

A NEW ENGLAND MIRACLE.

A RAILROAD ENGINEER RELATES HIS EXPERIENCE.

THE WONDERFUL STORY TOLD BY FRED C. VOSE AND HIS MOTHER-IN-LAW TO A REPORTER OF THE BOSTON HERALD— BOTH ARE RESTORED AFTER YEARS OF AGONY.

(From the Boston Herald.)

The vast health-giving results already attributed by the newspapers throughout this country and Canada to Dr. Williams' "Pink Pills for Pale People" have been recently supplemented by the cases of two confirmed invalids in one household in a New England town. The names of these people are Fred C. Vose, his wife and his mother-in-law, Mrs. Oliver C. Holt, of Peterboro, members of the same household.

To the Herald reporter who was sent to investigate his remarkable cure Mr. Vose said: "I am thirty-seven years old, and have been railroading for the Pittsburgh for fifteen years. Since boyhood I have been troubled with a weak stomach. For the past seven years I have suffered terribly and constantly. My stomach would not retain food; my head ached constantly and was so dizzy I could scarcely stand; my eyes were blurred; I had a bad hoarse cough, and my breath was offensive. I had physicians, but they failed to help me. My appetite gave out, and four years ago I developed palpitation of the heart, which seriously affected my breathing. Had terrible pains in my back and had to make water many times a day. I finally developed rheumatic signs and couldn't sleep nights. If I lay down my head would go pit-a-pat at a great rate, and many nights I did not close my eyes at all. I was broken down in body and discouraged in spirit when, some time in February last, I got a couple of boxes of Dr. Williams' Pink Pills.

Before I had finished the first box I noticed that the palpitation of my heart, which had bothered me so that I couldn't breathe at times, began to improve. I saw that in going to my home on the hill from the depot, which was previously an awful task, my heart did not beat so violently and I had more breath when I reached the house. After the second and third boxes I grew better in every other respect. My stomach became stronger, the gas belching was not so bad, my appetite and digestion improved, and my sleep became nearly normal and undisturbed. I have continued taking the pills three times a day ever since last March, and to-day I am feeling better than at any time during the last eight years. I can confidently and conscientiously say that they have done me more good, and their good effects are more permanent, than any medicine I have ever taken. My rheumatic pains in legs and hands are all gone. The pains in the small of my back, which were so bad at times that I couldn't stand up straight, have nearly all vanished, and my kidneys are well regulated by them. This is an effect not claimed for the pills in the circular, but in my case they brought it about. I am feeling 150 per cent. better in every shape and manner."

The reporter next saw Mrs. Holt, who said: "I am 57 years old, and for 14 years past I have had an intermittent heart trouble. Three years ago I had nervous prostration, by which my heart trouble was increased so badly that I had to lie down most of the time. My stomach also gave out, and I had constant and intense pain from the back of my neck to the end of my backbone. In 14 weeks I spent \$300 for doctor bills and medicines, but my health continued so miserable that I gave up doctoring in despair. I began to take Dr. Williams' Pink Pills in water, and the first box made me feel ever so much better. I have taken the pills since February, with the result of stopping entirely the pain in the spine and in the region of the liver. My stomach is again normal, and the palpitation of the heart has troubled me but three times since I commenced the pills."

An analysis of Dr. Williams' Pink Pills shows that they contain, in a condensed form, all the elements necessary to give life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of the grippe, palpitation of the heart, pale and sickly complexion, all forms of weakness either in male or female, and all diseases resulting from vitiated humors in the blood. Pink Pills are sold by all dealers, or will be sent post paid on receipt of price (50 cents a box, or six boxes for \$2.50—They are never sold in bulk or by the 100) by addressing Dr. Williams' Medicine Co., Schenectady, N. Y., or Brockville, Ont.

Golden Rule of Success.

The Golden Rule notes that whereas a man used to be held an exceedingly daring advertiser if in the course of a year he bought \$50,000 worth of space in the journals of the country, now a man is not held to be a large advertiser unless he spends from \$300,000 to \$600,000 a year for advertising space. "Advertise liberally" is recognized now as the golden rule of business success.—Boston Globe.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

TICKINGS OF THE TELEGRAPH

FOREIGN AND DOMESTIC.

