A Little of Everything.
"A Winter Idyl"
By EDGAR A. PO-ETIC (W. J. Weaver).
An archer lately said to me,
While looking very arch,
Says, "Mr. W. will you tell me please
"an February March."
Thus I replied: Well now, my son,
I'm not prepared to say
Much as to February's March,
But think that April May.
The lad looked up into my face
With mischief in his eye,
And answered, with a cunning wink,
"Old chap, I think July."
"Was ever thus from childhood's hour,
We know not whom to trust,
The better not to crack a joke,
But always be August."

"Tim, the Tinker," an Irish Comedy-drama, was played at the opera house Saturday evening. The show was billed for Puncsutawney on that date, but being unable to reach Puncs'y on account of the B. & P. R'y being snowed under, the troupe came into Reynoldsville on the 1.42 P. M. train, engaged the opera house, tied their dates and couriers onto the breeze, stuck them onto snow drifts and door knobs, and thus billed the town for a show Saturday night. The show was well patronized, all things considered.

In announcing the change of partnership last week the new company said: "The change will in no way affect the high standard of the paper as a Christian Endeavor publication, as the editorial department will be retained by Rev. H. H. Ryland."

SUDDEN DEATH.

Thomas James Reynolds Dropped on the Street and Expired.

Shortly after one o'clock last Wednesday afternoon Thomas James Reynolds died suddenly in this place. He came into Reynoldsville to deliver vinegar, for which he had received orders, and soon after his arrival the fire alarm was sounded and he went to the fire, which was in James Dugnan's dwelling. Returning from the fire he was standing at the corner of the Reynolds brick block talking to his brother, Samuel, and several other men when he fell on the street. He was carried into Reynolds' drug store and laid on the floor where he expired in a few minutes. Before the fire alarm Mr. Reynolds was in Welsh's grocery store and complained of a severe pain about his heart. He was advised to get some medicine for it. He said he had often had such a pain but had always worked it off and would do so again. It proved to be the last attack of heart trouble. His remains were carried to the residence of his brother, Sam'l T. Reynolds, and prepared for burial. Funeral services were held at the same residence Friday afternoon, conducted by Rev. H. R. Johnson, and the remains were taken through the blinding storm to the Baptist cemetery. The hearse stuck in the snow on the hill near the cemetery and in trying to get out the hearse was broken and the casket had to be transferred into the pall bearers' sled and hauled to the grave. The friends were compelled to turn back from the place where the hearse stuck in the snow.
The deceased was born on the old Reynolds homestead in Rathmel, where Richard Taufe now lives, Nov. 12th, 1842, and was 52 years, 2 months and 25 days old when he was suddenly ushered from time into eternity. Fifteen years ago the 24th of last December Thomas was married to Nancy Jane Cathers, daughter of Wm. T. Cathers, of Winslow township. Thirteen years ago his wife died leaving one son seven months old. Nine years ago Mr. Reynolds and his motherless boy, William Lawrence, moved onto a farm in McCalmont township where they lived alone until last Wednesday. Tom was a son of Wm. Reynolds, who died forty years ago, and was a brother of S. T. Reynolds, of this place, Mrs. R. M. Fugate, who resides about half way between Reynoldsville and Dubois, and Mrs. Perry Thompson, of Corsica.

Tom had been in the Adrian hospital last summer receiving treatment for some trouble in his right side. The doctors informed him that he would be compelled to have an operation performed for the difficulty, but they were afraid he could not stand the operation.
The grave was dug between the graves of Tom's wife and her brother, Nathan Cathers, and in digging it the earth caved in from Mrs. Reynolds grave, the rough box bursted open and the casket was exposed. The casket was in good condition, although it had been lowered to the tomb over thirteen years ago. One of Samuel Reynolds' boys took one of the handles off the casket.

Wedding Bells.
Richard E. Bono and Miss Lizzie J. Binney will be married at the home of the bride's parents, Mr. and Mrs. James Binney, on Jackson street, at five o'clock to-morrow evening, Feb. 14th. Rev. P. J. Slattery, pastor of the M. E. church, will tie the nuptial knot. William Binney will be groomsmen and Miss Lizzie Bone bridesmaid. The bride and bridesmaid will be dressed in cream-colored silks. Invitations were issued only to the relatives of the contracting parties. Supper will be served after the wedding ceremonies. The young couple have rented and furnished rooms on Jackson street and will go to housekeeping. Mr. Bone and Miss Binney are both well and favorably known in Reynoldsville and have many friends. Congratulations are a little previous at this time, yet THE STAR extends congratulations and wishes the twain—that will soon be one—joy and success as they go down life's pathway together.

