

That Tired Feeling

Is a certain indication of impure and impoverished blood. If your blood could always be rich and pure, full of the red corpuscles upon which its vitality depends, you would never be weak, or Nervous! Boils, pimples, scrofula, salt rheum, would never trouble you. But our mode of living, shut in all winter in poorly ventilated homes and shops, depletes the blood and there is loss of appetite and weakness. Hood's Sarsaparilla is the standard remedy for this condition. It purifies, vitalizes and enriches the blood, overcomes that tired feeling, builds up the nerves and gives perfect health. Read this:

Discharging a watery fluid, and the burning and itching would drive her nearly wild. Unless we ceased her little hands she would tear patches of skin from her face and hands. We tried many doctors and many remedies and at last gave the case up as hopeless. But our daughter Cora tried Hood's Sarsaparilla, to cure a scrofulous lump near the left breast which caused her much pain and after taking 4 bottles it disappeared. Blanche, who is now eleven, had spent seven years of suffering, so I concluded to give her Hood's Sarsaparilla. She took 5 bottles and her face is smooth and soft as a baby's, the color of a rose petal. Her hands are soft and white, where four months ago they were blue and red and calloused nearly like leather. I cannot express my gratitude by pen or mouth. It seems a miracle and our friends are surprised." Mrs. ANNA L. CLARK, 401 East Fourth Street, Duluth, Minnesota.

Hood's Sarsaparilla Is the Only True Blood Purifier

Prominently in the Public Eye Today.

The Aermotor All Steel Feed Cutter Worth \$40 FOR \$10

We will furnish this feed cutter, one only in one year, and later than July 1, 1916, for \$10.00, and one dozen of its cutters and augers of the same kind for \$10.00. This offer will be extended to our customers only on their location and will only be valid if you send something to our office by July 1, 1916, and we will not be held to this offer unless you receive our letter concerning this offer. It is hereby made a condition that you send us a check for \$10.00. If shipped from Chicago, freight will be added. Branch houses back freight will be added.

W. L. DOUGLAS

IS THE BEST
FIT FOR A KING.

They give the best value for the money. They equal custom shoes in style and fit. Their wearing qualities are unsurpassed. The prices are uniform, everywhere. From \$1 to \$3 saved over other makes. If your dealer cannot supply you we can.

The Greatest Medical Discovery of the Age.

KENNEDY'S Medical Discovery.

DONALD KENNEDY, OF ROXBURY, MASS., Has discovered in one of our common pasture weeds a remedy that cures every kind of Humor, from the worst Scrofula down to a common pimple. He has tried it in over eleven hundred cases, and never failed except in two cases (both thunder humor). He has now in his possession over two hundred certificates of its value, all within twenty miles of Boston. Send postal card for book. A benefit is always experienced from the first bottle, and a perfect cure is warranted when the right quantity is taken. When the lungs are affected it causes shooting pains, like needles passing through them; the same with the Liver or Bowels. This is caused by the dots being stopped, and always disappears in a week after taking it. Read the label. If the stomach is full or bilious it will cause squeamish feelings at first. No change of diet ever necessary. Eat the best you can get, and enough of it. Use one tablespoonful in water at bedtime. Sold by all Druggists.

Densmore Typewriter, Edison Phonograph, Second-Hand Typewriters. PITTSBURG TYPEWRITER CO., 443 WOOD STREET, PITTSBURG, PA. SALESMEN WANTED. To sell our goods wholesale and retail. We sell on sight to every business man or firm. Liberal salary, money advanced for advertising and expenses. Permanent position. Address, with stamp, KING MFG. CO., 241 Chicago, Ill. AGENTS WANTED. One earned \$1,300 many over \$1,200 in 91. P.O. 1871 New York

BANDITS GET \$16,850.

