

He Needed First-Class Samples.
It was not a hobby line of samples the old Cincinnati drummer carried; just a modest assortment, suited to the humbler class of buyers and the men who do not put on style. And when the spruce, dandified Louisville drummer passed the side counter where the plain, unpretentious goods were displayed, he turned contemptuously aside, looked at them with a sneer, not recognizing in the white-haired stranger the salesman traveling with the aforesaid goods, and said:
"If I couldn't carry a first-class line of samples I would carry none at all."
Quick as a flash the white-haired stranger turned, and "You are right, sir," said he, "you are right."
The drummer from Louisville turned a little superciliously around in the pride of his new spring suit and metropolitan polish.
"Think not," said he, patronizingly.
"Yes," replied the stranger, as he looked the merchant's order, "you are right, sir. It would take first-class samples."
The Louisville drummer smiled.
"To make that face of yours pass current."
The drummer didn't wait to show his goods.

SUFFERED EVERY MINUTE

Since I came out of the war, with catarrh in my head, chronic diarrhoea and rheumatism," says Mr. J. G. Anderson, of Scottsdale, Pa. "I had pains all over me, my sight was dim, and there seemed to be floating specks before my eyes. The food I ate seemed like lead in my stomach. The rheumatism was in my right hip and shoulders. Hood's Sarsaparilla and Hood's Pills did me more good than anything else. All my disagreeable symptoms have gone." **HOOD'S CURES.**
Hood's Pills cure Constipation by restoring the peristaltic action of the alimentary canal.

"German Syrup"

My niece, Emeline Hawley, was taken with spitting blood, and she became very much alarmed, fearing that dreaded disease, Consumption. She tried nearly all kinds of medicine but nothing did her any good. Finally she took German Syrup and she told me it did her more good than anything she ever tried. It stopped the blood, gave her strength and ease, and a good appetite. I had it from her own lips. Mrs. Mary A. Stacey, Trumbull, Conn. Honor to German Syrup.

THE KIND THAT CURES

A MARVEL IN COHOES! Kidney and Liver Disease CURED BY 3 BOTTLES!

DANA SARAPARILLA CO. GENTLENESS—Having been reduced to good health by the use of your Saraparilla, I feel it my duty to let others know the great benefit I have received.
For 15 years I have been troubled with severe pains in the stomach, the kidneys, and liver disease, so badly that for weeks at a time I had to stay in bed.
I have used three bottles of **DANA'S SARAPARILLA** and I feel like a new man. I recommend it to any afflicted with disease of the Kidney, Liver, or Stomach.
CHARLES SIMMONS, Cohoes, N. Y.
The truth of the above is certified by JAMES S. CALKINS, Druggist of Cohoes, N. Y.
Never purchase of a "SUBSTITUTER," (a person who tries to sell you something else when you call for Dana's.) Our bottles are being filled with a COUNTERFEIT ARTICLE by "Substituters." Buy of the HONEST DEALER who sells you what you ask for, and if you receive no benefit he will return your money.
Dana Saraparilla Co., Belfast, Maine.

THERE IS HOPE

For every one who has blood trouble, no matter what shape or how long standing, provided one of the vital organs have been so far impaired as to render a cure impossible. S. S. S. acts on the root of the disease, and removes the cause, by expelling the poison from the body, and the same time is a tonic to the whole system, however bad your case may be, there is hope **FOR YOU.**
Cured me of a most malignant type of chronic blood trouble, for which I had used various other remedies without effect. My weight increased, and my health improved in every way. I consider S. S. S. the best tonic I ever used.

LATE TELEGRAPHIC JOTTINGS

BOTH FROM HOME AND ABROAD.
What is Going On the World Over. Important Events Briefly Chronicled.
Financial and Commercial.
RICHMOND, Va.—The Ridgway bank, a private institution, closed its doors, finding it impossible to realize on securities. The estimated assets are \$534,000, liabilities, \$21,000.
The City National Bank, Greenville, Mich., suspended after a run. Deposits, \$210,000; assets, \$312,000.
The Bank of Commerce, San Francisco, suspended yesterday, and the First National bank and Commercial bank of Santa Ana, Cal., did not open.
The amount of clearing house certificates issued at New York Thursday was \$2,350,000. This brings the total up to \$4,000,000 since it was decided to issue the certificates.
B. T. Lea & Son, grain dealers, Nashville, Tenn., made an assignment. Liabilities, \$100,000; with about equal assets.
Henry Sheldon & Co., tea and coffee dealers, of New York, have failed. Their resources are between \$300,000 and \$300,000.
BIRMINGHAM, Ala.—An unfounded rumor that the First National Bank has refused to pay a check for \$80,000 precipitated a run Thursday morning. The bank paid out about \$4,000 up to noon, when confidence was restored and the run ceased.

