In Pennsylvania Senators get ten dollars a day.—Reynoldsville STAR. Nay, my son. Senators in Pennsylvania get \$15 per day for one hundred days. If the session exceeds that, they get nothing extra. If an extraordinary session is called they get \$500 additional for that, whether the session lasts ten days or ten months.—Punxsutawney Spirit. Conklin's Handy Manual of Useful Information was our authority for the ten dollar a day statement. However, you are right again, Bro. Smith.

A Curiosity.

A calf with two heads, two tails and six legs is on exhibition at Bell's clothing store. It was born in Allegheny Nov. 22, 1893, and died five days afterwards. It is a great curiosity.

Chopped His Foot.

E. C. Soncor, who has a log job in Potter county, came to his home at this place last Wednesday with a very sore foot. He was chopping and the axe slipped and struck his right foot, almost severing all the toes off his foot.

Pictures Taken.

As several members of the Keystone band expect to leave Reynoldsville soon, the band boys went to Lenney's gallery Saturday afternoon and all looked into his camera at one time. Any person who wants a picture of the band can get it at that gallery—if they have the price.

A Slight Mistake.

A Prescottville lady read the posters announcing the phonograph entertainment given in Centennial hall last week and got the words phonograph and photograph mixed up. On Wednesday she told a friend that one of the Reynoldsville photographers would show his gallery in Centennial Hall that evening.

Buried Under Coal.

Joseph Hunter, a miner, narrowly escaped instant death while at work in Big Soldier mine on Tuesday afternoon of last week. Mr. Hunter had mined his place across and fired a shot in the side which failed to bring the coal down. After several other attempts he started to dig it out along the side, when the whole fall gave away, completely burying the miner under it. Help was called and Mr. Hunter was taken out, more dead than alive. At present he is in a very critical condition.

Burned Hand.

Dr. B. E. Hoover has been nursing a badly burned hand during the past week. Last Wednesday about noon Dr. had a kettle of beeswax on the stove in his dental rooms and being busy at some other work he did not watch the kettle as carefully as a good housewife would have done. However, when the wax boiled over onto the stove and caught fire, his attention was given to the kettle. He took hold of the kettle with his right hand and burned that member. The Dr. narrowly escaped from having a hot time in his office.

Thinks it was Murder.

It is claimed now that W. R. Peoples, Esq., of Jersey Shore, brother of Harry Peoples, the young bank clerk at Johnsonburg, who was found dead in his room several weeks ago from two bullet holes in his head, does not believe that the young man committed suicide, but that he was murdered. Mr. Peoples says he is fully convinced that he did not meet death at his own hands, and states that the matter will be sifted down and an effort made to find the guilty parties. His belief is based on the fact that his health was good, that all was right in the bank, that he called on the young lady of his choice the evening before, presented her with a diamond engagement ring and seemed happy, and that the physicians are positive that either shot would cause instant death, therefore he could not fire a second shot.

The Phonograph.

The phonograph entertainment given in Centennial hall last Wednesday evening by Lyman Howe surpassed the expectations of the large audience that assembled at the hall. Had the people of our town known that the entertainment would have been as good as it was, Centennial Hall would not have accommodated the crowd that would have attended. Some people got the impression that this phonograph was no better than those of ear-tube fame that travel around and put up at hotels. This talking-machine spoke plain and loud so that all in the hall could hear distinctly. It is certainly a wonderful machine. The people were delighted with the entertainment. The Keystone band played the Phonograph march and the phonograph reproduced it, even to the applause of the audience. Mr. Howe and his phonograph are deserving of all the praise given them by the press. Come this way again, Prof.

Hotel Changed Hands.

Thomas Green and John C. Conser, who for five years were proprietors of Hotel Belnap at this place, have purchased Hotel Dillman and expect to take charge of that hostelry this week. Mr. Conser will move into the hotel. Green & Conser are well known to the traveling public. A few months ago these gentlemen bought all the property from the corner of Fourth street to Schultze's grocery store and after the leases on the buildings expire, which will be in 1897, Green & Conser expect to raze them to the ground and erect a large brick hotel on that corner. John C. Dillman, the retiring landlord, had a restaurant and billiard parlor in the building for a number of years, and two years ago built on an addition and converted the place into a hotel. Mr. Dillman had his share of the public patronage. He will continue to run the billiard parlor, and is also proprietor of the soft drink bottling works in this place.

Bell and Simpson Nuptials.

The most brilliant wedding that has taken place in this part of the county for sometime was celebrated at the little town of Hamill, Dec. 4th. The high contracting parties were Mr. Denison E. Bell, of Reynoldsville, Pa., and the bride was the eldest daughter of the distinguished citizen, of Hamill, Pa., Mr. N. C. Simpson.

