A PRIZE PICTURE PUZZLE.

The above picture contains four faces, the man and his three daughters. Anyone can find the man's face, but it is not so easy to distinguish the faces of the three young ladies.

The proprietors of **Ford's Prize Pills** will give an elegant **Gold Watch** to the *first* person who can make out the three daughters' faces; to the *second* will be given a pair of genuine **Diamond Ear-Rings;** to the *third* a handsome **Silk Dress Pattern,** 16 yards in any color; to the *fourth* a **Coin Silver Watch,** and many other prizes in order of merit. Every competitor must cut out the above puzzle picture, distinguish the three girls' faces by marking a cross with lead pencil on each, and enclose same with fifteen U. S. two cent stamps for one box of FORD'S PRIZE PILLS, (which will be sent post paid, duty free), addressed to THE FORD PILL COMPANY, Wellington St. Toronto, Can. The person whose envelope is postmarked *first* will be awarded the first prize, and the others in order of merit. To the person sending the *last* correct answer will be given an elegant **Gold Watch,** of fine workmanship and first-class timekeeper; to the *next to the last* a pair of genuine **Diamond Ear-Rings;** to the *second* to the last a handsome **Silk Dress Pattern,** 16 yards in any color; to the *third* to the last a **Coin Silver Watch,** and many other prizes in order of merit counting from the last. **WE SHALL GIVE AWAY 100 VALUABLE PREMIUMS** (should there be so many sending in correct answers). No charge is made for boxing and packing of premiums. The names of the leading prize winners will be published in connection with our advertisement in leading newspapers next month. Extra premiums will be given to those who are willing to assist in introducing our medicine. Nothing is charged for the premiums in any way, they are absolutely given away to introduce and advertise Ford's Prize Pills, which are purely vegetable and act gently yet promptly on the Liver, Kidneys and Bowels, dispelling Headache, Fevers and Colds, cleansing the system thoroughly and cure habitual constipation. They are **sugar-coated, do not gripe,** very small, easy to take, one pill a dose, and are purely vegetable. Perfect digestion follows their use. As to the reliability of our company, we refer you to any leading wholesale druggist or business house in Toronto. All premiums will be awarded strictly in order of merit and with perfect satisfaction to the public. Pills are sent by mail post paid. When you answer this picture puzzle, kindly mention which newspaper you saw it in. Address THE FORD PILL COMPANY, Wellington St., Toronto, Can.

"German Syrup"

My niece, Emeline Hawley, was, taken with spitting blood, and she became very much alarmed, fearing that dreaded disease, Consumption. She tried nearly all kinds of medicine but nothing did her any good. Finally she took German Syrup and she told me it did her more good than anything she ever tried. It stopped the blood, gave her strength and ease, and a good appetite. I had it from her own lips. Mrs. Mary A. Stacey, Trumbull, Conn. Honor to German Syrup. ⑥

SCORES OF LIVES LOST.

HURLED TO DEATH BY THE BREAKING OF A FALSE BRIDGE.

A Frightful Accident Between Covington and Newport, Ky., 40 People Killed. A Terrible Cyclone Kills Many Children and Adults.

CINCINNATI, O., June 16—Yesterday morning, the false work of the new bridge being built over the Licking river, between Covington and Newport, fell, carrying down with it 90 men. The first estimate of the number of lives lost was 30, but later reports make the total number 88. Among them were Andrew and Albert Baird, the contractors. The construction of the bridge was begun early last fall, and will be used for foot passengers and street railway traffic. The piers have been completed, and the work of fixing the heavy pieces of iron in place had begun.

Not a stick of the false work, from pier to pier, remained, and the river was filled with timbers and iron work, with scores of men struggling for life.

Following is the list of dead, injured and missing, so far as known up to midnight:

LIST OF THE DEAD.

C. D. Champoi Sempid, of Boston; Thomas Down, Wheeling; an unknown about 40 years old; J. R. Roby, Radford City, Va.; Elmer Barber, Cincinnati; William Alois, Ohio; C. W. Pfafenbach, Wheeling; Richard Gorman, Dolphin, Pa.; John Adams, Cincinnati; Frank Adams, Cincinnati; Robert Baird, Newport; Andrew Baird, Pittsburgh; Charles Gresham, Covington; Edward Sullivan, Ludlow, Ky.; James Johnson, Havre de Grace, Md.; Dennis Harlow, Parkersburg; E. A. Nolan, Erie, Pa.; Charles Stall, Ironton, O.; Charles Tyre, Mitchell, Ind.; William Burton, Pendleton, Ky.; Patrick Murray, Greenbriar, W. Va.