What is Transpiring the World Over Important Events Briefly Told.

Central, Labor and Industrial.

At Yonkers, N. Y., 2,000 persons will be given employment by the resumption in part of the Smith Carpet Company's mills. Operations in the Stamford carpet mills, Stamford, N. Y., will be partly resumed this week and next week all the employes, 8,000 in number will be given work.

The Ironville, O., tin plant has shut down indefinitely.

At Bellair, O., the bottle works and Rodefer Bros. Glass Works have resumed.

The Greenwood Cotton Company at New Hartford, Conn., started up. It employs 1,700 hands.

The Little Falls, N. Y. knitting mill resumed with a full set of hands after two months' idleness.

The Yund, Kennedy & Yund knitting mills at Amsterdam, N. Y., resumed with a full force, giving work to over 300 hands.

After being idle since June, 400 employes of the Wheeling, W. Va., Iron and Steel Company will resume work at a 33 per cent. reduction.

The blast furnace of the Norton Iron Works at Ashland, Ky., resumed work with the puddling departments and the nail mills to follow, giving employment to 600 men.

The Carlina, R. I., Worsted Mills, the only industry of that place has closed indefinitely for lack of orders. It is the first shut down in 20 years.

Atkinson Bros.' glass factory at Hawley, Pa., has resumed non-union, after a prolonged struggle with the organized glass blowers.

The wages of the 800 men employed at the Braddock Wire Company's works, Rankin station, Pa., have been reduced from 10 to 32 per cent. The new rate was accepted without protest. The works will now run full.

Disasters, Accidents and Fatalities.

While riding on a hand car near Woodward, Ala., John Neal, Louis Frizzle and James Owens were killed.

Petes Jan's tailor shop, at 54 Avenue D, New York, was badly demolished by a dynamite bomb. Another bomb, placed in the cellar, would have completed the work had it not failed to explode. The shop is a swelter. The motive for the outrage is not known.

Washington News.

Assistant Postmaster-General Thomas has decided that parties sending for "green goods" through the mail are liable to the fine of \$500 and imprisonment for not more than eighteen months. The ruling was made in a Southern Missouri case.

The senate passed the house joint resolution permitting horse and cattle owners to import from Mexico at any time within twelve months of this date.

Crime and Penalties.

Theodore F. Baker, for twenty-eight years the paying teller of the Consolidated National Bank of Philadelphia, confessed to President James F. Watson that during the past twenty years he has stolen more than \$47,000. He was arrested and held for trial.

While a clerk at a stamp-window in Chicago postoffice turned his back some one took \$500 worth of stamps.

Legislation.

In the New Jersey senate the fight the Republican guards were ejected from the chamber by the Democratic Sergeant-at-Arms yesterday. Neither body transacted any business.

Fire.

Almost the entire town of Pocahontas, Ark., was destroyed by fire. Loss \$400,000.

Miscellaneous.

Frank D. Jackson and Warren S. Dungan were inaugurated Governor and Lieutenant Governor, respectively, of Iowa at Des Moines. The ceremonies were simple throughout.

BEYOND OUR BORDERS.

The trial of Auguste Vaillant, the anarchist, who on December 9 last threw a bomb which exploded in the Chamber of Deputies, was concluded at Paris. Vaillant was found guilty and sentenced to death. "Vive Panarchie!" he shouted as the sentence was pronounced.

The widow of William Makepeace Thackeray died at Leigh, Lancashire, aged 75 years. She had lived in retirement for upward of 40 years.

CEREAL CROPS OF 1893.

Official Figures on the Area and Product in This Country.

The estimates of area and product of the principal cereal crops, potatoes, tobacco and hay for the year 1893, as completed by the statistician of the Department of Agriculture at Washington, make the aggregate of corn, 72,099,045 acres, product 1,619,496,151 bushels; wheat 34,629,415 acres, product 306,131,725 bushels; oats 27,273,053 acres, product 638,854,830 bushels; rye 2,638,485 acres, product 28,555,446 bushels; barley 3,220,261 acres, product 69,809,495 bushels; buckwheat 815,514 acres, product 15,192,311 bushels; potatoes 2,053,190 acres, product 183,054,263 bushels; tobacco 297,235 acres, product 45,023,963 pounds; hay 49,613,469 acres, product 65,761,158 tons.

