

BELL TELEPHONE GIRL AIDS IN NEGRO'S CAPTURE

MISS ALICE DERSHEIMER OF SOUTH CANAAN TRACES NEGRO BY TELEPHONE.

People in Vicinity Rejoice Over Capture Through Her Clever Work—Man Returned to Farview That Afternoon.

Alonzo Nicholas, a patient in the Criminal Insane Hospital located at Farview, got away from his keepers there Tuesday afternoon shortly after one o'clock but after a few hours of liberty he was found in the vicinity of Waymart.

To Miss Alice Dersheimer, operator of the Bell telephone at Canaan Corners, is due the credit for capturing the negro who escaped from the Criminal Insane Hospital at Farview Tuesday evening. Miss Dersheimer, in an interview with the Citizen, stated that she received word that Nicholas had escaped about 20 minutes after he was missed from the grounds where he had been working.

"I gave a general alarm on the line, reaching all the people I could on the main road and also cross roads that the man was on his way toward South Canaan. Men rushed out of the homes and the escaped man was caught by Dr. McCafferty and David Gliden near Cease Bros. on the road toward Philip Reining's in Cherry Ridge township.

"The man was walking very fast as he passed the different houses that I called up to ascertain his movement.

Miss Dersheimer's keen foresight and clever work certainly led to the capture of the escaped man, who, had he not been captured, might sooner or later have caused much trouble and sorrow. The young lady telephone operator deserves much credit for her resourceful tactics, for had the escaped man not been taken into custody, people everywhere in the vicinity would have been terror-stricken and have passed sleepless nights.

Alonzo Nichols had been committed to the hospital at Farview, from Franklin county. He was not violently insane and had been engaged in helping grade the lawn around the institution that afternoon. When the guard's back was turned he made his escape into the woods. A thorough search was at once instigated and resulted in the man's capture before many hours.

The news that one of the inmates of the criminal insane hospital had escaped, for a time put terror into the minds of residents of that vicinity, and many did not venture from their homes until they heard of the man's capture.

RATTLESLAKE "JACK" IN TOWN.

Jack MacConnell, of Lord's Valley, Pike county, better known as "Rattleslake Jack," was a business caller in Honesdale part of Tuesday and Wednesday. Mr. MacConnell is well known throughout this section, having spent his entire life getting rattleslakes and game. Jack is much sought after by sportsmen from Honesdale and vicinity, for he knows just where the best game is found and where are the hiding places of the speckled beauties, bass and other gamey fish. He is a very interesting conversationalist, and he told a representative of The Citizen a number of good stories in the short interval the scribe had with him previous to his departure on an Erie train.

Jack said since 1877 he has taken out of Pike county 7,000 rattleslakes. "It's an easy matter to catch a rattleslake. All you do is just catch him. I have been bitten several times by them but only once was given up by the doctors as being beyond hopes of living. I was sick ten days but was not as sick perhaps as a person might have been had he taken no means of extracting the poison.

"I receive from \$2.50 to \$3.00 for skins that I tan. They are used in making purses and belts. I have made large quantities of rattleslake oil, but only sold one bottle, having given hundreds of bottles away. The oil is used for ear trouble.

"The largest rattleslake I ever caught measured 6 feet, 3 inches. The average length is between two and a half and three feet.

"The snakes caught in swampy sections are larger than those found on the mountains. This is due to the fact that they get better living in the swamps. Rattleslakes live on birds, squirrels and chipmunks. They do not touch fish or frogs. After a snake has struck its game and devoured it one can see a streak of green on the outer skin as if penetrating the snake."

Will H. Hiller was selected to give the sermon. An invitation is extended to all the pastors and their congregations, regardless of creed, to be present at the Memorial services.

GOVERNOR JOHNSON SAYS HE WILL SIGN LAND BILL

GOVERNOR OF CALIFORNIA TELEGRAPHS ADMINISTRATION OF HIS INTENTION.

Also Gives His Reasons—Declares That California Does More Than the Existing Treaty Requires.

Sacramento, Cal., May 14.—Expressing his determination to sign the alien land bill, recently passed by the legislature, Governor Hiram W. Johnson, of California, today telegraphed to Secretary of State Bryan, a long explanation of the action taken by the legislature. The message was in answer to the request telegraphed to the governor by Secretary Bryan at the direction of President Wilson that the bill be vetoed.

The governor's message in part follows: "Honorable Wm. J. Bryan, Secretary of State, Washington.