By Holding up a Wells-Fargo Express Wagon. The mail and express wagon which connects with the Midland Terminal Railroad at Grosby was boarded Thursday about two miles from Cripple Creek, Colo., by two men, who overpowered the driver, Robert Smith, secured an express package containing \$16,000 and escaped on horse back. The hold-up took place about 9:30 o'clock on the summit of Vanderfoot Hill, on the highway between Cripple Creek and Grosby. The mail and express wagon was en route from Grosby to Cripple Creek. Two men sitting beside the road accosted Smith, asking for a ride. He drew up his team and one of the men climbed up to the seat beside him while the other mounted the baggage behind. As soon as Smith started to drive on the man behind struck him on the head several times with a revolver. The blow staggered, but did not stun him. The man on the seat with him also drew a revolver, and leveling it at him, commanded him to get down, walk to the horses and hold them. He complied, and while he was covered with their guns, they ripped open and rifled the mail and express pouches. After securing \$16,000, which was being shipped to the Cripple Creek banks, and several other valuable packages they unhitched the two lead horses, mounted them and rode off rapidly into the mountains. Smith, who was very weak and bleeding profusely, drove into the city as quickly as possible. When he drew up in front of the Wells-Fargo express office he fainted and fell from his seat. He was revived in a few minutes and related what had befallen him.

VENEZUELA THANKFUL

Message and Resolutions of Congress Concerning This Country. President Crespo, of Venezuela, has sent a special message to the congress of Venezuela concerning the attitude of the United States on the British Venezuela question. Immediately following the receipt of the president's message the congress passed resolutions and great enthusiasm, heartily thanking the United States for its sympathy and support. Senator Andrade, the Venezuelan minister at Washington, received copies of the message and resolutions. In a day or two he has procured copies to be delivered to the state department and probably to the president. The people also are getting up a monster popular petition breathing the warmest appreciation for the support of "the great republic of the north." President Crespo's message called the attention of the Venezuelan congress to the message sent by President Cleveland to the United States congress suggesting arbitration and to the passage of a series of resolutions in the line of Mr. Cleveland's suggestions. President Crespo suggested that suitable resolutions of thanks be adopted, which the Venezuelan congress at once did in joint session amid great enthusiasm. Word reached the minister at Washington that Venezuela feels so secure in her rights that she is pushing forward public improvement in the disputed territory.

COUNTERFEIT STAMPS.

Those of the Two-Cent Kind Made in Hamilton, Ont. The United States secret service detectives have unearthed in Chicago a lot of counterfeit postage stamps. They are the pink 2-cent stamps. A package containing 10,000 of the counterfeit stamps was seized at the Wells Fargo express office Chicago. They were made in Hamilton, Ont. The counterfeit stamps were made in the chamber of commerce building, was the man who gave the officers the information. He saw an advertisement of the Canadian novelty and supply company, of Hamilton, Ont., in a Chicago newspaper, offering \$115 worth of 2-cent stamps for \$100. He sent for them, but when they arrived he became suspicious they were counterfeit, and notified the officers. A dispatch from Washington says the secret service officials have been on the watch for something of this kind since January, when they learned of a man making inquiry, under suspicious circumstances, as to the process of printing stamps. The officials of the secret service are working on the case in connection with the postoffice inspectors. It is believed at the postoffice department that purchasers of stamps will be very careful to secure legitimate issues, and that not many of the counterfeiters have been disposed of. No change will ever be made in the present issue of the 2-cent stamps.

MANY KILLED.

Buildings Collapse With Awful Results—Mine Disaster. The most fearful disaster in the history of Wheeling occurred at 8:30 o'clock Tuesday morning. The four-story building of T. T. Hutchinson & Co., 347 1222 Main street, dealers in hardware, saddlery and carriage trimmings, fell with an awful crash, carrying down with it the five-story building of W. H. Chapman & Co., a jewelry and optician, on the upper side, and crushing in the street walls of the building of S. M. Rice & Co., wholesale military dealers on the lower side. Six lives were lost and several persons injured. The debris caught fire, but the firemen got it under control. The lost in the disaster, as follows: Mike Horan, Eugene Burke, Robert Wincher, all employees at Hutchinson's. Rev. Father F. H. Park, vicar general. Harry Cowl, a messenger boy. Benjamin Friedman, a bookman business man. Wm. Crabbe, cab driver, is missing and is supposed to be among the dead. His cat was caught under the ruins. A fearful explosion of dynamite occurred in the Blue Canon mine on Lake Whelan's property, about a mile from the tunnel in the blackened bodies of 23 miners, while only two of who were in the mine when the explosion occurred lived to tell the story of the frightful catastrophe and their marvelous escape.