The average yield of corn per acre was 22.5 bushels; wheat 11.4 bushels; oats 23.4 bushels; rye 13 bushels; barley 21.7 bushels; buckwheat 19.9 bushels; potatoes 72.2 bushels; tobacco 97 pounds; hay 133 tons.

The returns of the correspondents of the department make the acreage of winter wheat sown last fall 98.2 per cent. of the area harvested in 1893.

DEATH IN THE SMOKE.

Three Men on a Hand Car Run Down and Killed.

At Woodward, Ala., an engine of the Woodward Iron Company collided with a hand car with the following result: J. V. Neal, Louis Frizzle and James Owens killed; Jim Jackson fatally injured. The men were on a hand car returning to the furnace. The engine was just leaving with an iron train. Thick smoke blown on the track by a heavy wind prevented the crews from seeing each other.

FIFTY-THIRD CONGRESS.

Summarized Proceedings of Our Law-Makers at Washington.

NINETEENTH DAY.

SENATE.—In the senate today the Hawaiian question came promptly to the front and occupied the entire day. Mr. Hoar's resolution inquiring how much money the treasurer of the United States has paid for the foreign relations committee upon the suggestion of Chairman Morgan. The senate then adjourned.

HOUSE.—In the house there was no more difficulty encountered as to a quorum, and when, after a controversy between Mr. Boutelle, Republican of Massachusetts and the Speaker, the vote on ordering the previous question on the report of the Committee on Rules as to the tariff bill, was taken up, and carried. Several private bills were then passed and at 3:15 p. m. the House resolved itself into Committee on the Whole and Mr. Wilson stated the debate on the tariff bill which was not concluded when the House adjourned for the day.

SENATE.—Nothing of importance was accomplished in the Senate and after a short session the Senate adjourned.

HOUSE.—Chairman Wilson of the ways and means committee resumed his speech in favor of the protective tariff instead of increasing wages, really lowered them, by reducing their purchasing power. Mr. Wilson finished his speech amid loud applause, and was followed by Mr. Burrows, (Rep. of Michigan). Other speeches followed, when the House took a recess until evening and continued the debate until a late hour.

TWENTY-FIRST DAY.

SENATE.—The senate discussed routine and unimportant business at today's session and then adjourned.

HOUSE.—The debate on the tariff bill was continued until adjournment.

TWENTY-SECOND DAY.

SENATE.—Nothing of importance was accomplished almost the whole time in the senate today. At 4:20 the senate went into executive session and at 5 p. m. adjourned.

HOUSE.—Save for a recess of two hours there was an uninterrupted flow of tariff oratory in the house again today from 11 in the morning until 10:30 at night. Interest in the debate is beginning to flag a little. The principal speeches to-day were those of Mr. Breckinridge, of Kentucky, Mr. Sprague, of Connecticut, Mr. Dingley, of Maine, and Mr. Harter, of Ohio.

TWENTY-THIRD DAY.

SENATE.—No business of public importance was had and at 12:30 the senate went into executive session to dispose of all disputed nominations, a large number of which have accumulated. The senate adjourned until Monday.

HOUSE.—Representative Brosius (Rep.) of Pennsylvania, resumed his speech on the tariff bill when the house met today.

TWENTY-FOURTH DAY.

SENATE.—Not in session.

HOUSE.—When the house met, the president's message transmitting the Hawaiian correspondence was submitted to the house. The house went into a committee of the whole for consideration of the tariff bill. Mr. Pickler (Republican) of South Dakota, was the principal speaker in opposition to the Democrats. The debate was continued until adjournment.

PENNSYLVANIA DEMOCRATS

Nominate J. D. Hancock for Congressman-at-Large.

At the Democratic state convention, held at Harrisburg on Wednesday, James Denton Hancock was nominated by acclamation for congressman-at-large.

The platform reaffirms the principles adopted in the State convention, September 19, 1893, and declares faith in the Chicago platform; renews hearty expressions of confidence in the leadership of President Cleveland and endorses the wise, economical and honest administration of Governor Pattison.

