**STRICKLAND GILLILAN THURSDAY NIGHT.**

Carbondale, Pa., Nov. 7.

Friend Oday:

I noticed somewhere an announcement that Mr. Strickland Gillilan, the humorist, is to be in Honesdale.

Will you please let me know date and if reserved seats are available.

The Craftsman club had Mr. Gillilan a few years ago and if your people know the treat in store for them, a capacity audience will be present.

Gelder and I anticipate going over to enjoy the evening.

With kind regards,

I. G. SINGER.

## DECISION OF HOLLISTERVILLE JUSTICE REVERSED

DISPUTE OVER ACT OF 1909—THREE SCRANTON MEN ARRESTED FOR SPEEDING.

'Squire Hollister Found No Cause of Action and Dismissed Case But Imposed Costs on Men—John F. Scragg Represented Them.

Judge A. T. Searle sitting at a special session of argument court Monday morning, reversed the decision of 'Squire Hollister, who, after discharging Rollo G. Jermyn, A. J. Connell and Cyrus D. Jones, of Scranton, after they had been arrested for speeding, placed the costs upon them.

Scragg & Scragg, the Scranton law firm, represented the three Scranton men.

It was alleged before 'Squire Hollister on the information of Lloyd or Floyd Lawrence, that the three men were arrested while driving an automobile in Salem township. They were charged with violating the Act of 1909 in exceeding the speed limit. They were arranged before 'Squire Hollister on Saturday, Sept. 19. The prosecutor did not appear and after hearing the evidence the 'Squire ruled no cause of action, dismissed the proceedings but imposed all the costs upon the three defendants.

Scragg & Scragg asked the Court for permission to take out a writ of certiorari to bring the proceedings before the judge of the Wayne county courts, and this was granted. Monday morning the attorneys for the defendants were heard by the court and the decision of 'Squire Hollister was reversed on the grounds that the proceedings were irregular and therefore void.

That the information charged the defendants with violating the act of 1909, whereas at the time the proceedings were instituted, the act of 1909, especially as to its penal provisions, had been repealed by the subsequent act of July 7, 1913.

That the law regulating the speed of automobiles gives the magistrate no power or authority to find defendants "not guilty" and dismiss the case while at the same time imposing costs upon them.

**Court Notes.**

In re petition for the appointment of a guardian for George Mogridge, a person of feeble mind. Evidence heard and D. R. Denney appointed guardian under bond of \$800.

Subpoena in divorce case of Floyd Dayton, Ibellant, vs. Dorothy Dayton, respondent, awarded, returnable next term of court.

Petition for rule on school directors of Canaan township to show cause why they should not open the school at Farview district. The petition stated that there were 17 children in that district of school age who lived over two miles from the present school. Rule granted.

Court ordered that trial list for the January term be made on Monday, December 23.

Court ordered that 500 names be selected from the voters of county and be placed in jury wheel to be jurors for the year.

It was ordered to select twelve men for grand jurors to meet on Jan. 12, 1914; also 48 as traverse jurors to meet on Jan. 19, 1914.

Wm. H. Nevin vs. M. Ella Nevin et al. Report of master continued with permission to report at the January term of court.

Viewers were appointed in the case of Page vs. the Ontario, Western Railway Company.

The condemnation proceedings between Dreher poor district and Sterling poor district, was argued by the attorneys for each side.

## HONESDALE'S NEW COAL SUPPLY.

Norman W. Avery, the Erie agent at Hoadleys, is about to open a new coal depot at East Honesdale. The opening of this new coal depot will greatly benefit the people of that end of the Maple City and of lower Texas township. Between the coaling depots of Honesdale and East Honesdale our people should hereafter be able to get an abundance of the particular sizes of anthracite they need, and we believe that such will be the case.

Mr. Avery is the young man who recently constructed a decidedly unique working model of the "Stourbridge Lion."

## HIGH WIND PLAYED HAVOC.

The extremely high east wind on Sunday did considerable damage in this section. The force of the wind broke down large limbs on trees, slammed open blinds against windows, breaking them, and gave considerable trouble to the telephone companies. The wind was accompanied by a heavy fall of rain, which was badly needed to fill the springs and streams before winter sets in. Monday morning the ground was frozen.

