

A Little of Everything.

Hear the Jubilee Singers. The robins have come again. Robinson's specialty is shoes. Get your seed oats at Swartz's. "Hear dem darkies" April 16th. Robinson's is a special shoe store. House cleaning time draweth near. Jubilee Singers Tuesday, April 16th. Car No. 1 white seed oats at Swartz Bros.

Robinson's shoes are cheapest because they are the best. The borough schools finished the winter term Monday. The West Reynoldsville Normal school opened Monday. The Keystone band played on the streets Saturday evening. Tickets on sale at Reynolds' drug store for the Jubilee Singers. If you want to save money, buy your dry goods at Bing & Co's. Every day (except Sunday) is a special sale of shoes at Robinson's. The famous Canadian Jubilee Singers at Centennial hall April 16th. Bell, the clothier and merchant tailor, is making a fine all wool clay for \$18. There is one thing sure, Bing & Co. have a nice line of ladies and misses hose. Don't fail to hear the colored lady elocutionist with the Canadian Jubilee Singers. At King & Co's you will find baled hay, salt, flour and a full line of general merchandise. Don't wait for a special day to buy shoes. Ours are all special. Same price every day. Invitations have been issued for a dance in the Reynolds block Monday evening, April 15th. Gentlemen, call and see the fine line of suiting we are making to order for \$16. Bell, the clothier. Prices appeal to your pocket-book and quality of goods to your palate at Robinson & Mundorff's. The M. E. Sunday school will hold special Easter services in the church at 11.00 A. M. next Sunday. Better fall in line, march with the crowd; the tide is flowing to Robinson & Mundorff's cash grocery. The W. C. T. U. will hold their regular meeting Wednesday, April 10th, at 3.00 P. M. at Mrs. A. E. Dunn's. We will mix in some black with the red, white and blue Friday and Saturday, April 19 and 20. Deemer & Co. Our red, white and blue Friday and Saturday, April 19th and 20th, with a little black, will be immense. Deemer & Co. The Seelye, Alexander & Co. bank was closed all of Thursday afternoon on account of the funeral of Mrs. Spackman at DuBois. Mary, look at the ladies in at Bing & Co's! They have found the place to get fine goods at reasonable prices. Let us go in? Get your tickets early for the Canadian Jubilee Singers. Best company on the road. Ten colored people. Lady elocutionist. A little naked truth—your money will get you more goods at Robinson & Mundorff's cash grocery than at any town in this section of Penn'a. Ladies, misses, children and gents, look out for our red, white, blue and black Friday and Saturday, April 19 and 20. Deemer & Co. Good goods and low prices have the same effect as good "sticking plaster," they draw. To verify truth of this, see the people go to Robinson & Mundorff's cash grocery. E. E. Stewart has recently put up a beautiful granite monument in Beulah cemetery over the grave of Mrs. Jos. T. Guthrie. Mr. Stewart puts up the finest kind of work. The Baptist and Presbyterian Endeavor Societies and the Epworth League will hold a union prayer meeting in the Presbyterian church at seven o'clock Easter morning. The A. V. R'y is putting down a substantial stone sidewalk from the station platform to connect with the sidewalk in front of the property next to the railroad company's property. Just as soon as possible the back yards and cellars of the town should receive attention, before the warm days come, which are sure to develop the germs of disease in countless numbers. The Winslow township school directors paid all their school teachers up in full Saturday for the winter term with the exception of the Sykesville teachers. That school has not closed yet. H. J. Nickle invites everybody to call at the Reed building and examine her stock of all kinds of goods usually kept in a variety store. The goods are all good quality at reasonable prices. Imitations is said to be the sincerest flattery, but you will find it expensive to use an imitation of "Adamant Plaster." A book that will tell you all about the "right kind" of H. Alex. The Reynoldsville Hardware Co's. store has a large line of samples of Brussels carpet to select from. If you want a new carpet call and see what they have to offer you. Telephones were put in A. D. Deemer & Co's store in the Arnold block, and H. S. Belnap's