In March of this year we were at Punxsutawney and visited the Y. M. C. A. rooms and "writ" the institution up. We notice by the Punx's papers that the interest in the Y. M. C. A. is not abating. When will we have a Y. M. C. A. in Reynoldsville? Do you know?

The Reynoldsville Hardware Co. has just received a job lot of iron enameled ware which is being sold at a great reduction. Some people sell the same ware for porcelain. Coffee pots, tea pots, stew pans, pudding pans, milk pans, &c., &c. You must see the goods to appreciate the big reduction in price.

"Old Farmer Hopkins," said to be one of the brightest rural dramas ever written, will be produced in the Reynolds opera house Sept. 8th, by the well known comedian, Frank S. Davidson, and an excellent company. Special scenery, mechanical effects, specialties of a high order, all go to make "Old Farmer Hopkins" the great success it undoubtedly is.

John P. Dunn, proprietor of the restaurant and green grocery next door to the postoffice, always keeps on hand fresh vegetables and fruits of all kinds. He has an ice cream parlor in the rear of his restaurant, side entrance, where he dishes out the best ice cream to be found in town. The ice cream is made by Weaver Bros., of Bradford. Try the cream and be convinced that it is an excellent quality.

Three families of this place are indulging in a little law in which revenge seems to take a prominent part. One person was requested to appear before Justice of the Peace E. Neff for trespassing. This begat a warrant on another party for assault and battery, and this in turn begat another warrant on a third party for assault and battery. The cases were to have come up before Esq. Neff Monday evening, but were postponed until last evening and then settled.

Sunday Jaunt.

John H. Schofield and Frank Sutter took a pleasure ride of one hundred miles on their bicycles last Sunday. They visited Cherrytree, Hastings and several other small towns.

Big Haul of Fish.

Frank Adlesperger and C. F. Hoffman caught about 200 cat fish near this place one day last week. The water was very low and the fishermen waded into the water and caught the fish with their hands. The fish would run their heads into the mud and were easily captured.

Lost His Watch.

W. H. Herpel, the barber, went to the blackberry patch the other morning with two empty buckets on his arm and a good watch in his pocket. He returned from the berry patch with his buckets full of berries and his watch pocket empty. Where and how he lost the watch he knoweth not.

In Front of a Nozzle.

Some of the employees at the tannery had occasion last Thursday to attach the hose to a water plug on the water Co. line and Frank Shaner found his sorrow that there was considerable force thereto. He got in front of the nozzle and the water came out with such force that he almost lost one of his eyes. He was forced to take a short vacation.

School Board Business.

The school directors met in Esq. M. M. Davis' office Monday evening and done the following business: Accepted the resignation of D. M. Geist, who had been hired to teach room No. 2, and hired Walter C. Henry, of the southern part of the county, to fill the vacancy. G. Bert Woodward was hired to teach room No. 3. The board bought 200 seats for the four rooms in the Reynolds brick block.

Didn't Mean It.

The DuBois Express published three or four little items in last Thursday's edition purporting to be written by a correspondent from Reynoldsville, which was honored with a double head. The second heading read thusly: "It would be a pretty good town for a dead man to live in." The Express editor was only trying to be funny when he wrote that head. Great allowance must be made for the gentleman.

An Engineer Married.

Dame Rumor says that Jas. W. Montgomery, engineer on the Driftwood accommodation, was married to a Miss Crum, of Sinnemahoning, about five weeks ago. The wedding was a quiet affair and Jim's friends are just finding it out. The benedict gracefully receives all congratulations and says there is no use in denying it any longer. Mr. Montgomery was a resident of this place at one time and owns property in West Reynoldsville.

Alicia Water.

J. D. McGee, representing the bottling works of McGee & Zimmerman, of Penfield, was in Reynoldsville Monday. The Alicia spring water of Penfield has received many newspaper comments for its excellency. This firm will ship the pure or carbonate water. They also make and ship all kinds of soft drinks. Send for a case of Alicia water and give it a trial. It is claimed that this water is somewhat analogous to some of the Saratoga waters.

Shot in the Head.

An accidental shooting affair occurred Saturday night which came very nearly proving fatal. Henry Donahue, a youth of sixteen summers, was on his way home when a party was on their way to join a calthumpian band going to serenade George Barrett who had that evening taken unto himself a wife. One of the party had a revolver and was fooling with it. He put it over his shoulder and pulled the trigger. The ball struck Donahue an inch above the right eye and glanced off, fracturing his skull.

Col. Alexander.

