A Little of Everything.

Will Miss an Issue. It has been our custom to give the office hands a vacation the 4th of July week, and we have no desire to deny them that pleasure this year, therefore, THE STAR will not be issued next week.

No paper next week. To-morrow we celebrate. Bicycle's for sale at Ed. Gooder's from \$25.00 up. John Beck is suffering with a very sore eye.

See Robinson's \$1.50 shoe, either lace or button. Punxsutawney wants a hospital erected in that town. A large assortment of ladies' belts at C. F. Hoffman's.

Robinson shows you best shoes in the world for \$1.50. The Jefferson County Medical Society met at DuBois last Friday.

Town council has granted the sale of fire works to-day and to-morrow. A band of gypsies passed through Reynoldsville Saturday morning.

Stop and look in the window at C. F. Hoffman's and see the blouse sets. If you want Brussels carpet go to the Reynoldsville Hardware Co's. store.

The eagle will scream at Reynoldsville early to-morrow morning and keep it up all day. Brussels carpet, from a cheap tapestry to velvet, at the Reynoldsville Hardware Co's. store.

The new photograph gallery, opposite the Belnap Hotel, will be open for business on the Fourth. Gilblom, the shoe man, has had an advertisement placed on the front of his place of business.

The salary of the Brookville postmaster was raised last week from \$1,700 to \$1,800 a year. Garfield Humphrey came very near losing his left eye one day last week by being hit with a stick.

The Reynoldsville base ball club will play with the DuBois club on the DuBois grounds July 5th. A street fakir attracted a large crowd on the corner of Main and Fourth streets last Thursday evening.

The "young Americans" and older ones to, of Reynoldsville will give vent to their patriotism to-morrow. A full stock, good goods and lowest possible prices tells the story of Robinson & Mundorff's immense trade.

The program for the 4th will be found on another page of this issue. You will find it convenient to refer to to-morrow. Daniel Whittaker scraped all the dirt off Main street this week and the street is in good shape for the 4th of July.

Don't forget to call on Ed. Gooder when your watch is out of order, as he gives you best satisfaction and warrants all work. John W. Reed took the oath of office last Wednesday morning as President Judge of Jefferson county and held argument court.

We have just printed a new supply of subscription receipts for THE STAR which we will gladly sign for any one who calls for them. M. W. Womer will preach in the M. E. church next Sunday morning and there will be no preaching in the church Sunday evening.

The best of goods at lowest prices, strictly for cash, suits the people. This accounts for rush at Robinson & Mundorff's, Centennial building. If you get your watches repaired at C. F. Hoffman's it will be done right and don't need to be warranted. Of course we guarantee it to be done right.

Moore & Dickinson are headquarters for the world's famous Minnehaha Flour, the highest grade patent flour made, and we guarantee every sack to give satisfaction.

Rev. P. P. Womer filled the pulpit of the Presbyterian church last Sunday evening. "Opposition is the life of trade," Gilblom, the live shoe man, says he has no opposition.

David McCargo, general superintendent of the A. V. R'y, passed through this place in his private car last Friday. Squire J. T. Coax lost two \$5.00 bills Saturday. The finder will be liberally rewarded by leaving the same at this office.

The Clarion Assembly will be held on the Assembly grounds, at Strattonville, July 17-31. An interesting and instructive program has been prepared. The eastbound mail train due in Reynoldsville at 1.00 P. M., was an hour and a half late Monday on account of a wreck on the main line of the A. V. R'y.

The Reynoldsville Hardware Co's. store has a large line of samples of Brussels carpet to select from. If you want a new carpet call and see what they have to offer you. S. J. Williams has opened a new grocery store in one of the rooms in H. Alex. Stoke's new building in West Reynoldsville. Mr. Williams has new goods and a very neat store room.

At a meeting of the Central State Normal Alumni Association held in the Normal chapel at Lock Haven Wednesday afternoon, James M. Lord, of this place, was elected treasurer of the Association. The Order of United American Mechanics of Jefferson, Indiana and Clearfield counties will hold a reunion at Clearfield to-morrow. A number of members from the Reynoldsville Council expect to attend.