Washington News.
There will be no pension deficiency for the current fiscal year, which ends June 30. The official figures show that the appropriations for pensions were: For the fiscal year 1892-93, \$146,737,350; deficiency for year 1893 and prior years, \$14,144,894; total \$160,882,244. Expended for pensions: For 11 months ended May 31, \$147,946,396; for June up to Thursday \$10,380,000, estimate for the balance of June \$1,000,000; total \$159,326,396. This will leave a surplus of about \$1,500,000, which will be turned into the treasury.
Secretary Carlisle directed Treasurer Morgan to anticipate the payment of the interest on the 4 per cent. bonds, and on the Pacific railroad bonds. Checks in payment of the interest will be placed in the mail Saturday afternoon and all the sub-Treasurers in the United States will be instructed to cash them on presentation. The total interest on both classes of bonds aggregates \$7,534,000, of which \$1,930,000 is for the Pacific railroad bonds. This action of Secretary Carlisle is taken to relieve the tightness in the money centers.

Central, Labor and Industrial.
The management of the Dexter mine, eight miles from Ishpeming, Mich., has received orders to close down. Similar orders are expected daily at the local offices of several mines. Over half the mines in the district are idle.
The striking lumber shavers at Tomawanda, N. Y., are willing to quit the union and return to work.
The Neguac, the largest farm mine in the Lake Superior districts (Mich.); the Norrie, East Norrie and the Pabst at Ironwood have closed down, discharging 800 men. Present indications are that two-thirds of the mines in the district will be idle by July 1.

Crime and Penalties.
Frederick G. Loeffler, a well-known tailor of Norwalk, O., shot his sweetheart, Lena Linder, seriously and then fatally shot himself. The girl was saved by a corset. She had only gone to supper with another fellow.
Frank Harney, a white man living near Carnesville, Ga., beat his 2-year-old girl to death. Then he mashed his head, broke his ribs and stuck his knife into its body repeatedly. Harney is in jail and Judge Lynch may pass sentence.

The Weather.
An intensely hot wave struck Washington Tuesday, sending the mercury up to 101 in the shade. Several persons were overcome by the fierce heat.
Intense heat prevailed throughout the United Kingdom on Tuesday. Two deaths from sunstroke were reported. Lightning killed a gunner at Westmoreland Fort, near Queenstown, and a laborer at Middleton, near Cork.

Cholera Advice.
Cholera is decreasing rapidly throughout Russia.
Cholera reports received from Mecca show that from June 10 to June 20 there were 830 deaths from the disease in the city.
Two deaths from cholera occurred at Calcutta Thursday and the disease is still spreading.

Fires.
At Gibson, N. B., nearly the whole town was burned. Loss about \$2,000,000, with small insurance. The fire is believed to have originated from a little boy playing with a toy pistol and matches in his father's barn. One hundred and thirty families were rendered homeless and were sheltered in hotels and private houses.
Personal.
Mrs. Cleveland and Baby Ruth left Washington for their summer home, Gray Gables, Buzzards Bay, Mass.

Miscellaneous.
Messrs. Ainsworth, Sasse, Dant and Covert, held responsible for the Ford Theater disaster in Washington, each gave \$10,000 bail.
The Northwestern Miller of Minneapolis, in its weekly review says: The mills ran more heavily last week and produced 178,545 barrels of flour, an average of nearly 30,000 barrels daily. For the corresponding week a year ago however, the output was 210,480 barrels, and in 1891 only 125,550 barrels.

BEYOND OUR BORDERS.
Four students were drowned at Joliette, Quebec, by the upsetting of their boat while on a pleasure ride.
The drought is causing great suffering in the German Empire, and the State funds are being used to aid the peasants.

DEATH IN A TUNNEL.