"Your very courteous telegram relating to the alien land bill reached me late Sunday night. I take it from our conversations and your request made to me to withhold executive action until opportunity was accorded for the presentations from the federal government, that your message embodies what it was your wish, and the wish of the president to say to us before final action.

"In this response it is my design most respectfully to present the situation from our standpoint and the views that actuated our legislature in passing the bill and that impel me to sanction it.

Problem Little Understood.

"For many years a very grave problem, little understood in the East, has confronted California; a problem the seriousness of which has been recognized by statements in our nation, and has been viewed with apprehension by the people of this state. When the present Constitution of California was adopted more than thirty years ago, it contained the following declaration: 'The presence of foreigners ineligible to become citizens of the United States is declared to be dangerous to the well being of the state, and the legislature shall discourage their immigration by all means within its power.'

"Of late years our problem from another angle has become acute, and the agitation has been continuous in the last decade in reference to our agricultural lands until finally affirmative action in an attempted solution became imperative. This attempted solution is found in the action of our legislature in the passage of the alien land bill. In this enactment we have kept ever in mind our national good faith as evidenced by existing treaties, and our desire and anxiety have been to act only in such fashion as would commend us to our sister states and would justify us to our fellow countrymen."

STOLEN NAVAL PLANS CONTAINED NO SECRETS.

Washington, May 14.—Detectives investigating the theft of plans for the electrical wiring of the Dreadnought Pennsylvania declared today that publication of the "leak" probably would hamper their work and might prevent solution of the problem. The department of justice has several clues which may lead to arrests. Nothing so far has developed it is said, to directly connect any foreign nation with the suspects.

Further investigation at the navy department today revealed that the second set of plans of the new Dreadnought Pennsylvania to be stolen from the bureau of steam engineering were taken between the evening of Saturday, March 22, and the following Monday.

An action on warranty in deed was settled by arbitration in the court house on Thursday morning. The case had been placed on the trial list and was finally given over for settlement by arbitration. The arbitrators were George Taylor, F. H. Crago and Charles E. Dodge. The case was between Gausser Bros., plaintiffs, and Rohrhuber, defendant. Mumford & Mumford were the attorneys for the plaintiff and Searle & Salmon for the defendant. The case was decided in favor of the plaintiff in sum of \$1,521.

COMING EVENTS.

MORE CONCERNING MEETING OF IMPROVEMENT SOCIETY

MISS PETERSEN SPOKE OF THE GOOD WORK DONE DURING RECENT CLEAN-UP WEEK.

Miss Lyda Stokes Adams, Suffrage Leader to be in Honesdale May 20—Will Speak in High School—Officers Elected.

After the reading of the reports by the Secretary and Treasurer, in the annual meeting of the Honesdale Improvement Society on Monday afternoon, an account of which appeared in the last issue of The Citizen, Miss Caroline Petersen, the president, made a few remarks in regard to Clean-Up Week. She said that although much good had been done, and most of the people had done considerable along that line, still there is much more to be accomplished. Some merchants are known to sweep the dirt from their stores onto the street and into the gutter. There are still many back yards that need attention. The press did much to help during Clean-Up Week, and the mayor issued a proclamation which was published in the three county papers which was also helpful. She spoke of the great work which is being done in New York where they have enlisted the help of many of the city's most influential and wealthy women. It has been noted that considerable garbage and refuse has been dumped on the different river banks, and that the banks of the river along the cemeteries are also being filled with ashes and all kinds of rubbish. The last place, however, is outside of the jurisdiction of this society, but should also be given attention.

Many benches have been broken in the different parks owing to the roughness and carelessness of the boys.

The gavel used by the president in calling the meeting to order is a gift of Mrs. S. E. Jenkins, and bears this inscription, "H. I. A., March, 1912." It is of red cedar and was procured by Mrs. Jenkins at Jefferson Davis' last home at Biloxi, Miss., now used as a home for old soldiers.

The following letter received from Mrs. Thomas J. Ham, formerly of this place, was read by the president:

"I read with much pleasure the doings of the Improvement association at the monthly gathering. I'll allow that I didn't feel quite at home in the High school building, my mind clings to the town hall. It was at that objective point I, as secretary for 16 years, issued my order for the assembling of the 'Knights of the Round Table.' I should miss many loved faces were I permitted once more to be 'one of you'; they have gone from us, forever passed to fairer regions.

"I beg of you to keep my memory green. Ah, well, gone are all those days, but the memory of them is still cherished as something precious.

