GROVER CLEVELAND, PRESIDENT-ELECT.

ADLAI E. STEVENSON, VICK-PRESIDENT-ELECT,

Grover Cleveland, of New York, was born in Caldwell, Essex county, N. J., March 18, 1837. He received a common school and academy education at Fayette-ville and Clinton, N. Y. He was a clerk in a country store and a teacher in the New York Institute for the Blind, and was admitted to the bar in Buffalo in 1859. He was appointed Assistant District Attorney of Erie country January 1, 1863. He ran for office on the Democratic ticket in Erie county and was defeated for District Attorney in 1855. He was elected Sheriff in 1870, Mayor of Buffalo in 1881, and Governor of New York State in 1882, defeating Charles J. Folger, United States Secretary of the Treasury, by a plurality of 192,851 votes. He was nominated for the Presidency at Chicago, July 11, 1881, and was elected after an exciting campaign, receiving 219 electoral votes to 182 cast GROVER CLEVELAND, of New York, was

for James G. Elaine, Republican. He resigned the Governmaship, January 6, and was inaugurated twenty-second President March 4, 1885. His administration is noted for attempts to reform the civil service and the tariff, the latter by an extensive reduction of customs duties. Other features are the controversy with Germany growing out of the Samoan revolution, the Bering Sea controversy, the unprecedented use of the veto and the Sackville-West incident, resulting in the recall of the British Minister. He was renominated for President June 5, 1888, and was defeated by Benjamin Harrison, Republican, by an electoral vote of 283 to 168 He retired from office March 4, 1889, and resumed the practice of law in New York City. He was nominated for President at Chicago June 24, 1892.

ADLAI E. STEVENSON was born in Christian

county, Ky., October 23, 1835. He was edu-cated in Kentucky and Bloomington, Ill., and entered Center College, Danville, Ky., in 1852. He left without graduating, studied law in Bloomington and was admitted to the bar in 1859. He removed to Woodford coun-ty, Ill., practiced his profession und was elected District Attorney in 1894. He re-turned to Bloomington in 1899, was nomi-nated for Congress as a Democrat in 1874 and was elected. He was defeated for the same office in 1876, was successful in 1878 ned unsuccessful in 1889. In August, 1885, he was appointed First Assistant Postmaster General in the administration of President Cleveland and served until its close. He was the unanimous choice of the Democratic National Conve tion for the office of Vice President and was nominated at Chicago, June 24, 1892. He took an active part in the canyass.

## COMPARATIVE FIGURES.

The subjoined table gives some interesting figures concerning the presidential election. The first column of figures shows the num-ber of votes in the electoral college of 1892, which on account of the admission of six territories to statehood and the increased apportionment makes the new total 444, while the old college only had 401. The new states bring with them twenty votes in the

### MONTANA'S QUEER RESULTS.

DEMOCRATIC LEGISLATURE, REPUBLICAN ELECTORS AND POPULIST PEMALE ATTORNEY

HELENA, MONT.,-Unofficial figures of the Legislature show: Senate, 10 Democrats, 5 Republicans, 1 in doubt; House, 25 Democrats, 23 Republicans, 4 Populists, 3 in doubt. One of the Populists was indorsed by the Democrats and is pledged to vote for a Democrat for United States Senator. Giving the Republicans all four, the Democrats will still have one majority on joint ballot. This insures the selection of a Democrat to succeed Sanders, Republican, in the United States senate. Enough returns are in to show a Republican majority on the Presidential ticket, congressman and all the State ticket, except attorney general and chief justice. Mrs. Ella Knowles. The Populists will have a majority in the Kansas Legislature. This insures the choice of a Populist Senator to succeed Bishop W. Perkins. According to the latest advices the next Senate will, therefore, stand: Republicans, 40; Democrats, 43. Populists, 35.

In Minnesota the Republicans have five sure and believe they have six out of the seven Congressmen. Feig. Republican, has a small plurality in the Seventh district, and the Sixth is claimed for Searle. Republican. Weadock, Democrat, whose election in the Tenth district was in doubt. has 205 majority over VanKleeck, Republicans. Thus the House will stand: Republicans, 125. Democrats, 219; Populists, 11.

The Territorial representation in the House will be as follows: Republicans—Oklahoma, 1: Democrats—Arizona, 1. New Mexico, 1: Utah, 1; totals—Republicans, 1; Democrats, 3.

### OHIO MAY BE DEMOCRATIC.

REPUBLICAN PAPER SAYS CLEVELAND BAS CARRIED IT.

CINCINNATI.—The Commercial Gazette, Republican, on the basis of complete returns from 45 counties and estimates on the remaining 34 counties in Ohio says the Cleveland electors are chosen by 354 plurality and that S. M. Taylor, Republican for secretary of state has been elected. It also figures 10 Republican and 11 Democratic Congressmen elected.