People Crushed and Ground to Death Between Derailed Cars and Stone Walls, Coming From Sheephead.
The Long Island passenger train that left Manhattan Beach, N. Y., Tuesday afternoon, was partially derailed at the entrance to the tunnel at Parkville, on a dead stretch. It had made one stop only at the Sheephead race track and was crowded with people who left immediately after the Suburban. Four of the six cars went off the track and men who rode upon the steps of the open excursion cars, were ground against the stone walls and under the wheels. Nine men were killed and about 100 injured. The dead are: Patrick Daly, special policeman of New York, instantly killed; H.S. Fringle, young man, residence unknown; J. E. Quimby, Utica, New York died in wagon while being removed; Robert Cuddy, F. J. McConigie, Fritz D. Johnson, John Smiley, Henry Spink, an unknown man.
The injured are: Frank J. Finn, New York, Nicholas Foster, New York; B.J. McKenna, New York; P. Johnson, New York; Andrew Bartholomew, Ithaca, N. Y.; John Fitzgerald, New York; J. B. Childs, Elizabeth, N. Y.; John Caupbell, New York; Hiram A. Maynard, New York; J. S. Sullivan, Harrison, N. J.; William Bland, Jersey City; Fred Schallberg, New York; Harry Tyner, Brooklyn; Mr. Appox, New York. These are the most serious injuries. The others suffered minor injuries.
Switch Operator P.S. McTiary was arrested pending an investigation into the cause of the accident.

THE GROWING CROPS.
Lack of Rain Retards Things in Pennsylvania and Hurts Pastures.
Following is the crop report issued at Washington:—The reports indicate that the west portion of the cotton region extending from Alabama to Texas has been favored with fine weather, and crops in this region have been improved, although in Eastern Texas cotton has been injured by wet weather. Sugar and rice plantations in some portions of Eastern Louisiana are being flooded owing to recent breaks in levees. Generally the weather has been more favorable throughout the south where crop conditions have improved. The harvesting of wheat is progressing as far north as Central Illinois, Indiana, Kansas and Ohio, and the recent warm weather has produced normal seasons throughout the central valleys, but the season is retarded by from 10 to 20 days in the Northwest and on the Pacific coast.
In Pennsylvania, pastures are falling crops growing slowly; hay, except clover, below the average; corn good, wheat in better condition than other crops.
In West Virginia, wheat cutting has begun; oats, rye and corn looking well, hay crop short; stock in good condition; potatoes good.
In Ohio, corn is being cultivated, clover harvest progressed rapidly under favorable conditions. Potatoes, barley cut, potatoes being dug, wheat filling and maturing, and some will be harvested the coming week, oats and rye doing well.

AN EARTHQUAKE WAVE.
It Sweeps Through the Carolinas and Georgia. Charleston Touched Again.
SAVANNAH, Ga.—A distinct earthquake shock was felt here Tuesday. The vibrations lasted about four seconds and the movement was from south to north. There was no rumble, but heavy vibrations. Tall buildings shook perceptibly and windows rattled. There was considerable excitement but no damage is reported.
AUGUSTA, Ga.—A slight earthquake shock of about two seconds' duration was felt here Tuesday night.
CHARLESTON, S. C.—A very distinct shock of earthquake was felt here Tuesday night. The vibrations seemed to be from east to west and lasted several seconds. No damage is reported.

A NEW PENSION RULE.
Printed Statements of Facts in Applications Not to Be Used Hereafter.
An order was issued at Washington by Commissioner Lochren, of the Pension Bureau, and approved by Secretary Smith, with a view to preventing fraud in making applications for pensions. It has been the custom of certain pension attorneys to file applications for their clients, using printed forms, all of the matter contained in the application being in print, except the name, regiment, etc. By this means it is believed applicants have been induced by unprincipled attorneys to swear to a false statement of facts.
The order provides that "All statements affecting the particular case and not merely formal, must be written, or prepared to be typewritten, in the presence of the witness and from his oral declarations then made to the person who then reduces the testimony to writing, or then prepares the same to be typewritten. And such statement must accompany a statement by the witness that such testimony was all written, or prepared for typewriting (as the case may be) in his presence, and only from his oral statements then made," etc.

FIVE PERSONS KILLED.
Fatal Explosion in a Coal Mine at Wilkesbarre, Pa.
At a late hour Thursday evening, while eight men were at work at Nanticoke, Pa., in No. 6 gangway of No. 9 slope of the Susquehanna Coal company, about three quarters of a mile from the bottom of the shaft, a terrific explosion of gas took place which hurled the victims off their feet and scattered them in all directions, killing four men and a boy instantly, and seriously but not fatally injuring three more.
The dead are Abram Walker, miner; Frank Benick, 14 years of age, door; John Smith, miner; Wm. Shortz, laborer; a Polish boy whose name could not be learned. The injured are: John Gwent, horribly burned about the head and arms; two Poles, names unknown, both badly burned on hands and face.