Alive Again.
The Board of Trade met in the Masonic hall Monday evening and was largely attended. There was more enterprising enthusiasm manifested than ever before shown by the Board. It was evident that the board is alive and proposes to make an effort to induce the New York syndicate to locate at Reynoldsville. A committee was appointed to see Mr. Parrott and also a committee to look at three or four good sites Reynoldsville has to offer and see what the land can be purchased for. With all the advantages Reynoldsville has for industries there is no reason why we should not become a manufacturing town, a hive of industries. The Board of Trade will meet in a short time again.

Small Blaze.
Fire Co. No. 1 was called out one o'clock last Wednesday in response to a fire alarm at the residence of James Degnan, on Jackson street. Mr. Degnan's little daughter was playing with matches and set fire to a lace curtain. The fire ran up the curtain and through a small hole in the ceiling into the garret where it was making good head-way to devour the building when the fire company arrived. The house was slightly damaged by water and fire.

DON'T LET IT PASS BY!

NEW YORK SYNDICATE LOOKING FOR A SITE FOR IRON WORKS.

Will Locate in Reynoldsville if the Citizens Hustle.
At the present time there is considerable stir among the live business men of Puncsutawney and Dubois to induce a New York syndicate to erect large pig iron furnaces in their respective towns. The papers of the two places are claiming their towns are the best suited for such an enterprise, and then talk about the empty cars that return from Buffalo that could be used to haul the ore to their towns. While this bustle is being made about securing the large industry, Reynoldsville business men are trying to win the prize. The president of the Board of Trade has been communicating with Mr. Parrott, who will come to Reynoldsville in the very near future to look at the site at this place and hear the inducements offered. We have the coal, coke, site, get cars enough from Buffalo to haul more ore than the plant can use, have better railroad facilities than any other town can offer that is after the furnace, and the only thing that remains for Reynoldsville to get the furnaces is for the citizens to do their duty by unloosing the strings on their purses. The syndicate will erect a plant that will employ 200 men at the start, and the output of the furnace would be 200 tons of pig iron per day.
In the language of the Puncsutawney Spirit we say that Reynoldsville is, of all places, perhaps in the State, the best favored by nature for such an enterprise. But in these hustling times, when every mushroom town with an evanescent and fugacious, but inordinately windy population, imagines itself a city, and is willing to give itself away, body and breeches, in order to secure something tangible upon which to base its boasts, such enterprises are not often secured without inducements other than those offered by nature. It is therefore incumbent upon every public spirited citizen of this town to encourage by liberal subscriptions, and in every way possible, the gentlemen who are now considering Reynoldsville as a site for iron works. Such an enterprise would materially enhance the value of every man's property. It would give us a substantial basis for prosperity, and and serve as a nucleus around which other manufactories would naturely gather.

Furious Blizzard.
The present winter is making a record that will not be soon forgotten. The blizzard of last Friday was a severe one. The wind howled in mad fury all day and towards evening was almost a hurricane. The few inches of snow that had fallen the day previous was scooped up by the gale and piled up in heaps on the pavements in town as high as three feet deep in some places. The force of the wind was so great that the snow packed solid enough for people to walk on top of the drifts. The fine snow found its way into every crack and crevice of buildings, even entering through the key hole of doors. The streets were almost deserted Friday, and business was also very quiet on Saturday.

The railroads of this section were blocked on account of snow drifts. The A. V. R'y did not escape the effects of the awful blizzard, although the road did not suffer from the storm as much as some other roads. The early train from Driftwood, which arrives here at 7.40 A. M., was the only train from that end of the road all day Friday. From Dubois to Red Bank the road was not effected much by the storm, and the usual trains were run between the two places, although they run late. The B., R. & P., R. & C., C. & M., P. & E., R. & F. C. R'y, were strictly in it with the storm.
The mercury did not register much above zero any time during all of last week, but it did drop away below zero a number of times.

A Cold Story.
George Burtop is authority for the following account of how cold it was in Beechwoods last Friday night. Bronholtz, a neighbor of George's built a good fire in his cook stove, put on a kettle of water and retired for the night. In the morning there was still a good fire in the stove, but the kettle of water was frozen. George says his neighbor told him and a preacher the above for a fact. We cannot vouch for it, but George is an honest, jovial farmer well known in Reynoldsville.

Rib Broken.
George Dempsey, an employee at the tannery, had the tenth rib on his right side broken yesterday forenoon while at work. He was opening a hot water valve to run water into a leech and was bearing his weight on the valve when it gave way and he fell on the edge of the leech. He had a narrow escape from being badly scalded. His neck was scalded a little.