Mrs. Amelia McEnally, relict of Judge McEnally, died at her home in Clearfield Saturday night. She was a cousin of Dr. W. B. Alexander, of this place. Mrs. Alexander attended the funeral at Clearfield yesterday. The Junior Prohibition League will give a free entertainment in Centennial hall on Friday evening. The young people have taken special pains to prepare a program for this entertainment. Everybody invited to attend.

Builders look to your walls. "Adamant" is the perfection of wall plaster and is the result of a life devoted to scientific research. I can show you an interesting story about some of the imitation, H. Alex. Stoke, agent. Perry Cooper, fifteen-year-old son of Wm. Cooper, of the Boehwoods, came very near bleeding to death last Thursday. He was working in a clearing and accidentally severed an artery in his right leg with an axe. It was a bad cut.

Miss Louisa Jane Reynolds, daughter of Dr. W. H. Reynolds, of Prescotville, who has been at Montpelier, Idaho, for several years, was married to Alexander Beckman in the Episcopal church at Montpelier, Idaho, on Wednesday, June 19th. Edwin Hoare, E. Neff, Wm. Reed, Thos. Spears, Samuel Williams and Robert Sayers, drove to Beechtree yesterday afternoon to installed new office in the K. G. E. lodge at that place. Mr. Hoare is District Grand Chief.

Robert Gargin, a young man seventeen years old, who worked in the Rochester mine, near DuBois, was so badly injured about noon on Thursday by a big piece of fire clay falling upon him that he died at six o'clock on Thursday evening. A feed pulley on McMillen's mill on the Waite tract burst last Monday forenoon and came very nearly knocking the sawyer into "kingdom come." A. D. Deemer was standing some distance from the mill and a piece of the wheel whizzed passed his head.

Hopkins big mill was shut down Saturday night for ten days. A large number of the employees live at Lock Haven and they wanted to spend the 4th of July at home and did not want to go that distance for one day, and so the mill was shut down for ten days. Jerry Myers got the contract to put up the tower for the fire alarm bell. It is to be completed and the bell in the tower by to-morrow morning so the bell will ring on the Glorious Fourth. It will take lively work to get the tower ready in time, but Mr. Myers says they will get it done.

Clarence Morrow, of Falls Creek, tried to jump onto a moving freight train at that place last Saturday and fell with both feet under the wheels. Three doctors were called and they had to amputate both legs below the knees. The unfortunate man is only eighteen years old. It is useless to warn boys about the dangerous practice of jumping on trains. The school board of this borough held their regular monthly meeting at Esq. M. M. Davis' office on Monday evening. There was no business of importance for them to act upon. A few bills were presented and ordered to be paid. The secretary of the board received a communication yesterday from the Edward C. Jones Co., of New York, to the effect that the school bonds are all right and that they will be sent on in a few days to be signed.

At a meeting of Hiawatha Council No. 733, Jr. O. U. A. M., the following officers were elected for the ensuing term of six months: Past Councillor, Fred Butler; Councillor, John Barkley; Vice Councillor, H. H. Mincer; Recording Sec., W. J. Weaver; Asst Rec. Sec., W. A. Gray; Financial Sec., J. C. Borto; Treasurer, Frank P. Alexander; Conductor, W. H. Cable; Warden, A. C. Murray; Inside Sentinel, G. F. Cable; Outside Sentinel, G. Z. Bliss; Trustee, Fred Butler; Chaplain, R. J. Wiseman; Representative to State Council, W. J. Weaver; Alternate, J. C. Barto.

Judson Kelley, son of John Kelley who resides in Winslow township, accidentally shot himself in the right leg last Tuesday night with a thirty-two caliber revolver. There was a racket in their chicken coop and Judson thought a chicken thief was helping himself and he started out with a revolver in his hand to put a stop to that kind of business, but he did not get to the coop for the revolver was accidentally discharged and the ball entered his right leg about seven inches above the knee. Drs. Bowser and Reynolds probed for the ball Thursday forenoon but failed to find it.

There was a lively time a few days ago at McMillen's new mill on the Waite tract, recently purchased by A. D. Deemer. Mr. McMillen was on the sick list when the mill was ready for operation and the men thought they could start up all right and Mr. McMillen told them to do so. They turned on the steam and the engine got beyond their control and made the machinery whirl at a mad speed until something broke about the engine and crippled it so that the runaway mill stopped for lack of power to keep up the chase. The mill hands did not linger long on the mill when it started to run off. They ran in all directions, some of them down the log slide into the water. They were a badly frightened lot of men at the time, but of course they don't care to acknowledge it to now.