FRAUDULENT MORTGAGES.

An Omaha Broker Swindled Pennsylvania People. Frank Roseberry, a real estate dealer, who left Omaha, Neb., suddenly two weeks ago, is alleged to have been connected with some extensive swindling through bogus mortgages placed with eastern investors. Bills have been instituted to foreclose on mortgages of John B. Watts, Sarah E. Stryker and others of Eastern Pennsylvania. Each had advanced \$1,000 on the instruments which purported to cover valuable Omaha real estate apparently recorded in proper form. Investigation proves that all the persons whose names appeared as mortgagors in this property were myths and the lots were not in existence. The notary and recorder signatures were forged. Losine \$10,000 a Day. As a result of the strike of the coat makers in Cincinnati, \$10,000 is being lost daily by that and other canners. The latest estimate of the number thrown out of employment is 9,000, with a probability that it will be increased to 10,000. The cut in wages came primarily from the wholesalers, and of course, reacted on the wage-earners. The boss coat makers claim that if late they have been making so slight a margin that it had begun to be almost unprofitable to remain in the business.

NEWSY CLEANINGS.

There were 513 books printed last year. Spain exports 1,450,000,000 oranges a year. Montana's gold output in 1915 was \$4,500,000. Great Britain has only 49,930 volunteer soldiers. Melbourne, Australia, has eighteen cable read systems. The Salvation Army is still stoned in the streets of London. Britain's belligerent attitude toward France causes concern in Europe. The Minnesota Legislature has refused to remove the capital from St. Paul to Minneapolis. A jury in a Chicago court gave a verdict of \$5300 to a plaintiff whose eye had been injured by an agent of a transportation company. Rock salt has been discovered on the land of Joe Jefferson, the actor, in Southern Louisiana. The Royal Humane Society issued 621 rewards last year to persons who, collectively, saved 850 lives. August Swanson, of Clinton, Iowa, beheaded his seven-year-old son, using a hand ax to commit the murder. A large deposit of asbestos was recently discovered twelve miles northeast of Dillon, Montana, and can be traced for a distance of 2500 feet. Last year Montana shipped about 350,000 head of cattle to Eastern markets. The shipments this season will probably be very nearly 400,000 head. An unknown disease is raging among cattle in certain sections of Wisconsin. The animals attacked show signs of uneasiness on their feet, soon falling down and dying in a few minutes. F. W. Childers and Ida McGinn, two members of the Shaker settlement at South Union, Ky., were married recently. As the rules of the Shakers forbid marriage, they cannot return to their community. Judge Baker, of the United States Court has decided that the directors of a bank in Indianapolis are responsible and must pay \$25,000 received from the International Typographical Union on the strength of false reports of its solvency. Towns along the line of the Great Northern are excelling in their care for tramps arrested and placed in their jails by the company's detectives. Bassell's order that postal clerks must live on the lines of railway over which they run will be enforced by his successor as Postmaster General, Mr. Wilson. Julius Schwabacker, son of the millionaire distiller, who a year ago was caught robbing the residence of Mrs. Frank Bell, of Peoria, Ill., has been found guilty and his punishment fixed at five years in the Joliet Penitentiary. Those Southern California towns that are excited over the news of the arrest of a man who has been found to be a valuable man in need of assistance has fallen off at an astonishing rate.

REBEL PLOT IN COLOMBIA.

