SPRING MEDICINE

Is needed by nearly everybody to purify the blood, cleanse the system of the winter's accumulation of impurities, and put the whole body in good condition for the summer. Such universal satisfaction has

Hood's Sarsaparilla given for this purpose that it is the most successful and most popular Spring Medicine. If you feel weak and tired, Hood's Sarsaparilla is just what you need to restore your strength and make you feel perfectly well.

The following is from Hon. W. S. Warner, a gentleman highly esteemed by all who know him:

"I can truly say that I consider Hood's Sarsaparilla the best medicine for purifying the blood. It did me good when physicians and other medicines failed. It has increased my

Hood's Sarsaparilla Cures appetite and seemed to renew my youth. This is absolutely true." W. S. WARNER, Fond du Lac, Wis.

Hood's Pills cure all Liver Ills, Biliousness, Jaundice, Indigestion, Sick Headache.

LATER NEWS WAIFS.

CRIMES AND PENALTIES.
Near La Grande, Ore., Edward R. Bunnell, farmer of Wallowa county, killed his wife and daughter and then hanged himself. Bunnell was over 53 years of age.

In the Federal Court at Fort Smith, Ark., Judge Parker sentenced to death Marshall Tucker, John Hickes, John Gourko and Alexander Allen. The executions are to take place July 12. Tucker is a white man, formerly a United States Marshal. The others are Cherokee outlaws. Their crimes were committed in Indian Territory. Allen is only 16 years old.

At Rockford, Ill., William Burke, aged 23, gave himself up to the sheriff confessing to having shot and killed his mother in her sleep while he was intoxicated last Monday night. The young man's mind seemed impaired by the terrible affair, and he apparently courted lynching.

At Jonesboro, Ark., Charles Caldwell, colored, was hanged for the murder of Tab Freeman, colored, on February, 18, last.

FOREIGN.
A large portion of the town of Kreutzberg, a place of 1,500 inhabitants near Deutschbrod, Bohemia, has been destroyed by fire. The conflagration swept away 100 houses. Six persons perished in the flames, many others were injured and about 500 have lost their homes.

A dispatch from Australia announces the failure of the First National Bank of Australia. The bank has some 150 branches in Australia and agencies in most large cities of the United Kingdom, the continent and the United States. Its authorized capital is \$2,000,000, subscribed capital, \$1,250,000, paid up capital, \$1,000,000.

The winter wheat crop in Southern Russia has been almost destroyed by the cold.

Remains of an old canal, probably 2,700 years old, have been uncovered in the Crimea.

DISASTERS, ACCIDENTS AND FATALITIES.

At Burlington, Ia., an old brick tenement house was destroyed by fire and six of its inmates burned to death. The lodgers were of the poorer class of laborers and mechanics.

Henry Dowling with his wife and child were asphyxiated by gas in their home in Chicago. When found this morning all three were dead, the gas jet opened and the rooms filled with the orderless fluid.

CAPITAL AND LABOR.

The law which is intended to make it an offense for an employer to prevent an employee from belonging to a labor organization by discharging him or threatening to discharge him, or by any form of coercion, was upheld at Cincinnati, Ohio, in a case before the Police Court. The judge refused to quash the indictment and the case will go to trial. The action was against L. W. Davis, Superintendent of the Electrical Works, charged with discharging a laborer because he belonged to a Brotherhood of Electrical Workers.

The Dowagiac, Mich., Manufacturing Company's plant is closed down and 250 men are thrown out of employment. A receiver may be appointed.

FINANCIAL.

The Second National bank at Columbia, Tenn., closed its doors. A notice posted on the door said the closing was only temporary.

MISCELLANEOUS.

The Liberty bell special train drew in at the Union depot at Chicago, on Friday and was welcomed by an enthusiastic multitude. The train was met at the State line by the Aldermanic Committee and an escort from the Society of the Sons of Pennsylvania. The progress of the train was marked by a trail of fire in the sky, for the Philadelphia Councilmen had plentifully supplied themselves with fireworks. The great gathering at the depot cheered itself hoarse for Old Liberty and then shouted enthusiastically for Mayor Stuart, of the City of Brotherly Love.

TWO SCORE PEOPLE KILLED.

Cisco, Tex., Almost Wiped Out by a Cyclone. Six Killed in a Storm in Indian Territory.

A cyclone has wiped out the town of Cisco, Tex. Dozens are dead and many injured. About 25 houses have been left standing. A partial list of the dead follows: Mrs. Jones and baby; Dave Cameron, brakeman; Captain Whitesides, merchant; five children of W. A. Hickman; one child of M. B. Owens; — Bledsoe, brakeman; Mrs. J. T. Thomas; Mrs. Horton, Wm. Simms, Mrs. Knight.

Buildings with walls two feet thick were leveled to the ground. A freight engine and a whole train was blown from the track and demolished and several hundred feet of side track was torn up. The number injured is about 150.