Appointed Collectors. Last Wednesday Judge Reed appointed William T. Cox tax collector for the borough of Reynoldsville, and Amos Strouse collector for Winslow township, to fill the unexpired terms of Joseph R. Pentz and Joseph Reynolds, these gentlemen having resigned. The new collectors have posted notices to the taxpayers of their districts. Committeemen Say No Candidate. The Democratic County Convention met at Brookville last Saturday and passed a resolution not to put a candidate in the field for President Judge of Jefferson county for the fall election. The Democratic primary will be held July 20th. Of course the resolution of the committeemen is not binding on the party, but it will be willingly accepted by many of the leading Democrats of the county.

Will Sue for \$10,000. We stated last week that Mr. Sanders would sue the borough for \$1,000 for injuries received by his wife who fell off the sidewalk on Main street. Mr. Sanders came to THE STAR office to have the statement corrected. He says if the borough settles with him he will settle for \$1,000, but if he has to sue, he will sue for \$10,000. He might just as well make it \$25,000 for he is just as likely to get it as he is to get even \$100.00. Mrs. Sanders had one leg bruised.

Buried Friday. Mr. and Mrs. A. M. Woodward and Mrs. Jennie Truitt, of this place, were called to New Bethlehem last Thursday by the death of Mrs. Lucinda Corbett, mother of Mrs. Woodward and Mrs. Truitt. Mrs. Corbett died at the home of her son, M. J. Corbett, at Oakland Wednesday night, aged 72 years. She had been in poor health for sometime. Funeral services were held in the Oakland Baptist church Friday forenoon and her remains were placed beneath the sod of the Oakland cemetery.

Endeavor Picnic. The Christian Endeavor picnic held at Falls Creek last Friday, which was attended by a large number of young people of the Reynoldsville, DuBois and Falls Creek Presbyterian Endeavor Societies, was a very pleasant affair. In the afternoon a game of ball was played by clubs from the Reynoldsville and DuBois societies. The battery for Reynoldsville was Bitters and Johns, for DuBois Evans, Boyles and Ross. Only seven innings were played and the score was 11-8 in favor of DuBois.

Good Night for Rats. On Thursday night a piece of cheese was left in the Commercial hotel bar room and on Friday morning there were visible indications that an army of rats had enjoyed a feast. Friday night a wire trap was set in the same room bated with the remainder of the cheese from the picnic the night before. Saturday morning just eight robust, file-tailed rodents had stepped over the drop door of the trap and were packed in one corner. It is hard to tell how many more rats would have been captured had there not been a limit to the capacity of the trap.

New Officers. At a meeting of Hiawatha Council No. 733, Jr. O. U. A. M., the following officers were elected for the ensuing term of six months: Past Councillor, Fred Butler; Councillor, John Barkley; Vice Councillor, H. H. Mincer; Recording Sec., W. J. Weaver; Asst Rec. Sec., W. A. Gray; Financial Sec., J. C. Borto; Treasurer, Frank P. Alexander; Conductor, W. H. Cable; Warden, A. C. Murray; Inside Sentinel, G. F. Cable; Outside Sentinel, G. Z. Bliss; Trustee, Fred Butler; Chaplain, R. J. Wiseman; Representative to State Council, W. J. Weaver; Alternate, J. C. Barto.

Shot in the Leg. Judson Kelley, son of John Kelley who resides in Winslow township, accidentally shot himself in the right leg last Tuesday night with a thirty-two caliber revolver. There was a racket in their chicken coop and Judson thought a chicken thief was helping himself and he started out with a revolver in his hand to put a stop to that kind of business, but he did not get to the coop for the revolver was accidentally discharged and the ball entered his right leg about seven inches above the knee. Drs. Bowser and Reynolds probed for the ball Thursday forenoon but failed to find it.

Mill Ran Off. There was a lively time a few days ago at McMillen's new mill on the Waite tract, recently purchased by A. D. Deemer. Mr. McMillen was on the sick list when the mill was ready for operation and the men thought they could start up all right and Mr. McMillen told them to do so. They turned on the steam and the engine got beyond their control and made the machinery whirl at a mad speed until something broke about the engine and crippled it so that the runaway mill stopped for lack of power to keep up the chase. The mill hands did not linger long on the mill when it started to run off. They ran in all directions, some of them down the log slide into the water. They were a badly frightened lot of men at the time, but of course they don't care to acknowledge it to now.