The number of killed will probably reach 40.

LIST OF THE INJURED.

Daniel Binkley, Hill Station, O.; Bruce Thomas, Indianapolis; J. C. Arling, Newport, Ky.; a German nicknamed "Skyhooks," name unknown; Charles H. Wilkerson, Louisville, Ky.; Benjamin Arnold, Nicholasville, Ky.; John J. Murray, Newport; William Thomas, Xenia, O.; John Phillips, Newport; "Rabbit" Heinger; C. H. Fetters, Ironton, Ohio; A. Thomas; J. P. Lynch, colored; F. Burkley; William Wilson, inspector of work; Frank Wallage; Harry Osborne, London, Eng.; Thomas Lavin, Covington; Henry Kramer, Newport; Daniel Binkley, Newport; S. H. Hell; Thomas Krause.

THE MISSING.

Martin Luther, Lagrange, Ky.; Frank Mure, Newport; George Burge, Covington; N. W. Burton, Winchester, Ky.; William We Slinv, Newport; Frederic Brant, Cincinnati; Richard Adams, Cincinnati.

A big portion of the false work was submerged, and with it were the unfortunate workmen. The scene was a horrible one. In a minute the air was filled with the shrieks of the injured and dying.

Those who could free themselves from the tangled network of timber, struggled to the surface of the water and tried to get ashore. One after another gave up the desperate and uneven struggle and sank into the muddy water. Though the banks were crowded not a soul could go to the rescue of the poor fellows.

One unknown man was taken out on the Covington side. He was found wedged in so tightly that a portion of his hand had to chopped off before he could be taken out. All the dead bodies as they were taken out presented terrible pictures. The bones were crushed and splintered, and in many instances forced through the flesh, presenting a sickening sight.

The terrible calamity is due directly to the recent heavy rains. The traveler was fully 70 feet high, and the false work 60 feet. Two men were at work on the top end of the false work when the crash came. They fell into the river, but escaped with a few scratches. They were J. P. Lynch, colored, and Bruce Conas. Lynch fell with the bridge, and landed on top of it. Conas fell underneath the work, but, singularly enough, escaped with a few bruises.

All the men employed were insured. You see the contractors, Baird Brothers, had insured the lives of all their employes in the Employes' Insurance Company. The company agrees to protect the contractors against all damage claims. I think the average amount of insurance on each man killed is $1,500, but cannot say positively.

Baird Brothers had been very successful bridge builders. There were four of them and two were killed in the accident. They were married men, of family, and are quite wealthy. They had just completed the great cantilever bridge at Memphis, which is the largest in the world, with one exception. They had never before met with such a disastrous accident. The property loss is $10,000.

Fourteen dead bodies have been taken out of the Newport side and eight from the Covington side of the river. There was great difficulty in ascertaining the exact number of the victims. The report varied from 15 to 100. Superintendent Sullivan says there were 73 men at work on the bridge when the crash came. Those who escaped were at work on the up-stream side of the work, which is to the south. They fell with the wreck, but fortunately fell on top of it. Those on the down stream side fell under the wreckage and were killed and injured. It is certain that those who cannot be found are lying at the bottom of the Licking river.

It is thought that in addition to the workmen caught in the wreck were a number of spectators, who were watching the men at work. The accident is supposed to be due to the heavy weight of the iron floor supports, the false work not being strong enough.

WIPED OFF THE EARTH.

A Montreal Summer Resort Destroyed by a Cyclone. Many School Children and Grown People Killed.

STE ROSE, QUEBEC, June 16.—The pretty little village of Ste Rose, a fashionable summer resort near Montreal was entirely obliterated by a cyclone yesterday afternoon. Houses were carried away, trees were torn from their roots and horses and cattle literally carried away and deposited in fields hundreds of feet away. The village school was totally demolished, and of the 25 young scholars, two were dead when found, one died shortly afterward, 12 are so badly injured that they will die, and the remainder are more or less injured.

Those dead are Winfred Ouimet, aged 7; Julia Jolly, age 6, and Stanley Daubien, aged 8. Those known to be fatally injured are: Ernestine Ouimet, Edward Ouimet, Edward Gascom, Amelia Cadenx. The damage done to the farming country was enormous. The farm buildings of John Thomas and Alpheus Kimpton were destroyed and the inmates, five in number, killed. At Ste Therese, the public school building, in which there were 40 children, was blown down and two of the scholars killed and about 15 others badly injured.

