

# THAW UNDER ARREST AS A FUGITIVE

## Caught In a Little Town In Canada.

### ON WAY TO EUROPE

#### Recognized and Followed by American Sheriff.

#### HELD IN SHERBROOKE JAIL.

#### Sends to Pittsburgh For Money and Says He Will Fight Extradition—Dominion Government Will Send Him Back to United States as Undesirable—Captor Will Get Reward.

Ottawa, Aug. 20.—The Canadian immigration authorities declared last night that Harry K. Thaw, caught near Coaticook yesterday, would be deported from Canada under the immigration regulations.

The rule under which this action will be taken provides that any person who within five years of his incarceration in a penitentiary or insane asylum enters Canada may be sent back as an undesirable.

There would appear to be some reason for the belief, expressed here, that the Canadian authorities will surrender Thaw to the American authorities at some point on the New York state border.

W. D. Scott, superintendent of immigration, has wired the chief of police at Sherbrooke to hold Thaw under the immigration act. Two special officers of the department have gone to Sherbrooke.

#### Thaw Held in Sherbrooke.

Coaticook, Quebec, Aug. 20.—Harry K. Thaw, with two men companions, was arrested in the little town of Heremengilde-Garford, a few miles southeast of here yesterday. He was making for Montreal to get a ship for Europe.

The formal charge against Thaw is that he is a fugitive from justice.

Thaw was arraigned before Justice of the Peace Dupey and remanded to Sherbrooke jail. He soon left for that place in custody of officers. He will appear before Judge Mulvena, extradition commissioner, probably today.

He has hired a lawyer and prepared to fight all proceedings. "I can't be extradited," he calmly insists, and declares he'll fight any attempt to take him to the New York state boundary line.

#### Wants Large Sum of Money.

Immediately after his arrest Thaw wired to Pittsburgh asking that a large sum of money be sent to him here.

During the day he sent several telegrams to relatives and friends apprising them of his whereabouts and of his going to Sherbrooke.

The two men with him are charged with being under suspicion of having committed an offense in another and friendly nation.

One of the men accompanying Thaw is five feet ten inches in height and weighs 185 pounds. He is wearing a blue suit and a peaked cap. His eyes are blue and his face is heavy, resembling a German. He does not appear to be at all acquainted with the country.

The other man is of lighter build, weighing only 145 pounds. His height also is five feet ten inches. He wears a gray suit and a coarse straw hat and looks to be of Irish extraction. He says he has friends in Toronto.

#### Thumb Print Refused.

Thaw was examined by Dr. Tremholme, who found that he was suffering from excitement. The examination was made because Thaw looked flushed and feverish. The doctor asked Thaw to give him a thumb print impression, but this the prisoner declined to do.

The slayer of Stanford White, who made a spectacular flight from the insane asylum at Matteawan, N. Y., last Sunday, was taken an hour after he had driven cross the line from New Hampshire. He at once admitted his identity.

The reward for Thaw's arrest belongs to Sheriff B. H. Kelsea of Colebrook, N. H., who recognized Thaw on a Maine Central railroad train and after the fugitive had left the train at Herford pursued him to Heremengilde-Garford, where, at the request of the sheriff, a Canadian constable placed the fugitive under arrest.

#### Fight to Be Made in New Hampshire.

Montreal, Aug. 20.—It has transpired that as Thaw entered Canada from New Hampshire he will have to be sent back to that state from Canada, according to the Canadian immigration laws, so that any fight Thaw puts up against being taken back to New York state will be made not in Canada, but in the New Hampshire courts. This has been confirmed by the minister of justice.

### LOOK OUT FOR "MATTY" IN THE FUTURE.

They figure this Mathewson lad who is pitching for the New York Giants will just about be in his prime in seven or eight more years. It has been pretty generally agreed that as a base ball pitcher Christy Mathewson is in a class by himself. Speaking in and large and altogether he is the huriling marvel of the day and perhaps of the history of the game. Present day players insist that Mathewson never had and never will have an equal. The greatest pitching record ever put over was old Cy Young's who pitched twenty-two seasons of major league ball, winning 507 games and losing 321. A percentage of .612. Mathewson thus far has worked thirteen seasons in the big show and has won 388 games, losing 160 and has accumulated a percentage of .672. To equal or distance Cy Young's record Matty will have to work nine more years and win 179 games or more. And he'll do it easily they tell us. "It's because he takes the game so easily," says an American league star. "He plays for the pure love of it. No worrying with him, no sore arms. It's little wonder that he's so good. Why, in eight or nine years he'll be just in his prime. And then look out for him."

### "WITHIN THE LAW."

Smokeless powder, noiseless firearms and a Maxim silencer, such as the McNamara dynamiters are alleged to have employed against their enemies, are adopted for the first time on the stage in "Within the Law," Bayard Veiller's thrilling new American play of modern metropolitan life, which the American Play Company is to present at the Lyric on Monday, August 25. These ingenious devices of modern warfare—which makes possible the killing of a person, with practically a minimum danger of detection—are adroitly introduced by the playwright to inject an element of baffling mystery into the murder that forms one of the exciting scenes of "Within the Law." Although the audience sees a pistol drawn and the character at whom it is aimed drop seemingly lifeless, there is not the slightest report from the discharge of the bullet nor the faintest trace of smoke. In New York and Chicago where "Within the Law" is the current dramatic hit, the play was designated "the drama of the minute."

