Tell the public what you have for sale by using the cent-a-word column of The Citizen.

Honesdale and Greater Honesdale

—Miss Ethel Schiessler entertained a number of her friends at her home on Court street Tuesday evening. The evening was most enjoyably spent and delicious refreshments were served.

—The Citizen is planning to issue its Christmas edition on Friday, Dec. 12. It promises to be the best and finest ever gotten out by this journal. Look for our new magazine, "Our County."

—The State grangers will hold their annual state meeting at Reading on December 9-12. It is expected that about two thousand delegates from granges all over the state will be present. Wayne county will be well represented.

—E. B. Jermyn, the mayor-elect of Scranton, according to his expense account, spent \$33,343 for both primary and general elections. His salary will be \$5,000 per year, which after four years of office he will be about \$12,000 behind his salary.

—Miss Helene Purdy, of Seelyville was taken with a severe attack of coughing Sunday evening, Nov. 30th, and it is probable that bronchitis may develop. Dr. Ely is attending her, but is unable as yet to diagnose the case. Miss Purdy is also under the care of a trained nurse.

—Mrs. Walter Watts entertained at cards last Friday afternoon in honor of her guest, Miss Bessie Belcher, daughter of the mayor of Newark, N. J. Prizes were won by Mrs. E. W. Powell and Mrs. Russell Van Kuren. Refreshments were served. Miss Belcher left for her home in Newark on Sunday.

—The West Chester Daily Local News in a recent issue contained a list of the Normal students for the present. Those from this county represented are: Homer B. Ammerman, Gravit; Irene R. Canfield Damascus; Beulah S. Edwards, South Canaan; Ernest Schultz, Hawley; Anita B. Skillhorn, Damascus; Alice M. Sluman and Florence M. Sluman of Honesdale.

—Thomas Griffith was elected secretary, Thomas F. Jackson president, and George Tyler treasurer at a recent election of the Dairymen's League which was held in Pethick's hall at Tyler Hill. A. E. Sheard was chosen to represent the league at the national meeting at Albany. Nearly every farmer in that locality is a member of the league and reports show that much good work is being done along that line.

—The New York World of Sunday last says that the Linotype machine is one of the greatest inventions of man. There was a great many fast compositors (setting type letter by letter), but the Linotype can set type about seven times as fast as an expert hand compositor. The World says that the day is not far off when the man at the case will be a thing of the past. The Citizen has one of these wonderful, human-like machines.

—Harry Lee, aged forty years, employed as a teamster for the Carbonade Milling company, committed suicide in his home Monday by shooting himself in the head. He was breathing his last when his wife reached the room on the second floor where the shooting occurred. No reason for the suicide has been assigned. He washed and went upstairs after telling Mrs. Lee he would be down to eat dinner within a few minutes. The wife is heart broken.

—Last Tuesday morning Charles Layton, aged seventy-four years, and Mrs. Drusilla Hill, aged sixty-two years, of Callicoon, took train 30 and went to Port Jervis where they were united in marriage by the Rev. Samuel Jones of the Drew M. E. church at 12:30 p. m. The witnesses were Miss Marian Philpitt and Mrs. F. Arthur Peck. Mr. and Mrs. Layton returned to their home in Callicoon that evening on the Mountain Express and went to Mr. Layton's home where they will reside in the future.

—The church shower held at the home of Marcus Elmore at White Mills Saturday evening was a great success and was enjoyed socially as well as by a large crowd. Cake and coffee was served to the guests. The ladies of the M. E. church want to thank one and all for the generous way in which the public responded with the numerous pretty things that were given and extend a cordial invitation to all to attend their church supper and bazaar to be held in the new basement of the M. E. church December 6.

—Since the Indians of the grass lands of Argentine were subdued in 1878 the systematic reclamation of the land has been stupendous. Some of the large ranches carry as many as 50,000 head of cattle and provide hunting grounds for many Englishmen. The gaucho is one of the most picturesque as well as useful figures on these ranches and forms the counterpart of his brother, the cowboy of North America. Life on a ranch is far from unpleasant, and on some of the big ranches under British control evening dress for dinner is the custom.

