#### TELEPHONE RATES.

The rates charged by the Bell and other telephone companies in Pennsylvania have been investigated by experts, who recommend a reduction. A protest against the schedule is fixed by the experts has been filed by the companies. They object to the classification of rates according to population, and also say that the schedule fails to provide for competitive situations and is incomplete because it covers only exchange service. Telephone rates have long been the subject of discussion, and just how much a company should charge for its service is in debate. When one considers the money invested in telephone companies, and that he can talk to a person hundreds of miles off for a nominal sum, there is not so much room for complaint. It is easy enough to criticize a corporation, but in these days of stupendous undertakings, where millions of dollars are involved, corporations are necessary and should be given consideration, providing they are not predatory.

#### FILIPINOS RAISING OWN RICE NOW, SAYS CONSUL.

Yield Greatly Increased Under United States Supervision.

Rice production in the Philippines is rapidly increasing as a result of the supervision of the United States, and the time is not far in the future when the Philippines will produce all the rice needed by themselves, according to George E. Anderson, consul general at Hongkong, British China.

"Increased production of rice in the Philippines," Mr. Anderson says, "due to systematic government efforts and encouragement of native farmers by Philippine business men, is affecting the archipelago's rice imports through Hongkong, the value of which fell from \$642,038 in the first quarter of 1912 to \$436,293 in the same quarter this year."

"The production of rice in the provinces of Pangasinan and Nueva Ecija alone last year amounted to 19,210,000 bushels, and the local authorities there claim that production can be increased indefinitely by immigration and irrigation. The need of farmers is the greatest factor. Irrigation works are being established, and a government commission is locating suitable areas for rice culture."

"In the province of Nueva Ecija, which established a high record in last year's crop, for example, farmers cart their crops as far as sixty miles to the railway."

"The Philippines have been importing annually an average of about \$6,500,000 worth of rice, which the islands can produce probably as cheaply as the countries from which their supply is imported."

#### To Celebrate the Anniversary of the Battle of Bunker Hill.

Up in Buffalo on Tuesday, June 17, the anniversary of the battle of Bunker Hill will be observed by the Buffalo chapter, National Society, Daughters of the American Revolution, by marking the graves of five Revolutionary soldiers who are buried at East Aurora. Ritual ceremonies are to be conducted, and the event is to be fittingly and appropriately observed not only by members of the Buffalo chapter, but sister chapters have also been invited to participate.

#### Bunker Hill Day in Wayne County.

Honesdale chapter is new, but its members are all workers and they are busily engaged along the various lines of duty and research that are opening up before them.

To-day is Bunker Hill day. It will scarcely be observed to any great extent by the Daughters this year; but next year conditions will be different, and, undoubtedly there will be some sort of set programme of exercises.

As ground work for the Daughters we would say that there are several graves of Revolutionary soldiers in Old Wayne. E. A. Penniman, who for years has had charge of the matter of seeing that government tombstones for deceased soldiers are procured and set, has through that line of work, and from other sources, gathered much valuable information along these lines, and on Friday last he gave the writer some points about the graves of Revolutionary soldiers in Wayne county, and here they are:

Michael Grennell served under General Israel Putnam, and when the news came to New York City of the signing of the Declaration of Independence he assisted in destroying the statue of King George. He was born at Saybrook, Connecticut, March 2, 1752, and died February 12, 1858, at the remarkable age of 106 years. He was buried in, or near, Aldenville.

Henry Holdren is buried in the old M. E. cemetery at Honesdale, but his grave is unknown. He died on April 25, 1854, at the age of 101 years.

Russell Spencer is buried in the Mt. Pleasant cemetery.

Harry Mumford is buried in the Mt. Pleasant cemetery.

John Bunting is buried in Bethany.

Jabez Rockwell is buried in the old M. E. cemetery at Honesdale.

Col. John H. Schenck is buried in the cemetery at Old Canaan Corners.

Josiah Smith.

#### A List of Revolutionary Pensioners.

The following list of Revolutionary soldiers in Wayne county, who drew pensions for such service was found in Mr. Penniman's collections:

- John Bunnell, Eliphalet Kellogg, Abraham Frisbie, John Griswold, Jason Stanton, Gideon Woodman, Silas Tyler, Jeremiah Osgood, John Andrews, John Bennett, Jesse Morgan, Abigail Seely, Elizabeth King, Sarah Benjamin, Ethal Jones, Rachel Weston.

Now, with this list as a basis to work from, we doubt not that many of the graves of above will be properly located and marked. Also, the mention of the names will lead to uncovering facts pertaining to the Revolutionary War period that will be worth the effort of the members of Honesdale Chapter in giving them proper classification.

The Citizen office is fully equipped to do all kinds of Job Printing. Special cuts to illustrate work obtained on short notice.

The people who attended the lecture at Atco were highly pleased, thinking the plain facts stated worth remembering.

Mrs. W. J. Davey is visiting her sister at Scranton. Mrs. Brown is also in the valley for a few days.

Ella Crosby has returned home after an absence of three weeks.

Miss Bernice Dunn has returned home after visiting relatives at Owego and Scranton.

Guy Frisbie, of Scranton, is spending some time with relatives at this place.

John Crosby and grandson, William, of Cadosia, N. Y., spent a few days recently at Alex Crosby's.

Miss Ella Ebert has returned home after assisting Mrs. Minor Crosby of Indian Orchard with her house work.

Mr. and Mrs. H. D. Wood and daughter, Charlotte, and W. H. Dunn and wife motored to Liberty and other places Sunday.

Mrs. William Davey left Sunday to spend a few days with her sister, Mrs. Robert Waters, of Scranton. Nellie Spry is doing the house work during Mrs. Davey's absence.

#### STERLING.

Sterling, June 14.—Although the days are hot, yet the mercury falls to about zero every night, but we think vegetation is getting used to cold nights.

Otto Brink is repairing the church steeple, and we trust he will make a success of it.

George Zeigler is building a wall at the cemetery. The Catterson cemetery presents the best appearance now that we ever saw it.

Floyd Cross has returned from the Pennsylvania University, and Earl Cross is expected home this week.

B. F. Simons and J. E. Cross have fine Ford autos and in due time we expect Sterling will become quite "sporty."

Last Saturday evening W. B. Leshner and family motored down from Honesdale and returned Sunday evening, taking along two of Simon Lee's little girls.

Children's day was duly observed, and as usual there was a good turnout. Rev. J. H. Tutill baptized children of John Gillner, O. Barnes, Howard Butler and Walter Malsome. Much credit is due Mrs. R. B. Simons and daughter, Ethel, and Susie Cross, as organist, for the time they spent, and pains they took to so thoroughly dress the children. We were pleased to see Mrs. P. W. Gillner out, the first time she has been able to attend church for nearly a year.

Last week Will Haffer had us weigh a fine string of the "speckled beauties" that weighed nearly five pounds, and then didn't give us even one little fish, and then the next day to aggravate the insult told us that

he had three more "big ones" up his sleeve. Oh, you Will, you!

If it were not for taking up too much space we should like to air the Charles Edwards affair, and a few of the officials or rather meddling some persons of Dreher township, for we are pleased to say that we understand that it is only a few meddlers, some persons who are trying to pau-

perize the whole family, and contrary to what was stated in both the Citizen and Independent, Mr. Lewis Rhobacker, one of the Dreher overseers of the poor, was not in Honesdale on the 4th (the day of the hearing before Judge Searle), and has had no part in the disgraceful proceedings. But we will let the court air it.
