**THE BAKER'S BILL**  
Tells of Greatly Increased Appetite  
"It affords me great pleasure to tell not only  
the condition of my present health but also  
that of my whole family. A friend who  
knew of my poor health advised me to  
use Hood's Sarsaparilla. After two bottles  
a great change in my health was noticed. I  
do not have that tired feeling, no pain in the  
stomach, especially after eating, and in  
fact I feel like a new person and hold some  
pleasure in life. Every member of my family  
is using Hood's Sarsaparilla and with  
beneficial results. If I may judge by my baker's bill each week. Hood's

**TO SINGERS.**  
The girls who put up my Medical  
Discovery all go to our Warren Street  
Methodist Church and two of them sing  
with great pleasure to themselves and  
others. One of them came to me one  
day, saying, "Dr. Kennedy, I must  
tell you what good the Discovery is  
doing in our church."  
"Glad to hear that," said I.  
"Well," she went on, "When I was  
so hoarse last Spring, you said it  
seemed like INWARD HUMOR and ad-  
vised me to begin at once with the  
Discovery. I did so and in one month  
the hoarseness was all gone and my  
voice had improved so much several of  
our church mentioned it. Of course  
I told them you had advised the Dis-  
covery and I was taking it. In fun,  
one of the girls said, I want to try it  
too, and the fact is that the whole  
church, I might say, found out that  
KENNEDY'S MEDICAL DISCOVERY  
would cure their throats and pimples  
and many other troubles."

I, and that's what I explain in my

covery is sold in your town.

**Things for the Scrap-Book.**  
A cement that will stand the wear  
and tear of use is something hard to  
obtain, but a good authority says:  
The best cement for joining glass and  
metal together is pure alum melted  
in an iron spoon held over hot coals.  
As kerosene will not penetrate it, it  
is better than plaster of paris for  
uniting the bulb of a lamp to its base,  
where these are only loose.

Old paint should be cleaned before  
repainting, with a solution of soda—  
two ounces dissolved in one quart of  
water—applied warm; rinse thor-  
oughly with clear water.

Keep tea in glass or porcelain jars.  
An expert says it is ruined if kept in  
metal boxes; therefore the tin can-  
ister must go.

Muriatic acid will remove ink  
stains from zinc.

A remedy for hiccough that is well-  
nigh infallible is to eat a lump of  
sugar saturated with vinegar.

A rubber clothes-wringer should be  
kept in as even a temperature as pos-  
sible, and especially not exposed to  
severe freezing. In cold weather it  
should be warmed before using, by  
placing over a pan of warm water or  
near the range. This is "an idea to  
be remembered in the coming months.

**Quintet But Full of Meaning.**  
"A crick"—"a stitch"—"a twist"—"a  
jam"—"a nait"—"a raw spot"—"a blue  
spot"—"a dead ache," etc., are queer names  
well known among the ill of flesh, bone,  
muscle, nerves and joints, and are better un-  
derstood as being so easily and surely cured  
by St. Jacob's Oil. This name is pointed  
to what it has done and always will do read-  
ily. None too readily, either, for many of  
the infirmities indicated by these queer  
nomenclatures, if neglected, often lead to  
very serious results, which the great remedy  
for pain stands ready to resist and prevent.  
None the less useful is it to have on hand al-  
ways ready, for the an-then pain is very often  
the fatal one.

**Neither One Nor the Other.**  
An elderly Irish woman who was  
in a Madison avenue car yesterday  
wished to get out at Forty-second  
street. The conductor was on the  
front platform, so the woman, ad-  
dressing a gentlemanly looking young  
man opposite her, said:  
"Stop the car."  
The young man looked over her  
head.  
"Stop the car, I say," she re-  
peated, glaring at him savagely.  
Still no response.  
"Didn't I tell you to stop this car,"  
she shouted, gripping the umbrella.  
"I am not the conductor," remarked  
the young man with sarcasm, while  
the young woman in the car tittered.

"Faix, an' you're not," replied the  
Irish woman scornfully; "an' you're  
no gentleman, nayther. Moreover,  
you're no blessin' to your mother,  
you're not. If you were you wouldn't  
let a respectable woman get carried  
two block-out of her way without  
an' askin' from her either."—New

The heavy weight constantly affected the

the brain, and the result is insanity in a  
dangerous form. One of the strange freaks  
of his insanity is a ravenous appetite.