—The old question of making the state's unhandy fiscal year fit the calendar year has bobbed up the last few days as a result of the rush attending the close of the fiscal year on Saturday. The reason for making the fiscal year end a month before the calendar year has never been explained and yet the legislatures have not changed it, although such recommendations have been made. Steps will also be taken to prevent a rush of checks in the last month, as on Saturday some were received long after banking hours. The payment of over \$8,000,000 into the treasury during the last month was something unheard of and caused a lot of hard work to handle it. In the same month the disbursements always run high owing to requisitions and this year the bulk of 2,600 school districts and all of 1,500 townships and some 960 boroughs and first class townships were paid in November for schools, road tax bonus and firemen's relief funds respectively. Much of this could have been paid before.

—Now is the time to commence advertising if you are not carrying a regular space in The Citizen.

—P. J. Bower, of Belmont avenue, Hawley, has purchased the Harloe insulator property along the Erie tracks north of the borough limits. The price named was \$1500.

—You may have something in your store that John Doe's wife wants, but how will she know that you have it if you do not advertise the article. Try the Citizen for results.

—Harry Harding entertained a few of his friends at a several course dinner at the Briggs boarding house last Tuesday evening. A sumptuous menu was deftly served and a pleasant evening was spent.

—At a recent meeting of the Wayne County Commissioners Fred W. Tiffany of Pleasant Mount was appointed mercantile appraiser for the coming year. J. L. Noble of Salem had charge of the work last year.

—Two new shutes have been built in the coal pockets. They will be used exclusively for Refler & Sons Inc. of Tanners Falls for soft coal. Heretofore all bituminous coal has been shoveled out of a car on a siding.

—The Carley Brook school will hold a box social in the school house Friday evening, Dec. 12, to raise funds for an organ. Among the attractions will be a fish pond, candy and apron sale. Ladies bring boxes, and gentlemen bring their pocket-books.

—While excavating for a new service water pipe on Main street in front of C. L. Dunning's store on Wednesday, laborers Patrick McCarthy and Mullen unearthed an old well. The well was in good state of preservation, but there was no water in the well. The top stone on the surface was about four feet below the surface.

—The office of the Scranton Tribune and Truth has been transferred from the front to the rear of the old postoffice building. The vacated office is now being painted and papered preparatory to the occupancy of N. B. Spencer, who is secretary for the Business Men's Association and Wayne County Automobile Association.

The newest idea in one-piece dresses at Menner & Co. Velvet, Ratine and Messaline. 9614

PERSONAL MENTION.

Miss Agnes McGraw spent the week in Carbondale.

Miss Agnes Bried is spending the present week in Hawley.

George Rogers, of Tankhannock, was in town on Tuesday.

Joseph W. Hessling was attending to business in Carbondale Thursday.

Miss Emeline Wells has returned from a visit of several days to Utica, N. Y.

Nathaniel Eggleston was a pleasant visitor in Scranton one day this week.

J. L. Buerket returned Tuesday evening from a business trip to New York city.

W. W. Wood returned the first of the week from a trip to New York and Brooklyn.

Mrs. Maurice Kane, of Port Jervis, is the guest of Miss Anna McKeon on Ridge street.

Joseph Bradberry has returned to his home in Scranton after spending a few days here.

William White of Hawley, was the guest of Honesdale friends the forepart of the week.

Miss Helen Caulfield has returned from a visit with relatives and friends at Archbald.

W. J. Birdsall and Horton Polley are spending the week-end in New York city on business.

County Superintendent of Schools J. J. Koshler was a business caller in Hawley on Tuesday.

Leo Doud, who has been attending to business here returned to Carbondale the first of the week.

Mr. and Mrs. Williams and daughter have returned from a few days' visit with Hawley friends.

Mr. and Mrs. W. H. Olsen are spending the week with relatives and friends in New York city.

Joseph Ennis and John Chambers have returned home after a visit with friends in Port Jervis.

Superintendent Frank Eisele is attending a national convention of the manufacturers of gas in Philadelphia.

Dr. J. W. Balta, Frank Vetter and R. J. Murray attended the Catholic Men's meeting in Scranton Wednesday night.

Edward Robinson, who had been spending several days at his home on Erie street, returned to Port Jervis the first of the week.

Mrs. Lizzie Wells and two children who spent Thanksgiving Day with Captain Wells and family, have returned to Dorranceton.

Miss Susie McGraw returned to Shohola to open school after spending her Thanksgiving vacation with relatives on Carroll street.

Richard A. Ward, brother of Conductor James Ward, and a former newspaperman, has been elected president of the Wilkes-Barre school board.

John B. Wilmarth was taken to the Moses Taylor hospital, Scranton, Sunday, and Monday underwent an operation. At the present time he is resting comfortably.