Two Persons Shot by Order of the Government. A cablegram from Panama, Colombia, says: Advice from Cartagena confirm, in part, the previous report of the defeat of the rebels at Santander and Boyaca. The government, however, suffered heavy loss in each case. A plan to attack the barracks at Cartagena, release all political prisoners and overthrow the government was discovered in time and frustrated. Many women, prominent in society, were implicated in the plot. They furnished the rebels with arms, money and uniforms. Inocenencio Laiga and Francisco Palacios were shot by order of the government in Tacovita. They held up and killed four mail carriers who were carrying important dispatches. Two Bandits Killed. Two more of the Denver train robbers have been killed in Oklahoma. Tuesday night a posse of United States deputy marshals located the robbers and robbed daylight. During the night the bandits fled, but the posse took up the trail and followed the gang to a deserted ranch 70 miles northwest of Hennessy. Here the outlaws were surrounded by the officers and challenged. Their reply was a volley of bullets. Then followed a desperate fight, and after a short battle three of them escaped, closely pursued by a part of the marshals, the rest taking charge of the two outlaws that had been killed. One of the marshals was badly wounded except one named Moore, who received a bullet in the shoulder, more painful than dangerous.

Successful Shell Tests.

At Indian Head on the 9th, a 13-inch semi-armour piercing nickel steel shell passed through a seven-inch nickel steel plate, without exploding or exposing the large charge of powder it carried. A percussion fuse passed through a screen erected in the river, and burst 10 or 12 feet on the other side. The distance at which the shells exploded was just about what the department desired. One of the most kind of shells was also fired through a two-inch steel plate, bursting on the other side. A successful test was also made with the six-inch gun on cases.

Bibles for Mongolians.

Before the New York East conference Dr. Hunt reported that 100,000 Bibles had been distributed in China during the past four months. A copy of the New Testament was presented to the dowager empress, and at his own request, a copy of the Old Testament to the emperor. In Japan 70,000 Bibles have been distributed, recently occupied by the Chinese prisoners and the emperor has appointed Christian ministers to chaplaincies in the army.

Apologized.

Rev. Dr. Isaac J. Lansing, pastor of Park street church, the leading Congregational church of Boston, has apparently come to regret that he accused President Cleveland of being a drunkard at the Methodist conference in Salem last Thursday, for he made over his signature a withdrawal of the statement, and he tenders the president and the public an apology.

Col. Lawler at Chattanooga.

The state encampment of the Tennessee department of the Grand Army of the Republic closed a two days' meeting Wednesday night at Athens. Commander in Chief Thomas G. Lawler, who is now on a southern tour, was presented to the assembly by Retiring Commander Wilbur. A reception was tendered Col. Lawler. The chief said that 75,000 Grand Army men would go from Louisville to the opening of Chickamauga park, in September.

No Extended Truce.

It is stated here on reliable authority that no peace is concluded within the period of the armistice the truce will not be extended, and the Japanese armies will immediately advance upon Peking. It is officially stated that the cholera in the Pescadore Islands, recently occupied by the Japanese forces, is a base of operations against the island of Formosa, is abating.

Advance in Meats.

Meat is dearer in New York than it has been for 23 years. Three weeks ago porterhouse steak retailed at from 22 cents to 25 cents a pound and sirloin at from 10 to 15 cents. Now the consumer must pay for similar cuts of porterhouse 30 to 35 cents a pound and for sirloin 22 to 24 cents a pound. Caesar, the New York colored murderer, pleaded not guilty in court.

The Mere Money Getter.

There is not in the world a more ignoble character than the mere money-getting American, insensible to every duty, regardless of every principle, bent only on amassing a fortune, and putting his fortune only to the basest uses—whether these uses be to speculate in stocks and wreck railroads himself, or to allow his son to lead a life of foolish and expensive idleness and gross debauchery, or to purchase some scoundrel of high social position, foreign or native, for his daughter. Such a man is only the more dangerous if he occasionally does some deed like founding a college or endowing a church, which makes those good people who are also foolish forget his real iniquity. These men are equally careless of the workmen, whom they oppress, and of the State, whose existence they imperil. There are not very many of them, but there is a very great number of men who approach more or less closely to the type, and just in so far as they do so approach, they are curse to the country. The man who is content to let politics go from bad to worse, jesting at the corruption of politicians, the man who is content to see the maladministration of justice without an immediate and resolute effort to reform it, is shirking his duty, and is preparing the way for infinite woe in the future. Hard, brutal indifference to the right, and an equally brutal shortsightedness as to the inevitable results of corruption and injustice, are baleful beyond measure; and yet they are characteristic of a great many Americans who consider themselves perfectly respectable, and who are considered thriving, prosperous men by their easy-going fellow-citizens.—Theodore Roosevelt, in The Forum.

