In Olden Times

People overlooked the importance of permanently beneficial effects and were satisfied with transient action, but now that it is generally known that Syrup of Figs will permanently cure habitual constipation, well-informed people will not buy other laxatives, which act for a time, but finally injure the system.

"German Syrup"

I am a farmer at Edom, Texas. I have used German Syrup for six years successfully for Sore Throat, Coughs, Colds, Hoarseness, Pains in Chest and Lungs and Spitting-up of Blood. I have tried many kinds of Cough Syrups in my time, but let me say to anyone wanting such a medicine—German Syrup is the best. We are subject to so many sudden changes from cold to hot, damp weather here, but in families where German Syrup is used there is little trouble from colds. John F. Jones.

TRADE S.S.S. MARK

In 1886, my son, suffered very much from cancer of the mouth. By advice of physicians, an operation was performed, extending from the jaw bone, which they scrape but the cancer returned and grew rapidly. Finally, after trying many remedies in vain, I commenced to give him S. S. S.; after seven bottles had been taken the cancer disappeared entirely and though 7 years have elapsed, there has been no return, and I have ever reason to believe that he is permanently cured. His cure is due exclusively to S. S. S.

FOREIGN AND DOMESTIC.

What is Going On the World Over. Important Events Briefly Chronicled.

Capital, Labor and Industrial.

The Pennsylvania steel works at Steelton, Pa., which have been running half time for the past three months, have resumed operations in every department, giving employment to about 4,200 men.

The Thompson glassworks at Uniontown, Pa., which shut down in July, resumed work Saturday, employing 200 men.

At Steubenville, O., the Sumner Bottle Works, which have been idle for nine months; the Mingo Steel Works, after a two weeks' shut down, and the Brilliant Steel and Iron Company, which has been shut down for four months, have resumed operations.

At Little Falls, N. Y., Titus S. Heard, proprietor of a knitting mill has notified his 400 employees that he will suspend operations. The reason for the shut-down is that no orders are on hand.

The Barton & Lyman cotton mills at Woonsocket, R. I., after four months' suspension, have resumed operations, giving employment to 300 persons.

A 15 per cent. reduction in wages has been announced in the Atlantic Cotton and Worsted Mills in Providence, R. I.

The master painters in Indianapolis have reduced the wages of their workmen from 30 to 25 cents an hour.

The Illinois Steel Works at Joliet, closed since December have resumed operations, employing 2,500 men.

About 400 coal miners at Terra Haute, Ind., struck against an enlargement in the mesh of the screens.

The Panhandle glass works at Wellsburg, W. Va., which have been idle several months, resumed work employing 200 hands.

The Dueber-Hampden watch factories at Canton, O., which have been running short handed for a long time, put several hundred men to work.

The North Wheeling Bottle works at Wheeling, W. V., resumed work, employing 200 hands. The plant had been closed since last June.

Disasters, Accidents and Fatalities.

At Rock Island, Ill., the home of George Cooper, a farm laborer, was destroyed by fire and his children, Sadie, 4 years and Nell, 9 years of age, were burned to death. Cooper was badly burned while trying to save them.

Near Reno, Cal., one of the worst railroad wrecks that ever happened on the western division of the Central Pacific occurred, resulting in the death of Fred Leach, brakeman on the westbound, and Charles Givens fireman on the same train and four tramps not yet identified and the serious, perhaps fatally injuring of three others—namely, James Bird, engineer of No. 7, Tom Morsehead, his fireman and a tramp named William E. Vos. The cause of the wreck was a misunderstanding of orders.

By the upsetting of a yawl in New York bay Saturday John Crosby, Charles Drude, Edward Kenny, Benjamin McGuire, Thomas Hoey, Charles Smith, James Malley, Albert Norman and Leonard Wanser, all workmen of New York were drowned.

Crime and Penalties.

Early Saturday morning John Daniels, Edward Waggoner, the latter's son William and daughter Eliza, all colored, were hanged to a tree by a mob near Lynchburg, Tenn. They were charged with a series of barnburnings.

Richard Savage, aged 27, shot his wife, Maggie, aged 26, his child Richard, aged 4 and then himself at Halifax, N. S. Jealousy was the cause.

Five of the Oliphant, Ark., train robbers have been captured. Two are in jail at Batesville and three are being carried overland to Newport. A considerable part of the plunder was recovered from the two men in jail, including pocketbooks, money, rings, and watches.

A gang of burglars Tuesday night looted 11 business houses and residences in St. Joseph, Mo., securing jewelry and silverware to the amount of $4,500. Four of them attacked Joel Feltenstein and beat him so terribly that he will probably die.

Mortuary.

Francis Parkman, the eminent historian, died at Boston. His last sickness was brief, peritonitis being the cause of death.

Annie Pixley, the well known American actress, died in London of brain fever at the residence of her brother-in-law, Mr. Edwin Fulford. Her husband was present at the time.

Fires.

Half a block of business and tenement houses were burned in Trenton, N. J., at a total loss of $20,000.