Train Kills Four.
A train from Jersey City on the Newark branch of the Erie railroad struck a carriage near Avo dale, N. J., Saturday afternoon containing Mrs. Williams of Newark and her 12-year-old daughter, and Mrs. Druett of Newark and her two children, a boy aged about 3 years and a girl about 5 years. The three children and Mrs. Williams were instantly killed.
—A MAN in Chicago walked through an open window while asleep, and falling to the pavement below was killed.

FIRE, LIGHTNING AND A PANIC.

BRING DEATH TO MANY PEOPLE.
Over 150 People Killed in a Church Panic, Eight Perish by Lightning and Four are Burned to Death.
ST. PETERSBURG, Russia.—While the ancient church of Romano at Borisoglebsk, on the Volga, was crowded with pilgrims from all parts of Yaroslav, who had come to take part in the annual church procession, a panic was caused by a false alarm of fire which had been raised by thieves in order to facilitate their operations. When the firemen arrived in answer to the tolling of an alarm by the sexton they found the door locked. Breaking it in they witnessed a fearful sight. In the mad rush for the exit hundreds had been knocked down and trampled upon, while others had been suffocated by the pressure of the great throng of terror-stricken people. The bodies of 125 women and 10 men were taken from the church. Nor was this the total number of victims, as several other persons had been killed and 20 fatally injured by leaping from windows 30 feet from the ground.

FOUR BURNED TO DEATH.
INHABITANTS OF THE BUNNELL BLOCK, IN DELAWARE, CRIMINATED AT SIGHT.
DELaware.—The Bunnell Block, a large frame building, was totally destroyed by fire, with a loss of at least four lives and about \$400,000 worth of property.
Four bodies were recovered from the smoking ruins. They are Mrs. Mary Ford, aged 33; Robert Ford, aged 6; Mrs. Elizabeth Mengler, aged 35, and Celia Mengler, aged three.
It is thought there are one or two others in the ruins. Mrs. Ford was a cook in the restaurant on the ground floor. Mrs. Mengler was a seamstress and leaves four young children.
Walter Weyhe, a lineman, who was engaged in spanning the electric light wires, was thrown down by the falling walls and killed. He was pulling with his bare hands on an electric light wire when it crossed a trolley and death by electricity followed instantly.

EIGHT KILLED AT A CIRCUS.
LIGHTNING MAKES A SOBBY ENDING TO A PARTY OF MERRY-MAKERS.
REVER FALLS, Wis.—The large circus tent of Ringling Bros. was struck by lightning while crowded with people, instantly killing eight and injuring many. The killed are: O. A. Dean, Eugene Reynolds, A. Carpenter, O. P. Wiggins and 14 year old son, Curtis Aldredge, aged 12 years, J. A. Glendon, town clerk of Oak Grove, and unknown boy.
The performance was not quite over when the terrible storm caused the throng to crowd out of the tent. While the people were being out, the tent was struck twice by lightning. Fire was started but was extinguished. The greatest consternation followed. The rain continued falling in great sheets and the bodies of the dead were soaked through before they could be removed. As soon as possible, Ringling Brothers and their employees did everything in their power to alleviate the condition of the wounded. The dead were taken down town and laid out on the floor of the engine house, where they were, with the exception of the unknown boy, identified in a few minutes after their arrival. The names of relatives identified their dead, were distressing.
The clothing on some of the dead was torn to shreds, while others presented no external evidence of the fatality. The number of wounded is estimated from 10 to 30. More of them were taken home and are doing well.

WORLD'S FAIR ATTENDANCE.
Just 56,810 Tickets Sold Daily For \$1,163,370 in Forty-one Days.
The average number of paid admissions to the World's Fair in the first forty-one days it has been open is 56,810. The average daily gate receipts have been \$28,408. In these forty-one days 3,250,000 people have visited the Fair.
It is estimated that the paid admittances must average 50,000 daily from July to November before the stockholders of the condition of the World's Fair is a dividend on the \$31,000,000 which the Fair has cost. It is interesting to compare the present attendance with that at the last World's Fair in Philadelphia, which, though a mere show beside this one, was as notable in 1876 as the present one is in 1893. The following table shows the daily average paid attendance at Philadelphia:
May.....19,945 August.....23,949
June.....26,736 September.....31,951
July.....26,353 October.....29,739
If Chicago's visitors increase as Philadelphia's did, the attendance at the Columbian Fair in October will reach the magnificent total of 160,000 daily visitors. The Chicago Fair is six times as big and six times as costly as the World's Fair of 1876, and many experienced prophets predict an attendance six times as great before the Exposition closes. The first twenty-four days' attendance at each exposition is here given side by side:

