Jesse Williams, who was employed on Francis Smith's log job near Pancoast, came very nearly amputating half of his right foot with an ax last Thursday. There was only a small piece of skin holding the foot together and Mr. Williams wanted the doctor to save the foot for him if possible, and the doctor sewed it on again.

About five months ago Bussard, the butcher, lost a pig and it has since been roaming the O'Donnell woods until it became a wild and ferocious hog. Last Friday the hog was captured by lassoing and brought to town. The butcher kept the hog tied until Monday when its head was cut off. If any person would go near the hog it would go for them and was only prevented from injuring some one because it was tied.

John C. Dillman, proprietor of Hotel Belnap, had a nocturnal carnivorous bird, of a short, stout form, with downy feathers, large head, eyes prominent and large ears, commonly called owl, which was a household pet, but the bird wandered too far from home last Saturday and when Thos. Black found the booby sitting on an outbuilding near Hotel McConnell and hit it on the head with a club, he was not aware that he was killing a pet.

Stroke of Paralysis.

Mrs. Eliza Pomroy, a lady well up in years, had a stroke of paralysis last Thursday. Her left side was paralyzed. She has the use of her voice.

Shoulder Dislocated.

Ell Moorhouse, at one time one of the proprietors of the woolen mill at this place, now an employe at the mill, had his right shoulder dislocated on Sunday. He and Mr. Sykes were doing some repairing on the engine and were using a lever. The chain used on the lever broke and injured Mr. Moorhouse as above mentioned.

Twins Boys.

We learn from good authority that Chas. J. Bangert, editor of the Falls Creek Herald, is the happy father of twin boys that were born on Monday morning of this week. We also understand that Bangert proposes printing coupons in his paper this week to give the readers of the Herald an opportunity to vote on what names shall be given the boys.

Stiff Leg.

D. B. McConnell, one of the enterprising farmers of Beechwoods, is not one of those real proud fellows, who is too stiff to walk like the common run of people, and yet he was in town Saturday and walked around, by the assistance of a crutch and cane, with his left leg as straight as a ramrod. He hit the cap of his left knee with an axe about ten days ago and has since been suffering with a very sore knee.

Will be a Student Five Months.

Dr. Harry P. Thompson and wife, of Portland Mills, Pa., came to Reynoldsville Thursday and went on to Pittsburg Monday, where they expect to remain five months. Dr. will be a student at the West Penn Medical College. Dr. Thompson has had five or six years practice and is an excellent family physician, but he wants to know more about surgery and several other points. Doctor is ambitious and wants to be well posted in his profession.

Big Potato Crop.

A. T. McClure, of the Reynoldsville Hardware Co., who owns an excellent farm just north of Pancoast, pays considerable attention to raising good potatoes, and plenty of them. Mr. McClure will get about seventeen hundred bushels of potatoes off his farm this year. He plants his potatoes and digs them with machines. He uses the Hoover & Prouty Digger, which digs the potatoes, picks them up and knocks the dirt off them. It takes four horses to work the machine.

Mysterious Woman.

A woman dressed in black who covers her face with a heavy veil and wears rubber shoes so her foot steps will not be heard, has been seen on the streets of Reynoldsville quite frequently in the past two or three weeks. She is usually seen on Jackson street and her hours for meandering are between eleven and two o'clock at night. Who she is and the object she has in view is what some of the men folks would like to know, especially those who do not find the shelter of their own homes before the hours when the mysterious woman comes out for her nightly walk.

It Will be a Success.

The citizens of Reynoldsville have become interested in the 10th annual reunion of the 105th Regt. P. V. V., which will be held in this place on Thursday of next week, Oct. 17th, and special efforts will be made to give the old veterans a royal welcome and a general good time. The town will be arrayed in gala attire and no pains will be spared to make the 10th reunion a glorious success. The Woman's Relief Corps will serve a free dinner to all the old soldiers in the G. A. R. hall. Let every person take some part in making this the best reunion the 105th has ever had.

Unlucky Number.

Thirteen members of the Clover Cycle Club of Reynoldsville made a run to Penfield Sunday. At DuBois they were joined by thirty-five members of the Arrow Cycle Club. Thirteen was an unlucky number for the Reynoldsville club, for one of their members was obliged to return Monday on the train. Harry Copping, one of Reynoldsville's fast riders, had his right leg injured in a mishap on the Ridgway race track in August and since that time he has had a "game leg." When near Penfield Copping's wheel threw him off and Frank Sutter, who was following close, ran onto his sore leg and Harry was completely knocked out.

Annual Good Time.

There is nothing slow about the young people of Beechwoods, they have frolics, jollifications and good times generally. At least once a year, when chestnuts are ripe, the sore and yellow leaf has appeared in the forest and the "frost is on the pumpkin vine," the lads and lassies of Beechwoods, from far and near, put on their Sunday clothes and hie away to the home of D. B. McConnell and take possession of his house and barn for the evening. Last Friday evening was the time set for the annual jubilee at "Deck's." When the proper time came around the barn floor was cleaned up and put in proper order and the "light fantastic" was tripped until the roosters gave the warning notes of the approaching dawn.

In a Wreck-Tail Corn

W. S. Ross, proprietor of the Ross House, returned Thursday evening from a three weeks' visit in Kentucky. Mr. Ross had a close call to "shuffle off this mortal coil" when near Louisville, Ky., by a switch being turned the wrong way near a steep embankment. The engine and several cars were wrecked and the passengers well shaken up. It makes Mr. Ross shudder yet to think how near he was to the gateway between here and hereafter.