At Lacho and St. Lawrence the damage will be very heavy, both to crops and manufacturing interests. At Upton two children were killed.

Floods on the Missouri.

GREAT FALLS, MONT., June 15—The Missouri river is higher to-day than ever known since the existence of this city. People along the shore are driven from their houses. Bridges are washed out, so that there has been no trains over the Montana Central from Helena since Friday.

You can tell about how well a man knows God by the way he trusts Him.

FIFTY-SECOND CONGRESS.

MONDAY—In the Senate the pension appropriation bill, with amendments, was reported back from the Committee on Appropriations and placed on the calendar. It carries a total of $146,737,390, which is an increase of $11,912,284 over the House bill, and $327,200 less than the estimates. The bill as reported, exceeds that of last year by $11,522,505. The principal increase over the House bill is $11,907,634, for army and navy pension. The bill introduced by Mr. Peffer on the 28th of May, "to increase the currency and provide for its circulation, to reduce the rate of interest, and to establish a Bureau of Loans," was taken from the table and Mr. Peffer addressed the Senate in advocacy of it. The Senate then adjourned until to-morrow.

In the House, by unanimous consent, the following bills were passed: To admit Indian children to citizenship at the age of 21 years, provided that they have had 10 years' industrial training; to authorize the Washington Scheuizen Verein to erect a statue to Baron von Steuben in one of the public reservations in Washington. After action upon some District of Columbia measures, the House went into committee of the whole, Mr. Creary, of Kentucky, in the chair on the fortifications bill. After dispensing with the first reading of the bill, the committee rose, without further action. In the "consideration" morning hour a Senate bill was passed, with an amendment, authorizing the entry of the lands chiefly valuable for building stone, under the placer mining law. Also, the bill to protect settlement rights, where two or more persons settle on the same section of agricultural public land before survey thereof. Also, to establish a division line between the lands of the United States and the Pittsburg, Ft. Wayne and Chicago Railway Company, near Bellevue, Pa. A bill granting to the State of Kansas, in trust, the Fort Hayes military reservation, for the purpose of a soldiers' home on the cottage plan, gave rise to opposition, and without disposing of it the House adjourned.

TUESDAY.—No business of any consequence was transacted in the senate of house to-day on account of the death of Congressman Stackhouse. Both houses adjourned until to-morrow, out of respect to his memory.

WEDNESDAY.—In the Senate the silver bill was defeated. No action was taken and the senate adjourned.

The House passed the Fortification Appropriation bill without a division. The measure appropriates $2,412,376 or $1,902,427 less than was appropriated by the last Congress. Authority is given to make contracts for certain works, involving a further expenditure of $1,376,000. The bill reducing the duty on tin plate, terne plate and taggers tin to 1 cent a pound after October 1, 1892, and removing all duty thereon after October 1, 1894, occupied the remainder of the day. The House then adjourned until to-morrow.

THURSDAY—The House went into a committee of the whole on the tin plate bill. No action was taken when adjournment occurred.

In the Senate Mr. Morrill, of Vermont, called up the free coinage bill and spoke on it. Discussion was continued until adjournment.

FRIDAY—Both houses of Congress adjourned until Monday, after a brief session covering only routine business.

CONDITION OF BUSINESS.

Excellent Reports of Trade From all Sections of the Country.

R. G. Dun & Co.'s Weekly Review of Trade says that there is improvement both in actual trade and in prospects. Floods still make some trouble in the lower Mississippi Valley, but elsewhere throughout the West and Northwest excellent farm prospects stimulate trade.

Trade is fairly active at Boston, with large sales of print cloths and reduction in bleached shirtings, while woolens are seasonably quiet and the shoe trade excellent. At Pittsburg the demand for finished iron is good. Hardware is very active and glass unchanged. At Cleveland trade is larger than last year and at Cincinnati the millinery trade is above the average, and the jewelry trade fair. At Chicago the volume of business is increasing in all lines. At St. Louis business is reasonably good, and at Kansas City fairly satisfactory with large receipts. The crop outlook is brighter at Milwaukee and remarkably good at Minneapolis, with trade better than last year, and the flour output the largest on record, 214,000 barrels against 133,000 last year. A June crop report promising a wheat yield much beyond any other except the last, has caused wheat to fall 5 cents. Western receipts of wheat continue at the rate of 400,000 bushels daily, and exports nearly 400,000 but the surplus to be carried over will doubtless reach 50,000,000 bushels.

