A Little Thing.

"It is a little thing to speak a phrase of common comfort which by daily use has almost lost its sense, yet on the ear of him who choicest music." It is a simple thing to suf-fer ordinary pain : but when it comes by day and night with neuralgla's cruel burt, there's nothing better to cure it than St. Jasobs Oll, nothing better to cure it than St. Jacobs Olf, which, penetrating to every part that nahes, leases the pain an i leaves a perfect cure behind it. It is a little thing to do, but the comfert of relief from such distress will make one feel the happlar hours of life.

Tameriaine was an expert chess player.

Beware of Champens for Catarrh That Comain Mercury.

as mercury will surely destroy the sense of smell and completely destroy the whole system when entering it through the mucons surfaces. Such articles alcould never be used queue on prescriptious from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In baying Hall's Catarrh Cure be sure toget the genuine, it is taken internally, and is nade in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free, 137 Soid by Draggists, price 78c, per bottle.

AN ALPENA MIRACLE.

MRS. JAS. M. TODD, OF LONG BAPIDS

In an Interview with a Reporter She Reviews Her Experience and Tells the Beal Cause of the Miracle. (From the Argus, Alpena, Mich.)

We have long known Mrs. Jas. M. Todd, of Long Rapids, Alpena Co., Mich. She has been a sail origits. Many of her friends know the story of her regovery; for the bene-fit of these who do not we publish it to-day. Eight years ago also was taken with nor yous prostration, and in a few months with muscular and inflammatory rhoumatism. It affected her heart, then has head. Her feet became so swollen she could wear nothing on them; her hands were drawn all out of shape. Her eyes were swellen shut more than half the time, her knee joints terribly swollen and for eightem months she had to be held up to be drasse I. One limb became entirely belpless, and the skin was so dry and cracked that it would bleed. During these eight years she had been treated by a score of physicians, and has also spent much time at Ann Arbor under best medical advice All said her trouble was brought on by hard work and that medicine would not cure, and that pest was the only thing which would case ber. After soing to live with her daughter she berngue entirely helpless and could not even rules her arms to court herself at night. The interesting part of the story fol-

tows in horown words:

"I was wised to try De. Williams." Pink Pills for Pale Papple and at last did so. in three days after I companied taking Pink Pills I could git up and dress myself, and after using them six weeks I went home and

after using them six weeks I went home and commenced working. I continued taking the pills, until now I begin to forget my crutches, and can go up and down steps without aid. I am truly a living wender, walking out of doors without assistance.

"Now, if I can say anything to induce those who have suffered as I have, to try Pink Pills, I shall gladly do so. If other like sufferers will try Pink Pills according to directions, they will have reason to thank God for creating men who are able to conquer that terrible disease, rheumatism. I have in my own neighborhood recommended Pink Pills for the after effects of Is grippe, and weak women with impure blood, and with good results."

Mrs. Todd is very strong in her faith in the curative powers of Pink Pills, and says they have brought a poor, helpless cripple back to do her own milking, churning, washing, sewing, knitting and in fact about all of her household dutes, thanks to Dr. Williams Pink Pills.

Dr. Williams Pink Pills contain all the ele-

household duties, thanks to Dr. Williams Pink Pills.
Dr. Williams' Pink Pills contain all the elements necessary to give new life and richness to the blood and restore shattered nerves.
They are for sale by all druggists, or may be had by mail from Dr. Williams' Medicine Company, Schenecuady, N. Y., for 50c. per box, or six boxes for \$2.50.

DAUENOUS DIPLOMACY.

A Portland man, who has just returned from a hunting trip in the for ests of Northern Maine, vouches to the Portland, Me., Argus for the entire truth of the following story, as he had it direct from the sheriff.

A man who lives in Mount Katahdin reign went into the office of a justice of the peace a few days since, and in-quired about the penalty for hunting deer with dogs, and very particularly as to whether one-half the line did not go to the informer.

The justice consulted the game laws, and assured him that it did.

"Very Well," said the man, I want to complain of myself and settle." The justice could not back out, and

so gave the transgressor "a clean bill of health," upon payment of one-half of the penalty. seems that the man got wind of

the fact that a game warden had got the "drop" on him on his deer peachings with his dogs, and was only waiting an opportunity to arrest him. Hence his shrewd bit of diplomacy.

Duplicity.

"So you think she is two faced?" "Certainly. I have seen her when her own showed through."-Detroit

remedy for all stomach and liver complaints is Ripans Tabules. One tabule gives relief, but in severe cases one should be taken after each meal until the trouble has disappeared.

THE INDUSTRIAL OUTLOOK.

WORK AND WAGES.

Items of Interest to Those Who Earn Their Bread.