### STERLING.

Sterling, Aug. 21.—Mr. and Mrs. E. W. Simons and Mr. and Mrs. Giles Collins of Ariel, came down Sunday to make J. E. Cross a visit.

J. E. Cross and son Lowell, as chauffeur, took Rev. J. A. Tutill to LaAnna to quarterly meeting.

It will hardly be news to the Sterlingites to say that we are now enjoying (?) remarkable hot and dry weather and both men and vegetation are wilting. J. E. Cross thinks it is a good time to drill a well and F. L. Robinson and W. T. Hazelton have drilled a hole to the depth of 45 feet and have struck water, but intend to go deeper.

Barnes Brothers and Reinhart of South Sterling, are painting the church and G. J. Zelger is doing a little plastering and the intention

is to refresco the building and give it a general overhauling. Charles Williams nicely painted the church steeple some time ago. The wall is rebuilt around three sides of the cemetery and in due time we are promised an iron fence along on the road. One room in the church is torn up but public services and Sunday school were held in the other room on Sunday. Next Sunday services will be held in the High school building.

Mrs. E. J. Hildebrand, of Portland, is a guest of Mrs. A. J. Cross.

W. B. Leshar and family of Honesdale are guests at S. N. Cross. When they return to Honesdale Mrs. S. N. Cross expects to accompany them.

Rev. J. A. Tutill had two "fresh air" boys and R. D. Gilpin two little "fresh air" girls from New York and on Tuesday he took them all to Moscow but the train that he expected to return them on did not stop so Mr. Tutill was obliged to go with them all the way to New York the next day.

The Jericho Sunday school will picnic in the Stevens grove this week.

S. N. Cross went to New York city on the 6th, spent the Sunday with H. T. Noble and family at Ellington, Conn., visited Boston and Plymouth, Mass., and returned home on the 15th, just too late to take in the picnic.

David and Floyd Cross are living in Brooklyn and Uncle Sam (that's us) spent a night with R. J. Cross in Newark, N. J. We are surprised to learn what an immense quantity of household goods and furniture the Pilgrims brought over in the Mayflower and how religiously and providentially it has all been preserved. Go where you will throughout the Eastern States you will find pots, pans, kettles, warming pans, chairs, clocks, spinning wheels, cradles, desks, tables, swords, guns, lanterns, etc., and especially Bibles and sermons delivered on special occasions, for our forefathers were a remarkably pious and zealous set of men and women, by the score and hundred. Well, we had the satisfaction of standing on the "1620" Pilgrim's Rock and if it was anything that a tourist could steal by piece meal it would have disappeared long ago, but it is a boulder so hard that it will stand the tramp of generations to come before they will ever obliterate the date "1620" that is chiseled on it. But we are getting lengthy, and yet we must add that one of the very finest and most interesting monuments that we ever saw is "Forefathers' Monument" at Plymouth, Mass.

On the 5th Miss Ruth Webster gave a party to about thirty of her young friends. Music and games were the amusements of the evening and dainty refreshments were served.

Three of our Sterling girls, Misses Leta Barnes, Beulah Cross and Ruth Webster have just returned from Thompson, Susquehanna county, where they were visiting for several days our former pastor, Rev. W. E. Webster and family. They found them all well and happy and the girls report a good time.

Miss Hattie Hazelton is house-keeping for S. N. Cross.

Miss Anna Bortree, of Clarks Summit, is the guest of her sister, Mrs. R. B. Simons.

For several days H. H. Robacker has been laid up with rheumatism and does not improve.

Mrs. Della Townsend and Miss Maggie Day, of Scranton, are guests at J. E. Cross.

Milton Cross visited his brother, Dr. C. G. Cross at Stroudsburg last week and Earl V. Cross is down there now.

Herbert Stevens does not improve and it has now been a long time since he fell while repairing a 'phone wire on a pole.

### LEDGEDALE.

Ledgedale, Aug. 21.—The picnic which was held in Denver's grove on Saturday, Aug. 16, was a success. Music for dancing was furnished by Peter McCormick of Scranton. Miss Mame Stevenson, Brooklyn, has been the guest of Mrs. Friend Simons the past week.

Mrs. Samuel Reid, of Binghamton, is visiting relatives at this place. Mr. and Mrs. Joseph Furry, Paterston, N. J., are visiting the latter's

parents, Jack Schrader and wife of this place.

The L. A. S. of this place will hold a church fair at the home of F. B. Simons Sept. 3, afternoon and evening. All are cordially invited.

Mr. and Mrs. McKels, of Scranton have been visiting relatives at this place.

Mr. and Mrs. John Becker visited Mr. Becker's sister at Sterling last week.

Mrs. Charles Eckman, of Easton, has been visiting her brother and wife, Mr. and Mrs. George Reese.

The farmers were all glad to see the refreshing rain.

Pearl Martin has gone to Carbondale where she expects to be employed the coming winter.

Corra Martin, of Hawley, has been visiting her parents, W. D. Martin and wife, for the past two weeks.