Cards of invitation were extended to the number of about eighty and on the morning of the occasion there were more than sixty of the invited guests assembled to witness the nuptial ceremony. Mr. J. D. Simpson and Miss Mary Bell very gracefully performed the part of waiters. Rev. Hoffman, of the M. E. church, performed the ceremony, after which congratulations were extended by their many friends. The joyous company were then ushered into the large dining apartment, where words fail to express the bounteous repast. The mistress of the culinary department had abundantly furnished everything that one could wish for. After the dinner had been served the bridal party bade farewell to the company and amid showers of rice and good wishes started for Reynoldsville where Mr. and Mrs. Bell will be "at home" to their many friends. They were the recipients of some valuable presents.

Convention in Baptist Church.

The convention of the Baptist Young People's Union held in the Baptist church at this place last Thursday was well attended. The convention opened with devotional exercises. Mrs. E. L. Kelley read an excellent paper during the forenoon session on "Junior Work and its possibilities." In the afternoon Rev. J. E. Dean spoke, with telling effect, on "Our Relation to Mission Work." Rev. R. M. Hunsicker, of Brookville addressed the convention on "The Bible Readers Course." Rev. W. H. Clipman, of Dubois, spoke on "The Missionary Conquest Course." Miss Minnie Whitmore read an excellent paper on "Methods of Work." At the evening session the house was crowded. M. C. Coleman conducted an enthusiastic praise and prayer service. This was followed by an address from Rev. Hunsicker on "The Distinction between Salvation and Rewards." Rev. Lemuel C. Barnes, of Pittsburg, delivered the address of the evening on the "Betterment of Mankind through a Deeper Apprehension of Christ." Rev. Barnes said he believed that the time would come when the world would be as much better than Pennsylvania, as Pennsylvania is now better than Darkest Africa.

The next meeting of this Union will be held at Curwensville in June of 1895 on the same date the Baptist Association meets.

Finders are Keepers.

The law of finding is not generally understood, says an exchange, but it was decided many years ago, and it is well to know the case and the decision. A visitor to a store found a wallet containing a sum of money. He handed the wallet and its contents to the merchant. The latter refused to deliver them on the ground that they were found on his premises. The finder then sued the shopkeeper. It was decided that against all the world but the owner, the title of the finder is perfect. The receiver of an article found is only a trustee, first, of the owner, then of the finder, if the owner does not appear. The receiver has no right to keep an article against a finder, any more than the finder has to keep it against the owner.

Tramps to be Arrested.

Judge Metzgar has ordered the arrest of all tramps found begging in Locomotive county, and have them returned to court under the vagrant act of 1879. This action has been deemed necessary to suppress the tramp nuisance in that county. So bold have the tramps become that people were subjected to many annoyances by their importunities. Even Judge Metzgar himself has been stopped three times within a week on the street, in Williamsport, by able-bodied men, all of whom asked for money. One even had the audacity to follow the Judge for quite a distance.—Lock Haven Democrat.

Bold Robbery.

One of the boldest robberies committed in Jefferson county for years, was indulged in at Brockwayville Monday evening, and Ed. Covill, the man who was knocked down, bound and gagged, is well known in this place, as he lived at Prescottville for a number of years. He was miller at the McCreight mill, had a small jewelry store in Prescottville and afterwards worked for the B. & Y. C. M. Co. The Courier of yesterday morning says: "Two masked men entered the jewelry store of Ed. Covill at Brockwayville on Monday evening and assaulted the proprietor, Mr. Covill, knocked him down with a jimmy, bound and gagged him, besides abusing him in other ways and robbed him of \$50 in money and took his gold watch and chain. Neighbor's came to Mr. Covill's rescue when the robbers threatened them with vengeance if molested, and to emphasize their threats fired promiscuously at the rescuers. In the confusion that ensued from the shooting the robbers made good their escape, and up to the hour of 10.00 p. m. have not been captured. The borough officers have picked up five suspects found loitering around the railroads, but it is not thought the right ones have been gathered in. Officers are watching all the railroads and nearby towns have been notified to be on the lookout for them. It is the theory that they are the same two crooks wanted in Olean for a jewelry store burglary committed about ten days ago, and who were known to have been in the neighborhood of Dubois last week."

It is Business.

The state convention of county commissioners which met at Pottsville recently took a good step in suggesting that a law be passed acquiring constables to make returns only when they have violations of the law in their balliwicks. The constables should either be diligent enough in the discharge of their duties to find some violations of the law to report or they should stay at home when the time arrives for making their returns. The plan of having all the constables of a county report at court every three months when only a few of them have anything to report is not a good one and involves a useless expense.

Novelty Co. Officers.

The stockholders of the Reynoldsville Novelty Manufacturing Company met in Dr. Hoover's dental rooms Tuesday evening and elected the following officers for the company: President, G. M.