THE LATEST RETURNS INDEPINITE. An Associated Press dispatch from Coimbus says: Friday night the Republican State Committee completed their table of pluralities, with all the counties heard from officially with the exception of four and these estimated. Some corrections were received at a late hour from Hamilton and Cuyshoga counties, which are among those not officially reported. These reduced the plurality of Taylor, Republican, for Secretary of State, to 767, and the table shows the Harrison electors to have been chosen by 787 pluratlity. The committee, however, concedes the probable election of Seward

the elector who heads the Cleveland list. The official returns will be required to settle the candidacy for Secretary of State and other presidental electors.

MURDERED, THEN CREMATED.

THE AWFUL PATE OF AN ILLINOIS PARMER AT HIS HOME.

On Thursday last M. Swartout, a wealthy farmer living near Linden, Ill., drew considerable money for fail crops. He returned home just after dark and drove to the barn, where he unbitched his team, but did not return to the house. Shortly after a large straw pile near the barn was found to be on fire. The family saved the adjoining property. A search made in the ashes re venled the body of the missing man almost consumed, a little unburned clothing prov ing his identity. There were marks of struggle and a trail of blood to the straw pile, which proves that he was robbed and then murdered

#### BUSINESS FAIRLY GOOD. The Election Interruption to Trade Less Than Usual.

R. G. Dun & Co.'s weekly review of trade says: The presidential election has inter-rupted business to some extent in all parts of the country during the past week, but by no means as much as usual, and at nearly all points the volume of trade has been fairly maintained and the unprecedented activity of industries has only been interrupted by the election holiday. A severe storm throughout most of the Northern States has mbarrassed the movement of products and ias checked some trades but was very welcome to dealers in winter goods, who had ound the unusually mild weather somewhat depressing to their business. The disribution of other products has been fully up to the average, and reports regarding colections are, from almost all points, quite atisfactory for the season.

up to the average, and reports regarding collections are, from almost all points, quite satisfactory for the season.

At Pittsburg the production of iron increases and the demand and the general tone is slightly better than before, with large orders for wrought pig. Glass, especially plate, is in large demand. Trade at Cleveland is good, the demand for manufactured iron exceeding the capacity of mills and money is working closer. Business at Detroit is very favorable, trade and manufactures exceeding last year's and at Cincinnati foundries are running full time. At Indianapolis the trade in drugs is excellent, exceeding last fall's.

Receipts of products at Chicago were curtailed by the election and the storm, but wholesale trade was large; dealing in real estate show an increase of 30 per cent, over last year, and the demand for money is heavy. Less than the usual interruption occurred at St. Louis and trade is native in all seasonable lines.

Prospects are more encouraging at Louisville and business fairly active, at Nashville trade is fair, and at Little Rock depressed by the small receipts of cotton. At Memphis the election interfered to some extent and at New Orleans business for the week was at a standstill, on account of the great strike, which, however, is now settled. Cotton advanced in price and the demand for cotton and sugar is good.

The Government crop report indicates smaller yields than were expected of whent only 500,000,000 bushels; of corn, only L. 500,000,000 bushels, and a decidedly smal yield of cotton. Wheat is stronger than a week ago, with no great change in corn and oats, but moderate trading in either. Cotton has risen over halt a cent, with sales of 485,000 bales on Thursday alone, exceeding by 60,000 bales the largest previous record for any day. Exports in October were 250,000,000 pounds against 441,000,000 last year, the value of both being \$30,862,303 against \$43,177.432 last year.

It has been the dullest October ever known for an absorbed bright for the coming season, and some

gold.

The business failures during the past seven days number for the United States 184 Canada 26, total 210, as compared with 23 last week, 187 the week previous to the las and 291 for the corresponding week last year.

### CONDITION OF CROPS.

CORN PAIR, POTATORS UNPROMISING, TORACC FOOR AND HAY GOOD.

The crop report issued by the agriculturat Department at Washington shows that the average yield for corn in seven States

is as follows:

Ohio, 29 bushels; Indiana, 27; Illinois, 29; lowe, 28; Missouri, 28; Kansas, 23.3; Nebraska, 28.4. The average yield of buckwheat 141 bushels per serve; in New York, 14.7; Pennsylvania, 14.5; Wiscousin, 13.5; Iowa, 10.7. The crop returns of November, with those of October indicate the yield of principal food products and point approximately to the perfected estimates at the close of the year. year.

