A Little of Everything.

Time of Christmas Mirth.

The time of cheer the time of mirth, The time of gay good-fellowship, When never a heart in all the earth But sends a greeting to the lip.

The time when little children wake At earliest dawn with laugh and shout, When over the world, for grief and ache, A word of comfort goeth out.

Dear time when tender mother hands Pack stockings full from heel to toe : When, eager and swift, in Joyful bands Fly Christmas angels to and fro.

Oh, blessed time when clear and sweet The songs of heaven come down to earth When ever our loving hearts repeat The Glorias of the Christmas mirth. —Eilznbeth Munson.

Quiet Wedding.

Mr. William H. Fargus and Miss Georgie Worden, two of Hopkins' young people, were quietly married last week within the boundary lines of Jefferson Co. They are well known both here and in Lock Haven, where they formerly lived, and have the best wishes of many friends. They, for the present, will reside in Hopkins.

Good Show.

Howorth's Hibernica entertained a good sized audience at the Reynolds opera house last Thursday evening. The views of cities and places of interest in Ireland were excellent paintings. The "Sunset" and "Moonlight" views on the Lakes of Killarney, and the representation of a storm on the north coast were very good. The ludicrous and funny situations in the comedy of "Blunders" were laughable. The characters were well sustained by specialists in their lines, with songs and dances typical of the "Ould sod."

Small Donation.

It was announced in this paper last week that a committee appointed by the W. R. C. would receive donations last Fridey afternoon, at the residence of G. G. Sprague, which would be distributed among the needy widows and orphans of Reynoldsville, and if the people responded liberally, part of the douation would be sent to the Memorial Home at Brookville. The committe met at Mr. Sprague's on the afternoon mentioned and the donation received was as follows: One barrel of potatoes, one half peck of onions, one half peck of apples and some clothing.

A Grandfather's Clock.

There is an old clock at C. F. Hoffman's jewelry store for repairs that has been in active service for over sixty years, and notwithstanding its age still keeps good time. This is the first time it has needed repairs for eight years. The clock is now the property of Robt. F. Morrison, of Allens Mills, who has had it for 22 years. It was his grandfather's clock. The hands of the clock are as strong as ever and its face is as clean and bright as though it was only a few years old. It bids fair to be ticking off time when it can be called "my great grandfathers clock." Mr. Morrison prizes the old clock highly, and well he

Remember we are making a special offer now, which holds good until the 1st of Jan., 1896, to send THE STAR to any address within the United States for \$1.00 cash in advance. This special offer can be taken advantage of by all our old subscribers who pay up all arrearage at the old rate, \$1.50, and pay a year in advance. Strictly cash in advance is the only way to get the \$1.00 rate.

Sentenced to Penitentiary.

On Thursday of last week Judge Reed pronounced sentence upon the chaps who were tried at the last term of court. Two fellows from Reynolds ville and one from Paradise Settlement were sentenced to serve terms in the 'pen.

Alfred Kirker, who goes by the name of Green, who assaulted the two ladies from Hopkins on the evening of October 29th, was sentenced to serve four years and nine months in the penitentiary.

Toney Marle, the Italian who attack ed "Shoemake" in his shoe shop with a big butcher knife on the night of November 5th, goes to the penitentiary one year and six months for the assault. Elmer Lindsey, the young man who set fire to a lumber pile near Sykesville on Sunday, the 6th of October, was given permission to spend three years and six months in the penitentiary. The lumber belonged to Amos Strous tax collector of Winslow township. A

Pittsburg party was to have bought the lumber on the following Monday after the fire for \$2,300, which was a total loss to Mr. Strouse. John Cullom, for burglary, one year

and six months in the work house. Elijah Goodyear, six months in the

work house.

Broke Jail. An old soldier of Reynoldsville, who very frequently fills his hide with intoxicants and is inclined to be abusive especially to his wife, with whom he does not live, was loaded Saturday night and had to be locked up. Sunday morning the burgess and policeman went to the lock-up to give him a hearing, but postponed it until Sunday evening. The burgess, being an old soldier, was prevailed upon by the prisoner to allow him to remain in the outer room of the lock-up instead of in a cell. Before the sun was half way down the western slope the old soldier had pried open a window of the lock-up, jumped out, gone to the Ross House, got his satchel and disappeared around the curve on the railroad above the tannery. If he is wise he will remain away from Reyn-

A Friend of the Court.

