Superstitions About Eggs

The ancient Finns believe that : mystic bird laid an egg on the lap of Vaimainon, who was to hatch it his bosom. But he let it fall and it broke, the lower portion of the shell forming the earth, the upper the sky, the liquid white became the moon, and the yelk the sun, while the little fragments of broken shell were transformed into stars. English and Irish mothers tell their children to push their spoons through the bottoms of egg shells after finishing their meal. or else the witches will make boats In France a similar custom prevails, but the reason assigned is that the magicians formerly used egg shells in concocting their diabolical witcheries.

There are in foreign lands, American missionaries, their wives and assistants to the following number Presbyterians, 1817; Baptists, 1860; Congregationalists, 2980: Methodists, 3783.

"Richford, N. Y., Jan. 11, 1893.
"Myself and my wife have taken several bottles of Hood's Sarsaparilla with gratifying results. For years I have had kidney trouble, and also heart difficulty. I was unable to sleep on my left side for years. Hood's Sarsaparilla has done me a great deal of good. I am free from kidney trouble, and can sleep on either side now, thanks to Hood's Sarsaparilla. My wife has had a chronic sore throat for

Hood's Min Cures more than 20 years. It always troubled her more or less, but for the last 6 months, since taking Hood's Sarsaparilla, she has not had a sore throat except once when she took a slight cold. We cheerfully recommend Hood's Sarsaparilia as a good reliable medicine for the blood and to build up the system; I consider it the best medicine in use." GRANT W GET HOOD'S.

DOING WONDERFUL WORK. Jackson Park an Intensely Busy Place. One Hundred Miles of Cars

to be Unloaded. Jackson Park, Chicago, certainly present one of the busiest scenes on this earth of Wherever one looks scores and scores of men are working like bees, trains are being moved, steam is hissing, and the sound of every implement of industry falls upon the ear. The Machinery and Manufactures buildings are possibly the scenes of the most active work. In the first, a'most every foot is crowded with sections of machinery, which men are rapidly putting to gether. Enormous belt wheels, great shafts and pistons are lying around in such profusion that one might well think it impos sible to fit them up in machines instinct with power greater than that of a hundred

thousand men.

thousand men.

Manufacturer's Hall is simply a chaos of huce packing cases, most as yet unopened, but many from which the treasures of a world are being taken and placed for display. The English, German and Austrian sections are the farthest under way and a look around gives glimpses of exhibits that are a pleasant foretaste of what they will be in their fullness.

The great trouble is with the exhibits. Three hundred carloads are arriving daily, while the Department of Works has only been able to handle 75 cars. As a result, it is estimated that there are 100 miles of loaded cars in Chicago waiting their turn to get into the grounds. It is a great problem to face, this unloading and placing these exhibits, but Director General Davis issued an order permitting exhibitors to hire their own trams and bring their goods into the grounds themselves. This will greatly expedite matters, for the Department of Works has been practically swamped.

A POSTOFFICE AT THE FAIR.

Visitors Can Now Secure Their Mail on

the Grounds. Postmaster-Genera, Bi-seli has issued a notice to all postmasters, that there is now in operation in the Government building, on the grounds at the World's Fair, a branch of the Chicago postoffice, known as the World's Fair station. This station will make regular collections and deliveries and transact all business pertaining to a first-class postoffice. Persons intending to visit the Fair can, if they so desire, have their mail addressed to the World's Fair Station.

Northern China is the country of fairs. In any given district there is a constant succession of large gatherings at which it is not uncommon for as many as 10,-000 persons to be congregated. The fairs are sometimes called the "poor man's market" for the great display of second hand clothing which the owners wish to

dispose of. At Techou and at another point on the Grand Canal there are annual fairs held from the beginning of the twelfth month to the fifteenth day of the same month, at which there is a great display of foreign goods, especially woolens, sold at cheaper rates than at other times. This is called the fair of the grain fleet, and is one of the products of the vicious sys-tem of grain taxes. About 400 vessels are annually employed for transporting the Shantung grain tax to Tungchow, near Peking, and upon their return these vessels bring large quantities of goods from Tientsin, which are sold at the fairs. While some of the fairs are held at times rigidly fixed and never varied most of them are wholly uncertain as to time. - North China Herald.

mum. When he died I was that poor I couldn't, but I said if I iver could I would; and me new man, Mike, is as generous as a lord."-

"Sir," questioned an irate female shopper, as she pounced upon a small man who was pacing the store, "are you the floor walker?" "N-n-no, ma'am," he gasped, "I-I'm o-o-only the p-p-proprietor."—Detroit Free

SPRING TIME .

The Best Senson of the Year to Treat Chronic Catarrh.

Notwithstanding that a great number of cople have been cured of chronic catarri by taking pe-ru-na during the past cold senson, yet it cannot be denied that the cold, wet, stormy winter has retarded many cures, and in some cases actually prevented a cure. But, after unusual delay, spring time has come at last, and now is the time for all catarrh sufferers to begin a system atic course of treatment for this disease The greatest difficulty in the way of treating chronic catarrh is that the patient is so liable to catch cold during the treatment and thus delay a cure. This liability at this season of the year is, in a great measure, removed, and no one should neglect the opportunity to be given treatment. Send for free catarrh book.

As a spring medicine Pe-ra na is a never failing remedy. It cleanses the blood through digestion, and gives tone to the whole system by increasing the nutritive value of the food. "Spring fever," as it is sometimes called, which produces a tired-out, sleepy feeling, and inability to do much mental or physical work, is the result of a stuggish digestion, and no blood medicine will be of any use whatever unless it is able to rectify the impaired digestion. The great popularity that Pe-ru-na has is due to the fact that in all such cases it at once corrects digestive derangements and enriches the blood by purifying this very important source of that vital fluid. Send for free book on spring medicines and spring diseases. Address. The Perru-na Drug Manu facturing Company, Columbus, Ohio.

F. J. Cheney & Co., Toledo, O., Gentlemen:-I have suffered from catarrh for about five years and have tried several remedies without relief until I commenced to use Hall's Catarrh Cure last February. I must say that it is a A SUCCESS, the dropping in my throat disappeared entirely after the first bottle. It increased my appetite, so that I now weigh eight pounds more than my cus' tomary weight. I have recommended it to others and all who used it have been greatly relieved and speak highly of it. One of them was in my store yesterday and expressed his wish to peddle it this winter. Will you please let me know the lowest terms you could furnish it for, as I would like to keep it in stock. Hoping to hear from you soon, I remain, Yours respectfully,