R. M. Wallace, a private in an Illinois regiment during the war, writes to an Atlanta paper that in '64 or '65 while encamped near Savannah, Ga., he purchased a young lady living near there a cake of corn bread and gave her in payment \$10,000 in confederate bills. If she is living he would like to hear from her. Mr. Wallace must not expect to find her the same gay, blooming, bright-eyed maiden she was then. Thirty years make a great difference in young women.

A WAR ECHO.

EVERY HONORABLE VETERAN DESERVES A PENSION. And the Lone Limb is not the Only Reason for a Government Reward Either. (From Journal, Leiston, Me.) Samuel R. Jordan has just given the Journal an account of his life, which in view of his extremely hard lot for the past few years will be read with interest. "I am 43 years old and have always lived in New Portland. I enlisted in the army in 1862 as a private in Company A, 28th Me. Volunteers. My army experience injured my health to some extent, although I worked at blacksmithing some part of the time, when suddenly, several years ago, I was prostrated with what able physicians pronounced locomotor ataxia. At first I could get around somewhat, yet the disease progressed quite rapidly until I had hardly any feeling in my legs and feet, they felt like sticks of wood and I grew so much worse that I could not move for three years without help, as my neighbors and friends could testify. I employed several physicians in my vicinity, and elsewhere, and they all told me that medicine would not help me, that they could do nothing to effect a cure, and that in time I should become entirely helpless. I became discouraged. I was a great care to my wife and friends. Shortly after I met an old army comrade, Mr. A. H. Parly, a resident of Madison, Maine, and he incidentally mentioned how he had tried Dr. Williams' Pink Pills for a severe case of rheumatism and an spinal and malarial trouble, that he had suffered with consequent of his army life, and been greatly benefited by their use. By his earnest recommendation I was induced to try the pills. After taking them for a time I began to feel prickly sensations in my legs and a return of strength so I could move them a little. After a few weeks I began to feel a marked improvement in my condition. I soon was enabled to walk around a little with the help of crutches. After taking for some time I can now walk without crutches, my general health is much improved and I have regained my old-time vigor. I can walk about and enjoy life once more, for which I feel very thankful, and this happy result is due to the use of Dr. Williams' Pink Pills." Dr. Williams' Pink Pills for Pale People are not a patent medicine in the sense that name implies. They were first compounded as a prescription and used as such in general practice by an eminent physician. So great was their efficacy that it was deemed wise to place them within the reach of all. They are now manufactured by the Dr. Williams' Medicine Company, Schenectady, N. Y., and are sold in boxes (never in loose form by the dozen or hundred), and the public are cautioned against numerous imitations sold in this shape) at 50 cents a box, or six boxes for \$2.50, and may be had of all druggists or direct by mail from Dr. Williams' Medicine Company.

Royal Baking Powder

Highest of all in leavening strength
— Latest U. S. Government Food Report. —
Absolutely Pure

WALTER BAKER & CO.

"Thrill is a Good Revenue." Great Saving Results From Cleanliness and

SAPOLIO

A GREAT COUGH REMEDY.

Perhaps you may think that Scott's Emulsion is only useful to fatten babies, to round up the angles and make comely and attractive, lean and angular women, and fill out the hollow cheeks and stop the wasting of the consumptive, and enrich and vitalize the blood of the scrofulous and anemic persons. It will do all this—but it will do more. It will cure a

Hard, Stubborn Cough

when the ordinary cough syrups and specifics entirely fail. The cough that lingers after the Grip and Pneumonia will be softened and cured by the balsamic healing and strengthening influences of this beneficent food-medicine, namely, Scott's Emulsion of Cod-liver Oil and Hypophosphites of Lime and Soda. Refuse substitutes. They are never as good.

Scott & Bowne, New York. All Druggists. 50c. and \$1.