Something unusual occurred in court this week. Two or three commonwealth cases were to be tried in which Judge Reed was employed as counsel before going on the bench. To save the expense of calling a judge from another ct. the atto s on both side agreed that the associate judges should call to the bench, for the trial of cases as amicus curiæ, (a friend to the court,) ex-Judge Jenks, which they did. It looked like old times to see His Honor Judge Jenks again on the bench .-Brookville Democrat.

Must Pay or Skip.

A step in the right direction is promised among the foreigners who are in the employ of the Bell, Lewis & Yates C. M. Co. at this place. Heretofore the Italians, Polanders, and that class who work for the above mentioned company, have been working all manner of dodges to avoid the assessor and tax collector of this borough, and persist in escaping taxation, although they never hesitate to ask aid from the poor overseers when in want. These people are known by their numbers at the mines and company office, and it is imposible to collect tax from those who refuse to be taxed. The company gave Assessor Spry a list of names of all the Ikes, Poles, &c., in their employ, which was turned in with Mr. Spry's returns. They will be assessed, their names will be given to the tax collector and every one of them that refuses to pay his taxes will be discharged from the employ of the B., L. & Y. Co. This is the only way to get taxes from that class of people. If they want to stay in this or any other town in America, they have a right to pay taxes, because, as a class, they increase the taxation of any community in which they stay, and if they are not willing to pay taxes they should be compelled to do so. If they propose to come to this country and get work they must expect to pay taxes the same as the naturalized man who is employed at the same work with them and gets the same pay. All companies that employ foreigners should follow the example set by the company at this place. Compel them to pay or skip.

Must tell Under Oath.

The charge of Judge Reed to the constables of the county at the opening of the Quarter Session Court last week, touching their duty with regard to persons under the influence of intoxicating liquors, was quite a surprise to many, and we understand that these officials realize the serious character of their duty and have resolved to carry out their instructions to the letter in the future. This being so it will be well for those who have been in the habit of getting full and making a show of themselves to be a little more careful in the future, as it would be unpleasant to be called before a Justice of the Peace and compelled to tell, under oath, where they got their booze. It would also be a serious matter for the retailer of liquors, as it would probably supply the evidence necessary for a Quarter Sessions Court case. The Judge has simply given the constables to understand what their duty is under the law, which he proposes to execute to the best of his ability .- Brookville Republican.

The term of Quarter Session Court ended yesterday beat the record in the matter of convictions, seventeen cases tried by jury during the eight days session resulting in a verdict of guilty. This is a good record, and it speaks well for District Attorney Strong, who had his work thoroughly in hand, expediting business and meeting out justice to offenders against the law .- Brookville Republican.

Victim of Pneumonia.

Thomas Main, who followed coal mining for a livlihood, died at his home on Worth street at 10.00 A. M., Monday, Dec. 23rd, after a short illness. For about two weeks Mr. Main suffered with rheumatic fever and on Sunday night pneumonia set in which soon snapped asunder the silken thread of life. The deceased was born in Devon-

shire, South England, in August, 1843, and was 52 years old last August. He came to America about eight years ago and came to Reynoldsville, where he has since resided. Two years ago next month, during a protracted meet ing in the M. E. church, he connected himself with the church and was a faithful and loyal member thereof. He was also a strong advocate for the temperance cause. Having himself been bitten by the serpent that lurks in the intoxicating cup, he knew what he was talking about. A wife and two daughters in Reynoldsville and a son in England survive the deceased. Mrs. James Reddecliff and Mrs. Herbert Jones are the daughters.

Funeral services will be held Christmas afternoon in the M. E. church at 2.30. Will leave the house at 2.00 P. M. val in a hody. Remains will be d in Boulah cometery. The Daughters of St. George, of which Mrs. Main is a member, will attend the -led in Br
