\$500,000 in Property Lost.

Priday right at about 8:30 o'clock the inhabitants of 8t, Albana 45 miles from Quetsee, heard a sentille noise resembling the rosi of thander is the distance. The sent vibrated and panic ensued. The people, believing the ground was about to open under them, rushed away as fast as they could.

Near the Parash church in a curve in the River St. Assee, which makes a waterfail, the ground whickstays the formation of the fail on the right garse way, and the carth and rocks filled a deep gap of the fulls, burying a pulpwood unit. The sides of the river, which are composed of clay and which are 159 feet high, caved to, blocking up the autoral channel of the river for five miles to a depth of 17 feet, making the water rise 100 feet above the carth walls that were supposed to hold it back.

The walls were not strong enough to keep the flood in cheek, and with a terrible roar the water came down upon the unprotected

The walls were not strong enough to keep the flood in cheek, and with a terrible roar the water came down upon the unprotected village, carrying a way the bridge. At 10 p. m., the water rose at 8t. Casimer and washed away another bridge at 8t. Anne. At 11 it carried away two piers of the bridge and all the lumber booms, along with the wharves. The house of Farmer Gauthier is completely buried, and four unfortunate people who ecupied it are supposed to be crushed below. At the place where the house was overwhelmed, smoke can be seen, and it is feared the house caught fire, which means sure death to the immates that were known to be within. Hundreds of cattle, sheep and pigs have perished and amid the wreekage that floats past the poor brutes can be seen struggling, apparently alive making an effort to reach the shore, which their exhaustion renders abortive.

the shore, which their exhaustion renders abortive.

Biver Noire, the exact place of the accident, is not anywhere near a telegraph station, and no information as to the number and names of the dead can yet be had with any certainty. The people of all the surrounding districts are panie stricken, and, on account of the altered conditions of the country, it is difficult to reach the scene and return. The place of land which slid into the river is about a nile long and four miles wide.

a mile long and four miles wide.

The latest information reserved is that \$500,000 worth of property has been destroyed and 12 people killed.

#### GREECE SHAKEN AGAIN

Reports Indicate That 500 People Wers

Reports Indicate That 500 People Wers Killed by the Earthquake.

A sharp shock of earthquake was felt at Athens Wednesday. Several lighter shocks followed, but no further damage was done. Reports from the stricken districts confirm the most alarming statements as to the loss of life and property. It is believed that when the total loss of life from earthquake districts and from the subsequent expose of the home-less people is added up, it will be found that nearly, if not quite 500 people have lost their lives through the recent calamities.

HOGH.  Sewage in Villages.

In the course of an excellent arti-cle on sewage, in the Century, Col. George E. Waring, Jt., says:

The method of disposal by irrigation or filtration is an extremely flexible one. It is susceptible of modifications that will make it suit. able for a great variety of circumstances, and for a wide range of soil and of surface conformation.

It is e , walty available for a single house, for a village, or for a town, and its processes are so nearly auto-matic that its use on a small scale entails no material cost or care in maintenance. With a small area for surface distribution near the house, it is only necessary to provide a simple intermittent flush-tank, with an outlet that can be changed to either of the two or three alternate sections into which the area is divided, each large enough to absorb a few hundred gailons of water. Little attention will be needed beyond the periodic directing the flow to one section or to the other. It is desirable that this ground should be withdrawn from full sight, but only for esthetic reasons: there will be no odor.

In like manner the sewage from a large hotel, or from a dozen houses, or from a village or a town, may be controlled with only such increase of cost and attent on as the larger service entails. The important recent improvements in methods of application have been in the direction of simplicity, and the following facts are now fully established:

House drainage is practically odorless when first produced. 1: does not become offensive unless retained until it putrefies-only after a day or more.

If applied when fresh to the surface of suitable ground, its water is removed in a condition fit even for safe drinking, and its impurities are completely destroyed, both in winter and summer, without offense or danger of any kind.

In short, the bugbear of sewage disposal has been done away with, and we are now in a position to adopt simple and unob ectionable methods, which will produce a perfeetly satisfactory result in all but very except onal cases.

#### A KENTUCKY MIRACLE.

HE WAS CURED OF KHEU. MATISM.

