French Postal Cards.

unique innovation of the postalcard system will soon be adopted in France. Instead of the cards being separate, as they now are, they will be issued in the form of check books with stubs. A memorandum of the contents of the card can be entered on the stub. and the sender can have this stamped at the postoffice before the card detached, so that a verified record of the correspondence can be kept.

Must Not Dance. The teachers of Junction City, Kan. have been forbidden by the local edu cational board to attend more than one dance per week.

GOLDEN-MEDICAL DISCOVERY

Many years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Bufalo, N. Y., com-pounded this medicine of veretable ingredi-ents which had an especial effect upon the stomach and liver, ronsing the organs to healthful netivity as well as purifying and enriching the blood. By such means the enriching the blood. By such means the stomach and the nerves are supplied with *pure blood*, they will not do duty without it any more than a locomotive can run with-out coal. You can not get a lasting cure of Dyspepsia, or indigestion, by taking arti-ficially digested foods or pepsin—the stom-ach must do its own work in its own way. To not our your nerves to sheen with so ach must do its own work in its own way. Do not put your nerves to sleep with so-called celery mixtures, it is better to go to the seat of the difficulty and feed the nerve cells on the food they require. Dyspepsia, Indigestion, Billoasness and Nervous Af-fections, such as sleeplessness and weak, nervous feelings are completely *cured* by the "Discovery." It puts on healthy flesh, brings refreshing sleep and invigorates the whole system.

Mrs. K. HENKE, of No. 896 North Halded St., Chicago, III., writes: "I regard my improve ment as simply wonderful, Sing

taking Dr. Pierce's Golden Medical Dis-Golden Medical Dis-covery in connection with his Pleasant Pellets T have gain-ed in every respect, and strength. My liver was drendfully enlarged and I suf-fered greatly from dyspepsis. No phy-sician could give relief. Now after two months I am entire-ly relieved of my disease. INDUSTRIAL SITUATION.

WORK AND WAGES.

Electricity Superseding Stean - Education and Labor.

The long and unceasing demands of the abor organizations of Pennsylvania for legislation on labor questions give promise of bearing fruit, as a number of bills have been prepared for legislative enactment on questions in which the inboring people of the State and the entire country are interested. State and the entire country are interested. Education and labor seem to be receiving the first attention of those who are framing bills. The labor combine of the Pennsylvania house agreed to endorse the William's bill for the protection of employee who belonged to la-bor organizations, and also the arbitration bill presented by Mr. Ames, of Clearfield.

SUPERSEDING STRAM.

STTEREDING STEXM. It is certain that the steam railroads will in the near fature be compelled to meet the new conditions created by the application of elec-tricity to car propulsion. The action of the Pennsylvania Kailroad in deciding to substi-tute electricity for steam on its branch be-tween Burlington and Mount Holly, in New Jersey is only one indication of the change now going on in the method of operating railroads. At least two railroads near Boston now run by steam will soon be equipped with rairoads. At least two rairoads near loston now run by steam will soon be equipped with electricity, and it the change proves prolita-ble other lines will soon be operated on the same plan. This is said to be the purpose of the Pennsylvania Rairoad also, the change projected on the New Jersey branch line being in the nature of an experiment.

BOLLING MILLS TO START UP.

BOLLING MILLS TO START UP. The rolling mills of the Juniata iron com-pany, of Holiidaysburg Pa., which have been shut down for the part six years have started up under the control of a company of Harris-burg capalists. When running full-banded the mills will employ about 300 men. The same company have also secured an option for the purchase of the ore mines and furnace of the McKees Gap iron company, in this county, which will be operated in connection with the rolling mills.

A CO-OPERATIVE MINING COMPANY.

A CO-OPERATIVE MINING COMPARY. A limited partnership, to be known as the Elizabeth mining company, and to run for four years, has been formed on the co-opera-live plan by Elizabeth, Pa., miners to oper-ate Horner & Roberts's mine. The capital stock is \$2,0.0, divided into 100 shares of \$20 each. Following are the officers: Presi-dent, William Wieget; treasurer, B E. Wy-lio; secretary, William Billingsley, Jr.

CUTTING DOWN FORCES

Five hundred employes of the Union Pa-cific Railroad, mechanics and laborers in the shops between Council Biuffs and Cheyenno, rot their time checks on the 21st. Master Mechanic Mannisg, of the Nebraska division, said the amount of business does not justify retaining the men, but that they will be taken back as soon as it does. The Missouri Pacific Ballroad has begun to entrench also. Many men were laid off.

PROPERTY OWNERS.

The subject of the ownership of homes and property by the working classes is receiving the attention of labor organizations and in-dividual workingmen throughout the country, and on every side it is conceded that the men who have been prosperous to an extent that they have been successful in coming into the possession of homes of their own are the best employees. mployes

ONE ON THE OLASS WORKERS.

The Buckeye Glass Works at Martin's Ferry, scored one on the strikers Wednes-day night by smuggling in 30 men while some one was asleep. The union men had pickets out, but before they knew if the new men were in the works. Other workmen are expected shortly.