Mrs. E. F. Valentine motored to New York City on Monday. Her mother, Mrs. C. H. Rockwell, went via Erie train on Tuesday. Mrs. Rockwell will spend the winter in New York with Mr. and Mrs. Valentine.

Attorney C. P. Searle, of Boston, brother of Hon. A. T. Searle, of this place, arrived on Tuesday. He came here to help celebrate his mother's birthday, which occurred on Wednesday. The family gathering was held at the home of Hon. and Mrs. A. T. Searle.

James O'Hea has returned to his home in New York city, having spent a few days here.

W. S. Curtis, superintendent of the local Borden milk plant, left Tuesday for Delhi, N. Y., where he is in charge of the erection of an ice elevator at that place. During his absence the Borden plant is being superintended by Frank Truscott, the efficient bookkeeper.

Leonard J. Buerket, electrical contractor of this place, attended the Army and Navy football game in New York last week. He and his brother, George, who is studying at West Point, were near President Wilson at the time. During the evening, after attending "Potash and Perimeter," which the President and family also attended, Leonard stood near the Chief Executive and watched a fire in the metropolitan city.

MYSTERIOUS DEATH OF HORSES.

The wholesale firm of W. B. Holmes lost three valuable horses in two months. The first died of colic, the second was found dead in its stable while the third suffered death from a stroke of paralysis. The last or third horse to die was one of the beautiful steel gray prancing Elevator team. The loss to the company for the three cannot be placed at dollars and cents, although it figured nearly \$1,000.

PUBLIC DRINKING CUP AND COTTON TOWEL TO GO.

The use of the public drinking cup and the common towel has been prohibited by the Advisory Board of the State Department of Health. Barbers are forbidden to brush the eyes of customers with a common brush and the proprietors of public eating houses and restaurants must hereafter thoroughly cleanse all eating utensils after each individual use.

Physicians are required to report two additional communicable diseases, scabies and impetigo-contagiosa.

The employees of the State Department of Health have been busily engaged for the past 24 hours in sending copies of these new regulations to the local boards of health, school boards, clerks of councils, health officers, etc. In addition a copy will be placed in the hands of the various hotel and restaurant keepers throughout the Commonwealth.

When interviewed relative to the new regulations, Dr. Samuel G. Dixon, commissioner of health, said, "the general public has been educated to the point where it will no longer consider it a hardship and deprivation and the traveling public are demanding that the common drinking cup and towel be abolished. Some years ago when the agitation was begun, leading to the present action of the Department, there was unfavorable comment on the part of would-be humorists, the ignorant and unthinking, but during the past few years the general public has come to realize that it is almost as insanitary and disgusting to use the common cup as it would be to use a common tooth brush and that likewise the majority of people are familiar with the fact that numerous skin infections and contagious eye diseases are frequently transmitted by the use of the filthy common towel."

"This increased knowledge is now so widely extended that in railway trains, schools, factories and office buildings, individual cups or sanitary bubbling drinking fountains are available and likewise the individual and the paper towel are now found everywhere."

"The public has an unquestionable right to demand cleanliness from the proprietors of public eating houses and that proper precautions be used in cleaning the dishes and utensils used in the preparation of foods and in the service."

"The wisest and more far sighted restaurateurs for several years past have carried out every reasonable sanitary precaution and the growing number of spotless white tiled eating houses where the food is prepared in a cleanly fashion under the eyes of the patrons, is a sufficient evidence of the fact that this care and attention is appreciated by the public. There is no reason why the demand for decency in the serving and preparation of food should in any way increase its cost."

The full text of the rules and regulations above mentioned is as follows: First: "Those responsible for establishing or conducting any public drinking place in the Commonwealth of Pennsylvania are hereby forbidden to furnish or permit others to furnish or keep any common drinking vessel for common use at any such drinking place provided this rule and regulation shall not preclude the use of vessels which are cleaned by washing in boiling water or are disinfected or destroyed after individual use. Public places within the meaning of this regulation shall include common carriers, private, public, parochial or Sunday schools, industries, factories, theaters, shops, offices, hotels, etc., etc."

Second: "No person, persons or corporation within the Commonwealth of Pennsylvania shall furnish for public use any towel unless such towel be laundered or discarded after each individual use."

Third: "Barbers are hereby forbidden to use a common brush for brushing the eyes of their patrons unless such brush be disinfected after each individual use."

Fourth: "Proprietors or persons in charge of public eating places are hereby forbidden to use drinking vessels, dishes, spoons, knives, forks, finger bowls and other eating utensils which have not been thoroughly cleaned after each individual use."

