town builders, town advertisers, fortune makers, news disseminators, sermon deliverers, prosperity forecasters. They are a necessity, not a luxury. They must be maintained. Without them we would retrograde to the mediaeval days.

Don't patronize them from a charitable standpoint. Patronize them because they deliver the goods—that is, if they are the right kind.

Cut out the foolishness and work for the upbuilding of your town and state by upbuilding your newspapers.—Minneapolis (Minn.) Star.

**SCHUERHOLZ WITH YOUNGSTOWN AGAIN.**

Honesdale Lad Changes His Mind About Quitting Base Ball, and Reported to Youngstown.

Fred Schuerholz, of this place, known in base ball as Pitcher Sherry has signed his contract and reported to the Youngstown team. Central league. Fred made an effort to get with the Utica team, having tried to buy his own release after Manager O'Neill had offered two pitchers for him and failed in the deal. Sherry for a time threatened to quit base ball unless he was given a chance to get away from Youngstown and catch on with a State league team, but he has since reconsidered his decision.

Sherry is one of the best curve ball pitchers in the minor leagues and did so well in his first season in organized base ball—1910—that he was drafted by Washington Americans.

**STATE ROADS BEING REPAIRED.**

Harrisburg, May 1.—Repair work on State main highways has been started in every county in the state by the road superintendents of the State Highway Department and will be pushed in the vicinity of county towns and on the roads passing through agricultural sections, so that by the first of June, one year from the time of taking over the 8,000 miles of main highway routes the entire system will be in the hands of repairmen. This work was started during the early part of April, as rapidly as the men in charge could organize their forces and within a few months the methods which the State will use in maintaining its comprehensive system of roads will be demonstrated.

**MOTHERS' PENSION BILL SIGNED BY GOV. TENER.**

Harrisburg.—Governor Tener has signed the Sheatz bill establishing a system of mother's pensions in Pennsylvania. The bill appropriates \$200,000 from the state treasury, to be apportioned among counties according to population. The state of Missouri and Cooy county, Illinois, have had mother's pension laws some time. New Jersey and Ohio recently enacted laws.

**SAW BIG SHARK CAPTURED.**

Henry Stillman Present When Big Feature of California Exhibit Was Taken.

The visit of the exhibition cars of the North-of-Bay counties, California, has provided Henry Stillman, of 87 Lewis street, with an opportunity to substantiate a big fish story that he and his family has often told. Mr. Stillman's father, J. W. Stillman, visited the exhibition last evening and identified the monster shark, which is one of the star attractions in the display, as a big shark which his son saw captured in Monterey Bay, California. This shark is 36 feet long, weighs 10,583 pounds and, according to the number of vertebrae in its spine, was 460 years old when taken. Mr. Stillman was much interested in the shark and told many of the visitors at the exhibition last evening about his son being present when the shark was captured.

The management of the exhibition train declare that Mr. Stillman is the first person that they have found in the East who was present at the capture of this unusual specimen.—Geneva (N. Y.) Times.

The Exhibit Car will arrive in Honesdale Sunday evening, May 4, and will exhibit at Union station on Monday, Tuesday and Wednesday, May 5, 6 and 7, from 8:30 a. m. to 9:30 p. m. Admission, adults 25c., children under 15 years, 15 cents.

**WAYMART.**

The Wyoming conference which just closed its annual session at Wilkes-Barre, made but few changes in pastors, but one of the changes which will be felt very keenly by church and congregation is the removal of Rev. R. C. Burch as pastor of the Waymart charge. The people have become very much attached to him during his three years of successful ministry at this place, and his departure will be regretted exceedingly in social and religious circles. His unique personality won for him the appointment to the Chaplaincy of the State Hospital at Farview which position he filled very creditably. The best wishes for success go with Rev. and Mrs. Burch in the field of labor at Factoryville.

**LOOKOUT.**

Rev. Mr. Lanship, of Philadelphia, has been assigned pastor at this place. Mr. and Mrs. Elwood Stalker, of Tyler Hill, spent Sunday with friends at this place. Horton Mahn, of East Branch, and Claud Mahn, of Hancock, were guests of their grandparents, Mr. and Mrs. Jackson Branning, on Sunday last. Wm. Flynn, Jr., of Newberg, N. Y., visited his parents, Mr. and Mrs. John Flynn the first of the week. Mr. and Mrs. Lewis G. Hill spent Monday night at Honesdale.

**IMPROVEMENTS AT BEACHLAKE.**

William Ives, of Beachlake is rebuilding his bowling alley. The structure is 56x104 feet, two stories with a dance hall 56x60 feet. Instead of four alleys, the house will have six. Eight carpenters are rushing the work. R. B. and C. A. Davey are in charge. Berlin township's new High school building will be located opposite the bowling alley. The excavation is completed and work on the concrete foundation is expected to begin this week. The main part of the building is 39x58 feet with a front wing 29x32 feet. The house will consist of three rooms and a basement. In the latter will be located the directors' room, library and gymnasium. The building will be constructed of wood with slate asbestos roof. The interior finish will be Southern pine with white walk.

Charles Weber is contemplating building a 12-room annex to Tuscarora cottage. Lumber is now upon the ground for same.

Elery Crosby, proprietor of the Idlewild cottage, is planning to place a small addition to his cottage this spring.

The people of Beachlake expect to entertain as many guests as were in the village last season, there being between 500 and 600 people at that popular resort.
