EVANGELIST "BILLY" SUNDAY Plans Complete for His Eight Weeks

Campaign, Starting Dec. 28-Hundreds of Thousands Will Hear Him, See Him, and Never Forget Him.

"Billy" Sunday completed great work in Johnstown for Christ by converting over eleven thousand souls in that city, representing men, women and children of every voca-tion of life. A large number of professional men hit the trail, also the mayor of the city, chief of police and many of his subordinates.

Mr. Sunday has done a wonderful days in Honesdale. Norman Farnham has resigned his position in the offices of the Gurney Electric Elevator Co. Fred W. Kreitner, president of the Cambria Steel company, led by their general manager, John W. Stick, marched to the tabernacle in a body and with thousands of other Johnstown enthusiasts listened to Sunday's able discourse. Mr. Sunday has been termed "the

greatest ambassador of Christ in modern times."

Mr. Glll, who has been advance representative of the "Billy" Sunday party in Wilkes-Barre, and has completed all arrangements for the re-vival and clean-up of Pittsburg, speaks in highest terms of the hearty co-operation of its people. Cottage prayer meetings have been held and over 10,000 people attend in a single night.

It took 300,000 feet of lumber to complete the tabernacle which now ready for the occupancy thousands upon thousands who will Chris. Kiegler has returned to his home on South Main street, after an extended visit with friends in Han-cock and Damascus. throng the place day after day and night after night. The people will not sit in chairs, but on long wooden benches, which are made comfortable. The choir of over 1,000 voices will occupy chairs arranged in tiers behind the rostrum from which Mr. Sunday will preach. A large sound-ing board invented by Joseph H. Speice, who supervises the taber-nacles, is used to carry the sound of the preacher to the thousands in

every direction. Nine miles of bunting was used in decorating the interior of the tabernacle in covering up the rafters and beams.

Mr. Gill, the advance representative, has completed all arrangements for the opening, as instructing ush-ers, looking after quiries and various committees which necessitate hun-dreds of willing workers,

It is also necessary to have the building well protected with fire hose, wide aisles and many exits in case of fire to insure against a stam-pede. Hundreds of thousands of people in all parts of the United States have their eyes upon Pitts-burg, awaiting the result of a big known from coast to coast and as a rule holds his meetings in smaller cities, but is is hoped Mr. Sunday will be as popular in Pittsburg this time as he was over twenty years ago while on Pittsburg's diamond. He will play ball and his audience will catch it. Mr. Gill said, in a re-cent address before the business men of that city: "There was a time when Mr. Sunday was welcome here on the base ball diamond."

"Some of his friends of those days are still here in Pittsburg," said the speaker, "but not all of them have the same feeling toward "Billy" Sun-day. Some of them are knocking him because the ball of the ball Referring to criticisms of the evangelist Mr. Gill said:
