In the session just closed (her first), Mrs. Robinson gave her closest attention to the enactment of laws for the improvement of conditions among women and children. Willis Dilmuth, aged 21 years, and Fred Sherwood, aged 16, were brought before Judge Searle on Monday afternoon for a preliminary hearing. The stories told by the two boys vary on several important points. Sherwood, who pled guilty to taking chickens, made out a statement in the presence of District At-torney Simons, N. B. SUIT FOR \$300.

The suit of John W. Shannon against the Frederick A. Havens Co. and John C. Emgamble, a partner in the firm, for the recovery of \$10,000 damages, will not be tried at the June term of court. The reason for this is, that the case has been settled out of court.

That a satisfactory settlement of the difficulties had been reached, was announced recently by the attorneys for the plaintiff, who accepted \$300 and payment of the costs which amounted to about \$8.35, making a total of \$308.35. The plaintiff asked for \$10,000.

Shannon had been employed by the Havens company as a brick lay er in the construction of the Gurney Electrical Elevator plant on lower Main street. A brick thrown from the top of the wall by a fellow workman injured Shannon when it struck him on the head. The injury prov-ed to be permanent and he is yet unable to do any work. Searle & Sal-mon, of Honesdale, handled the case for the plaintiff and E. R. Stocker, of Scranton, represented the company.