MINE ACCIDENT. Fall of Roof Crushed the Life out of Anthony Bowser. News was spread through Big Soldier mine Monday afternoon that a man had been killed and all the men laid down their tools, and with sad hearts, left the mines for the balance of the day. Anthony Bowser was the victim of the sad accident. Bowser and several others were working in an old drift in Big Soldier. He had loaded a car and was sitting down when the roof fell in on him. He was completely buried. It took sometime to remove the tons of rock and dirt off the man. It was supposed that he was dead, for it seemed impossible that a man could escape sudden death under such circumstances, and that is why the news was circulated through the mine that a man had been killed. The man's right hand was found first. When the entire body was recovered it was found that the man was still living. He was taken to his home at Rathmel and a physician called. The accident happened about 3.30 P. M. and at 7.00 P. M. Anthony Bowser's spirit took its flight to that "hourne from whence no traveller e'er returns." Anthony Bowser was born in Armstrong county, Pa., about thirty-eight years ago. He moved to Rathmel over one year ago. He was a member of the P. O. S. of A. A wife and five children are left to mourn for him. Funeral services will be held at Rathmel at two o'clock this afternoon.

Town Council Meeting. There was a regular meeting of town council on Monday evening, July 1st, with all members in attendance, President McClelland presiding. Burgess Lattimer reported fines, costs and licenses collected in June, \$54.00, which was accepted. Street Commissioner reported work done on streets in June to the amount of \$181.50, which on motion was ordered paid. Other bills were ordered paid to the amount of \$137.00 for interest on bonds and indebtedness, and \$202.00 for supplies, police service, etc. On motion the President was directed to issue a warrant to the Collector of taxes, W. T. Cox, for 1895.

The street committee reported that they deemed it impossible to get an outlet for water at the alley at Solomon Shaffer's; they were authorized by motion, to go ahead and extend the sewer to the run if satisfactory arrangements could be made with property owners who have heretofore declined to furnish pipe. Ordinances were presented on first reading for the opening of Grant street from Russ street to line of VanVliet plan; for the extension of Grant street from line of VanVliet plan to proposed extension of Tenth street, and for the opening of Tenth street from Main to the proposed extension of Grant street. Referred to ordinance committee.

On motion privilege was granted for the sale of fireworks on July 2nd, 3rd and 4th. On motion the election of J. R. Pentz as Borough Treasurer was reconsidered and the office declared vacant. Motion was made and carried that council proceed to the election of a treasurer. W. T. Cox was placed in nomination and on the first ballot received the unanimous vote of council, and was therefore declared elected for the ensuing year.

On motion council fixed July 18, 1895, at 8.00 o'clock P. M. as the time for hearing parties interested in and affected by the ordinances for opening Grant and Tenth streets. The street commissioner was by motion authorized to serve notice on all parties interested to attend if they see fit. It was resolved to issue certificates of indebtedness for \$1,200.00, to raise money for payment of bills of Revere Rubber Co., Cincinnati Bell Foundry Co., for house hold lot for East End of Borough and tower for fire alarm bell. On motion the Treasurer's bond was fixed at \$6,800.00.

Went to see His Girl. A young man of West Reynoldsville, who has arrived at that age when he can exercise the right of franchise, gave his mother unnecessary worry and inconvenience last Saturday night. The young man left home early in the evening to go in swimming. When reasonable bed time rolled around and he had not returned home his mother got uneasy about him. Search was made for him but his whereabouts was unrevealed. Sunday morning dawned and the young man was still conspicuous by his absence. The mother feared her offspring had gone down under the raging waters of the Sandy Lick. At 8.00 A. M. she was about giving up all hopes of seeing him alive again, when he walked into the house. The whyfore of his absence was explained in a few words: He went to see his girl Saturday night and stayed until almost 8.00 A. M. Sunday.

J. E. Daily, proprietor of the Alicia Bottling Works of Penfield, was in Reynoldsville yesterday taking orders for Alicia mineral water made from the famous mineral springs at Penfield. Mr. Daily manufactures and bottles all kinds of soft drinks. We have a few barrels of "Love Powders" left and more coming. Never mind the price. Come and get a dozen. Sure Cure. ROBINSON & MUNDORFF.