The suspension of D. A. 3, the Pittsburg esembly of the K. of L., from membership in that organization merely anticipates the withdrawal of the a sembly, which had already been practically agreed upon by its

TIN-PLATE INDUSTRY.

Nearly all the tin-plate mills in the country are in operation.

There are about twenty-five plants alto-

There are about twenty-five plants altogether East, operating from two to nine mills, or stands, of inishing trains of rolls. The Astma-Standard Company, of Bridgeport, O., was the last to start. The Falcon Sheet and Tin-plate Company, of Niles, O., the only tide mill in the United States, is getting ready to start, and will be put in operation in a few days. All these mills are paying the compromise Amalgamated Association scale, with the exception of the rt. Louis Stamping Company, Marshall Bros. & Co., of Irondie, and the United States Iron and Tin-plate Ompany, of Deamier. These companies are obstrating untegra special arrangements made with the fines.

The prospects are not particularly bright for the tin-plate manufacturers, flowed? In view of the fact that in less than five months from now the fompromise the-plate scale adopted at Pittsburg recently will have expired. Predictions are frequently made that unless the manufacturers are granted further reductions in wages when the scale again comes up for settlement another conflict will take place.

West Virginia altuation in Wheeling and West Virginia has shown some improvement the past week. In this city the number of men employed in the iron and steel industries is larger than last week, and last week's employment lists were larger by twenty per cent, than the week before. There seems to be a boom, locally, in iron and steel, and the output this week is larger than at any time in six months. Brokers and those who deal largely with concerns out of this district say there is nothing in the general situation to warrant this, and that it is merely by chance that all the Whelling mills have secured contracts which will keep them all in operation at once. However, every iron and steel plant in the district is in good shape for a steady run of several weeks, and some of them have contracts which will keep them in full operation for at least three months.

In the Kanawha Valley and about Fair-

tion for at least three months.

In the Kanawha Valley and about Fairmont the call for coal is very light and the amount of employment correspondingly meager. A new coal company, composed of Pennsylvania capital has bought four local mines at Fiemington, Taylor county, and will prepare them for better production. Machinery and power haulage will be put in and the plants will have an output equal to any concern in the State. When work will begin depends upon the demand for coal.

NO LONGER KING.

The officers of the United Garment Workers of America, with an aggregate member-ship of over 50,900 in New York City have announced their intention of expelling from their fold the Cloakmakers' Union, and put an end to the supremacy of strike leader Joseph Barondess.

LABOR NOTES.

The American Flint Glass Workers' Union, of Pittsburg, has loaned the Boston and Sand wich Glass Company \$5,000 to start a new factory at Sandwich, Mass., on a co-operative basis. The company will begin the operation of a plant that has been idle for seven years, and employment will be given to 300 men.

It is stated that the United States District At is stated that the Canted States District Attorney of California will recommend to At-torney General Onley that he dismiss the charges against at least three-fourths of the A. R. U. men under arrest in his district, charged with conspiracy, growing out of the recent railroad strike.

The coal miners in the Castle Shannon Pa., mines, to the number of 185, have decided not to strike, and have acceded to the demand of the operators for a reduction of two cents per bushel, which rate went into effect Feb-ruary 1, under which the men will receive a fraction over 52 cents per ton.

A new tannery is soon to be started at Ashland, Ky., which will give employment to a large number of men. The plant of the South Boston Iron Works will be started within a few weeks, giving employment to 500 skilled

The entire plant of the Pennsylvania Steel Company, of Harrisburg, Pa, is again in operation, after a continued idleness, and more than three hundred men have been re-

Fifty employes of the Consolidated Lamp and Glass Company, at Fostoria, O., have been out for a few days past, having refused to work on new designs at new prices not provided for in the scale contract.

A number of Chicago retail firms have adopted a modified system of profit sharing with their employes, which seems to have proven satisfactory, increasing the yearly in-come of the workman.

The tailors organizations of New York have issued an appeal to the working people of the country, praying that they buy only clothing bearing the union label.

A general resumption of work will take place at Reed & Co's., glass works, at Massillon. O., within a few days. About 100 men and boys have been given employment.

After an idleness of several weeks, opera-tions were resumed at the Massillon Bridge Works, on Monday last, giving employment to a large force of workmes.

Out of the twenty-seven strikes that oc-curred in the State of Pennsylvania in 1894, only three were successful.

The trades unions of England last year spent about \$2,000,000 for out-of-work bene-fits.

BURNED AT SEA.

Fate of a Deserted Ship Seen By the Liner

Westerland.
The Red Star liner Westerland, which ar rived at New York from Antwerp, reports that on February 6, latitude 47.10, longitude 36,21, she sighted a burning ship to the northso,21, she signed a turning sinp to the north-ward, stood up for her, and at 12:45 a. m. of the 7th stuamed close to har, but could see no signs of life aboard. No boats were to be seen in the vicinity of the vessel. She ap-peared to be a large wooden ship. Hermasts were all gone, the bowsprit and the jibboom standing. After cruising in the vicinity some time the Westerland proceeded on the vovase.

