THE PICTURE OF HEALTH

Hood's Sarsaparilla Made Her Strong and Healthy.
"Hood's Sarsaparilla has been of great benefit to our little girl and also to myself and husband. When she was 3 years old Mabel was seized with stomach trouble, like cramps or inflammation. I was taking Hood's Sarsaparilla for my blood, and as the doctor's prescription did not help her, I occasionally gave her a little of my own medicine. I soon realized that Hood's Sarsaparilla was

Doing Her Good.
so easy to her regularly. It has helped her wonderfully, entirely curing her stomach trouble, and making her strong and healthy. Our friends say she is the picture of health. Myself and husband were both troubled with

Hood's Sarsaparilla Cures

malaria, and Hood's Sarsaparilla built us up and keeps us healthy and free from sickness. We cordially recommend Hood's Sarsaparilla." Mrs. WILLIAM EVANS, West Haven, Conn.

Hood's Pills are the best family cathartic, gentle and effective. Try a box. 25 cents.

The Bullfrog's Stolen Dinner.

Here is the queerest bullfrog story on record: A youth who lives at High Shoals says that his father's cows frequently came up at night with the appearance of having been milked. His father got tired of it and sent him to the pasture with the cows to catch the thief. He spent the day near enough to the cows to watch them, he thought, but at night it was still evident that the cows had been milked again. He was scolded and sent back with them the next day. About 11 o'clock, he says, this cow went into the canes near a small lake and lowed. He crept through the brush and caught the thief in the act, and he proved to be a bullfrog as large as a hat. The frog was hanging on to the cow's udder and seemed to be enjoying his dinner immensely.—Savannah News.

Color Cure for Insanity.

In the hospital for the insane at Alessandria, Italy, two special rooms have been arranged, one fitted up with windows of red glass and red paint on the walls, the other in blue throughout. A violent patient is first taken to the "blue room" and left to see what effect that color will have on his nerves. One maniac was cured in less than an hour; another, raving and furious, was at perfect peace after passing a day in the calming shades of his cerulean surroundings. The "red room" is used for the commonest forms of dementia, especially melancholy and refusal to take food. The first patient was one who had fasted seven days. After only a three hours' stay in the red room he became quite cheerful and asked for food.—St. Louis Republic.

In Japan a man can live like a gentleman on \$520 a year.

This sum will employ two servants, pay the rent of the house and supply plenty of food

House in a Fleet.

Let the mother become sick and helpless, and the house is all in disorder. When both father and mother are down, you may as well close the shutters. Order is brought out of chaos often very easily, and Mrs. John Malin, of South Butte, Mont., Feb. 17, 1933, found an easy way out of her difficulties, as she writes thus:—"My husband and I took very bad rheumatism from severe colds, and my arms were so lame I could not raise them to help myself. I sent at once for a bottle of St. Jacobs Oil, and before the bottle was half empty, I could go about my work. My husband became so lame he could not get out of bed. Two and a half bottles completely cured him. I will always praise St. Jacobs Oil and you may use this as you see fit." This is a clear case of what is best at the right moment, and how every household can be made happy where pain abounds.

A human skull as large as a bushel basket has been found in Sicily.

Dr. Kilmer's Swamp-Root cures all Kidney and Bladder troubles. Pamphlet and Consultation free. Laboratory Binghamton, N.Y.

It is said that there never is an odd number of rows on an ear of corn.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure.

FOR STRENGTHENING AND CLEARING THE VOICE

Dr. J. C. Dewey's "Bronchial Trochocin" is a powerful and effective remedy for all cases of chronic bronchitis, cough, and hoarseness. It is a purely vegetable preparation, and is perfectly safe for all ages. It is sold by all druggists.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Another Royal Wedding.

BRUSSELS.—The wedding of the Princess Josephine, daughter of the Count of Flanders, and Prince Charles of Hohenzollern-Sigmaringen, will be celebrated at Brussels, May 22.

Plunged 1,000 Feet to Death.

Richard Huert, a miner, met a horrible death at Mountain View mine, near Glasgow, Mont. He fell 1,000 feet down a shaft.

LATEST NEWS SUMMARIZED

FOREIGN AND DOMESTIC.

