A screne on the upper end of the sewer would have saved all the trouble, and will have to be put on to save trouble and expense in

W. E. McKeen, an employee at Hopkins, was working on a scaffold at the mill Friday and the board he was standing on broke and he dropped and came very nearly breaking his neck. In falling his chin came in contact with a board nailed onto the scaffold which threw his head backwards with great force, and the back of his head struck another board and he was thrown forward again and he caught onto a board and saved himself from falling to the ground.

A few men and a number of small boys had considerable sport yesterday with "Billy," the soldier, who lost his G. A. R. pin. A rag gatherer, who is now in town, was accused by "Billy" of stealing his pin. A mock arrest and trial was held at Ed. Burn's barn. Mrs. Burns turned the hose on the gang, some of whom got a good soaking, just after the prisoner gave the officers the slip. It would have been but just if the lady had come a little sooner and given all the participants a cool bath.

The people who live near the corner of Jackson and Fourth streets have become tired of the noise of the beerdrinking gang that has been making "Rome howl" with their drunken carousal every Saturday night for five or six weeks. Several of the citizens have notified the officers of the nuisance and want it stopped. The obscene language used and songs they sing are shameful, and yet some of these very fellows walk the streets in daylight and try to be somebody. The officers will look after the matter and some person will pay the borough rent for use of the ground they have taken possession of for a Saturday night spree, or else the nuisance will be abated.

Three Swedes left Reynoldsville on the eastbound train Monday noon re-The shower of tears would not have made a perceptible difference in the Atlantic ocean, yet the big drops soon dampened the big bandanas used when the good bye was said. With the Americans the women kiss and cry and the men shake hands and say good bye, but with the Swedes it is vice versa. We witnessed the farewell scene Monday in which the men who were returning to the old country and those who were to remain in America kissed each other good bye, while the big tears chased one another down the tan-colored cheeks, and two women, who were with the party, looked on and smiled.

Earl, two-year-old son of Wm. Barkley, narrowly escaped from being burned to death Saturday evening. Ever since the 4th of July the little lad has watched every opportunity to get matches and light them. On the evening mentioned the child, unbeknown to any other member of the family, got some matches and began celebrating. His clothing caught fire and before discovered his body was burned in two or three places. One burn was as large as a man's hand. The parents were badly frightened. About eighteen years ago their home was darkened by having their oldest child, a toddling boy, burned to death by falling into an open fire place while playing.

Two young men of this place were driving home from Brookville Sunday evening and they got to Emerickville just as a gang of young people were wending their way homeward from church. According to the statement of the two y. m. the Emerickvilleites acted more like a gang of hoodlums who had been serving the devil all day, rather than respectable young men and ladies. They frightened the y. m. horse and it ran up an embankment, throwing the occupants out of the buggy and also disfiguring the buggy. If Mr. Tapper, the liveryman, had the names of some of the parties who caused the trouble he would give them a lesson not

#### Kicked by a Horse,

J. C. Williams, ex-photographer of this place, had one of his ribs fractured a few days ago by a horse kicking him. Mr. Williams was passing through the barn and the horse kicked.

#### Bananarchist.

Why is it that so many people will throw banana skins on the sidewalk and thus endanger the lives of pedestrians? Persons who are caught in this act should be made to walk five miles over a pavement covered with banana skins and then sent to jail six months for each time they fall.

### Killed by an Engine.

Yesterday morning the accommodation going to Red Bank killed a tenyear-old boy at Brookville. The lad was standing on the railroad watching a freight train pulling into the siding, and paid no attention to the incoming passenger train. Engine 47, Pat Horn engineer, struck the boy in the back and killed him instantly. His body was not mangled any. The boy's father, Cam. Witherow, lives across the creek from the Brookville station.

### Stripped of his Clothing

Samuel Lindgren, an employee of Hopkins mill, who is working at night in the planing mill, had his clothing torn off him in a jiffy at 3.00 A. M. last Wednesday, and narrowly escaped being ground as fine as mince meat. His clothing caught in the cogs of the gearing of the elevator and in an instant he had nothing on but the shirt band around his neck and his shoes and stockings. His watch and pocketbook were ground to pieces. It is thought the watch is what threw the belting off and saved the man's life.

#### Pleasant Party.

Miss Ella E. Seeley, the talented artist, who is a jovial young lady and exceedingly fond of company, invited about thirty of the youth and beauty of our town to her delightful home on the hill,-where the sun first appears in the morning as it peeps over the eastern horizon and where its last rays reflect in the windows as it descends behind the hesperian hills,—Thursday evening, where they whiled away a few hours in having a jolly good time. Refreshments were served. About the time the town clock struck one the young people coupled off and meandered to the parental domiciles from which they had come. The party was a pleasurable success.

