Hood's Cures

Terrible Headaches

Distressed and Discouraged

Bealth all Broken. Thoroughly Built up by Hood's Sarsapartita

Mrs. Eva Covert Of Bath, N. Y.

"I am glad to have my experience with Head's Sar-aparilla widely known, because the medicine has done me so much good, I think it will benefit others who are out of health. I was in a very distressing and discouraging condi-tion. I had no appetite whatever, could not sleep well; suffered with excruenting head

Tired and Languid.

After I had taken medicine prescribed by two of our best physicians, a kind neighbor advised me try Hoo'r's Sarsaparilla. I followed her advice, and the result is, I am perfectly well, that tired feeling is vanished, and I am bright and ambitions. I can cat heartily at every meal, and have gained in weight from 95

Dr. Kilmer's

SWAMP-ROOT

CURES A PHYSICAL WRECK!

Dr. Kilmer & Co., Binghamton, N. Y.
Gentlemen:—I desire to tell you just how I
was, so that the public may know of your
wonderful Swamp-Hoot. Two years ago
hast October I had spells of yomiting, I could
not keep anything in my stomach; the Doctor
said I had consumption of the stomach and
howels; continued to run-down in weight; I
was reduced to 60 lbs. I would vomit
blood, and at one time as much as three pints;
we had two of the best Physicians and they
said, my case was hopeless. "Oh, my sufferings we had two of the best Physicians and they said, my case was bopcless. "Oh, my sufferings were terrible." A neighbor told us of your Swamp-Root, and my busband got a bottle: I took it to please him. I used six bottles of Swamp-Root and I am now nearly as well as ever. I weigh 108 lbs., do my own work and take care of my buby. Every one says, I was raised from the dead, and many will not believe that I am still living until they come and see me, and then they can't believe their own eyes, I am looking so well. Very gratefully.

STORMS CHECK TRADE.

The Weither An Important Factor in

Bank Clearings Show, R. G. Dun & Co.'s Weekly Review of Trade says: Storms have greatly interfered with business and at the same time monetary uncertainty has been felt. While the volume of trade is still very large, actual distribution seems to have been scarcely up to expectations of late, though orders still continue sufficient to give the great industries full employment. The great feature for the past fortnight has been, the unusual demands for money from the West and South which has drawn large sums from New York, and telegraphic reports show that while money is tight at only one or two small points, there is strong demands at

other centers.

The defeat of the anti-option bill was followed by an improvement in grain, and waile wheat had fallen 24c, it has since r sen Essaies for the week being 2000,000 bushels. Corn is deand o to followed but pork products slightly lower. Cotton declined at because he expected settlement of the langlish strike did not come. Butter and eggs have declined sharply and copper is weaker, i.e., it is at 30c, though speculation has lifted into 2000c. The dry goods traile is strong, tottons are stronger, sheetings being all void ahead. In the iron business consumption is enormous, but production relatively greater, and concessions are frequent for pig not of the less grades, while that is at the lowest point ever known. Plates are demoralized in price though the antisy are busy and structural works are well employed. In general the industrial production has never been surpassed at this senson.

The business failures the last seven days.

The business failures the last seven days number for the United States 200 for Can-sia 25 or a total of 231, as compared with 230 last week and 233 the week previous. For the corresponding week of last year the figures were : 30.

LIVES LOST AT A LAUNCHING. A Frightful Disaster at Bay City. 30 People Thrown Into Icy Waters. Three Drowned and Others Missing.

A frightful disaster occurred at Bay City, Mich. on Friday in connection with alaunching at the shippard of F. W. Wheeler & Co. The steam barge Kittle M. Forbes lay frozen in the ice on the north side of the slip in which the launching was to take place. Hundreds of boys and many men flocked to the steamer and climbed to the hurricane

When all was ready the last hawser was cut and the schooner with a rush plunged into the slip and an immense wave forced the ice and the steamer Forbes into the air. The Forbes rolled until half over and then the crowd on shore saw a sight which chilled them. Those who had remained on the upper deck were clinging on for life if they could find protections, while less fortunate ones were flying headlong toward the water. Fully 30 were thrown overboard, and in an instant the black forms rose to the surface between the two boats and in the field of broken ice.