AN INTERPTING EXPERIMENT.

The co-operative experiment of the Ameri-can Fiint Giass Workers' association will be watched with much interest. It is on a lar-ger scale than has been attempted hereto-fore in any co-operative manufacturing enterprise.

The miners of the Munhall Coal Company The miners of the inducational Company Pa., will go to work. Two hundred men are employed. At the time of the trouble over the scale Mr. Munhall, who was paying the \$2.63 rate, oZered to keep the miner running and to pay whatever rate was made by up-the-river mines. This the men refused, and the miner was soft up the river to invariant miners was sent up the river to investigate and reported that the Risher mine at Dravos-burg and the Camden at Camden are work-ing at the \$2.25 rate. The miners called a meeting and decided to go to work.

THE BROOKLYN STRIKE. Stones and Bricks Rain Down on the

Police and Militia.

The opening of the Myrtle avenue line Wednesday was attended with more disorder than occurred at any other point. The street was picketed for 15 blocks by company B, of the Seventh regiment. A growd of men in front of a Bushwick avenue šaloch, who jeered the car, were dispersed by company G, Seventh regiment. Every pedestrian on Myrie avenue during the day was required to give an account or himself or get off the street. Windows along the street were or-dered kept closed, and upon a refusal to obey this order a builet was put into the sash. A crowd of strikers assalled workmen who were clearing the Third avenue tracks at Fifty-second street. Troop A dispersed the crowd with their unsheathed sabors, but, upon the mob returning, they were charged with drawn sabers and put to flight. A disordery crowd gathered once or twice about the Third avenue theorem, but were soon dispersed. With these exceptions, there were no disorderly moles during the day that assumed serious proportiona. The fact that the Thirteenth regiment way widenesday evening retired from active day, is believed to be indicative of the beginning of the end. was picketed for 15 blocks by company B.

is believed to be indicative of the beginning of the end. The elimax of a number of demonstrations and acts of violence in Brooklyn came in Hicks street, in the afternoon, when militia-men of the Thirteenth Regiment, executing a car that advanced through jeers and shouts and showers of missiles, fired upon people who refused to obey the order to close their windows. A builet struck and mortally wounded Thomas Carney, at work upon the roof of a house.

roof of a house. The tragedy aroused the people to renewed acts of violence, and a short time after-wards a man leaned from a window and fired a pistol point tlank at Major Cockrane, the commander of the troops. The builet struck and severed a trolley wire and so missed its aim of assassination.

THE CARS MUST RUN.

Such is the Decision of Judge Osynor On

An Application for a Man ta nus. The decision of Judge Gaynor, of Brooklyn, on an application for a mandamus to com-

pel a Brooklyn street car company to perform the service for which it was chartered is a ray of light on the relations of these companies to the public and one of the most innortant legal decisions of late years. The daty of the company the judge says is to carry pa-sengers, and it must perform the daty if it cannot get labor at what it offers to pay, it must pay more, if its hours of labor are such as to repel labor, more just conditions must be adopted. As to the claim of preventation by violence, the judge says it is not made out, with 7,00° soldiers and the company. The company's duty to run the company. The company's duty to run the road is paramount over the question of waves it pays the men. If the people were running the roads, they would not incommode them-selves, and the corporations are the servants of the people. It is contemplated to vasate the charters of the companies and place them in the hands of receivers. But these latter points remain to be determined. the service for which it was chartered is a ray

Tired of Walking Delegates.

Tired of Walking Delegates. At a meeting of the Building Trades coun-cil in St. Louis, a radical constitution was adopted. One of the most important changes made is the abolition of the office of walking delegates. The preamble boldly asserts that strikes are unnatural and that boycotts are un-American, and both methods which have been passed by unions all over the country to subserve their ends, are discountenanced. Arbitration is the method that will be em-ployed in settling difficulties between em-pioyee and employers in St. Louis hereafter.

THE LEAKAGE OF GOLD.

an Additional Damper on Spirits of Business Men. Puts

R. G. Dun & Co. say: Events have not helped business this week. About \$1,850,000 gold has been withdrawn from the Treasury, mainly for export, and the gold reserve has been reduced to about \$55,000,000. Since December 8, the Treasury has lost in 39 work-ing days about \$53,000,000 gold, and daily in-creasing distrust is liable to affect markets unfavorably. Industriss have not yet found sufficient de-mand for their reducts to prevent fourther

Industries have not yet found sufficient de-mand for their products to prevent further decline in prices, and this week the average for all commodities has again touched the lowest point ever known. The number of hands employed does not increase, and a strike has cut off for more than week about hall the business of Brooklyn, to some ex-tent affecting trade here. At bottom, kusi-ness besitates because the future is clouded and the consenting demand has not increas-ed in January, as was expected.

ed in January, as was expected. Heavy sales of wool, 6,507,150 pounds, against 5,661,350 two years ago, are in part the result of growing confidence among

FIFTY-THIRD CONGRESS.