Card of Thanks.
Words will fail to express my gratitude and appreciation for the kind favors shown me at the death of my wife, but I take this method of giving a faint expression of the thankfulness that fills my heart for the loving kindness and tender administrations bestowed on me by friends and neighbors.
D. M. DUNSMORE.

DIED IN A PULLMAN CAR.

An Active Woman in Church and Lodge Gone Over.

Mrs. Ella Dunsmore, of West Reynoldsville, wife of D. M. Dunsmore, train master on the Low Grade Div. of the A. V. R'y, died in a Pullman car on the Pennsylvania railroad one mile west of Lancaster, Pa., at 8.00 A. M., on Friday, Feb. 8th, on her way home from a Philadelphia hospital where she was taken four weeks ago Monday night for treatment. The doctors performed a preparatory operation and discovered that the disease, cancer of the rectum and bowels, was too far advanced to do anything for and Mr. Dunsmore was telegraphed for to bring her home to die. They left Philadelphia at midnight Thursday and could not make time on account of the snow. The train was snow bound over six hours at the water plug where Mrs. Dunsmore died. Mr. Dunsmore was on the road with the remains of his dead wife from 8.00 A. M. Friday until 2.30 P. M. Saturday. Mrs. Dunsmore was very anxious to get home to die, but the silken thread was snapped asunder while she was about 300 miles away from home. The deceased had been in poor health for about five years. She was under Dr. Wallace's care, of East Brady, for over two years. She suffered intensely for sometime before she died, to which her emaciated remains gave evidence.
On the 17th of March, 1872, Mr. and Mrs. Dunsmore were married. Her maiden name was Ella Staley, and her home was at New London, Ohio. In 1878 she united with the M. E. church at East Brady and has since been a consistent member. She was active in doing good. At the time of her death she was in good standing in four societies, Woman's Relief Corps, Guiding Star, Daughters of Liberty, and W. C. T. U. She had charge of the railroad work of the W. C. T. U.
Mr. Dunsmore met his wife for the first time on a railroad train on a very stormy day. He hid her the last farewell on a railroad train on an exceedingly stormy day.
Funeral services were held at the residence of Mr. Dunsmore Sunday afternoon, conducted by Rev. P. J. Slattery. The large house was too small to accommodate the host of friends who gathered to pay their last tribute of respect to the departed. The floral offerings, a pillow from the Guiding Star and a maltese cross from the Woman's Relief Corps, were beautiful. The mortal remains of Mrs. Dunsmore were taken to Kittanning on the 7.40 A. M. train Monday for burial. At the close of the Sunday afternoon services the M. E. choir sang two hymns that Mrs. Dunsmore asked to have sung at her funeral, "Jesus Lover of my Soul" and "Rock of Ages."

The subject of the above sketch was 44 years, 4 months and 14 days old.
A Good Guesser.
The *Grift*, of Williamsport, offered a prize of a \$450 piano to the person who would guess nearest to the number of guesses that would be sent into the *Grift* office, for which a coupon was published in each issue of the paper good for one guess, from Oct. 8th, 1894, to Jan. 20th, 1895. A. B. Wood, train dispatcher and division operator on the Low Grade Division of the Allegheny Valley Railroad, who is quite a genius, decided he would make an attempt to win the prize, and he was successful. Last Saturday's *Grift* contained a large picture of Mr. Wood and also one of his West Reynoldsville residence, and gave a sketch of his life, from the time he left the farm of his parents, in Elk county—the monotony of the farm having little attraction for his young life—up to the present time. The prize Mr. Wood gets is a magnificent four hundred and fifty dollar Shaw piano. The guess that won the prize was 89,467, and the number of guesses made by Mr. Wood was 124.

Dentists Meet.
The second tri-annual meeting of Local Dental Association met at Puncsutawney on the evening of the 7th inst. in parlor of Pantal hotel. The president of the association being absent, Dr. B. E. Hoover, of Reynoldsville, was appointed president pro tem. Owing to the inclemency of the weather, and sickness in the homes of several of the members, the meeting was not as largely attended as was expected, but as power does not always consist in large numbers, a very enthusiastic and profitable meeting was the result. Much important business was transacted and all felt well paid and greatly benefited. The next meeting of the association will be held in Reynoldsville the first Thursday in June.

Every young married man should subscribe for a home newspaper. His wife probably always had the pleasure of reading one at home and it would be heartless to deprive her of the paper after she is married, then again, it will make the home bright and happy, and she need not waste her time visiting her neighbors, who take a home paper, to find out what is going on.