It declares that the present disturbed condition of business and finances of the country is the result of long years of Republican mis-administration and vicious legislation.

Inequitable and oppressive tariff laws, wastefulness and profligacy in public expenditures and cowardly financial makeshifts, it says, are responsible for the prostration of American industry, the derangement of the currency and the deficit in the federal revenue.

Extravagance of a Republican congress, evasive legislation on the currency by successive Republican congresses and three years' experience of the McKinley law are also given as causes for the general depression.

A revision of the tariff by the passage of the Wilson bill is favored.

MR. HANCOCK'S RECORD.

JAMES DENTON HANCOCK was born in Luzerne county, Pennsylvania, about 58 years ago. He is well educated and is a positive man. He is recognized as a good lawyer, and has accumulated an independent fortune. He was formerly a college professor but has been a member of the Venango county bar for many years and was for a time a member of the law firm of Hancock & Keenan. Mr. Hancock organized the first tariff reform association in Pennsylvania, and he has written a great amount of free trade literature. He is a man of family. He is a member of the Cobden club.

INSPECTOR GENERAL'S REPORT.

Closer Relations Between the Army and National Guard Urged.

The annual report of Inspector General Breckinridge argues in favor of closer relationship between the army and the National Guard. Schools in which army officers are detailed as military inspectors he thinks, ought to have support from the National Government. He says: "There is nothing more unimilitary and ridiculously excessive in our service than the paper work." He commends the regimental retraining system. This system, he says, of native born to foreign born recruits is 54 per cent greater than last. The larger number of officers on detached duty is called attention to. He devotes some space to homing pigeon service and recommends it.

EXPRESS AND MAIL ROBBED.

Masked Men Successfully Hold Up A Train Near St. Joseph, Mo.

Masked men held up the Hannibal and St. Joseph railway's last train, "The Erie" four miles east of St. Joseph, and robbed the express and mail cars. The men placed torpedoes on the track and swung a red lantern to stop the train, and as it slowed up they slipped into the engine cab and revolvers were thrust into the faces of the engineer and fireman, who were forced to walk back in front of the robbers to the door of the express car and ordered to tell the messenger to open the door and as he did so two of the robbers leaped in. They secured the keys to the safe and went through it. As it was a through one to Chicago, it is believed the robbers made a good haul. The mail pouches were also rifled, but the passengers were not molested. The robbers escaped.

4,000 Dervishes Slain.

Later dispatches received from Kassala, confirm the previous accounts of the battle recently fought between the Italian troops and Dervishes. It is now stated that the latter left 4,000 dead upon the field and that in addition, the leader of the Dervishes, Hamed Ali, and all his Emirs were killed. The Dervishes are said to be much discouraged at their defeat and serious dissensions are reported to exist among their chiefs.

LATER NEWS.

CAPITAL AND LABOR.

Five hundred men are made idle by the strike of eighty glass polishers at Kokomo, Ind.

Ohio river railroad employes have decided to accept a temporary reduction of wages.

The Bethlehem (Pa.) Iron company's steel mill shut down for lack of orders. The old mill and the puddle mill will shut down at the end of the week. The company has one blast furnace in operation. Over 1,300 men will be thrown out of employment.

The Allentown (Pa.) Spinning Company has announced a reduction of 10 per cent in wages, affecting over 400 employes.

DISASTERS, ACCIDENTS AND FATALITIES.

By the collapsing of a section of an improved draw bridge in New York, that spanned the Newton creek between Bradley avenue, in Laurel Hill on the Queens county side and Meeker avenue on the Brooklyn side, known as Penny bridge, about 60 men were thrown down 12 feet into the icy waters of the creek below. At the latest reports five of the men are said to be missing and several more injured. The missing are: Patrick Brody, H. Marcky, George Mills, foreman in the Laurel Hill Chemical Works; Michael McGurky, James Smith.

At Milwaukee, Wis., the old Cream City hotel was destroyed by fire and Mrs. Annie Schrum, aged 80, was burned to death in her bed.

Two boys were burned to death in a fire at Dickinson, N. Y., and their mother and two sisters are not expected to live. Mrs. John Monte, the mother saved two of her children, but the boys roasted to death before her eyes.