wholesale liquor house last week. It is likely a number more telephones will be put in business places in this town this month. An article on "umbrellas" was received at this office last Thursday but the author's name failed to accompany the communication and the waste basket laid claim to it, and of course the article was assigned to the basket. A fifth street citizen was temporarily insane Monday evening and started for the woods. About 8.30 a dozen men, with lanterns, went out to hunt for him, fearing he might do himself injury. He came in of his own accord. The "grip" is leaving a large number of its victims in bad shape. It attacks the weak parts of the body. Great care should be taken by all who get the "grip." Some people are careless and expose themselves and suffer the results. A report of the Reynoldsville Building and Loan Association for year ending March 18th, 1895, will be found in the supplement in this issue of THE STAR which will be interesting reading to a large number of people in Reynoldsville and vicinity. Two or three Italians assaulted a Prescottville girl near Tom Reynolds' barn on Main street Saturday night. It is well for the Sons of Italy who were so bold that it is not known who they are or they would likely not make another such an attempt in Reynoldsville. Have you your property insured? This is the time of year for fires. If you are not insured don't wait, but call on or address C. B. French, the Reynoldsville insurance agent, at once and get his rates. The best companies represented. Office, Nolan Block, with G. M. McDonald, lawyer. Committees from the Methodist, Baptist and Presbyterian churches met in the Baptist church Monday evening and appointed a committee of two, Revs. Johnson and Kelley, to engage, if possible, Evangelist Schiverea to come to Reynoldsville in the near future to hold a series of meetings. The committee went to DuBois yesterday but were unsuccessful in getting the Evangelist to promise to come here. The Canadian Jubilee Singers gave three of their charming concerts in Plymouth Tabernacle on the evenings of Oct. 12th and 13th, and also on Sunday, the 14th. Everybody was delighted. They stir the soul, appeal to the intellect, and in fact strike up sympathy with man's entire nature. Our people were completely captivated.—Morgan Wood, Pastor Plymouth Tabernacle, Detroit. At Centennial hall April 16th. The Odd Fellows installed the following officers Saturday evening, April 6th: N. G., Math. Mohny; V. G., John Benson; Sec., M. I. Winslow; Asst. Sec., H. L. Fireman; Treas., Fred. F. Schurig; Warden, Wilson L. Barry; Conductor, John Borgeson; I. S. G. Wm. Anderson; O. S. G., A. G. Millren; R. S. N. G., James Orr; L. S. N. G., F. W. Deemer; R. S. V. G. David Heffner; L. S. V. G., L. G. Lidle; R. S. S., John Hoffman; L. S. S., John Nelson. Some tramps are getting independent and will not accept anything to eat unless they get just what they want. One of this specimen of tourists was in West Reynoldsville one morning last week after breakfast time and he went at least to a dozen houses looking for a warm breakfast, he would accept nothing else. If they continue getting bold it will only be a short time until they will go into houses at meal time and order up the best meal in the house. Two Italians with as many cinnamon-colored bears, were in Reynoldsville Saturday forenoon. They made the bears dance at different places in town until the animals were played out. One of them would lay down every opportunity it got. Such work is cruelty to animals and a stop should be put to it. These lazy fellows who tramp from town to town and collect pennies, nickels and dimes for the "bear dance" should be compelled to engage in some other business. Bear dancing is getting old any how. There is a heavy grade on the P. & E. railroad near St. Marys that freight trains run very slow. One day last week three men got on the engine of a freight train, that was working hard to get up the hill, and with a revolver pointed at the engineer's head made him stop the train and then they got off the train and amused themselves stoning the engine as it started again. The railroad detective had the men in his custody inside of twelve hours after their "wild west sport" and they are now languishing in the Elk county jail awaiting a decision of the May term of court on such conduct.