## ORGANIZER LUCKOCK IN TOWN.

Organizer Robert Luckock, of Toledo, Ohio, who for some time has not paid Honesdale a professional visit, is renewing acquaintances in town. Mr. Luckock is a representative of the American Flint Glass Workers' Union.

## SHORTAGE OF COAL.

For the past few days there has been a shortage of stove coal in Honesdale. The local dealers claim that they have had orders standing for this particular size, but that it is very hard to get. They hope to relieve the demand in a few days.

## FIVE TONS OF COAL WERE BURNED TO KEEP OUR CITY HALL WARM

DISCUSSED MUNICIPAL AFFAIRS IN OVERCOATS

ATMOSPHERE LAST THURSDAY NIGHT WAS CHILLY, BUT MEETING PROVED WARM ENOUGH BEFORE ADJOURNMENT—PAUL McGRANAGHAN'S BILL PRESENTED—BOROUGH ORDINANCES BEING VIOLATED—SIDEWALKS SCORED—MAIN STREET ORDERED CLOSED AT SIXTH STREET DURING CONSTRUCTION OF CULVERT—TO MEET PROPERTY OWNERS CONCERNING MATERIAL FOR ROAD ABOVE STATE BRIDGE—BILLS PAID—GOOD BALANCE IN THE TREASURY.

The members of the borough council met in the city hall last Thursday evening. Before settling down to business, owing to the chilly and frosty atmosphere in the regular meeting room, the council removed its table into the firemen's parlors, where another blast of cold air greeted their faces.

The members of the council wore their overcoats and hats during the evening. They indignantly smiled at a bill which laid on the table before them, calling for the payment of three tons of stove coal and two tons of pea coal, which had been purchased during the past few weeks to keep the city hall building warm. Of course it was not the coal retailer's fault that the rooms were cold, but when the coal bill was presented it brought forth considerable criticism.

**Board Present Except Canivan.**  
The November session was called to order at 8 o'clock by President Martin Caulfield and in answer to roll call the following members responded: Martin Caulfield, W. H. Kreitner, S. T. Ham, G. W. Penwarden, H. C. Rettew, John Erk. Street Commissioner Lawrence Weidner was also in attendance.

**McGranaghan's Bill Presented.**  
Before the evening session had closed several matters came before the council that were of a hot nature and kept some of the members' blood warm—one such matter for instance, was Paul McGranaghan's bill of \$168 for board of seven persons at \$1 per day for 24 days at the time of the smallpox quarantine a year ago. It was presented for payment. On motion of G. W. Penwarden, seconded by S. T. Ham, it was carried that the council confer with the borough attorney for further inquiry regarding the bill. An occasion calling for a bill of like nature is unprecedented in Honesdale, and council claim that it will be necessary to get an opinion of the court before they will feel warranted in sanctioning the drawing of an order for its payment.

**Inspector Brenneman Asks Council to Close Road.**  
R. B. Brenneman, inspector for the State Highway department and Foreman Tolles of the Hassam Paving company, appeared before the council and explained the necessity of closing Main street at the intersection of Sixth street, near the Commercial Hotel, while the concrete culvert at that place is being built. The gentlemen were assured that the matter would receive the council's immediate attention. On motion of G. W. Penwarden, seconded by S. T. Ham it was carried that Main street be closed for a reasonable time until the concrete sets.

**To Drive Around Block.**  
While Main street is closed at the Commercial Hotel all drivers of teams, automobiles and other vehicles are requested to drive around the block. The street will be opened in about a week.

**Treasurer's Report.**  
Town Treasurer George W. Penwarden made the following report:

Balance last meeting	\$5,409.95
Received County Commissioners for crushed stone	3.00
From permits	4.00
O. M. Spettigue, Edward Lindsay, sewer tap	40.00
M. B. Allen, rent postoffice	300.00
Borrowed E. E. Ferguson, note	2,500.00
Tax duplicate 1913, H. Schuerholz	5,000.00
Tax duplicate, 1913, H. Schuerholz	710.02
Total	\$13,966.97
Paid out during month	8,166.18
Leaving a balance of	5,800.79
Outside of the regular bills last month, amounting to \$808, \$3,000	

**Town Buys Sewer.**  
The private sewer recently laid by Reuben Bodie on East street has been purchased by the town. Consideration \$40.