The yield of corn averages by November returns 22.4 bushels per acre, and promises

an aggregate production of a little more than 100,000,000 based on acreage neariy perfected, and the possibility of shrinkage in threshing and a certainty of light weight, in the Northern States of the Atlantic coast the crop ripeased well, in the cotton States it was injured somewhat by excessive moisture, causing rot and mould,

sive moisture, causing rot and mould, and in some districts it was shortened by drought. In Onio the crop is weil cured but chaffey from drying too rapidly. The yield is very uneven, ranging from 10 to 60 bushels per acre.

The estimated yield of potatoes is 62 bushels per acre. It is 21 in Maine, 63 in New York, 60 in Pennsy, vania, 70 in Michigan, 70 in Minnesota, 31 in Iowa and 47 in Kansas. The crop is almost everywhere fight. The tubers are small, as a rule, and rotting in New Yo.k and throughout the West.

The yield of tobbacca is less than last year, the average being reported at 682 pounds per acre of all kinds, against 748 inst year.

ast year.

The yield of hay is 1.17 tons per arre, nearly the same as in 1891.

Lip until Nov. 5, when Kremile, the 5-year-old stallion, trotted a mile in 2.084 at Nashville, Tenm., Stamboul was the king of the trotting turf, his record being 2.084. This record he made on the Stockton, Cal., "kite," October 27, 1862, so he scarcely wore the crown a week. He went to beat Palo Alto's record of 2.084 over the same track in 1841. Horsemen considered his performance a remarkable one, as he went the first half mile in 1.013, the first and second quarters in the last half in 335 seconds each.

Stamboul is a bay horse fosied in 1882 and was bred by J. L. A Hungarian named Zachrowski was murdered near Boise, Ida , by a country-man known as "Peter the Hun" for some supposed indignity. The deed was commit-ted near Junction Crossing on the Clearwater river. While his victim was asleep the murder poured molten lead into his ear. The metal burned its way into the brain sausing almost instant death.

#### VOTE OF PENNSYLVANIA The Republican Majority of 1988 Cut Down About 20.000.

Down About 20.000.

Official and semi-official returns from all of the 67 counties of the State show a plurality for Harrison of 59,424, a decrease as compared with 1885 of 20,074. In some counties the process of counting the ballots has been very slow, and the official figures when obtained are likely to show slight changes in the vote as given in the table below. The Prohibition vote is given in only 28 counties. The Weaver vote is very light, and the Socialist Labor vote seems to have been polled in only a few localities, and will amount to only a few hundred throughout the State. The new ballot law seems to have been polled in only a few hundred throughout the State. The new ballot law seems to have been polled with the polls, since the weather conditions were favorable to a large vote. The total number of ballots cast in 1888 for the Republican and Democratic candidates was 97.2.7.24, whereas on last election day only 984.514 were put into the boxes for the electors of these parties, a decrease of over \$.000. Following is a table of the vote cast for the Presidental electors of the Republican, Democratic, Prohibition and People's parties: parties

## THE CINCINNATI LAUNCHED.

ANOTHER SPLENDID NEW CRUISER WEDDED TO OLD NEPTUNE.

At Brooklyn, N. Y. on Thursday in a steady downpour of rain, the Cincinnati was launched at the Navy Yard. Secretary Tracy and Assistant Secretary Soley, of the Navy, were present. Miss Stella Mosby, daughter of the Mayor of Cincinnati, broke a bottle of Ohio wine over the bows, and christened the new vessel. Mayor Mosby, and a delegation from the Chamber of Commerce of Cincinnati were present.

The Philadelphia, Miantonomoh, Atlanta and Dolphin welcomed their new consort with a salute as she gracefully took the water. The launching was a success.

The Cincinnati is a protected cruiser of 3,182 tons displacements, 300 feet in length, 42 feet beam and with a mean draught of 18 feet. She will have twin screws and vertical triple expansion engines of 10,000 horsepower, with a steam pressure of 100 pounds. She will be one of the fastest vessels in the Navy. Her armament will consist of a main battery of 10 five-inch rapid-firing guns and takes of to recent rapid-firing guns and a six inch breech-loading rife, a secondary battery of 8-pounders, i one-pounders and 2 Gatling guns. She will have four torpedo tubes. Her keel was laid in January, 1880, and the cost of her hull and machinery will be \$100,000. Her average speed will be 19 knots an hour.

## KANSAS PARTLY WET NOW.

THE NEW CONSTITUTIONAL AMENIMENT RE-

FORT SCOTT, KAN.-The victory of the constitutional amendment in this county was as ured yesterday, and simultaneously several saloons were opened in this city.

The Police Commissioners who have heretofore been more active in prosecuting the law than have been the officers in any other city in the State, to-day announced that they would resign December 1, and that they would not execute further , prosecutions. This is the first time in 11 years that -aloons have been run openly.

-Ar Buffalo, N. Y., Robert Kilcourse, a Democrat, dropped dead at the polls just as he was about to cast his ballot on election