At Middleborough, Ky., where Mr. Ross's son-in-law, A. P. Utter, is superintendent of a tannery, the tannery company has a ten acre field of corn, and while there Mr. Ross and Mr. Utter went into the corn field and cut down one stalk of corn that, by actual measurement, was over sixteen feet long. Mr. Ross says in some places there were stalks of corn over nineteen feet tall.

"Dandy" School Directors.

Ringgold township has a "dandy" lot of school directors. Last year they reduced the wages of teachers to \$20.00 and \$23.00 per month. Prof. Hughes cancelled the certificates of all the teachers employed for the Ringgold township schools and the directors put the wages back to the old rate. From the Brookville Democrat of last week we clip the following, which shows that the same school board is making an attempt this year to reduce the wages of the teachers for their township:

"We understand the certificates held by the teachers employed by the school directors of Ringgold township have been cancelled by the county superintendent. The trouble seems to have grown out of the wage question, the directors only agreeing to pay \$24 and \$29 per month. The directors were in Brookville on Monday seeking legal advice."

Birthday Party.

The Young People's Society of Christian Endeavor of the Presbyterian church will hold a birthday party at the home of R. E. McKee on Hill street tomorrow, Thursday, evening. The following printed invitation, with a little sack tied onto the upper left hand corner was sent to the members of the society and their friends:

This Birthday Party is given to you; 'Tis something novel, 'Tis something new. We send to each this little sack. Please either send or bring it back. With us many cents as years you are old; We promise the number shall never be told. Kind friends will give you something to eat, And the ladies will furnish a literary treat. The Christian Endeavor, with greeting most hearty, Feel sure you will come to your own birthday party.

Strayed or Stolen.

W. D. Deloe, a reporter on the DuBois Evening Express, mysteriously disappeared about ten days ago, and no trace of him has since been found. Mr. Deloe was about 5 feet 4 inches tall, 24 years of age, of light build, rather dark complexion, brown eyes, small mustache, roman nose, weight about 125 pounds, wore black square cut coat, brown pants, yachting cap and black laced shoes. The above is the description given by the Express. Anyone having seen such a person since Saturday, Sept. 28th, is requested to communicate with the Express.

None Better.

Speaking of Flora Stanford's performance of "A Soldier's Sweetheart," the play she will produce at the Reynolds opera house Monday night, Oct. 14th, the Hornellsville (N. Y.) Tribune says: "The play was an artistic piece of work from start to finish and elicited the most hearty applause. The star part by Miss Stanford was very good and most handsomely costumed. The whole company is good and nothing better than 'A Soldier's Sweetheart' has been seen at our opera house for a long time."

Corbett, on behalf of C. H. Prescott, placed a price of \$700.00 on the two lots through which Ninth street will run.

In the matter of M. M. Fisher's sidewalk action was postponed until next meeting night.

Mr. W. H. Bell and D. F. Robinson appeared on behalf of 46 business men, located between the Arnold corner and Joseph Morrow's store, with a proposition that council put on a night watchman, to serve from 8.00 P. M. until 4.00 A. M., the business men agreeing to pay one-half his salary for four months; F. P. Adelsperger was recommended for the position, at a salary of \$55.00 a month; L. A. Stiles offered to serve for \$45.00 a month. After discussion it was moved, seconded and carried that no night policeman be employed, and both propositions were rejected.

The street committee reported that they had repaired Tenth street in accordance with resolution adopted at the last meeting, and also had built Mrs. Rhoads' fence as per agreement.

Mining Situation.

The miners of this place and Rathmel held a mass meeting last Saturday forenoon to hear a report from the delegates to the Phillipsburg convention. The report was adopted as read. The present situation was discussed and it was almost unanimously agreed to continue the suspension until after the convention at Clearfield on the 15th inst. The following notice was posted at this place Saturday: This company reiterates its proposition of the 5th of April last (which its employes accepted by their acts) that when the Pittsburg region shall pay 60 cents and the Beech Creek and Clearfield regions 40 cent per net ton respectively, it will pay 40 cents per net ton for pick mining and 25 cents per net ton for machine mining and other labor in proportion; and it further declares that it will pay at all mines, until the above conditions are complied with, 35 cents per net ton for pick mining and the same rate for machine mining that prevailed at the time of present suspension.

THE BELL, LEWIS & YATES, C. M. Co. S. B. ELLIOTT, General Manager. Even if the Pittsburg region does pay 60 cents and Beech Creek and Clearfield regions 40 cents, the above proposition is not what the miners expect. They want 27 cents per net ton for machine mining.

Drove to Sykesville.

The B., R. & P. R'y made arrangements with the A. V. R'y to run an excursion to Pittsburg from Clearfield, Punxsutawney and other places along the B., R. and P. line for \$3.00 round trip but the people along the A. V. were not given advantage of the cheap rate. Some Reynoldsville people drove to Sykesville yesterday morning and took the train there. DuBois is on the line of the B., R. & P. but according to the following clipped from the Courier, they could not buy tickets at DuBois: "Forty or more from here will leave for Pittsburg from the Buffalo, Rochester and Pittsburg station. The rate of \$3 that has been given by that road is cheaper than any excursion rates that have been offered this year and the time given is also longer. DuBois people, however, were unable to secure tickets here on account of the Allegheny Valley road being a competing line and those who secured tickets sent to Rockton, Sykesville and Big Run for them."

Having taken a practical course in those studies and received certificates from two of the best schools of the kind in the country, and with five years experience I do not hesitate to place myself before the public and ask your patronage in this line.