Miscellaneous.

The Coroner's jury investigating the drawbridge disaster at Portland, Ore., found that Motorman E. F. Terry was grossly negligent in allowing the car to run across the bridge at an excessive and reckless rate of speed.

The trial of Patrick Eugene Prendergast, the murder of Mayor Carter H. Harrison, of Chicago, was set for Monday, November 27, by Judge Edward F. Dunnese. Prendergast's brother has secured Attorneys R. A. Wade and Robert Essex as counsel for the murderer. They consented to act only after being requested to do so by the Cook County Bar Association. Mr. Wade stated that the defense would be insanity.

BEYOND OUR BORDERS.

Official dispatches received at London from Cape Town confirm the reports that the Chartered company's troops have defeated the Matabele in several flights, have put Lobengula to flight and have occupied Buluwayo. Lobengula's power is utterly gone. The losses of the British were slight. The losses of the Matabele is reported to exceed 3,000 killed and wounded.

Three persons lost their lives in the burning of the steamer City of Alexandria at Havana. Those lost are R. W. Bowen purser, Thomas Linden, quartermaster, and W. Foster, oiler. Two waiters and six Cubans are missing.

Since November there were six new cases of cholera and three deaths in East Prussia, five new cases in and near Stettin, and six cases and one death in other cases in Pomerania.

A passenger train rolled over an embankment at Mikhailov, Russia. Six passengers were burned to death and 50 severly injured. The engineer and fireman were scalded to death.

The treaty between Norway and the United States similar to that with Sweden, was ratified. It provides for extradition of criminals.

LATER NEWS.

CAPITAL AND LABOR.

At Johnstown, Pa., No. 2 rolling mill of the Cambria Iron company started up. The outlook is brightening there very considerably.

At Wheeling, W. Va., the old Panhandle glass works, now called the West Virginia window glass works, after being idle for nine years, were started up again in full.

Five of the largest iron mines on the Lake Superior ranges have resumed operations or given notice of intention so to do.

The 330 Ishpeming Mich., striking miners whose demands caused the proprietors of the Pittsburg and Angeline mines to order those mines to close for the winter have yielded.

FOREIGN.

The London House of Commons rejected by a vote of 236 to 217 the amendment to the employer's liability bill permitting workingmen under certain conditions to exempt themselves from the provisions of the bill.

As the result of the carelessness of chemists a disastrous explosion of ether occurred at Brestlitovsk, a town of Russian Poland. A whole house was blown to pieces and 20 person were killed and a large number injured. Several adjoining houses were badly damaged.

WASHINGTON.

Honduras has formerly apologized for firing upon the United States flag November 3. The apology is entirely satisfactory and it is believed that this will end the incident.

FIRES.

Geary's theatre and the Aldine hotel at Ft. Wayne, Ind., were burned. Loss $70,000; insurance, partial.

DISASTERS, ACCIDENTS AND FATALITIES.

While entertaining friends, Berthena Pruitt, of Camden, N. J., died of an internal hemorrhage caused by a fit of laughter.

MISCELLANEOUS.

The admission to the World's Fair grounds has been reduced to 25 cents.

Gov. McKinley, of Ohio, has declined to attend jollification meetings on account of the fatigue of the campaigns. He also suggests that the meetings be abolished and the money used to aid the needy unemployed.

TO RESTORE QUEEN LIL.

Secretary Gresham Announces the Administration's Policy.

The administration at Washington has decided on the restoration of Queen Liliuokalani to the Hawaiian throne.

The correspondence on the Hawaiian matter and the report of Secretary of State Gresham, were made known to the public Saturday evening. The Secretary, after reviewing the history of the Hawaiian revolution, declares that the present government there was virtually established by United States intervention; that the treaty should not again be sent to the senate and asks: "Should not the great wrong done to a feeble, but independent state by an abuse of the authority of the United States be undone, by restoring the legitimate government" Anything short of this will not, I respectfully submit, satisfy the demands of justice."

Secretary Gresham claims that according to Commissioner Blount's report, the provisional government was established under protection of United States troops from the man-of-war Boston, and that without this aid it could not have been accomplished. The queen's abdication was the result of this action and was merely temporarily, pending, as she officially expressed the hope, her restoration to the throne, which she claims she is constitutionally entitled to. He concludes that European powers can scarcely be expected to recognize the independence of the island if this country fails so to do.

THE NOVEMBER CROP REPORT.

Corn is Low, While Tobacco and Hay are High.

The November returns to the Department of Agriculture at Washington, of the rates of yield per acre make the average for corn 22.6 bushels, which is the smallest yield reported, excepting those of 1886, 1887 and 1890 for the past 10 years. The yields for those years were respectively 22; 20.1 and 20.7 bushels. It is less than the average for the 10 years 1870 to 1879 by 4.5 bushels; less than the succeeding decade 1880 to 1889 by 1½ bushels, and less than 1892 by a little over 1 bushel. The result is in harmony with the reported indication during the growing season. The July returns of conditions were high, being 93.2, from which point there was a rapid decline, ending in the returns of October at 75.1. A fall of a little over 18 points, a result due in the main to the severe, extensive and persistent drouth.