How many are lost has not been ascertained, but George Hawkins and Rose Bennett and Fred Peel are missing. Fully a dozen were injured, William Battishall probably fatally.

THE WHOLE FAMILY POISONED. An Illinois Household Killed Off by Apple Butter Boiled in Copper.

Near Mascoutah, Ill., Lorenz Zeis, a Monroe county farmer, died several weeks ago. A week later his daughter died. A week after her death a son died, and last week another child died. Mrs. Z is was taken sick in the same way a few days ago and is very low. The cause of the deaths was supposed to have been pneumonia, but it turns out that the whole family were victims of accidental poisoning. Last fall Mrs. Zeis cooked apple butter in a copper vat. The result was the formation of a poison which caused

THE LAST CABINET MEETING.

President Harrison Takes Farewell of His Trusted Advisers The last meeting of President Harrison's Cabinet took place at the usual hourFriday. All of the members were present and at the conclusion of a half hour's conference the President arose and in a few words bade them good bye. He thanked them for the loyal support they had always given him, and attributed much of the success of his administration to their wise counsels, faithful service and devotion to the country's highest good,

A CHICAGO CRASH.

Eight People Killed By the Fall of Weakened Walls,

At Chicago early Tuesday morning a wall of a building which was lately burned, at 767 Halstead street was blown down. It fell upon a two-story brick building at 785 Haistend street, occupied by the families of John Smith, a saloonkeeper, and James Kunze, a jeweler. Eight people were killed by the falling wall. They are: John Smith, Bollie Smith, his daughter, 13 years of age: Babe Smith 10 years of age: Hattie Smith. daughter, 4 years of age; Pauline, domestic in the Smith family. James Kunze. Mrs. James Kunze; Son of James Kunzer 21 years of age.

The building which collapsed was owned by John York, a large dealer in drygoods. and was destroyed by fire a few weeks ago. It was five stories high, nearly 150 deep and had a frent of white stone.

A CYCLONE IN LOUISIANA.

Two Persons Killed and Over 40 Wound ed. Fine Property Destroyed.

Marksville, Ln., was visited by a terrific cyclone, which left death and destruction in its wake. Two persons were killed, Maximillian Brouillette and a child of Mr. Laborde. Forty people were wounded, some seriously. The two Baptist churches and half the residences and business blocks were demolished.

The Na ional Debt Increased,

The net debt of the United States was increased \$615,099-14 by the operations of the Treasury Department during the month of February. The receipts for the month were \$30,009,892 23 and the expenditures \$32,077,-454. The cash balance on hand, including the \$100,000,000 legal tender gold reserve, is \$124,125,087 88. COSTS MORE to make Royal Baking Powder than any other, because its ingredients are more highly refined and expensive. But the Royal is correspondingly purer and higher in leavening strength, and of greater money value to the consumer. The difference in cost of Royal over the best of the others does not equal the difference in leavening strength, nor make good the inferior work of the cheaper powders, nor remove the impurities which such powders leave in the food.

Where the best food is required, the Royal Baking Powder only can be used.

World's Fair Souvenir Coins-

The Official Souvenir of the Great Exposition-

5,000,000 of which were donated to the World's Columbian Exposition by the Government, are being rapidly taken by an enthusiastically patriotic people.

As there early promised to be a demand for these Souvenirs that would render them very valuable in the hands of speculators, the Exposition Authorities decided to place the price at

\$1.00 for Each Coin

and sell them direct to the people, thus realizing \$5,000,000, and using the additional money for the further development of the Fair.

Considering the fact that there were but 5,000,000 of these coins to be distributed among 65,000,000 people, in this country alone (to say nothing of the foreign demand,) and that many have already been taken, those wishing to purchase these mementoes of our Country's Discovery and of the grandest Exposition ever held, should secure as many as they desire at once.