LIGHTNING PLAYED ON WIRES. The Electrical Current Almost Caused a Big Conflagration. Hopkins big saw mill, two miles west of Reynoldsville, has a circuit time detector which registers in the company office. There is a telephone wire from the office to the postoffice and also into the boarding house. The blacksmith shop is in about the center of the plant and the time detector wire was fastened to the smokestack of the blacksmith shop. During the storm about seven o'clock last Wednesday evening lightning struck the smokestack on the shop and made things lively over the entire plant for a short time by running in both directions from where the electrical bolt struck. It ran into the office, stunned Supt. J. H. Schofield and several other men, set the office on fire; got onto the telephone wire and ran into the postoffice and into the boarding house, and made things lively at both places. Postmaster A. P. King was standing near the phone, with his back to it, and he felt the electrical current very forcibly on his back. In the other direction from the smokestack the lightning ran into the big mill and set it on fire, and followed the wire in the direction of the planing mill until it connected or came near the steel rails of the railroad track into the planing mill and the lightning ran on the rails into the mill and set it on fire. Thus the office, boarding house, postoffice, saw mill, planing mill and blacksmith shop all were visited by one stroke of lightning. Had the lightning struck the plant at night it is very probable a big conflagration would have been the result, but as it was the men soon extinguished the fires at the various points. The wires of the circuit time detector were burned out.

Rev. Barlow Dead. Adam Ryle Barlow, father of Mrs. Andrew T. Bing, of Reynoldsville, died at his home in DuBois last Wednesday afternoon and was buried in the Rumbarger cemetery Friday afternoon. Rev. George Peters, pastor of the M. E. church, of which denomination the deceased had been a member for over a half century, conducted the funeral services. Mr. Barlow was born April 22nd, 1822, and had entered his 74th year. His life experience was active and varied. In early life he took up the work of a Methodist minister and was a member of the Maryland conference. In 1858-60 he was a member of the Pennsylvania Legislature. He had considerable experience in the lumbering and mercantile business. About fifteen years ago he lived in Reynoldsville and was engaged in the lumber business and had a saw mill four miles from town. Since then he was in Dakota a few years preaching the gospel and was engaged in that work until about four years ago when his health failed him entirely and he returned to DuBois to be tenderly cared for by his wife and son, O. H. Barlow, until he peacefully passed from the church militant to the church triumphant. His wife and six children, Mrs. John Hight, Mrs. E. W. Steel, and O. H. Barlow, of DuBois, Mrs. A. T. Bing, of Reynoldsville, Mrs. G. S. Mulford, of Buffalo, N. Y., and Mrs. H. B. Field, of Kansas City, survive him.

Was it a Fake? The DuBois Courier in speaking of the glass plant at Falls Creek says: "The Falls Creek glass works, which originally amounted to a scheme for assisting in the sales for town lots, and was nothing more nor less than a fake, pure and simple, as a plant of industry, is likely to have a more creditable reputation in the future. The manufacture of glass at the junction on a commercial scale, and not for advertising purposes only, is very likely only a question of time, and we believe short time. Some of the party of gentlemen who are here now looking over the location say it is a point where glass can be manufactured cheaper than any other place in the country, and they are practical men, which those who came here before them evidently were not. The prospects for glass manufacturing in this vicinity were never quite as good as at the present moment."

New Store in Town. John Snyder has opened a new store in the opera house block and requests the public to call, see his fine line of goods and get prices. His stock consists of dry goods, notions, clothing, hats, jewelry, queensware, tinware, &c., &c. Every thing new and stylish. H. Alex. Stoke, the druggist, has had a large advertisement painted on his three story brick and Glenn A. Milliron, the clothier, has had an advertisement painted on the side of the Reynolds brick block. H. J. Nickle invites everybody to call at the Reed building and examine her stock of all kinds of goods usually kept in a variety store. The goods are all good quality at reasonable prices. First-class workmanship is what you get if you have your watches repaired at C. F. Hoffman's.

At King & Co's. you will find baled hay, salt, flour and a full line of general merchandise. Link cuff buttons and blouse sets for ladies at Ed. Gooder's. Robinson's \$2.00 shoes are the best for the money.