A cyclone visited Ponca Agency, I. T., Saturday evening and six people were killed. They were Jack Keithley, wife and two children, and Charles Jackson, of Kansas, who was visiting the Keithleys. Two other Keithley children were injured. Keithley lived in a house on Mullenix's ranch, 11 miles south of Ponca. The house was completely demolished.

Peculiar Damage Suit.

Murderer O'Connor, a life convict in the Minnesota Penitentiary, has sued ex-Governor Merriam for \$25,000 damages. After O'Connor began his sentence he was released on the strength of a new law which provided that the life convicts might be released on a promise to quit the State for ever. O'Connor returned to visit his wife, who was on her deathbed, and was rearrested and sent to the penitentiary. The courts have decided that the second arrest was illegal and O'Connor will be released.

Gone Mad With Despair.

At London, the wife of Captain Roberts of the missing steamer Naronic, and the wife of Chief Officer Wright, second in command, have both gone insane. Despair, caused by the loss of their husbands, unsettled their minds and both have been placed in an insane asylum.

No Official Cholera Outbreak.

A telegram received by the Marine hospital service at Washington, from Dr. Holt, its special agent at Havre, says that he thoroughly investigated reports of a cholera outbreak in Paris and found them without foundation.

A New Pension Order.

The acting commissioner of pensions, at Washington, Mr. D. I. Murphy, is decidedly of the opinion that among the 958,000 pensioners on the rolls there are many fraudulent cases, and with a view to purging the lists of such as can be reached he has issued an order to special examiners in the field directing them to use all diligence in searching out such cases. The order is in part as follows:

"The examiners are instructed to use extreme caution and wise discrimination, as it is not the intention to disturb any just allowance of pension nor is it intended that special examiners should be made a party to the petty quarrels and spite work of unfriendly neighbors. In addition to making inquiry with those with whom the special examiner comes in contact while engaged in the examination of claims, it is believed that restorers (especially in rural districts) may be relied upon to furnish accurate information. In the larger towns and cities information may be sought from the real veterans of the war, who have served in the pension rolls, should be a roll of honor, from members of councils, aldermen, assessors and such other persons who may be found to possess information in their various neighborhoods. But all statements obtained should be corroborated before the matter is reported to the bureau."

A SLACKNESS IN TRADE.

Financial Troubles and the Weather Made It Poor for the Only Eastern City Showing Trade Improvement.

R. G. Dun & Co.'s Weekly Review of Trade says: President Cleveland's decision about redemption of legal tenders, all admit, has arrested what threatened to become a serious disturbance. Stocks have been stronger, gaining about \$1.50 per share for the week, and some produce markets are rising again. Yet cold and wet weather and monetary uncertainty have caused distinct depressions in trade, collections are almost everywhere behind, and interior money markets are growing closer or more conservative.

The report made by Bradstreet states that all the larger Eastern cities, except Pittsburg, where general trade is satisfactory, report there has been no improvement within a week.

Bradstreet also states that the failure of the Pennsylvania Steel Company causes much depression and makes it harder for other iron concerns to obtain accommodations, especially in the rail business, because it is doubted whether the receivers can meet the compact of makers, which expires July 1.

Produce exports have improved a little, but for the month all exports from New York are still much behind last year's, while imports here show an increase of \$8,000,000. The state of foreign trade is still of danger to the money market, which no action of the Administration, however wise, can entirely relieve.

THE BUSINESS BAROMETER.

Bank clearing totals for the week ending April 27, as telegraphed to Bradstreet, are as follows:

A PEACEFUL INVASION.

The Grand Naval Land Parade in New York City.

The land parade of the sailors and marines representing the navies of the 10 leading nations of the world, which took place Friday was a magnificent spectacle. The weather was perfect and the enthusiastic thousands who lined the route of march were more than delighted, as was evidenced by the cheering welcome that greeted every flag and every platoon.

The procession was quickly formed and then the superb line swung into Broadway. With muskets at their shoulders and small arms by their sides, the invading foreigners—grim, fierce looking Russian, sturdy Britons, German, Frenchmen, and dark-visaged Italians—marched file after file with their own officers commanding and with their own bands playing the airs they love best. Our marines and blue jackets preceded them, and our National Guardsman followed in their rear. The arts of peace had superseded the strategy of war, and the armed forces of nations marched as though our country and theirs were one, and we were brothers.

At 1:50 o'clock the last of the column passed and admirals and officers of the visiting fleets entered their carriages and were driven to the Waldorf, where they were the guests of the city at luncheon.

THE OKLAHOMA HORROR.

The Death List Now Numbers 90 - Over \$10,000 Raised For Relief.

The total number of persons who met in death in Tuesday night's storm in Oklahoma, now reaches 90 and the injured about 250, about 10 per cent, of them being fatally injured. One of the greatest scenes of desolation in the devastated district is at the home of John Mullenix, in Payne county. The large house, barns and other buildings are completely gone and the farm is stripped of every vestige of fence, crops and orchard. Mr. Mullenix is fatally injured.

