The world is full of men who intend to become benefactors by and by, who are very slow about going to work.

The Journal of Cleveland wants some one to invent a way to barrel up some of the cold weather we have been having for dog days.

According to Hon. W. O. Smith's statement the new Legislative Apportionment will give Jefferson county two Representatives.

A bill will be presented to the Legislature to change the time for holding teachers' institutes from winter to the summer vacation.

Representative Sorg, of Ohio, is the richest man in Congress. He is worth about \$15,000,000, and has an income of \$1,000,000, mainly from his tobacco factory.

The man who makes information against a blasphemer and invokes the law to have him properly punished, does as much, and more, for the good of the people by that one act than ten sermons from a pulpit on the third commandment.

If all the money that has been paid for sleighing parties in Brookville this winter had been put into the hands of the poor overseers, it would have bought food for all the people now "on the borough," with some left over to give to other poor families that have lived very frugally.—Brookville Democrat.

Newspaper men always know more than they write; they always shield more than they expose; they are always more merciful than cruel, truly remarks an exchange. The man who trusts the average newspaper man may rely on the fact that he will be treated fairly.

It's just like a woman to scold about the little troubles and be brave about the big ones. To overestimate their own beauty far less than they underestimate their own goodness. To faint at mice and spank tigers with a broomstick. To value a baby above the world; or a pug dog above a baby.

At the last session of the Legislature an unsuccessful attempt was made to have a bill passed and signed by the Governor making Jefferson county a separate judicial district.

Trouble runs to meet those who go out to borrow it.

The devil watches the feet. God sees only the heart.

Wrong doing of every kind has in it the seed of murder.

Some of the devil's best work is done by careless people.

The devil keeps close to the man who gets mad quick.

One step toward God will put the devil behind your back.

The man who bends one of the commandments breaks them all.

A lie is always a few shades blacker than the sin it tries to hide.

No man gets religion right unless it makes a big change in his life.

Men who serve God only when they feel like it never do a full day's work.

Every stone thrown at a good man here adds a jewel to his crown in heaven.

The devil has no special anxiety about the man who is well pleased with himself.

The devil likes to hang around a man who never says no as though he meant it.

It doesn't pay to be a wobbler in business, and it is just as foolish in religion.

Faith without works is not worth any more than a watch in the same condition.

It is poor policy to hire a man to watch a bank who believes that stealing chickens is right.

There are men so small that when they give a quarter for the heathen they think God ought give them a big wheat crop.