What is Transpiring the World Over. Important Events Briefly Told.

DISASTERS, ACCIDENTS AND FATALITIES.

At Sacramento, Cal., the entire electric plant of the Capitol Gas Company, which holds contracts for the lighting of the city and the running of street cars, was burned. Twenty-four dynamos were burned and half a dozen of the most powerful engines on the coast were practically destroyed. The origin of the fire was the contact of electric wires at the switch board. Total loss \$60,000.

Jerome, the largest mining camp in Arizona was burned. All the business houses are gone, including the town records and the property of the postoffice. Loss \$50,000.

One fireman was killed, one fatally hurt, and another seriously at a fire in St. Louis by overhead wires.

A fire at Santa Cruz, Cal., destroyed 24 buildings, causing a loss of \$255,000.

Hans Hanson, a bartender in a Gloucester, N. J., saloon shot and killed John Gleiber, driver for a brewery. Hanson says he did not know the revolver was loaded.

By the explosion of an oil car in the Chicago, Milwaukee and St. Paul railroad yards at Chicago, Patrick Fitzsimmons, John Foute John Weinseldt and Charles Miller were fatally burned.

At Chicago, two children of a family named Chensky ate electric paste. One, a boy aged nine, is dead, and a girl, aged 4, is dying.

Three negro children were burned to death in a cabin at Pineville, Ky.

A train on the Delaware & Hudson railroad struck a milk wagon at the Eastside crossing at Saratoga, N. Y. Charles H. Collamer and his wife, who were in the wagon, were both killed.

By the explosion of a boiler at the Hutchinson electric light plant at Keokuk, Io, three men were instantly killed and one fatally injured. The dead are James Sterritt, Patrick Keefe and John Rowan, and the injured Charles Jones.

CAPITAL AND LABOR.

The crisis has come in the Great Northern strike. Judge Sanborn of the United States Court of Appeals at St. Paul, Minn., granted an injunction against the strikers in Minnesota and North Dakota and cited them to appear in his court at St. Paul, April 27, to show cause why each of them should not be enjoined and restrained from interfering in any way with the operations of the road.

Philo Potthoben and Newton Lull, bookbinders and printers, of Chicago, were fined for making factory girls work over eight hours.

WASHINGTON NEWS.

Lieutenant Commander Don Rafael Greña Mansilla, naval attaché of the Argentine Legation, was thrown from his horse and killed in Washington, D. C.

Senator Hear from the committee on judiciary made a favorable report on his bill for the suppression of the lottery traffic. It provides a fine of one thousand dollars and imprisonment.

CRIMES AND FATALITIES.

A lone highwayman robbed the stage near Milton, Cal., of the Wells-Fargo express box, containing \$2,000.

At St. Louis in a quarrel with Lorinda Gardner, aged 17, Luis Williams, aged 16, drew a revolver and fired at Lorinda. The ball missed its aim and entered the heart of Mamie Williams, aged 15, the sister of Luis killing her instantly. All parties are colored.

MISCELLANEOUS.

Ex-Governor and United States Senator James Harvey died at his home in Junction City, Kan.

The funeral services of Gen. Henry W. Slocum, who died Friday, took place in the Church of the Messiah in Brooklyn, on Tuesday. The interment was in Greenwood.

Henry S. Ives of New York, the "Napoleon of finance," died at Asheville, N. C. Ives reached Asheville about two months ago from Florida in an almost dying condition and has hardly left his bed since. The cause of his death was consumption.

Col. A. M. Hardy was nominated for congress by the Republicans of the Second congressional district of Indiana.

The output of the Minneapolis mills last week was 31,860 barrels greater than the preceding week and 34,941 greater than the same week last year.

FOREIGN.

In the House of Lords at London, the amendments to the Baring Sea bill, submitted by Lord Kimberly, were accepted, and the bill as amended passed its third and final reading. The House of Commons approved the amendments. The bill ratifies the Paris award which is satisfactory to the United States.

The ceiling of the Riverside school, in a suburb of Montreal, Canada, fell. Three children were crushed to death and several were badly injured.

New Sander, Austrian Gallia, population 7,000, was almost wiped out by fire.

A bill permitting the return of the Jesuits to Germany passed third reading in the reichstag at Berlin by a vote of 168 to 145.