Col. Wm. T. Alexander, of Clarion, an uncle of Dr. W. B. Alexander of this place, died last Thursday at the age of eighty-one years. The old gentleman has been making annual trips with his wife to Clearfield for a long time and always stopped off at Reynoldsville and thus became acquainted with many people here. Col. Alexander is well known in this section of Pennsylvania. He published the first newspaper in Clarion county and for a number of years was proprietor of the Clarion Democrat. He served two terms in the Pennsylvania legislature.

Will Make Improvements.

We mentioned last week that Green & Conser had stepped out as proprietors of Hotel Belnap and that L. S. McClelland had taken charge of that hotel. The house is to receive some decided improvements. The interior is to be put into the hands of painters and paper hangers and to be made as neat and pretty as a new house. The outside will also be beautified with new paint. The bus to this hotel was taken off some time ago, but a new one will be put on in a few days. At present a cab is run from the hotel to all trains. Mr. McClelland proposes to make this hotel first-class in all respects.

Moonlight Party.

When the place where Reynoldsville now stands was a "howling wilderness" and the pale face had not intruded with his enterprising spirit to clear for himself a home, it may be possible that many an Indian war dance was indulged in at this place and the wilderness resounded with the whoop thereof, but as the Indian has been long since regulated to the territories, an occasional attempt is made to imitate the "injun war dance." The latest attempt in this neck 'o woods occurred Saturday night. About ten young men concluded to have a little jollification in the woods hard by the water works dam. A generous supply of chickens, tomatoes, crackers, cheese, water melons and everything good that could be found in the market was provided, and the party sallied forth for a real good time. The time rolled on, the provision disappeared and the party was having a good time when "Indian Sam" proceeded to give the boys a genuine war dance. He got a coffee sack all afire onto a long pole and was going through the supposed antics of an Indian war dance when one of the party was accidentally struck with the coffee sack and badly burned. The party had a big fire burning onto which a log would be thrown occasionally to feed the flames. One of the party robed himself in a Macintosh and when a fresh log was thrown onto the fire he would mount it and walk through the fire. Had he made a misstep we would have been called upon to chronicle a cremation accident.

Town Council.

The regular monthly meeting of the town council was held in the council chamber Monday evening and the following business was transacted: Bills to amount of \$160.00 were ordered to be paid. Hose Co. No. 1 bill of \$563.00 was accepted. Fred Burns handed in his resignation as chief of police, which was accepted and Thomas Shields is to serve as chief of police until the next regular meeting of council. The Reynoldsville Telephone Co. asked for right of way to put up poles and wire, but the request was not definite enough and it was referred back to the company. Pleasant Avenue street is to be repaired and made passable. Means Rhea asked for a sewer from the corner of Main and Fifth streets to the creek, as he wants to put up a brick opera house on the vacant lot at corner of streets above mentioned. Council said they would commence putting in the sewer when Mr. Rhea is ready to begin building the opera house. Dr. A. H. Bowser, president of the Board of Health, is to receive \$100.00 per year, and the secretary of the Board to receive \$25.00 per year for their services. Ten certificates of indebtedness, of \$100.00 each, were issued as follows: three for one year, three for two years, and four for four years. All at six per cent. interest and interest to be paid semi-annually. Hose Co. No. 1 was given permission to take hose cart to DuBois August 21st.

Malissa D. Scott Dead.

Malissa D. Scott, wife of Lyman Scott and daughter of William Ferris, died at her home on Main street yesterday, Aug. 7th, of consumption of stomach and bowels. She has been a sufferer for years, but since last February has been falling continually and when the messenger of Death came she was almost a skeleton. Monday evening she ate supper with the family and soon after supper took a severe attack and died the following morning. Malissa was married to Lyman Scott 29 years ago last January. Six children preceded her into the Great Beyond. Her husband and three children, Charley, Willie and Ada, survive her. The deceased was 47 years, 5 months and 12 days old. She was well known in Reynoldsville and vicinity, as she has lived here 45 years. She was a member of the Baptist church, having joined that church about two years ago. She was an active member of the W. R. C. and was greatly interested in the work of that organization. Funeral services will be held at her late home at 10.00 A. M. to-morrow, conducted by Rev. E. Lewis Kelley, and her remains will be laid to rest in Beulah cemetery.

List of Jurors.

Following is a list of jurors for the September term of court drawn from Reynoldsville borough and Winslow township: Grand jurors:—A. A. Kleinhans, E. T. McGaw, Jos. S. Morrow, John Dixon, Charles Hoover, George Roberts.