The rates of yield from the principal corn States are reported as follows: New York, 29.3; Pennsylvania, 24.9; Ohio, 24.3; Michigan 23.7; Indiana, 24.5; Illinois 25.5; Iowa, 35.4; Missouri, 27.5; Kansas, 20.3; Nebraska, 25.

The returns relative to potatoes give the estimated average yield per acre for the whole country at 72.2 bushels. The consolidated returns from the tobacco growing States make the estimated yield per acre 395.3 pounds, as against 682 pounds in 1892. The average yield of hay is reported at 1.32 tons per acre, as against 1.17 tons 1892.

The report as to the yield of buckwheat give a general average of 14.7 bushels per acre, as against 14.1 in 1892 and 15.3 in 1891.

Gold Reserve Getting Bigger.

The net gold reserve of the National treasury has been picking up somewhat the last few days and on Monday it was $88,410,149, an increase of about $225,000 since Saturday.

Furnishing the Kitchen.

Few women are strong enough to keep a bare floor properly scrubbed, and a carpet absorbing the odors and greases of cooking is an abomination, therefore it is a good plan to buy brown oilcloth for the kitchen floor, as it shows wear less rapidly than other colors, and blends better with the woodwork, writes Helen Jay, in an article on "Furnishing a Modern Home," in the Ladies' Home Journal. To be sure this seems like a little thing, but attention to details is an essential in the harmonious evolution of a home. In buying this oilcloth the housewife's labors will be lessened if enough more be bought to cover the closet floors.

Few kitchens are commodious—for this reason a flap table, which, when not in use, can be folded up and fastened against the wall, is a positive boon. If not obtainable in the shops, one can be easily made by taking a dressmaker's stationary cutting board as a model. The top of this table should be covered with white marble-cloth, and if the closet shelves are covered with the same material they can more easily be kept clean and sweet. Besides this table two chairs are needed for the kitchen. They should be made entirely of wood, as cane seats are treacherous things and repairing them expensive work. Small cooking utensils are kept in better condition if hung.

A wide painted board, made after the model of the small keyracks sold in fancy shops, can be hung by means of picture hooks fastened in the top edge back of the table. On it small hooks, such as are used by upholsterers, can be screwed in rows. There is no better harbor for knives, spoons and small tinware. Back of the sink should hang the dishpan, soaprack and small scrubbing broom. The ordinary kitchen has two or three closets. It simplifies the work to devote each of these to a definite purpose. For instance, in one place the ironing-board, irons, etc.; in another everything used in baking, and in the third the paraphernalia of ordinary work.

Big and Little Postage Stamps.

The largest postage stamp ever issued measured 4 inches by 2—the size of the old United States 5-cent stamp, restricted to packages of newspapers and periodicals posted in bulk and never intended for letters. The penny Madagascar stamp, second in regard to size, 3 inches by 1½ inches, was used to prepay postage on letters posted at the British consulate at Antananarivo, where there was no other postoffice in 1886. The private postage stamp of Robinson & Co.'s express, with its figure of a bear, is 2½ by 1½ inches. The stamp entitled "California penny postage, from the postoffice, care of Penny Post Co.," for 1885, is in size 2½ inches by 1½ inches. The quarter schilling stamp of Mecklenburg-Schwerin, which was issued in 1856, is the smallest ever issued—less than one-fourth the size of the current penny English stamp—and it would take about fifty of them to cover the surface of the largest issued by the United States.—Collector.

It is believed there are 534,848,924 sheep in the world; 106,969,784 hogs; 267,424,468 cattle; 59,427,658 horses. It is noticeable that the sheep outnumber hogs, cattle and horses 91,026,014 heads.

The reader of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

Dr. Kilmer & Co., Binghamton, N. Y.

Gentlemen:—Last March I suffered very bad with heart and kidney trouble. After using two bottles of your **Swamp-Root** I began to improve and I now feel like another person. I do not have those terrible

Pains in my Back

and across my kidneys. My food does not distress me, I have a good appetite and sleep well nights; something I have not done in a long time. Now I do not have that tired dragging feeling that I used to have before taking your medicine. After sitting down awhile and getting on my feet I would have to stand and steady myself before I could place one foot before the other on account of the pain across my back and kidneys.

Should Do His Best.

Not long ago, Queen Victoria wished to make up a marriage between a lady and gentleman of her court. The former proved rebel to the royal advice, quoting St. Paul's famous words: "He who marries doeth well: but he who does not marry doeth still better." "My child," said the Queen, "be content in doing well: let those who can do better."

The Chinese.

The Chinese are very particular about lucky colors. They like English sewing-needles, but will not buy many of them because they are wrapped up in black paper—black being an unlucky color. A business-man developed a very good trade in printed Chinese calendars. The trade continued good until he commenced printing his calendars on green paper, when his trade fell off. He then discovered that green was an unlucky color.