Money is everywhere abundant and unusually cheap, and complaints of collections fewer than usual. In the stock market a decided advance for some days has been followed by some reaction, but the tone is strong, notwithstanding exports of more than $5,000,000 gold this week.

The business failures during the last seven days number for the United States 153; Canada 26; total 179, as compared with 192 last week, 207 the week previous to the last and 253 for the corresponding week last year.

ACCIDENT AND MURDER.

Two Men Ejected From a Freight Car. Struck by a Train and Killed. Their Chums Kill a Brakeman.

ERIE, June 20.—Five young Erie moulders, Alto Stablein, George Van Alten, Frank Sapper and two others whose names are not known at present, spent Saturday in Buffalo and attempted to steal a ride back to Erie. At St. Angola they were put off the train by Brakeman Lorella Newton. Within five minutes of the time that Stablein and Van Alten were put off the freight train they were struck by another train and instantly killed. When Sapper and the other two saw their mangled companions, they accused Newton as being the cause of the accident. The trainmen were then attacked by the moulders, who used revolvers. Newton was shot through the chest and will die. Fireman McGuire was also hit, but not seriously injured. The assailants were driven off. Sapper reached Erie today and was arrested to-night. He stoutly maintains his ignorance of the affair. He said that he had been ejected from the train before reaching Angola, but the dying statement of Van Alten implicates Sapper.

Drowned in a Cloud Burst.

SPRING VALLEY, MINN., June 18.—There was a cloud burst just before 8 o'clock last night, which destroyed a great deal of property. One woman whose house was swept away was drowned, but further than that there was no loss of life.

FATHER MOLLINGER DEAD

The Venerable Priest Physician Passes Quietly Away.

FATHER MOLLINGER, the famous and beloved priest and physician of Mt. Troy, Pittsburg, Pa., whose marvelous cures have secured for him an almost world-wide reputation, died at his residence Wednesday afternoon.

It has been known for some time that the good priest was suffering from some trouble that was fast sapping his life away. While he was helping other sufferers to health and happiness he was himself suffering from an affliction that was hastened toward this fatal termination by these very acts of unselfishness and devotion to his fellow creatures.

He died from strangulated hernia, and the operation in such cases is extremely delicate and never resorted to except as a last resort. The operation was the hernia atropia.

For thirty years have the people of this and other States been following this priest-physician for instruction and succor. He was a man of wonderful intuition, and a close student of human nature. On many occasions he has ordered men who came to get advice to stand back and not approach him. He has told them with much exactness the stories of their lives. His intellect to the time of his death was wonderfully strong, and his keen eye never failed him to the last.

During the past ten years he has attended to the sufferings and blessed 323,750 people. He has been ill at intervals for a considerable period, but not until a few days before his death did he fell seriously sick.

Father Mollinger is reported to have been an immensely wealthy man. He kept no accounts, and his most intimate friends, and even his confidential secretary, do not know what amount in property or cash he left.

Four Italians Lynched.

SEDRO, WASH., June 18.—A messenger from Smith Bros.' camp brings intelligence of the killing of John A. Nelson, a foreman, by a gang of Italian workmen, and the subsequent lynching of four of the gang by the enraged American workmen. The Italians who were working under Nelson caught him alone and three held him while the others hurled a crowbar through his body. The American workmen, to the number of 60, heard of the murder, and finding four Italians, strung them up to a tree without any ceremony.

Pat.

It is related that at the marriage of Mr. and Mrs. Sumner Soule, of Freeport, Me., recently, the minister in the course of a long prayer said: "Oh, Lord, give grace to some soul to-day." As the groom was known familiarly as "Sum" Soule, and as his bride's name was Grace, the prayer was answered satisfactorily, although the clergyman was unconscious of having said anything so well fitting the occasion.

Primitive.

Dr. Herzog recently discovered in a library at Aarau, Switzerland, a copy of the first edition of Holbein's "Dance of Death." The same volume includes forty-six woodcuts of the same artist, illustrating scenes from the Bible.

Rather Gouty Feed.

A specimen of bread from the famine districts in Russia looked more like peat than bread. When analyzed by a London medical journal it was found to contain husks, sand and woody fiber. It was one of a loaves supplied by the government.