"It was a good idea replacing the willows on the river bank, sort of taking thought of the morrow and a stick in time does mean much for the future beauty of Honesdale. I hope the time is not far distant when you can locate the Lion's head, Miss Brownscombe's gift. I have always placed it at the State bridge. Remember I am a life member by the united kindness of my many lang syne friends of the Improvement association.

"No doubt you are all awaiting the paving of Front street, so long in chancery."

Mrs. Alma J. G. Dix was next presented. She said she had received a letter from Miss Lyda Stokes Adams, a suffrage leader of much prominence. Miss Adams, who will be on her way from Montrose to Milford, will be in Honesdale on Tuesday evening next, May 20. She will speak in the Honesdale High school auditorium, and all those who care to hear her are invited to attend. Besides speaking on Woman's Suffrage she will also speak along civic lines. The High school orchestra will render music that evening.

Among the changes in the officers is that of Mrs. H. C. Rockwell for secretary, in place of Miss Jennie Lee, who resigned, and who has held that office since 1907, and Miss Jennie Lee was appointed to take charge of the Children's Auxiliary, Mrs. Harry Oday who has had charge of that work for a number of years having resigned.

The following officers were elected for the ensuing year: Miss Caroline L. Petersen, president; Mrs. H. C. Rockwell, secretary; Mrs. L. C. Rechtmeyer, assistant secretary; Miss Tillie Weiss, treasurer; vice presidents, Mrs. C. F. Rockwell, Mrs. W. B. Holmes and Mrs. C. M. Betz.

The people of Honesdale who cater are requested to send in bids to furnish refreshments.

Outside of picnic talk, little business was transacted by the association. Trade days during the Chattanooga and Fair week were discussed. The matter will be taken up at some near date for action. L. Blumenthal was made chairman of the trade day committee, which is one of the standing committees of the organization.

A motion was presented and carried that the stores be closed all day, May 30, Decoration Day, and July 4.

Three new members were elected to the association. Several other names have been presented for membership.

The matter of keeping merchants' back yards clean was a complaint offered to the association. A request was made by the Improvement Association that any debris at the rear of the different stores in Honesdale be removed. Also that grocers or others refrain from dumping rubbish or tin cans on the banks of the Lackawanna river opposite Park street.

HABEAS CORPUS HEARING CONTINUED.

Mrs. Wingerter, of Renova, Again Disappointed—Says She Was Divorced Three Times—More Evidence Needed.

The habeas corpus proceedings started last March by Mrs. Mary Wingerter, of Renova, Pa., for the recovery of her daughter, Ethel May Shields, aged sixteen, whom she claimed was being illegally detained by William Myers, a resident of Poyntelle, was brought up again Monday afternoon, before Judge Searle. The daughter is now in the home of Mr. and Mrs. Charles Smith at Rock Lake and Myers claimed that the child had been with him for six years before the mother made a claim on her. A letter from the Chief of Police of Renova, which was sent voluntarily, stated that Mrs. Wingerter, was a bad woman. In the evidence she gave Monday afternoon, Mrs. Wingerter materially disagreed with the testimony she gave at the first hearing, when she said that her last husband had been killed. She stated Monday that she had been divorced three times. She was married to Shields, Lewis and Wingerter, respectively, and was divorced from each, and in the latter case she admitted that Wingerter had obtained the divorce on the grounds of adultery. No decision was made in the case and more evidence will be taken in the case. It is likely that the two sides will agree on some person going to Renova, Pa., to get evidence so as to throw more light on the matter. A further hearing will be held on the second Monday in July and in the meantime Ethel Shields will remain with Mr. and Mrs. Smith.

SCHOOL NOTES.

Samuel Levi has been enrolled as a student in the eighth grade of the Honesdale schools.

Miss Brownscombe, the noted artist of New York City, who is the guest of Miss Carrie Petersen, while in town, visited the school one day this week.

On Friday, May 16, the following program will be rendered in the high school auditorium beginning at 8 o'clock in the afternoon: "Life of Oliver Goldsmith," Mary Weniger; selections from the "Deserted Village," by Helen Tribe, Dorothy Howell, Mildred Greiner, Russell Mills, Edward Dreyer and Carrie Benney; "Elogy on the Death of Mad Dog," by William Keltz.

On Tuesday B. H. Wallace, one of the principals of the Swarthmore public schools, visited our schools. Swarthmore has a population of less than 2000 people and yet they have manual training and domestic science in their high school as well as in the grades. These two courses would be an addition worth while to our course of studies.

The morning exercises in the Honesdale schools are attended by all the school with the exception of the first, second, third and fourth grades. On every Friday the whole school assembles in the auditorium, where the day is opened by songs and scripture reading.