Mrs. Mullenix had just given birth to a child and she was carried a mile and lay all night on the rain-soaked ground. She is alive, but will die. Her mother, Mrs. Oliver, and her brother were both killed, as was her 18-year-old son. The babe that had just arrived in the world, however, survived its rough reception and bids fair to live. Over \$10,000 has already been subscribed as a relief fund to aid the survivors and to bury the dead.

SLEEP SMOOTHERED IN SNOW.

Some Wonderful Weather Reported from Wyoming. Terrible Storms.

Near Casper, Wyo., the severest snow storm of the entire winter raged last week and was very destructive to sheep, many of them having just been sheared. One flockmaster named Earnest lost 400 sheep Friday night; they were smothered in the snow another met with a loss of 1,100 out of 2,900. This storm was general throughout the State.

A Band of Bandits Wiped Out.

Tomaschio bandits who were besieged near Vincent, Chihuahua, Mexico, sailed north Monday night and attacked the troops. Every bandit was killed. The troops lost the Lieutenant Colonel of the Ninth Infantry and 25 officers and men. This ends the Tomaschio.

The Desert Burro Superseded.

A prospector now in Yuma, and who made the trip here from Durango, Col., with two horses, says that the time honored burro, whose ancestry is inseparably mixed up with Mexican history, is not as good an animal for desert travel as the ordinary mustang horse. It has always been considered that the burro had the advantage of the horse in his capacity for endurance on a slim diet. This, the gentleman states, is not so great as is generally considered, although he once had a burro who ate a pair of gum boots and a Navajo blanket one afternoon. This was done merely to show off and was not considered to be a nutritious meal even by the jackass himself, who was of French descent, and merely wished to put on style to humiliate a band of scrub mustang horses with whom he was forced to associate. The gentleman who has had experience with both classes of animals prefers horses to the slow burro and says that although the latter will live a day longer without food or water, yet the distance covered by the horse in a given time is so much in his favor as to render him the superior of the immobile burro.—Yuma (Arizona) Times.

A Man Repeats.

The other morning Jones turned up at the office even later than usual. His employer, tired of waiting for him, had himself set about registering the day's transactions, usually Jones' first duty. The enraged merchant laid his pen aside very deliberately, and said to Jones, very sternly indeed:

"Jones, this will not do." "No, sir," replied Jones, gently, drawing off his overcoat, as he glanced over his employer's shoulder, "it will not. You have entered McKurken's order in the wrong book. Far better to have waited till I came." —Yankee Blade.

When the Royal Baking Powder makes finer and more wholesome food at a less cost, which every housekeeper familiar with it will affirm, why not discard altogether the old-fashioned methods of soda and sour milk, or home-made mixture of cream of tartar and soda, or the cheaper and inferior baking powders, and use it exclusively?

THE KIND THAT CURES
DANA'S SARSAPARILLA
FOR 20 YEARS!
DANA'S SARSAPARILLA CO.
MISKANE—My wife was of parents afflicted with SCROFULOUS ECZEMA. My wife's health was steadily growing up to the age of about 40 years; at that time SCROFULOUS ECZEMA manifested itself in the form of ECZEMA, on nearly all parts of the body; after a time it yielded to the remedial use, except on front of right shoulder where it has remained for 20 years with almost constant irritation and itching. Since using

DANA'S SARSAPARILLA
WEN on her head has broken and discharged with almost entire cure. Medical Certificates also greatly relieve.
We have heretofore used a variety of remedies with little result, but DANA'S SARSAPARILLA has proved so effective in relieving my wife of ECZEMA and SCROFULOUS ECZEMA in the blood that I must say it is a grand combination of remedial agents, and that my wife's great improvement is due to its power and the liberating of a kind Providence upon its use.
I have taken one bottle myself and find it a splendid Alternative.

POOR HEALTH FOR YEARS.
Mr. Wilcox is a practical farmer and Postmaster in the village where he resides, and is well known for miles around. He writes: "I had been in poor health for a long time. Four years ago the crisis came, and a number of our best physicians said I would not live a year. I began using Dr. Kilmer's Swamp-Root, Kidney, Liver and Bladder Cure; then my doctor said it might help me for a time, but I would not be here a year hence. My difficulties, aggravated by Rheumatism, were so bad I could not get either hand to my face. I continued the medicine nearly a year, and now I am as well as any man of my age—sixty-eight years. I give Swamp-Root credit for saving my life, and the good health I now enjoy is due to its use."

Doctors said I Could Not Live!
POOR HEALTH FOR YEARS.
Mr. Wilcox is a practical farmer and Postmaster in the village where he resides, and is well known for miles around. He writes: "I had been in poor health for a long time. Four years ago the crisis came, and a number of our best physicians said I would not live a year. I began using Dr. Kilmer's Swamp-Root, Kidney, Liver and Bladder Cure; then my doctor said it might help me for a time, but I would not be here a year hence. My difficulties, aggravated by Rheumatism, were so bad I could not get either hand to my face. I continued the medicine nearly a year, and now I am as well as any man of my age—sixty-eight years. I give Swamp-Root credit for saving my life, and the good health I now enjoy is due to its use."