CRIMES AND PENALTIES.

Louis Redwine, the defaulting assistant Cashier of the Gate City National Bank of Atlanta, Ga., was sentenced to six years in the penitentiary, having pleaded guilty to embezzling \$105,000.

Samuel Weisler was hanged in St. Louis for the murder of Clementine Manning, his former mistress, who refused to give him money.

Edward Lewis a young Cincinnati carpenter, shot his wife and then himself. Both died instantly.

MISCELLANEOUS.

The Massachusetts supreme court has decided that jurors must not decide verdicts by casting lots.

Found Herds of Reindeer.

J. B. Tyrrell, geologist, and J. W. Tyrrell, Dominion Government Land Surveyor, have just returned to Toronto, Canada, from a visit to the far North. They went as far as Chesterfield Inlet on the west side of Hudson Bay, traveling 550 miles of entirely new country which a white man had never before crossed. Reindeer were found in enormous herds one lot which contained several thousand and covered a stretch of country over three miles across. The men suffered great hardships on their return trip, having to walk the greater part of the way, owing to the lakes and rivers being frozen.

Two Senates in Jersey.

New Jersey has two senates now in session both claiming to be the legal one. The governor has recognized the nine hold over Democrats in preference to the four hold over and seven newly elected Republicans, and has sent his message to the former body after notifying the Republicans that he would have to consult counsel before finally deciding either to recognize or ignore them. The Democrats organized a senate in the regular chamber and the Republicans are in the cloakroom. The result depends greatly upon the advice of the governor's counsel. The governor in his message advised the enactment of additional legislation to abolish gambling trackacts.

NEWSY GLEANINGS.

Iowa is overrun with tramps.

Human Sacrifices in Russia.

A Siberian paper gives the following account of the human sacrifices, which are still practised in remote parts of Russia, and which the orthodox church and the Government have long tried to suppress in vain. The victims of these sacrifices are always voluntary—people who for old age, or ill-health, or poverty, or some other reason, are tired of life and resolve to quit it. The Tchukutchi who has made up his mind to die immediately notifies his neighbors and nearest relatives. The news spreads in the circle of his friends, and all of them soon visit the unhappy parent to influence him to change his mind. Prayers, reproaches, complaints and tears have no effect on the fanatic, who explains his reasons, speaks of the future life, of the dead who appear to him in his sleep, and even when he is awake, calling him to them. His friends, seeing him thus resolved, go away to make the customary preparations. At the end of from ten to fifteen days they return to the hut of the Tchukutchi, with white mortuary garments and some weapon which will be used by the man in the outer world to fight evil spirits and hunt the reindeer. After making his toilet the Tchukutchi withdraws into the corner of the hut. His nearest relative stands by his side, holding in his hand the instrument of sacrifice, a knife, a pike or a rope. After the sacrifice the assistants place the body on a sledge drawn by reindeer, which draw it to the place of the funeral. Arrived at their destination, the Tchukutchi cut the throat of the reindeer, take from the dead body its clothing, which is torn to pieces, and place the corpse on a lighted funeral pile. During the incineration the assistants offer up prayer to the happy in the other world, and supplicate these to watch over them and their. These horrible practices are followed to-day with the same exactness as in ancient times.

A RAILROAD pass has no value when two trains violently meet on a single track.

A SURGEON'S KNIFE

gives you a feeling of horror and dread. There is no longer necessity for its use in many diseases formerly regarded as incurable without cutting.

The Triumph of Conservative Surgery

is well illustrated by the fact that RUPTURE or Hernia is now radically cured without cutting, and without pain. Clumsy, chafing trusses can be thrown away. They never cure but often induce inflammation, strangulation and death.

TUMORS (Ovarian, Fibroid (Uterine) and many others, are now removed without the perils of cutting operations.

PILE TUMORS, however large, and other diseases of the lower bowel, are permanently cured without pain or resort to the knife.

STONE in the Bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting.

STRICTURE of the Urinary Passage is also removed without cutting in hundreds of cases. For pamphlet, references and all particulars, send 10 cents in stamps to World's Dispensary Medical Association, 663 Main St., Buffalo, N. Y.