Fifth: "All physicians practicing within the limits of the State shall make an immediate report of each and every case of scabies and impetigo-contagiosa."

(The penalty which the Act of April 27th, 1905, provides for the failure to observe them is as follows:)

Section 16. Every person who violates any order or regulation of the Department of Health, or who resists or interferes with any officer or

No Substitutes RETURN to the grocer all substitutes sent you for Royal Baking Powder. There is no substitute for ROYAL. Royal is a pure, cream of tartar baking powder, and healthful. Powders offered as substitutes are made from alum.

CHICKEN SHOW AT THE HONESDALE HIGH SCHOOL

Agricultural Class Studying Poultry—Thirty Chickens Representing Eight Varieties on Display—Experimental Fattening and Laying Contest Being Conducted.

There is a chicken show at the school house. In the minds of the members of the Agriculture class of the High school there never were such birds placed on exhibition. Fact of the matter is there are a number of good varieties shown. In all there are 30 chickens representing nine different varieties. The chickens were not brought to the school for the purpose of display alone, but that the pupils of the agriculture class may study the fowls to better advantage. The chickens will be placed on certain rations for fattening and laying purposes. They are owned by pupils of the class, who take care of them and keep their pens in sanitary condition. The fowls are weighed before placed on certain rations, from day to day and at the end of the experimental period. The coops contain from two to five fowls and are located in the north gymnasium room of the High school, which is now used for agriculture work.

The chickens are owned by the following members of the class:

- Black Spanish—Herman Schuerholz. Single Comb Brown Leghorn—Richard Linke. Ancona—Edward Rippel. Barred Rock—Albert Eno. White Orpington—Russell Martin. Rose Comb Rhode Island Red—C. M. Erk. Buff Orpington—Edward Conzelman. Barred Rock—Benjamin Buerket. Leghorn—Clarence Dennis. Rhode Island Red—Kenneth Bryant.

Professor J. S. Champion, of the Honesdale High school faculty, who is teacher of agriculture, says the class which consists of 28 pupils, is deeply interested in the study and is getting good marks along this particular line of work. The curriculum also includes carpentry and light mechanical work as would come into practical use upon the farm.

In the class room there is a working bench, cupboard and necessary utensils for illustrating in a practical manner work that comes up daily in the course of study.

Located in the class room is a soil bin. It contains five different apartments which contain two grades of sand, clay, silt and humus muck. All the soil is obtained in Wayne county and near Honesdale.

HIGH COST OF LIVING.

The Democratic party solemnly promised to reduce the high cost of living. Have you noticed any improvement in that direction? The fact is that the prices of all necessary commodities are still going up, and the Democratic party and a reduced tariff are powerless to change it.

agent thereof in the performance of his duties in accordance with the regulations and orders of the Department of Health, shall be deemed guilty of a misdemeanor, and shall, upon conviction thereof, be punished by a fine of not more than one hundred dollars or by imprisonment not exceeding one month, or both, at the discretion of the court.

THE LIBERTY BELL AT PANAMA.

Harrisburg.—Pennsylvania's commission to the Panama-Pacific exposition announced it had determined not to erect a replica of Independence Hall at San Francisco owing to the heavy cost, but to have a central pavilion with colonade and wings. The original plan was to duplicate the historic building, but after a study of the project it was found that it would be very expensive. The building proposed will be about 160 by 160 over all. In the center will be a square pavilion with colonial archways and columns, all being open, while at the sides large buildings, one containing an auditorium and the other rooms for Pennsylvanians to gather and rest. In the pavilion will be a space for the Liberty Bell with a fireproof vault in one of the side buildings so that the bell can be protected from fire and be placed under lock and key at night.

In the auditorium will be arrangements for an exhibit of Pennsylvania art and during the exposition moving picture exhibitions of Keystone state industries in operation and views of historic places will be shown. The cost will be between \$80,000 and \$100,000. The appropriation for the state's participation in the fair is \$150,000, having been cut down because of the insufficient revenue.

The executive officer announced that in the next fortnight he would get into touch with manufacturers all over the state to arrange for exhibits which will be in the regular exposition buildings, only art to be placed in the state building.

BAN PUT ON PUNCH BOARDS.

Berwick.—Burgess C. Heller, of Berwick has instructed the local police to arrest all proprietors of saloons and cigar stores where punch boards or other means of changings are being conducted. Proprietors have been making a mint of money on the chance game during the past few months and the burgess thinks it about time that the gambling stop.