SAD ACCIDENT.

William Downs' Legs Crushed Under Car Wheels

A very sad accident occurred near the old weigh office on the company store on the R. & F. C. R'y Wednesday evening which resulted in the death of Willie, the only son of Nicholas Downs, at half past twelve Wednesday night. The company run a train of box cars to and from the mines to accommodate the miners. Mr. Downs lives in "Snyder-town" and got of the train near Prescottville and called to his son to get off but Willie wanted a longer ride and remained on the train until it arrived at the old weigh office and then in some manner fell off the train and under it. His left leg was cut off below the knee and his right foot was so badly crushed that amputation would have been necessary. Two or three doctors were soon at the boys side and they remained with him until the Death Angels came for his spirit. Reaction did not set in and the young life ebbed away without the doctors amputating his one leg and trimming up the other one that had been crushed off on the rail. There is a half dozen stories as to how the accident happened. Some say one thing and some another. Willie Downs, who was small for his age, was eighteen years old on the day he met such an untimely death, and was largely depended upon to support the family as Mr. Downs has had poor health for some time and has not been able to do much work. The boy worked in Big Soldier mine. The parents are sadly bereft and are almost heart-broken over their loss. It is sad for the parents to part with their boy yet it is better for them and him that death covered up the awful work done by the train, for a boy with both feet off would be a burden to himself and his parents. Mr. Elliott, general manager for the B. L. & Y. C. M. Co., has warned the men time and again to be very careful in getting on and off the train so that no accident befall them. Funeral services were held in the M. E. church Saturday afternoon, conducted by Rev. P. J. Slattery, pastor of the church, and Rev. H. R. Johnson, pastor of the Presbyterian church. A very large crowd attended the funeral. The order of Red Men, of which Mr. Downs is a member, and the Sons of Temperance, of which the deceased was a member, attended the funeral in a body. Willie Downs was a member of the Presbyterian Sunday school and Endeavor Society.

Death of Mary Harries.

Mary Leticia Harries, daughter of John Harries, of Worth street, died at 11.10 P. M., Friday, April 5th, from consumption. Four years ago Mollie's mother died and about four weeks after that she was very ill for some weeks from which she never fully recovered. Two weeks ago last Sunday the "grip" laid hold of her delicate frame and hastened the end of her earthly existence. Mollie was 24 years, 5 months and 24 days old when she died. When her mother went out from their home Mollie took the mother's place and tenderly and lovingly watched over the household and cared for the two little ones who needed a mother's care. She was a member of the M. E. church, member of the Epworth League and teacher in the Sunday school. Although in poor health she was at her post of duty in the Sunday school almost every Sunday morning. She was perfectly resigned to leave the shores of time. One hour before she died she went to sleep singing, "Safe in the Arms of Jesus," and peacefully slept out of time into eternity. Funeral services were held at the M. E. church at 1.30 P. M., Monday and her remains were buried in the Syphrit cemetery beside the remains of the mother, two sisters and one brother. Mollie's Sunday school class and the Epworth League attended the funeral. A large crowd of friends were at the services in the church. The League furnished a cross of beautiful flowers.

Not Given Up Yet.

The readers of this paper are aware of the fact that an attempt has been made during the past two weeks to get a wire glass plant to locate here. Some of the business men are a little afraid of taking up the proposition made by Mr. Stauffer because they think \$22,500 is a large capital to put up against the patent and experience offered by Mr. Stauffer. The committee appointed by the Board of Trade succeeded in raising considerable money, but not enough to meet the requirements, and for the present there will be nothing done about the project, yet the hope of getting the plant in Reynoldsville has not been abandoned. There are persons interested in the matter who can put up the capital for the entire \$22,500 if they feel so disposed. They are investigating things and when satisfied that everything is all right it is possible Reynoldsville will have glass works.

Two Men Killed.

A B. R. & P. freight train ran into a washout within two miles of Punxsutawney at four o'clock yesterday morning and the engine and eighteen cars were piled up. Engineer Edward Taylor and fireman Morris Shay were killed, and the conductor and front brakeman badly injured. All trains were delayed on the road. Flour and feed, wholesale and retail, at Robinson & Mundorff's.

New School Building.