The Belgian steamer De Ruyter, Captain Henry Meyer, which left Antwerp for Boston March 12, has been posted as lost. Her crew was 28 men and her cargo sugar and glass.

At Snyder, N.S.W., two masked robbers entered the Commercial Bank and summoned the manager, Mr. Mackay, to deliver up the money contained in the safe. Mr. Mackay refused and was shot dead. The murderers escaped.

Another Royal Wedding.

BRUSSELS.—The wedding of the Princess Josephine, daughter of the Count of Flanders, and Prince Charles of Hohenzollern-Sigmaringen, will be celebrated at Brussels, May 22.

Plunged 1,000 Feet to Death.

Richard Huert, a miner, met a horrible death at Mountain View mine, near Glasgow, Mont. He fell 1,000 feet down a shaft.

THE COXEY COMMONWEALERS

Start From Cumberland, Md., on Canal Boats. The "Unknown" Revealed.

Coxey's army has changed its title and become Coxey's navy. The change was made Tuesday morning, when the Commonwealth struck camp at the Cumberland, Md., baseball park and marched down to the canal wharf, where two boats lay in waiting. The start was made about 8:30 o'clock, the commissary and camp wagons groaning under the remnants of an unexpected free lunch.

The march down the dusty pike and through Cumberland was made between lines of spectators, who occasionally broke into good-natured chaff, and finally gave a general cheer for Admiral Coxey as he mounted the quarter deck of his new craft and gilded off down the canal like a new Columbus looking for fresh worlds of peace and plenty for his followers.

The "Unknown" will follow the army to Hancock in a buggy.

THE "UNKNOWN'S" CAREER.

The "Unknown" in Coxey's army, it is said has turned out to be F. R. Bozoro, a fake Indian doctor and trave medicine man who was located last summer in a tent on a vacant lot in Chicago. Bozoro is the rankiest kind of a fraud and Carl Browne was his partner and assistant fakir in Chicago. On the west side these two are well-known characters. The split in the army revealed the "unknown's" identity.

Last June Bozoro conducted a regular Indian medicine fake. Then Carl Browne appeared on the scene in ragged buckskin, blowing hair and with not enough money in his pockets to purchase a bowl of soup. Bozoro used him as a lecturer, and later, the two started an office on West Madison street. Bozoro's real occupation was a "trance medium" and this scheme he utilized to sell his Indian remedies. To advertise his fakes, Bozoro started a paper called the "American Patriot," in which he styled himself a "combination doctor, prophet, magnetic healer, medium, fortune-teller and astrologer." During the entire summer Bozoro and Browne sold medicine and lectured on the vacant lot. Finally the people in the vicinity of the lot, being annoyed that flocked around Bozoro's tent, complained to the police and the "Great Unknown" was arrested. When the weather became too cold for the tent show, Bozoro moved to an old church. There he spent \$500 in renovating the building, placed a stage in place of the pulpit and started a variety show. He still continued to sell his fake medicines, but business was poor and he moved to a basement and started a society called the "Association for the Prevention of Coxey to Humanity."

Coxey's army of the Commonwealth is one more on land. The 90-mile voyage on the Chesapeake and Ohio canal, while it gave to the men rest from walking did not improve their appearance. At noon Thursday, when the entire outfit had been unloaded from the canal boats at Williamsport, Md., it looked worse than at any other stage of its existence not excepting any of those fearful passages through mud, slush and ice.

Coxey's army arrived at Hancock, Md., on Wednesday afternoon. The reception accorded the army there was anything but cordial. As the boats passed under a bridge crossing the canal, Brown asked if there was a reception committee or any supply of provisions. The populace, who lined the bridge, shouted with one accord, "No," and also the request that the army stay outside the town. The boats lay outside the limits, but the Commonwealthers swarmed the town.

Williamsport was reached Thursday afternoon. There the transports were unloaded the wheels and tops put on the wagon beds, and the army marched for Washington via Hagerstown and Frederick.

After two days of inactivity at Hagerstown, Md., the army of the Commonwealth again moved forward and reached Boonesborough, where the night was spent in camp Daniel Boone. The next camp will be at Frederick, but what the programme will be after that camp is passed is a matter shrouded in deep mystery. The army is now two days behind its scheduled time and Brown is apparently in no hurry to move with anything like rapidity.