The steamer Cyclone blew up in the St. Francis river, Arkansas. Eight persons were killed one one injured.

TRAIN ROBBERS FOILED.

The Engineer Cut Loose, Escaping in a Shower of Bullets,

An unsuccessful attempt was made to hold ap the northbound Gulf, Colorado & Santa Fe passenger train about 1:30 o'clock Mon day morning in a desolate region about two

day morning in a desolate region about two and one-half miles south of the little town of Overlook. The train was the fast Kansas City through passenger and express, due at Ardmore, I. R. At 2 p. in.

The railroad company has established a new watering station near the point where the holdup was attempted, and the robbers expected the train to stop at the tank for water, as is customary. As the engineer was slowing up to take water the headlight revealed several suspicious looking characters on the track ahead. He opened up and the train fairly flew by the water station, and from the underbush on either slids the train was fired upon. About lifteen shots were fixed. Most of the bullets took effect in the sleeper. No one was hurt, although one passenger's head was missed by a bullet by but a few inches. Deputy marshals were dispatched to to the spot where the holdup was attempted.

COMPLETE SURRENDER .

Japanese in Possession of Wei-Hai-Wei, With Small Losses.

Intelligence has been received of the surender of the Chinese forts and warships at Wej-Hai-Wei. The surrender is complete and the Japanese are in full possession of Wei-Hai-Wei,

Wei-Hai-Wei,

The commander of the second Japanese army, in an official report of the operations of that body before Wei-Hai-Wei, says that its losses from the 29th of January to the 1st of February were 83 killed, including flyo officers, and 219 wounded, including General Oters and three other officers. During the same period 709 of the onemy were killed.

It is reported from Shaughi, in Tien Tsin, that the Chinese warships Chen Yuen, Ching Yuen and Kwang Ting are still affoat at Wei-Hai-Wei. Their immunity from destruction is ascribed to the fact of the Chen Yuen having netting to protect her from torpedoes and the other quick-firing guns, enabling them to resist the attacks of the Japanese.

Brooklyn Strike off.

Brooklyn Strike off.

As a result of a conference held Tuesday afternoon between President Lewis and the board of directors, of the Brooklyn street railway, and ex-Assembly John Grataum and Police Justice Tighe, the troiley strike in Brooklyn which was begun on January 14 last, will be called off Wednesday. Mr. Graham said the men withdraw all demands, except that the strikers be returned to their old places. President Lewis promised to take the men back, one by one, but no new men will be discharged to make room for the old.

Mrs. Davis, teacher of a district school three miles north of Lyons, N. Y., was found frozen to death in a snow bank, where she had lain since Friday morning.

We don't see what fun there can be in kissing a girl out skating when her nose is cold.

THE ONWARD MARCH

of Consumption is stopped short by Dr. Pierce's Golden Medical Discovery. If you haven't waited be yound reason, there's complete recovery and cure.

Although by many believed to be incurable, there is the evidence of hundreds of living witnesses to the fact that, in all its earlier stages, consumption is a curable discase. Not every case, but a large percentage of case, and we besteve, fully 98 per case, and cure with the fact that, in all its earlier stages, consumption is a curable discase. Not every case, but a large percentage of case, and we besteve, fully 98 per case, are cured by Dr. Pierce's Golden Medical Discovery, even after the disease has progressed so far as to induce repeated bleedings from the lungs, severe lingering cough with copious expectoration (Including tubercular mafter), great loss of flesh and extreme emaciation and weakness.

Do you doubt that hundreds of such cases reported to us as cured by "Golden Medical Discovery" were genuine cases of that dread and fatal disease? You need not take our word for it. They have, in nearly every instance, been so pronounced by the best and most experienced home physicians, who have no interest whatever in misrepresenting them, and who were often strongly prejudiced and advised against a trial of "Golden Medical Discovery," but who have been forced to confess that it surpasses, in curative power over this fatal malady, all other medicines with which they are acquainted. Nasty cod-liver oil and its fifthy "cmulsions" and mixtures, had been tried in nearly all these cases and had either utterly failed to benefit, of had only seemed to benefit a little for a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain. The photographs of a large number of a short time. Extract of malt, whiskey, and various preparations of the hypophosphites had also been faithfully tried in vain.

The photographs of a large number of those cured of consumption, bronchitis, lingering coughs, astima, chronic masal catarrh and kindred maladies, have been skillfully reproduced in a book of 160 pages which will be mailed to you, on receipt of address and six cents in stamps. You can then write those cured and learn their experience. Address World Dispensary Medical Association, Buffalo, N.Y.
