It is strange, but nevertheless true, how many people there are in this world who refuse to take a paper because there is nothing in it, and yet they are so anxious to read their neighbors paper that they cannot, in many cases, wait until their neighbor has read it first. These same individuals are more than delighted to see their names in print. Reynoldsville is not exempt from such men.

Mrs. E. L. Evans put out plants and fixed up her son, Gerald's, grave in the Pleasant Avenue cemetery. The flowers were in bloom and some person was mean enough to invade the cemetery one day last week and pluck every flower. The speaker explained to the men the reasons why the officials of the organization were willing to compromise the situation.

A New Principal.

The Reynoldsville school board met at M. M. Davis' office last Wednesday evening and elected a principal for the borough schools for the ensuing year. Prof. T. R. Hilliard, of Grove City College, was elected on the first ballot. Prof. comes very highly recommended. The board decided to provide more school room for the next term. Dr. W. B. Alexander and Jos. Pentz were appointed as a committee to secure a place for holding school.

A special election will be held in West Reynoldsville on Saturday, July 7th, to vote for or against water works for that borough. If the people vote for water works it will afterwards be decided whether they will get water from the Reynoldsville water works, organize a water company or have the borough put in works of their own. The company of this place already has two plugs and considerable pipe laid in West Reynoldsville.

Stole the Lantern.

Jos. S. Morrow had sewer pipe laid on his vacant lot at the corner of Main and Second streets, and he hung a new lantern out one night to guide pedestrians that no one would fall into the excavation on Main street and be injured. During the night some person appropriated the lantern to their own use and forgot to return it. It is likely if somebody had fallen into the opening that night that Mr. Morrow would have been sued for damages.

Going to Pittsburg.

Sam'l M. Lowther, one of our nice young men, will go to Pittsburg Saturday to take charge of the office and books of a new hospital for non-contagious diseases that will be opened at the corner of Fifth avenue and Boquet street the first of July. The Times says: "It is a moderately capacious and properly equipped private hospital. The building is admirably adapted for use as a hospital, the rooms being large, well ventilated and lighted, and the furniture of the best kind. Twenty free beds were made a part of the hospital. The free patients will receive the same care and attention as bestowed on those who pay."

Only Want to Give News.

We have never intentionally misrepresented any person in the columns of THE STAR, nor do we publish news with a view of slurring anybody or injuring them in any way. We do try, however, to give the readers of this paper all the news we can gather up. Occasionally people may differ with us as to what is news and what is not, especially if they are in any way concerned in the news item, therefore, if a little news appears in the paper you are not pleased with, just reason a little and suppose it was some one else whom the item referred to. A newspaper is supposed to publish all the news, but if a man exposes some people for personal reasons, he is not fit to occupy the editorial chair.

Town Council.

A special meeting of town council was held Monday evening. There was not much business done but to pay a few bills, receive bids for the new bridge on Worth street and grant a permit for fireworks on 4th of July. The permit reads as follows: The Burgess and Town Council authorize and permit the sale of fireworks on 3rd and 4th days of July, and that the same may be used only on the 4th day of July. To be used only on the main streets and not in alleys, out of way places or rear of buildings. The throwing of squibs, crackers, torpedoes or fireworks of any kind in a careless or reckless manner so as to endanger person or property will be promptly punished by arrest.

League Entertainment.

The Epworth League entertainment given in the Reynolds opera house last Friday evening was well attended considering the warm evening. The program was well rendered and all who participated did very nicely. We will not attempt to comment on the different parts. The entertainment consisted of tableaux, solos, duets, dialogues, recitations, stump speech, &c. Below we give the names of those who took part in the entertainment: Sam'l M. Lowther, Wallace Lowther, Elsie Ross, Lou Fink, Mary Burge, W. B. Stauffer, Mrs. J. M. Cathers, Lulu Foust, Evaline Sechrist, Verna Bing, John Barkley, Roman E. Koehler, Raymond Stiles and Edith Sechrist. The Keystone band was present and played some good music. At the small admission price, 10 and 15 cents, the Leaguers did not make a big financial success out of the entertainment.

The End Not Yet.