IMPROVEMENT IN TRADE.

It is Not Large, But is Based on Actual Increase in Orders for Consumption.

R. G. Dan & Co.'s "Weekly Review of Trade," New York, says: Extensive storms checked improvement in business only for a time, and numerous strikes have not arrested it. Distribution of products to consumers seems larger, for people are able to buy. But it is less clear that the increase of working force continues, or that orders for products will further expand.

The improvement thus far realized is based on actual increase in orders for consumption, but part of this was to cover belated demands for the spring season. A considerable portion of the industrial force is still unemployed, and with wages much lower than a year ago, consumption is not as large. New orders for future distribution are still markedly restricted by uncertainty about action at Washington and about the extent and outcome of labor difficulties.

The great strike threatened by bituminous coal miners and strikers of associated employes on some railroads, make the future less hopeful. Out of 23 textile and metal working concerns which stopped during the past week about a third closed business because of trouble about wages.

Exports in March showed a moderate increase, within great decrease in imports and in April there were exports from New York have been about 40 per cent larger than last year, and imports about 48 per cent smaller. Commercial loans do not increase and the rate for the best paper drops to 2-2-4 cents, the lowest on record.

The failures of the past week have been somewhat more important than usual, but were 219 in the United States, against 186 last year, and 46 in Canada, against 22 last year. For the first half of April liabilities reported have been \$4,168,416, of which \$2,202,550 were of manufacturing and the balance of trading concerns.

POLISH RIOTS IN DETROIT.

Two Men Killed and About a Dozen Others Wounded.

In a fight which occurred in Grosse Point township, just over the eastern city line, of Detroit, Mich., between a force of Polish laborers seeking employment on the city water works extension, Sheriff Collins was probably fatally injured, two Polish rioters were shot dead, and half a dozen more were seriously injured, at least three fatally, a police officer was badly hurt, and as the result the county jail is filled with 50 of the rioters.

SPECIAL WORK ALLOWED.

Miners Will be Permitted to do Anything but Load Coal.

At Columbus, O., the following general order, No. 1, was issued from the headquarters of the United Mine Workers of America: "As ordered by the national convention, coal must not be loaded at any price or for any purpose; but where companies want engines run, water handled, timbering or any other repair work done, it will be permitted, provided wages paid are according to the scale demanded by the convention."

Touched a Live Wire.

At Philadelphia, Amos Waters, aged 40 years, and John Richards, aged 48 years, linemen for the Bell Telephone Company, were killed by coming in contact with an electric live wire. William Pike and William Hanraeh were seriously injured.

A Deficit of \$63,000,000.

Official figures obtained at the Treasury, at Washington, show that for the nine months and a half of the present fiscal year the expenditures have exceeded the receipts by \$63,000,000, and that the working currency balance of the Treasury is \$22,000,000.

Housekeepers Should Remember.

The Government Chemists, after having analyzed all the principal brands of baking powder in the market, in their reports placed the "Royal" at the head of the list for strength, purity and wholesomeness; and thousands of tests all over the country have further demonstrated the fact that its qualities are, in every respect, unrivaled.

Avoid all baking powders sold with a gift or prize, or at a lower price than the Royal, as they invariably contain alum, lime or sulphuric acid, and render the food unwholesome.

Large "Gobblers."

The American bronze is the largest of all turkeys. Some of the weights attained by it are almost fabulous. Birds have been known to reach more than fifty pounds, and a "gobbler" was imported some time ago by the secretary of the Turkey Breeders' Club of Peterborough which weighed forty-five pounds and was a magnificent specimen of his race. The records of the great Birmingham show tell of old turkey cocks exhibited there weighing nearly forty pounds, of hens thirty pounds, and of young cocks twenty-nine pounds, and of young hens nineteen pounds; but these are birds fed up for the purpose, and are exceptional.

A house that was built at Canton, Conn., in 1760 is still occupied as a dwelling.

Preserving Timber from Insects.