### Prohibitionists

The executive committee and candidates of the Prohibition Party of this Co. held a meeting in Centennial Hall last Friday afternoon for the purpose of nominating a man for their ticket for register, recorder, &c. Morris Putney, of Punxsutawney, was their choice. The Prohibition county ticket now is as follows: Prothonotary, J. B. Bair, of Punxsutawney; register, &c., Morris Putney, Punxsutawney; sheriff, R. F. Millen, Falls Creek; treasurer, J. C. Sprankle, Grange; commissioners, R. L. Miles, Reynoldsville, Marshall Mc-Laughlin; auditors, Abraham Snyder, F. A. Fitch. Other business before the committee was the adoption of some method of disseminating Prohibition views and sentiments among the voters of Jefferson county, and the best use to make of G. W. Mills, a Prohibition orturning to the land of their nativity. ganizer of McKeesport, who will be brought into this county the first of August.

## Threatened to Shoot.

George Hartman, formerly a denizen of this place, who has rented and is living on a farm about three miles out of town along the Punxsutawney road. s having some trouble with berry pickers. There is a large raspberry patch on his farm and Geo, and his wife pick the berries and bring them to town or sale. They brought in an eight dollar load Saturday. Other people trespass on his land and do not only pick berries, but also tramp down his wheat and destroy it. Friday four men were after berries and Mrs. Hartman made her appearance with a dog and ordered the men off the premises. One of the men drew a revolver and threatened to shoot the woman and her dog if she did not let them alone. George since got trespass notices printed and put them up on the farm and has "blood in his eye" for the parties who do not take warning thereby.

## Good Advice.

The following item, which voices our sentiments, and to which we would say amen when the word DuBois is stricken out and Reynoldsville added thereto, was published in a recent issue of the Reynoldsville edition of the DuBois

"During the present financial string-ency while money is tight every loyal citizen should give every cent of his patronage to home trade. Every dollar sent abroad for goods that can be as well bought at home is so much diswell bought at home is so much discouragement to our merchants, and it is discouragement of the worst kind. It implies a lack of patriotism and pride in the town. It also indicates a mistrust or an indifference for the welfare of one's fellow citizens. Let us keep our money in circulation at home as far as possible, trade will be stimulated and all will be the better for it. To use a homely expression, let us citizens of DuBois brace each other."

The asticle works are comment it is

The article needs no comment, it is plain enough, and we hope our citizens will profit by the Express' good advice to the DuBois people.

#### Found Dead.

Patrick Conway, who was born in Ireland about sixty-three years ago, was found dead in the Moore House barn Friday morning. Pat. was considerable of a tramp. He came to Reynoldsville the 29th of June. He loafed around the Moore House most of the time because the proprietor, W. F. Schultze, would take pity on the old man and give him a square meal. Pat worked several days during his stay in town. He was not a temperance man and only abstained from the intoxicating cup when his financial condition compelled him to. Thursday evening Mr. Schultze

gave Pat his supper, and the dining room girl says he ate a very hearty meal. He was not under the influence of liquor at supper time, nor did he drink anything at the Moore House bar that evening. About nine o'clock he picked up his little bundle and said be expected to walk to Brookville that night, as he wanted to visit some old soldiers at the Memorial Home, he having been an old soldier himself and had an honorable discharge. About three o'clock Friday morning a team of horses in the barn made so much noise that Mr. Schultze and his wife both got up out of bed and went to the barn to see what was wrong. Just as they stepped in the barn they discovered Pat lying on the floor. Will tried to wake him, but Pat was taking his last long sleep. Dr. S. Reynolds was called and he pronounced the man dead. Cause of death heart disease. The body was taken to J. M. Hays' undertaking rooms and prepared for burial. As there was no marks on the body there was no inquest held. The G. A. R. men buried the remains in the Catholic cemetery Friday afternoon. At one time the deceased was an inmate of the Soldiers Home at Hampton, Va., but he wearled of that way of living and started out to wander aimlessly through the country. According to papers found on his body he wes getting a pension of fourteen dol-

lars per month. Some person, who seemed to have doubts as to cause of Patrick Conway's death, reported the case to District Attorney McCracken and he authorized Coroner Matson to have the body exhumed and a post-mortem made and, if necessary, an inquest held. The grave was re-opened Sunday morning and the coroner and district attorney held the post-mortem and pronounced heart disease the cause of death.