The school directors met in the office of Esq. M. M. Davis Monday evening to decide on one of the many plans submitted to them for the new school building. They accepted the plan of Ed. J. Carlisle & Co., architects of Pittsburg, which is as follows: Building is to be 132x92 feet, three stories high; two school rooms in basement, six rooms on first floor, seven rooms on second floor, making a total of fifteen school rooms, and an auditorium, that will seat from 700 to 800 pupils, on third floor. A stage and two dressing rooms will be in connection with the auditorium. The building will also contain a room for a library and a private office for the principal of the schools. A tower with two fronts, one on Main street and the other on Grant street, will adorn the building. The school house is to be built of brick. The Smead System of heating, ventilating and dry closets will be put in the building. The architects say the building can be erected ready for the seats for \$25,000. Work on the building will begin in June and it will be finished about Christmas time.

An Old Land Mark Gone.

At six o'clock on Monday morning, April 8th, 1895, Joseph Syphrit, one of the old land marks in Paradise settlement, breathed his last. Joseph Syphrit was born in Canada in 1814. In 1816 his father moved to Westmoreland Co., Pa. In 1837 Joseph Syphrit was united in marriage to Miss Mary Campbell. In 1841 they moved to Jefferson county, where Mr. Syphrit has since resided. His first wife died about fifteen years ago and in 1885 he was married to Caroline Allison. Thirteen children were the result of his first marriage. He had forty-four grand children, and eleven great grandchildren. When twenty years old he joined the Methodist Episcopal church and ever afterwards lived a consistent member of the same, therefore, death had no terror for him. He was 81 years, 1 month and 22 days old, and considering his life on earth the following scriptural quotation is very applicable: "Thou shalt come to thy grave in a full age, like as a shock of corn cometh in in his season." Four years ago last winter Mr. Syphrit froze his feet, from which he had more or less trouble up until three months ago when one of his feet became so sore that he was confined to his home. Last week gangrene set in and soon sapped the vitality from the body that had stood the storms of many winters. Mr. Syphrit was able to go to the table and eat with the family on Friday. The deceased was an honest, upright, hard working man. His remains were buried in the Syphrit cemetery yesterday. Services were conducted by Rev. P. J. Slattery.

Council Meeting.

In obedience to call of Burgess Lattimer, Council met in a special session on Monday evening, April 8th, for the purpose of acting on final exonerations of tax collector, and for the transaction of general business. Members present, McClelland, Ritzke, Heckman and Robertson; absent, Shields and Reynolds; President McClelland presided. Minutes of meetings of March 4th, March 18th and April 1st read and adopted. Tax Collector Pentz was unable to attend, and by mutual agreement the matter of exonerations was postponed until Friday, April 12th. M. M. Fisher appeared and asked for a grade for pavement in front of his property on Main street; referred to street committee. J. Hamblett asked for exonerations from dog tax; deferred until April 12th. The following bills were presented and on motion ordered paid: L. A. Stiles, services as policeman, \$2.00; Jas. McPherson, services as policeman, \$7.00; A. Rodgers, burying a dog, \$1.00; Green & Conser, meals for prisoners, \$2.50; J. D. Lowther, Street Commissioner, \$18.65; Samuel Lattimer, Commitments, stationery, etc., \$4.33. Petitions presented, asking that none but American citizens be employed on street work, and that preference be given to citizens of Reynoldsville and vicinity, all things being equal. Upon motion made, seconded and unanimously carried, the petitions were ordered filed and placed on record. Bond of John Trudgen as overseer of poor presented and on motion approved. There being no further business, council adjourned to meet on Friday evening, April 12th, for the purpose of taking final action on exonerations.

Don't Fail to Hear Them.

Save your money to hear the charming concert to be given in Centennial hall April 16th by the famous Canadian Jubilee Singers who made a 5 years' tour of Great Britain and entertained crowned heads. The company is composed of ten colored people, all fine artists.

COAL MINING NEWS.

The B. L. & Y. C. M. Co. Make the Men an Offer.