Experiments made in France have shown that the reason the sap wood in timber is worm-eaten is because of the existence of starch in it. It is the starch that the insects are after, and they do not attack the hard wood because it contains no starch. The experimenters have devised a method of preserving timber from such attacks. In the spring they cut a ring through the bark around the upper end of the trunk, and suppress all buds that are developed there. By autumn the starch has disappeared from the sap-wood and the tree is ready to be felled. Timber thus prepared, it is said, does not become worm-eaten.

The nations richest in horses are the Argentine Republic and Uruguay.

If your nearest, best and most esteemed neighbors had written the following letters they could be no more worthy of your confidence than they now are, coming, as they do, from well known, intelligent and trustworthy citizens who, in their several neighborhoods, enjoy the fullest confidence and respect of all.

Mrs. F. L. Inman, of Manton, Wexford Co., Mich., whose portrait heads this article, writes as follows: "I began taking Dr. Pierce's Favorite Prescription about a year ago. For years I have suffered with falling and ulceration of the womb, but to-day, I am enjoying perfect health."

I took four bottles of the 'Prescription' and two of Dr. Pierce's Golden Medical Discovery. Every lady suffering from female weakness should try the 'Prescription' and 'Golden Medical Discovery.'

Miss Mary J. Tanner, North Lawrence, St. Lawrence Co., N. Y., writes: "I was sick for four years. For two years I could do no work. I had five different physicians, who pronounced my case a poor or impoverished condition of the blood, and uterine trouble. I suffered a great deal with pain in both sides, and much tenderness on pressing over the womb. I bloated at times in my bowels and limbs, was troubled with leucorrhoea. I could not sleep, and was troubled with palpitation of the heart. Suffered a great deal of pain in my head, temples, forehead and eyes. I had a troublesome cough, raised a great deal and at times experienced a good deal of pain in my chest and lungs. My voice at times was very weak. I suffered excruciating monthly, periodical pains. Since taking seven bottles of Dr. Pierce's Favorite Prescription some time ago, I have enjoyed better health than I have for more than four years previously; in fact, for several months past I have been able to work at sewing. I have gained in weight thirty-nine pounds since taking your medicines; the soreness and pain have disappeared." Yours truly,

Mrs. Alex. Robertson, of Half Rock, Mercer Co., Mo., writes: "For twenty years, I suffered with womb disease, most of the time I was in constant pain which rendered life a great burden. I cannot express what I suffered. I had eight doctors and all the medicine I had from them failed—the one after the other.

I was nervous, cold hands and feet, palpitation, headache, backache, constipation, leucorrhoea and no appetite, with bearing-down pains. I got so weak I could not walk around. I had to keep my bed, thinking I would never get any better.

One day my husband got one of your little books and read it to me. He said there was nothing doing me any good. I said I would try Dr. Pierce's Favorite Prescription. I did try it. After the first few weeks my appetite was better. I was able to sit up in bed.

I wrote to the World's Dispensary Medical Association, at Buffalo, N. Y., and described my case; they sent me a book on woman's diseases. I read carefully and followed the directions as near as I could and took the medicine for two years. With the blessing of God and your medicines, I am entirely cured. That was three years ago."

Yours truly,
Mrs. Alex. Robertson

"Favorite Prescription" is a positive cure for the most complicated and obstinate cases of leucorrhoea, excessive drowsiness, painful menstruation, unnatural suppressions, and irregularities, prolapsus, or falling of the womb, weak back, "female weakness," anteversion, retroversion, bearing-down sensations, chronic congestion, inflammation and ulceration of the womb, inflammation, pain and tenderness in ovaries, accompanied with "internal heat."

The Book (168 pages, illustrated) referred to above, is sent sealed secure from observation in plain envelope for ten cents in stamps, to pay postage. Write for it. The Book points out the means of successful Home Treatment for all the peculiar weaknesses and distressing diseases incident to women. Address World's Dispensary Medical Association, Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

Young Mothers' Friend

We Offer You a Remedy Which Insures Safety to Life of Mother and Child.

"After using one bottle of 'MOTHERS' FRIEND,' I suffered but little pain, and did not experience that weakness afterward usual in such cases.—Mrs. ANNIE GAGE, Baxter Springs, Kas.

Sent by express, charges prepaid, on receipt of price, \$1.50 per bottle. Sold by all Druggists. Book to Mothers mailed free.