An Outline of the Work in the Senate and House. THIRTY-SECOND DAT.

THIRTT-RECOND DAT. SEXATE.—The death of Miss Mary Steven son, daughter of the vice president, was feel-ingly referred to in the prayer of the chaplain of the senate at the opening. Mr Manderson, Rep., Net., presented the credentials of John M. Thurston, elected as a United States sen-ator from Netranka for the term beginning March 4. With this routine prelued Mr. Frye, of the committee on foreign affairs, gave a dramatic turn to the proceedings by offering a resolution expressing the prolound indignation with which the senate heard of the efforts to restore the deposed queen to the throne of Hawaii and expressing it as the senae of the senate that the United States government should at once dispatch war-ships to the islands. The question was dis-cansed until the hour of 2 o'clock arrived and as the senate had previously fixed the time cussed until the hour of 2 o'clock arrived and as the senate had previously fixed the time for hearing eulogies on the late Senator Vance, of North Carolina, the Hawaii reso-lution was laid aside. The tributes were heartfelt and eloquent, addresses being made by Senators Ransom and Jarvis, Sherman, Morrill, Gray, Blackburn, George, Cail, Chandler, Dubois and Bate.

As a further mark of respect to the deceased he senate at five o'clock adjourned. THIRTY-THIRD DAY.

THERT-FORTH DAT. THERT-FILED DAT. SENATE-The senate to-day passed the for-dication bill, carrying an appropriation of shont #2,000,000 and the deficiency bill, in-cluding the income tax appropriation, was that a senate the senate from the confer-ence of the two houses. Mr. Hill made another fruitless effort to amend the income tax provision, but his proposition was voted down-26 to 19. Senator Quay introduced a bill to create a new judicial district in Penn-sylvania to be known as the Northern judicial district. It is to be composed of the counties of Wayne, Fike and Monroe (in the present Eastern district), and Susquehanna, Lack-awanna, Luzere, Columbia, Northamber-ind, Montour, Lycoming, Sullivan, Brad-ford, Potter, Tioga, Wyoming, Clinton, Union, Snyder, Center and Cameron, now in the Western district. Mostern district. Moutour for the buildings at Chicago, to cost \$4,006,000 at Newport, Ky., \$75,000 at Neb, \$100,000 at Potterville, Pa, \$400,006, di-nate Camberiand, Md., \$75,000. Total \$4,526, 000. The appropriating clauses in each bill was stricken out and the appropriations must be in future sundry civil bills. THERT-FORTH DAY.

THIBTY-FOURTH DAY. SENATE. - In the senate this morning, resol-utions of the Colorado legislature were pre-sented in relation to the Union and Centra Pacific railroad companies, protesting against the continuance of the present receivers; urg-ing the appointment of "an impartial sole re-ceiver," and that the roads to be taken, pos-session of and managed in the interest of the

House — The Indian appropriation bill was finally passed in the house to-day. It car-ried 56,494,820 when reported, but as passed the total was considerably augmented, one amondment alone (to pay the first install-ment for the purchase of the Cherokee out-let) carrying \$1,660,00. In the morning hour Mr. Sickles (Dem., N. Y..) from the committee on military affairs, had passed the bill to establish a national military park at Gettysburg. The bill provided for acquiring the 800 acres now owned by the Gettysburg memorial association, and for the acquiri-ment of other lands of the battle-field, and their proper marking, etc., by commissioners. It carried an appropriation of \$100,000. THERT-FIFTH DAY.

TRIBTY-FIFTH DAY.

THEAT-FIFTH DAT. SENATE.—Senator Jones to-day introduced his financial bill, which was promised two weeks ago. The bill authorizes the scoretary of the treasury to issue 3 per cent. 30-year bonds to the amount of \$500,000,000. National banks are allowed to issue notes up to the par value of bonds deposited by them. To retire notes they must deposit an equal amount of gold coin: that neither the Treas-ury Department nor national banks shall issue or keep in circulation any notes, other than \$10. The scoretary of the Treasury is directed to redeem and cancel and not relaxed the United States legal tender notes, treasury notes, silver certificates of a larger-gate amount of United States legal tender notes, treasury notes, silver certificates of the aggre-gate amount of these forms of paper money in circulation at the date of the passage of the ast. The Scoretary of the Treasury is directed to

the act. The Secretary of the Treasury is directed to receive at any United States mint from any citizen of the United States silver bullion of standard fineness and coin it into silver dol-lars of 412 1-2 grains each. The selgnorage on the bullion is to beiong to the United States, and is to be the difference between the coinage value and the price of the bullion in London on the day the deposit is made.

THIBTY-SIXTH DAY.

SENATE.-Discussion of the Nicaragua Canal bill was continued to-day. The Sen-ate confirmed the following nominations: James D. Tillman, of Tennessee, to be min-

great, no assistant so helpful, as the Royal Baking Powder.

It is the perfect leavening agent and makes perfect food. Do not make a mistake by experimenting with any other.