Two weeks ago last Saturday the miners and mine laborers of this place held a mass meeting in Centennial hall and decided to ask the B. L. & Y. C. M. Co. for an advance of ten cents per ton for pick mining and machine men and other mine laborers to get a raise in proportion. Three delegates were appointed to attend the district convention held at DuBois on the 27th ult. At that convention it was decided to ask for five cents of a raise instead of ten. The action taken by the convention was reported to the company, requesting an answer before April 8th. On April 5th the B. L. & Y. C. M. Co. gave their men the following answer to the request made for the advance: That it is well known that the operators in regions competing with us are all paying as low, and some lower rates for such work than we are. It is further well known that for nearly five months after resumption last summer, we, together with the R. and P. C. and I. Co., paid five cents more for mining than our nearby competitors, and instead of an advance in other regions, some, notably Pittsburg, went far below us, much lower in fact than we have ever been. All must admit that an equitable and even rate should be paid by competing regions, and we are loath to believe that our employees demand of us an advance without an expectation or belief that our competitors shall pay the same standard as ourselves. But in order that a 40 cent rate shall be established, we are willing to again take the initiative to that end, and therefore make the following proposition: If our employees agree to work uninterruptedly during the month of April, 1895, at the present price of mining, we hereby agree to advance the price of pick mining to 40 cents, and machine mining to 25 cents per net ton on May 1st, 1895, and to pay all day labor the same price as when we last paid the 40 cents per net ton for mining, with the distinct understanding and agreement with you, however, that if the Pittsburg rate shall not be advanced to 60 cents, and the Clearfield and Beech Creek regions to 40 cents per net ton on or before June 1st, 1895, you will resume without question on and after June 1st, 1895, at the present rates paid, and work at this rate until the above regions are paid 60 cents and 40 cents respectively, when we will agree at the same time, to resume again at the 40 cents per net ton rate. No other questions than those of labor to be affected by this arrangement. GEO. H. LEWIS, President. S. B. ELLIOTT, General Manager. The convention at DuBois Monday decided to ask the company to make the proposition offered the men to take effect April 15th. Another convention will be held in DuBois on the 19th inst. The miners of this place held a mass meeting in Centennial hall last evening and appointed a committee to wait on General Manager Elliott and ask that the advance go into effect on the 16th of this month.

Not a Very Lively Board of Trade.

Last Friday night was the regular night for the Board of Trade meeting but there were not enough present for a quorum and there was no business done. The people of this town should take interest enough in the Board of Trade to attend the meetings. New officers were to have been elected, the glass plant works to be disposed of, and action to be taken on a communication from a gentleman who is looking for a location for a plant to manufacture bath tubs and plumbers supplies. This plant would employ from forty to fifty men. Chas. Herple, chairman of the department of manufacturing, noticed by the Pittsburg papers that parties were contemplating locating the above mentioned plant at New Castle and he wrote to them about locating in Reynoldsville, and it was the answer to his letter that was to have been read before the Board of Trade. It is likely it will not require very much inducement to get the plant. This town should surely be able to catch some of the manufacturing plants that are seeking good locations. There is no other town that has better advantages to offer manufacturing establishments. Fuel, railroads, and everything that could be offered, but the men of our town who have capital will not see that it is to their advantage to give a little to get manufacturing into this town. All they give would return to them a hundred fold in a short time, by the enhancement of their property, to get hives of industry going in Reynoldsville. When the business men fully awake to the position and are willing to give liberally, then the town will make wonderful strides along the lines of prosperity. A live Board of Trade, not one that is half asleep, is what this or any other town wants if it would succeed.

Don't Over do it.

It is doubtful if another town in Pennsylvania will have as many bicycles in it as will be found in Reynoldsville this summer and the paved street is a delightful place to speed the "critter" on but we fear the bicyclists will spoil some of their sport before the season is fairly opened by racing on Main street, between Fourth and Fifth streets, in the evenings. The pleasant evenings not only bring out the bicycle riders, but "young America" is out also and no place suits the urchins quite so well as the middle of the street. There is always a crowd of people on the street in the evenings and bicycle racing on the streets is a very dangerous practice. We merely mention this to avoid any accident that may occur from fast riding and result in the borough reducing the speed so slow that there would be no pleasure riding up and down Main street, and we don't want to see that happen. A small boy was knocked down by a bicycle last Friday evening.