Bids Wanted.

The Winslow township school directors will receive bids up to Saturday, August 11th, for furnishing coal to all the schools in the township.

S. of V. Camp.

The S. of V. encampment was held at Curwensville from Wednesday of last week to Tuesday of this week. We decided to visit the untried soldier boys while they were camping out, and we left here on the 1.00 P. M. train Friday and after changing cars at Falls Creek and DuBois arrived at Curwensville at 2.30 P. M. The boys were camped in a beautiful grove on the banks of the Susquehanna river, where they could fish, boat or bath. One of nature's best gifts to man or beast, a spring of cool sparkling water, was found hard by the camp. A more delightful place for an encampment would be hard to find. The business depression reduced the attendance at the encampment this year. During our afternoon's visit at the camp a game of ball was being played on the ball grounds a half mile away from camp and the martial band started to the ball ground without permission and were soon brought back at the point of bayonets. The boys make a big attempt to play soldier, but it is more play than anything else.

Curwensville is a nice little place of 2,000 inhabitants. It has five churches, a large stone school house, four hotels, a large saw mill, one tannery and expect to soon have another one, a number of first class stores, some fine residences, one print shop, one bank, and as good citizens as any town is blessed with. The churches are all good buildings, but the new Methodist Episcopal church surpasses all of them for convenience, beauty and value. In fact it is an edifice that would grace any city. Through the kindness of Rev. Moore we had the pleasure of taking a peep at the interior of this new church. Curwensville is an old town, but not too old to improve, for improvements are being made continually. There are few towns the size of Curwensville where as much of this world's goods can be found as at that place. There are so many shade trees in the town that a person must walk or drive through the place to see the town as it really is. Hon. John Patton is one of the oldest inhabitants of that village.

Had a Stock of Stale Eggs.

Saturday afternoon the Junior base ball club went to Reynoldsville to play a return game with the Mayflowers of that place. The game resulted in a score of 16 to 10 in favor of the Reynoldsville boys. It seems that the Reynoldsville boys were not satisfied, however, with defeating the DuBois boys in a friendly game of ball and when their visitors started for home about 9 o'clock that evening they were rotten-egged all the way out Main street to the borough line. The Juniors came home scented about as strong as billy goats and with some of their best clothes ruined. The Courier inquired of the boys what they had done to receive such treatment at the hands of the Reynoldsville boys and was told that they had not done a thing but to parade several hours after the game with Reynoldsville girls and fed them liberally on ice cream, water melons and other good things. This is more than the Reynoldsville boys could stand good-naturedly and they proceeded to drive the DuBois boys out of the town with eggs.—DuBois Courier. We are sorry to acknowledge that some of the boys of Reynoldsville were mean enough to throw rotten eggs at the DuBois ball team Saturday evening, but it was not any members of the Mayflower ball team, as would be inferred from the above article, but it was a few very small boys who threw the eggs, and why they done so is not known, because the game was played without any jangling. The Mayflowers were sorry the DuBois boys had been treated so meanly.

"Where It is At."

Many questions are asked concerning Korea, or Corea, as it is spelled when we went to school. Corea is a peninsula pendant on the north-eastern coast of Asia and is bounded on the north by China, on the west by China and the Yellow Sea, on the south by Corea Strait, which separates it from the Japan Islands, and on the east by the Sea of Japan. It has from 10,000,000 to 20,000,000 inhabitants and has an area of 79,000 square miles. The religion, if anything, is Buddhistic. The capital given in the geographies is King-Ki-Tao, while reports to-day place the royal palace at Seoul. The Japanese have swarmed over the peninsula since 1882 and really control the business of the country. The people are lazy and live like pigs in huts. Their most lucrative product is silk but they don't produce as good a quality as the Chinese. The present monarch's name is Li and he is the 25th Li who has governed the people. Instead of saying so many years A. D. or B. C., they say so many years Li.—Clearfield Spirit.

Like a ship without a rudder is a man or a woman without health and the necessary strength to perform the ordinary duties of life.

The DuBois Courier says a trio of foreigners were lounging around the station at DuBois Monday under the influence of liquor when two S. of V. in uniforms made their appearance. The foreigners thought they were militiamen and one of them pitched into the young men, alleging that they were enemies of the working man. Special Officer Culp arrested the fighter and the others interfered. Agent Lundergan came to the rescue, and another party gave his assistance and two of the three, Geo. and Mike Mosco, were taken to the lock-up.