Orippled for Six Years With Scintien In Its Worst Form. He Expected to Die, But Was Saved in a Marvelous Manner.

(From the Cosington, Ky., Post.) The Hon. John M. Rice, of Louisa, Law-

rence County, Kentucky, has for the past wo years retired from active life as Crimnal and Circuit Julys of the Sixteenth Judicial District of Kentucky, He has for many years served his native

sounty and state in the legislature at Frankfort and at Washington, and, until his retirement, was a noted figure in political and Judicial circles. The Judge is well known throughout the state an I possesses the best qualities which go to make a Kentucky gentieman honored wherever he is known About six years ago the bodily troubles

which finally caused his retirement at a time when his mental faculties were in the zenith of their strength, began their encroachment upon his naturally strong constitution. A few days ago a Kentucky Post reporter called upon Judge Rice, who in the following words related the history of the causes that led to his retirement: "It is just about six years since I had an attack of rhouma-

tism, slight at first, but soon developing into Sciatic rheumatism, which began first with acute shooting pains in the hips, gradually extending downward to my feet, "My condition became so bad that I even-

nd then the liver, kidneys and bladder and, in fact, my whole system became deranged. I tried the treatment of many physicians, but receiving no lasting benefit from them, I had recourse to patent remedies, trying one kind after an-other until I believe there were none I had not sampled.

other until I believe there were holds. I man not sampled.

"In 1888, attended by my son John, I went to Hot Springs, Ark. I was not much benefited by some months' stay there when I returned home. My liver was actually dead, and a dull, persistent pain in its region kept me on the rack all the time. In 1899 I was reappointed Circuit Judge, but it was impossible for me to give attention to my duties. In 1891 I went to the Silurian Springs, Wakeshaw, Wis. I stayed there some time, but

In 1891 I went to the Stiurian Springs, Wake shaw, Wis. I stayed there some time, but without improvement.

"Again I returned home, this time feeling no hopes of recovery. The muscles of my limbs were now reduced by atrophy to mere strings. Sciatic pains tortured me terribly, but it was the disordered condition of my liver that was, I felt, gradually wearing my life away. Doctors gave me up, all kinds of remedies had been tried without avail, and there was nothing more for me to do but resign myself to fate.

"I lingered on in this condition sustained almost entirely by stimulants until April.

sign myself to fate.

"I lingered on in this condition sustained almost entirely by stimulants until April, 1893. One day John saw an account of Dr. Williams' Pink Pills for Paic People in the Kentucky Post. This was something new, and as one more drug after so many others could not do so much harm, John prevailed upon meto try the Pink Pills. It was, I think, in the first week in May the pills arrived. I remember I was not expected to live for more than three or four days at the time. The effect of the Pills, however, was marvelous, and I could soon cat heartily, a thing I had not done for years. The liver began almost instantaneously to perform its functions, and has done so ever since. Without doubt, the pills aved my life, and, while I do not crave notoriety, I cannot refuse to teatify to their worth.

The reporter called upon Mr. Hughes, the Louisa druggief, who informed him that Dr. Williams Pink Pills have been very popular since Judge Rice used them with such benefit. He mentioned several who have found relief in their use.

ABBILLYSE of Dr. Williams Pink Pills for Paic People shows that they contain in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgis, rheumatism, nervous headache, the after effects of la grippe, palpitation of the heart, pale and sallow complexions, all forms of weakness either in male or female, and all diseases resulting from vittated humors in the blood. Dr. Williams Pink Pills are sold by all dealers, or will be sant, post paid, on receipt of price (50 cents a box, or 6 boxes for \$2.50 —they are never sold in bulk or by the 1001, by addressing Dr. Williams' Medicine Co., Schenectady, M. Ye.

Few husbands and wives are so affectionate and trusting that they say "our meney."

ROYAL BAKING POWDER CO., 106 WALL ST., NEW YORK.

Wooden Swearing.

There is a kind of swearing, which many people are given to, when they are angry. Instead of giving vent to their feelings in oaths, they slam the doors, kick the chairs, stamp on the floor, throw the furniture about and make all the noise they possibly can. It is practically the same thing as swearing-prings from the same kind of feelings exactly, but avoids saying those awful words. They force the furniture to make the noise, and so I call it wooden swearing. —Texas Siftings.