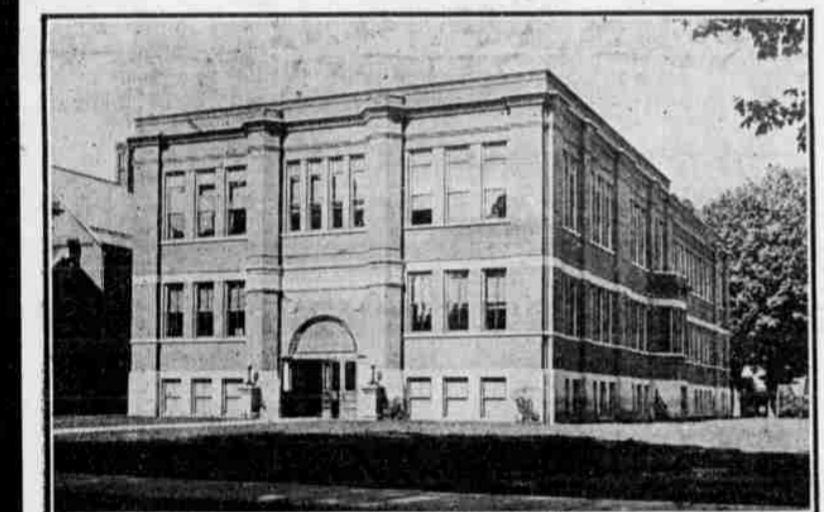

## That Borough Map.

Councilman W. H. Kreitner, who was appointed a committee to wait upon Miss Fannie Bennett to ascertain whether or not the town could obtain the map made and owned by the late Lewis Collins, county surveyor, was continued as a committee.

## To Meet Main and Park Street Residents.

The property owners living on Main and Park streets will soon meet with the council to discuss the advisability of changing the material for paving Main and Park streets, providing brick pave is not used. The council is in communication with a State Highway engineer who will meet the residents of uptown and the council to discuss the situation. The engineer will come presently.

**Friday, Nov. 14.**  
9:00 A. M.

Several parties, however, complied with the council's request and renewed their pipes, but there is still a large percentage who have failed to do so.

The paving of Main street by the Hassam Paving company, contractors for the State Highway department, will commence next spring. If pipes are not renewed by that time and owners should wait until after paving has begun it would cost the town from \$60 to \$70 to open the street and replace the brick. A pipe that has been laid ten years is corroded and should be relaid. Don't put off laying your service pipes. Do it NOW.

## SAVE HONESDALE MONEY BY REPLACING YOUR GAS AND WATER PIPES NOW

Every true citizen of Honesdale interested in this town's welfare is also interested in saving this borough money and so is the town council. It is therefore imperative that every property owner on Main street who has not complied with the borough's recent ordinance, regarding the renewing of service pipes, do so AT ONCE.

The council did not pass the ordinance that it may be violated, but at it may be enforced. It exhorts the owners of property on Main and Park streets to lay new pipes, specially for water, before the paving of these streets commenced, as it could save the borough money.

powerful story Mr. Greene has written, and that it is destined to make a great impression. Admirers of Mr. Greene's stories will ever cherish the story he told three years ago of "The Lincoln Conscrip." The scenes, the incidents and the personages were all furnished from Wayne County, although they were slightly hidden behind names slightly changed to fit the occasion. If the "Albino" ranks along with his famous war story, it surely cannot be praised too highly. Mr. Greene is devoting more and more of his time to literary work as the years go by, and the more he writes the better are the stories he tells.

## "ALBINO," BY HOMER GREENE OF HONESDALE IS SURELY DESTINED TO MAKE IMPRESSION

Mr. and Mrs. Homer Greene went to New York on Saturday to spend the early winter months, repeating their experience of last winter. Mr. Greene will engage in literary work for which he finds a pressing and increasing demand. He will make occasional visits to Honesdale to keep in touch with his business here. His address in New York will be Hotel Van Rensselaer, corner of Eleventh street and Fifth Avenue.
