The "Hopeless Eleven" were given a banquet at the Commercial Hotel last evening by G. C. Strouse, who was a member of the hopeless crowd up until last Wednesday. The banquet was quite a "blewout." The dining room was handsomely decorated with flags, bunting, potted plants and flowers. Each one found a beautiful button-hole boquet beside their plate. The bill of fare was elaborate-a fine "layout." A few of Mrs. Strouse's lady friend were present which prevented it from being a "stage" banquet.

A short time since, on the occasion of the annual election of officers at the Mutual Building and Loan association of DuBois, this paper said that the first series of stock in that association was about to mature and would soon be paid off. These payments began Wednesday and the certificate of Walter Hatten, for four shares was the first to be paid off. Others will now follow and a very considerable sum of money from now on will be put into circulation through this source. The success of this institution has been remarkable.-DuBois Courier.

In summer, when green vegetables fill the refuse pail to overflowing, it is daily emptied, and in every household washed out and dried in the sun. When in use it is covered and kept outside the kitchen door. In the winter, when there is a small amount of refuse, it is the slovenly practice of some house keepers to keep it within doors. There is more danger in doing this than in summer, because the kitchen is not as well ventilated in winter, while the germs of disease that lie buried in the fuse that decays in a few hours in the heated atmosphere of the winter kitcher are just as potent for harm as in sum re of the winter kitches

# S. Port Harries Dead.

It is our sad duty to chronicle the death of an esteemed young man, Port Harries, who died at 1.35 A. M yesterday, Nov. 19th. Several weeks ago Port was attacked by typhoid fever which resulted in breaking the silken thread of life and launching a soul into the Great Beyond. This makes the third time the Messenger of Death has entered the house of John Harries in 1895. On the 5th of April Mollie dieds on the 23rd of September Minnie died. and now Port has been called hence.

Port Harries was an honorable young man who had the respect of all who knew him. He was an active member of the M. E. church. He was 1st vicepresident of the Epworth League and assistant secretary of the Sunday school. He will be missed in the League, S. S., prayer meetings, class meetings and public worship, as he was faithful in his attendance at all these meetings. The deceaced was 21 years

old the 9th of last August. Funeral services will be held in the M. E. church on Thursday at 1.30 P. M. Will leave the house at 1.00. Interment will take place in Syphrit cemetery.

## Making Appeals.

Judge Reed is holding a special term of court this week, the business to be transacted being the appeal of several coal companies from the valuation of their properties for tax purposes as fixed by the Board of County Commissioners. Messrs. Jenks, Means & Clark are the attorneys for the petitioners, and Mesers. Benscoter, Corbet and Gordon represent the Commissioners. The principles involved are very important, as they seriously involve the authority of the board of commissioners to adjust the valuation of property within the county according to their judgment. It also carries with it the principle of equality, the owners of the coal property claiming that it is sought to impose on them an undue share of the burden of taxation. A large number of witnesses are on hand to testify as to the relative value of properties in the same neighborhood and similary situated, a certain class being operated for the coal underlying it, and the other for agriculture purposes. The decision, whatever it may be, will have an important bearing on the assessment of property in this county hereafter.-Brookville Republi-

## Popular Vote Does it.

The Republican committeemen of Jefferson county met at Brookville on Monday of this week in response to a call from the county chairman, and changed the method of nominating a candidate for the 37th Senatorial District, which is composed of Jefferson and Indiana counties. Heretofore it was left in the hands of conferees when each county elected a man. Indiana passed a resolution some few weeks ago to declare the man who received the popular vote of the two counties to be the candidate for Senator in the district. At the meeting in Brookville Monday the resolution of the Indiana committeemen was endorsed. This will do away with conferences after the eleciton.

A few changes were made in the rules. Members of the election board are to get \$3.00 for the primary election and each candidate is to contribute to

The primaries will be held early in May next year instead of in June on account of it being Presidential year and delegates will have to be elected to the National Convention.

# "How to Make a Scandal."

Take one grain of falsehood, a handful of runabout, the same quantity of limber tongue, six sprigs of backbite and one spoonful of "don't you tell." Add a few drops of envy and a little discontent and jealousy and strain it through a bag of misconstruction; cork it in a meddlesome bottle and shake it well before taking.

Without a doubt Millirens sell clothing below all others.

#### The Educational Association

The regular meeting of the Educational Association was held in Room No. 1 of the school building. The attendance was good, all the teachers of the two boroughs, excepting two, being present. In addition to these a number of other persons interested in educational work were present and gave their names as members.

The program as rendered was instructive and entertaining, the members responding promptly. The object of the Association as given by the president, Prof. C. K. Hawthorne, is to bene fit the patrons of the school. By meet ing and discussing professional subjects the mind is broadened, new ideas are gained and the instructor is more thoroughly prepared for his work.

The Pollard system of teaching Read ing was approved and it is hoped it may be introduced in our schools by the time our next term begins.

The question of "Careless Teaching" was ably handled, and no doubt resolutions to be more watchful were made by each member.

The meeting was favored by a recita tion by Miss Tacy Dempsey.

The program was interspersed with music, a delightful feature of the evening. Miss Alice Doane presided at the organ and was ably assisted in the singing by the other members.

Because of the freedom with which the members responded, the question box was a great success. A number of interesting questions were proposed and discussed, but because of lack of time for thorough discussion, several of these will again be taken up. In order to have more time the hour for meeting will be changed from 7.30 to 7.00 o'clock

The next regular meeting of the Association will be held Dec. 6, when the following program will be carried out: Music: "Ethical Instruction," Miss Britta Butler; "How Should Teach Spelling?" Prof. Doane: Solo. Miss White; "Under what Circumstances Should We Inflict Corporal Punishment?" T. B. Mitchell; Recitation, Miss Whitmore; Question Box;

#### "Passes Free," You Know.

One of the beauties and charms of an editor's life is his dead-heading it on all occasions. No one who has never tasted of the sweets of that bliss can begin to take in its glory and its happiness. He does \$200 worth of advertising for a railroad, gets a "pass" for a year; rides \$25 worth; and then he is looked upon as dead-head or half-blown dead-beat. He "puffs" a concert troup \$10 worth and gets \$1 in "complimentaries," and is thus passed "free." He blows and puffs a church festival free, to any desired extent and rarely gets a "thank you" for it. It goes as part of his duty as an editor. He does more work gratuitously for the town and community than all the rest of the population put together, and gets cursed for it all, while in many instances a man who donates a few dollars to a Fourth of July, base ball club, or a church, is gratefully remembered. Oh, it is a sweet thing to be an editor; he passes "free," you know.—Texas Siftings.