Propin begin abusing a person as soon as he is born, and begin compli-menting him as soon as he is dead.

Not Evidence Enough. In a Washington County town a

little while ago the local champion. liar was brought up before the justice for stealing bens. Twas a pretty for tealing hens. Twus a pretty plain case, and, by the advice of his lawyers, the prisoner said: "I plead guilty." This surprising answer in place of the string of lies expected, staggered the justice. He rubbed his head. "I guess—I'm afraid—well, Hiram," said he, after a thoughtful pause. "I guess I'll have to have more evidence tefore I sentence you."-Lewiston Journal.

WHEN a man gets in trouble the only thing his friends give him is ad-

From away up in British North America comes the following greeting to Dr. R. V. Pierce, Chief Consulting Physician to the Invalids' Hotel and Surgical Institute, at Buffale, N. Y. Mrs. Allen Sharrard, of Hartney, Selkirk Co., Manitoba, whose portrait, with that of her little boy, heads this article, writes as follows: "I take great pleasure in recommending Dr. Pierce's Favorite Prescription for 'falling of the womb.' I was troubled with bearing down pains and pains in my back whenever I would be on my feet any length of time. I was recommended to try Dr. Pierce's Favorite Prescription, which I did with happy results. I feel like a new person after taking three bottles of it."

I feel like a new person after taking three bottles of it."

As we have just heard from the frigid North, we will now introduce a letter received from the Sunny South. The following is from Mrs. J. T. Smith, of Oakfuskee, Cleburne Co., Ala. She writes: "I was afflicted and suffered untoid pains and misery, such as no pen can describe, for six years. I was confined to bed most of the time. I expected the cold hand of death every day. I was afflicted with leucorrhea—with excessive flowing—falling of the womb—bearing down sensation—pain in the small of my back—my bowels costive—smarting, itching and burning in the vagina, also palpitation of the heart. When I began taking your medicine I could not sit up, only a few minutes at a time, I was so weak. I took Dr. Pierce's Fleazant Pellets every night. I have taken seven bottles of the 'Discovery,' seven bottles of the 'Prescription' and five bottles of the 'Pietet.' I took these medicines seven months, regularly, never missed a day. These medicines cured me. I feel as well as I ever did in my life. Four of the best doctors in the land treated my case four years. They all gave me up as hopeless—they said I could not be cured, and could not live. Through the will of God, and your medicines, I have been restored to the best of health." Yours truly,

Mrs. W. O. Gunekel, of No. 1461 South.
Seventh Street, Terra Haute, Indiana, writes:
"I had been suffering from womb trouble for eight years having doctored with the most skillful physicians, but finding only temporary relief from medicines prescribed by them. I was and vised by a friend to take. Dr. Pierce's Favorite Prescription, which I did, and found, in taking six bottles of the 'Prescription' and two of the 'Golden Medical Discovery,' that it has effected a positive cure, for which words cannot express my gratitude for the relief from the great suffering that I so long endured."

Yours truly,

W.O. Sunelel

As a powerful, invigorating, restorative tonic "Favorite Prescription" improves digestion and nutrition thereby building upsolid, ucholesome flesh, and increasing the strength of the whole system. As a soothing and strengthening nervine "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasma. Chorea, or St. Vitus's Dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the womb. It induces refreshing sleep and relieves mental anxiety and despondency. Even insanity, when dependent upon womb disease, is cured by it.

Dr. Pierce's Favorite Prescription is a

disease, is cured by it.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully compounded by an experienced and skillful physician, and adapted to woman's delicate organization. It is purely vegetable in its composition and perfectly harmless in its offects in any condition of the system. For morning sickness, or nausea, due to pregnancy, weak stomach, indigestion, dyspeptia and kindred symptoms, its use will prove very beneficial.

Dr. Pierce's Book (165 pages, illustrated) on "Woman and Her Diseases," giving successful means of Homo Treatment, will be mailed in plain envelope, securely scaled from observation on receipt of ten cents to pay postage. See the Doctor's midress near the head of this article.