### Even Dozen.

The latter part of April one dozen ladies of the Reynoldsville Relief Corps went to Brockwayville to visit the Corps at that place. Last Friday a dozen ladies of the Brockwayville Relief Corps came to our town to return the April visit. A number of the Reynoldsville ladies put on their best "bib and tucker," not forgetting their badges, and were at the train to meet their visitors, whom they escorted to the G. A. R. Hall where they spent most of the afternoon in talking and sweltering in the hot room. At supper time the Reynoldsville ladies served a supper in the hall that would tickle the palate of the most fastidious edible destroyer in this neck o' woods. The ladies did not forget the STAR editor altogether, for we were treated to a dish of excellent ice cream, not the kind usually made at festivals. Following is a list of the visitors: Mrs. Lib. Moore, Mrs. Annetta Thompson; Sallie Meyers, Mrs. Maggle Snyder, Mrs. Helen Flanders, Mrs. Ida E. Mc-Minn, Mrs. Elizabeth Gage, Mrs. Emma L. White, Mrs. Sadie Himes, Mrs. Jennie Frost, Miss Emma Ritson and Mrs. Maude L. Frost, of Washington state, Past President Jas. Parsons W. R. C. No. 11, Dept. of Washington and Alaska Dr. J. W. Foust and Albert Reynolds ate supper with the ladies and if the visitors judge the eating capacity of all Reynoldsville men by the amount those two got away with, it will be a cold day before any men of our town will be invited to Brockwayville for a meal. The visit among the ladles was an enjoyable one. .

## Will Not Accept.

The following item appeared in the Pittsburg Dispatch last Monday.

Pittsburg Dispatch last Monday.

"Rev. W. E. Donaldson, pastor of the Bethel Presbyterian church, Allegheny City, tendered his resignation to his congregation yesterday morning to take effect at the Sept. meeting of the Allegheny Presbytry. He has just received a call to the church of Reynoldsville, Pa., which it is his intention to accept."

A number of the Presbyterians at this place were delighted, when they read the article, to know that Rev. Donaldson, whom they had given a call a few weeks ago, had accepted, but when G. W. Palen came up town in the evening and made known the contents of a letter he had received on the afternoon mail from Rev. Donaldson, the Disputch article was labeled a mistake, for the Reverend gentlemen declines the call tendered him at Reynoldsville. Just what our Presbyterian friends will do for a shepherd now is a question they themselves are not able to answer.

## Heart Failure.

M. A. Calvin, who was in his seventyfifth year, died at the home of his daughter, Mrs. R. E. McKee, at this place, on Sunday, July 16th, at 3.20 P. M., of heart failure. Mr. Calvin and wife came to Reynoldsville on the 10th nst, to visit their daughter old gentleman was enjoying reasonable good health, for one of his age, up to Saturday, when he had a sinking spell which lasted about twenty minutes. He revived again and on Sunday morning got up before any other members of the family and turned on the gas and put on the tea-kettle and then strolled through the yard a few minutes. After he came in Mr. McKee heard a groan and ran down stairs and found his father-in-law lying on the floor. A doctor was called who administered medicine which revived the old gentleman. At 3.00 P. M. he took another sinking spell and peacefully passed from time into eternity. Funeral services were held at the residence Monday evening, conducted by Rev. E. T. Derr, and the remains were taken to the Jefferson cemetery, near Baxter, for interment, on the train Tuesday morning. Mr. Calvin was well and favorably known in Brookville and Corsica, where he lived many years. He was an honorable and upright man and was a strict member of the U. P. church from early life until called to his reward. The deceased leaves a wife and three daughters to mourn for him. His children are: Mrs. R. E. McKee, of this place, Mrs. C. D. Baker, of Conneaut, Ohio, and Mrs. Frank Ritchy, of Tionesta, Pa.

## Back in Jail.

[Brookville Republican.] Elmer Milliron, one of the North Freedom robbers, who escaped from the Brookville jail on the night of April 17th, was returned to his old quarters in that establishment Wednesday of last week. Sheriff Young and District Attorney McCracken had been doing some quiet detective work, and finally located Milliren at Gaylord in Michigan, and armed with a requisiton from Governor Pattison for his delivery, the Sheriff went out and secured his prisoner, returning home on the 5th inst., and he will doubtless now remain in custody until the September term of Court, when he will have to answer the charges against him and in addition that of breaking jail.