The national strike has been declared off in Illinois, Indiana, and Western Pennsylvania where a compromise was made and the men have gone to work, but the strike has not ended in this section. From a miner who is in a position to know we got following as their trouble: Before the strike the miners here were getting 35 cents per ton for mining coal and the iron machines—there are ten in Big Soldier—were putting out coal at 25 cents per ton. This gave the men who run the machines 15 cents per ton for handling the machines and 10 cents per ton to the men who loaded the coal. There was some dissatisfaction about this before the strike and there was an understanding between the miners and those who work with the machines that they would all stay out until both the miners and iron men got a raise. Another trouble was that the iron men got all the cars they could load and the miners got the cars that were left. The men asked for 45 cents for digging and an equal right with the iron men for cars. The company offered the men a compromise of 40 cents but said nothing about an advance for the iron men nor an equal division of cars. The miners held a meeting yesterday forenoon and decided not to accept the offer of 40 cents unless some attention is paid to the scale submitted for the iron men.

Fire at Falls Creek.

Falls Creek was visited by another fire last Sunday morning and the Herald office was completely destroyed. Bro. Bangert did not save anything. His books, subscription list and all accounts were burned. Early in March the Herald office was burned out and Bangert, with his push and energy, did not get discouraged and went about to immediately get a new office, and he put in a good one with power presses, steam engine and a good supply of type. His loss this time is \$2,500 and insurance \$1,800. He is now a little discouraged, and 'tis no wonder. The origin of this fire, like the others, is a mystery. John McDonald, brother of our townsman, Pat. McDonald, lived in the building. Mr. McDonald's son was awakened by smoke in his room and he gave the alarm. The family had to leave the building so quickly that some of them had nothing on but their night clothes and barely escaped with their lives. All of Mr. McDonald's household goods were burned.

Very Bad Boy.

Two weeks ago we published an article about a boy making himself familiar with other people's horses. Last Thursday this same boy, whose name is McIntyre, went to Buzzard's meat market when Mr. Buzzard was out and asked Mrs. Buzzard for five pounds of beef steak. After the meat was weighed and tied up he said his father had paid Mr. Buzzard for the meat. The lady did not believe the story and while the lad was trying to persuade her he was telling the truth, Mr. B. came in sight and when the boy saw him he picked up the meat and ran for home. Mr. Buzzard started after him but the boy had a good start and could out run the butcher. A number of boys saw the race and were ready to join in. Mr. B. offered ten cents to the boy who caught the young scamp. One boy, light of foot, headed the boy off before he reached his home and brought back the meat.

An excellent dinner was served to the visitors, and they in return presented Mrs. Myers with a pair of gold spectacles.

Game of Cricket.

Base ball is a common game in Reynoldsville but cricket is seldom played here. It is a game much played in England and some sections of America. It is played with a bat, ball and wicket, the players being arranged in two contesting parties. An interesting game was played between the "Temperance Lillie White" and "Red Rose" last Friday. The score was 92 to 58 in favor of the "Lillie White." The players were as follows: "Red Rose," Wm. Booker, J. Williams, Geo. F. Cant, H. Alex. Stoke, S. Stevens, Edwin Hoare, Ralph Reed, Wm. Ramsey. "Temperance Lillie White," John Young, Ned. Cryer, Jas. Tyson, Wm. Bolt, A. Marriott, W. G. White, Wm. Gricks, John Reddecliff, Thos. Malden, Albert Neale.

Released on Bail.

The sixty miners that were packed into the little jail at Ridgway and compelled to sleep on the floor, were released last Friday forenoon. Judge Mayer was presiding over Jefferson county court last week and on Thursday evening Attorney Carmalt and four miners from Shawmut appeared before Judge Mayer in behalf of the miners in Ridgway jail. Six of the men had to give \$1,000 bail apiece and the others were released on \$200.00 bail on their own recognizance for appearance at the next term of court. While it was a shame that men should be taken into custody and locked up as these men were, especially in a land where orators delight to become eloquent in sounding the praises of a free people, yet this very act of jailing these men won many friends and sympathizers for the laboring people of this section of the country. While the men were in jail they were furnished with tobacco, cigars, &c., by outsiders and the Ridgway brass band serenaded them occasionally, and the band that was locked up with the miners would frequently dispel the gloom of the poorly ventilated hotel run by Sheriff Elliott by blowing their horns.