Chicago, Phila.	Chicago, Phila.
1.....128,365	12.....17,402
2.....15,883	13.....44,109
3.....15,537	14.....17,402
4.....14,295	15.....22,105
5.....19,794	16.....22,105
6.....17,854	17.....32,553
7.....Sunday, 7,056	18.....33,355
8.....22,367	19.....29,458
9.....17,171	20.....56,386
10.....19,514	21.....115,378
11.....13,677	22.....41,307

It will be remembered that the complaint that the Fair was unprofitable, and that many were kept away from the Philadelphia Fair in May. Besides the actual receipts for admittances at the gates the Fair treasury is swelled by the sale of many souvenir tickets, which are carried away by visitors as keepsakes. Over 100,000 such tickets, or \$54,221 worth, have already disappeared, presumably into home albums and souvenir books. It is not possible to get an exact statement of the running expenses, but the Chairman of the Finance Committee says they are not now greater than \$20,000 per day, and that they are sometimes as low as \$15,000. If the operating expenses are kept down to \$15,000 for the remainder of the time the Fair is open, and if the average attendance each day for the next 150 days is more than double the average attendance to date, there seems to be no obstacle in the way of the Exposition proving a financial success.

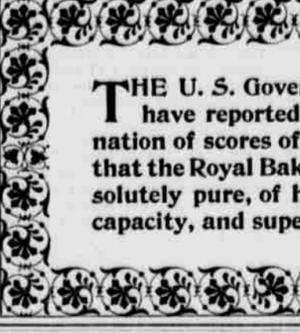

Thank You, Sir; You're Welcome.
Under date of June 12 the duke of Veragua wrote to Secretary Gresham thanking him, the President and the people of the United States for the reception tenders of the duke's family and himself. The duke spoke freely his admiration for this country. Under date of the next day Secretary Gresham appropriately responded.
Big Internal Revenue Increase.
The collections of internal revenue for the 11 months of the current fiscal year amounted to \$145,082,390, an increase over the corresponding period of the last fiscal year of \$7,457,403.

Elevator Sickness.

Elevator sickness is a sensation analogous to sea sickness. You know if you've crossed Lake Michigan in a northerly gale that you bear with fortitude the motion of your end of the boat when it's on the rise, but listen for the angels' harps when it sinks. The elevator sickness is built on the same principle. It is more frequent in New York and Chicago than anywhere else in the world. The victims, mostly women, often suffer frightful qualms when the car starts on its downward plunge. Some of the less impressionable victims content themselves with tugging at the rope boy's bob-tailed coat and begging him to "go slow, please." Then with a muttered prayer or something the boy, who has heard that plea before, shakes out a reef or two more and makes the trip in double quick, and the victim shuts her eyes and shudders. Frequently she faints away completely. Experience does not seem to diminish the complaint.—Pittsburg Dispatch.

A MAN should not imagine because a girl of 16 laughs at his jokes, that he is a great wit; a girl of 16 laughs because she is 16.

TO Cleanse the System
Effectually yet gently, when constive or bilious, or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to healthy activity, without irritating or weakening them, to dispel headaches, colds or fevers, use Syrup of Figs.

DR. KILMER'S SWAMP-ROOT CURED ME

WHEN ALL ELSE FAILED! La Grippe Baffled!

The After Effects Cured
Mr. Bilger writes: "I had a bad attack of the Grippe; after a time caught cold and had a second attack; it settled in my kidneys and liver, and Oh! such pain and misery in my back and legs.
The Physicians' medicine and other things that I used made no impression, and I continually grew worse until I was a physical wreck, and given up to die.
Father bought me a bottle of Dr. Kilmer's SWAMP-ROOT, and before I had used all of the second bottle I felt better, and to-day I am just as well as ever. A year has passed and not a trace of the Grippe is left. SWAMP-ROOT saved my life."
D. H. Bilger, Esq., Hultmeville, Pa. Jan. 10th, 1893.