**HOT IRONS TO HIS FEET.**  
Robbers Then Knock Farmer Bloem  
Senseless.

Four masked burglars robbed David Bloem  
near Erie, Pa., of the savings of a life-  
time, amounting to between \$7,000 and \$10,-  
000, in true western fashion, packing their  
spoils in a pillow sham, escaped and are still  
at large.

The old man and his wife both past 70,  
and in feeble health, live alone near Edinboro,  
some miles south of Erie and in a sparsely  
settled neighborhood.

Just before midnight Saturday both were  
awakened by the application of a lathering  
run to their front door. It collapsed with a  
crash, and a moment later four men, with  
handkerchiefs tied about their faces, and  
evidently knowing their ground well, were  
in the bedroom.

A refusal to reveal the hiding place of  
their money resulted in the application of  
hot irons to the old man's feet and other bar-  
barous methods of torture.

These methods failing, he was knocked  
senseless with a club, though Mrs. Bloem  
was not maltreated in this manner. The  
burglars, securing a bunch of keys from their  
victim's pocket, then proceeded to leisurely  
ransack the house.

A considerable sum of money of small  
denomination was found in an old trunk and  
the balance in a bureau draw upstairs.  
Nearly \$5,000 of it had been in the house less  
than a week.

When the law exacting a State tax on  
money at interest became operative, he called  
in all his loans, and has since hoarded his  
money about the house rather than pay the  
tax.

aged 9, and Lulu, aged 8 years. Both chil-  
dren died immediately. In trying to ward  
off the blow from the razor in the mother's  
hand, Lulu was severely cut on the hand and  
arm. Mrs. Jones then drew the razor across  
her own throat, and inflicting a wound which  
caused almost instant death. Her husband  
says his wife was despondent over being sepa-  
rated from her relatives and friends in  
Northern Missouri.

**No Substitutes**  
For Royal Baking Powder. The "Royal"  
is shown by all tests, official, scientific, and prac-  
tical, stronger, purer, and better in every way  
than all other Baking Powders. Its superiority  
is privately acknowledged by other manufac-  
turers, and well known by all dealers.

If some grocers try to sell another baking  
powder in place of the "Royal," it is because of  
the greater profit. This of itself is good evidence  
of the superiority of the "Royal." To give greater  
profit the other must be a lower cost powder, and  
to cost less it must be made with cheaper and  
inferior materials, and thus, though selling for the  
same, give less value to the consumer.

**LOOK** with suspicion upon every attempt to palm off  
upon you any baking powder in place of the  
"Royal." There is no substitute for the "Royal."

**Cynical.**  
An Arabian proverb, put in the  
form of a dialogue, reflects the cyni-  
cism of Arab wit. It runs thus:  
"Yes, he's indicted, but he'll never  
be convicted."  
"Why not?"  
"Nobody to testify against him."  
"Why not?"  
"Because he hasn't any friends!"

**A Foxy Scheme.**  
A New York syndicate has been  
formed for the purpose of buying an  
island off the coast of Maine, stock-  
ing it with black foxes and engaging  
in the fur trade.

**In Our Great Grandfather's Time,**  
big bulky pills were in  
general use. Like the  
"blunderbuss" of  
that decade they  
were big and clum-  
sy, but ineffec-  
tive. In this cen-  
tury of enlighten-  
ment, we have  
Dr. Pierce's  
Pleasant Pel-  
lets, which  
cure all liver,  
stomach and  
bowel derange-  
ments in the  
most effective  
way.

Assist Nature  
a little now and then, with a gentle,  
cleansing laxative, thereby removing of-  
fending matter from the stomach and  
bowels, toning up and invigorating the  
liver and quickening its tardy action,  
and you thereby remove the cause of a  
multitude of distressing diseases, such as  
headaches, indigestion, or dyspepsia,  
biliousness, pimples, blotches, eruptions,  
boils, constipation, piles, fistulas and  
maladies too numerous to mention.

If people would pay more attention to  
properly regulating the action of their  
bowels, they would have less fre-  
quent occasion to call for their doctor's  
services to subdue attacks of dangerous  
diseases.

That, of all known agents to accom-  
plish this purpose, Dr. Pierce's Pleasant  
Pellets are unequalled, is proven by the  
fact that once used, they are always in  
favor. Their secondary effect is to keep  
the bowels open and regular, not to fur-  
ther constipate, as is the case with other  
pills. Hence, their great popularity,  
with sufferers from habitual constipation,  
piles and indigestion.

A free sample of the "Pellets," (4 to 7  
doses) on trial, is mailed to any address,  
post-paid, on receipt of name and address  
on postal card.

ASSOCIATION, Buffalo, N. Y.
