

**An Apiary in Prison.**  
The Arizona territorial prison management has embarked in a bee-keeping experiment, in which the prisoners will be employed. An apiary, with twenty-five stands of bees, has been installed, and it is expected the business will prove profitable. A single hive at the prison is said to have last year produced 200 pounds of honey. It probably induces curious sensations and many vain longings in the prisoners to see the bees fly serenely and at will over the prison walls and yet return of their own volition to their home within.

**In Snowbound States.**  
In States and Territories where snow and ice last all the long winters through, where men are much exposed and suffer much from cold, it is a wonder they do not provide better against some of the consequences. In some lumber camps, chipmunks stand all day in knee-deep snow with half frozen feet. The feet are much more tender than the hands from being covered up all the time. Men are often lame all summer from the frost-bites of the previous winter. Why it is so, is simply because they do not know that Dr. Jacobs Oil will cure frost-bite in a night.

**Silver King Barley, 116 Bushels.**  
The barley wonder. Yields right along on poor, good or indifferent soils 90 to 100 lbs. per acre. That pays at 20c, a bushel!  
Salzer's mammoth catalogue is full of good things. Silver Miao Oats yielded 201 1/2 bushels in 1895. It will do better in 1896. Hurrah for Toostate, Sand Vetch, Spurry and Giant Clover and lots and lots of grasses and clovers they offer. 35 packages earliest vegetables \$1.00. Send for them to-day.  
If you will cut this out and send it with 10c, postage to the John A. Salzer Seed Co., La Crosse, Wis., you will get free ten grain and grass samples, including barley, etc., and their catalogue, Catalogue alone 5c. (A.)

**FITS STOPPED FREE BY DR. KLINE'S GREAT NERVE RESTORER.** No fits after first day's use. Marvellous cures. Treatise and \$2.00 trial bottle free. Dr. Kline, 601 Arch St., Phila., Pa.

**Nervous**  
People wonder why their nerves are so weak; why they get tired so easily; why they do not sleep naturally; why they have frequent headaches, indigestion and  
**Nervous Dyspepsia.** The explanation is simple. It is found in that impure blood feeding the nerves on refuse instead of the elements of strength and vigor. Opiate and nerve compounds simply deaden and do not cure. Hood's Sarsaparilla feeds the nerves, purifies the blood, gives natural sleep, perfect digestion, is the true remedy for nervousness.

**Hood's Sarsaparilla**  
Is the One True Blood Purifier. All druggists, \$1. Cure Liver Ills; easy to take, easy to operate, 25c.

**HOOD'S PILLS**

**RIPAN'S TABLETS**

Mr. W. C. Lewis, who is connected with the artistic advertising department of the Youth's Companion, and resides at 33 Dwight Street, Boston, relates that he had his attention called to Ripan's Tablets by a business acquaintance who expressed a high opinion of them. Mr. Lewis was a good deal troubled with what he describes as a nervous, bilious condition that appeared to be brought on from time to time by high pressure work or special mental activity or excitement, such as would be common at periods of unusual nervous tension. It has become his practice at such times to take a Tablet—just one—at the moment that he observes the difficulty approaching. It makes no difference when he is. A favorable result is invariably apparent within twenty minutes. The only noticeable effect is that he feels all right in twenty minutes if he takes the Tablet; while if he does not, the nervous, uncomfortable feeling intensifies and leads to a bad afternoon and tired evening. He carries one of the little tablets with him all the time now, but doesn't have occasion to apply to it anything like as often as he did at first. Nowadays there are frequent periods of from a week to ten days or even two weeks during which he finds that he has no occasion whatever to make use of the Tablets, but still carries them in his pocket, just the same, so that they may be ready if an occasion occurs.

Ripan's Tablets are sold by druggists, or by mail at the price (50 cents a box) is sent to The Ripan's Chemical Company, No. 19 Spruce St., New York. Sample trial, 10 cents.

**ASTHMA**  
POPHAN'S ASTHMA SPECIFIC  
Gives relief in 15 to 20 minutes. Send for a 25-cent trial box immediately. No charge for trial box. Free trial box sent to all those who send 10c. Name, address, occupation, etc., on separate sheet. Please enclose 10c. to cover postage and handling charges. Send to: Pophan's Asthma Specific, 107 Broadway, New York.

**KEYSTONE STATE NEWS CONDENSED.**

**TRAINS COLLIDE.**  
Several Trainsmen Injured and Cars Wrecked on the B. & O. Road.

Passenger train No. 8, on the Buffalo, Rochester and Pittsburgh railroad, collided with a southbound freight train at Whitestown, five miles north of Baldy, Wednesday afternoon. Train No. 8 had orders for a free track, but the other train was unable to make a sideling in time to allow it to pass. Both locomotives were smashed and the cars wrecked. Conductor Isaac Kissel, of Bradford, was fatally injured, and other trainmen were also hurt seriously, but there were no fatalities. The passengers were more fortunate. While they were all shaken up violently, they escaped serious injury.

**SHARON'S DEMOCRATIC TICKET.**  
The Democrats of Sharon have nominated the following strong municipal ticket: Constable, Matt Hughes; school directors, A. S. Service, Dr. G. W. Snellings; auditor, J. S. Byrond; council, E. B. Brockway, George Treach, J. W. Wilson, Harry J. Plier, C. E. Hart, J. N. McClure and F. H. Alderson.

There is a strong sentiment in favor of Breter New Castle, which will be one of the principal issues in the February election. West New Castle and Mahoningtown each have many citizens who favor such a move, and have placed a ticket in the field embracing the names of the two towns. The township councilmen who are in favor of annexation. At present the two boroughs are practically without police and fire protection, while the tax mileage is greater than it is in the city.

The Hartranft memorial commission selected for the monument to Gen. Hartranft the design submitted by F. Wellington Rockwell, a New York sculptor, whose model represents Gen. Hartranft returning from war, on a spirited horse, and acknowledging the plaudits of the people by doffing his hat in salute. The statue will be of bronze, on a granite base.

John Malone, an Altoona restaurant-keeper entered suit at Hollidaysburg against four officials of the Altoona police department for \$10,000 damages for false arrest. He was arrested as a participant in the Christmas day riot in the White Chapel district of Altoona, and alleges that he was only an innocent spectator.

S. W. Rodgers, manager of the Ohio and Pennsylvania Coal Company at Port Royal, had \$600 stolen from his house while he was at the station to meet his wife. He had the money in a pocketbook in his overcoat, which he left hanging in his room. He was only absent from the house about half an hour, and left it locked.

Gotlob Haag, caused the arrest of his mother, aged 55, at New Castle, on the charge that she and Andrew Shuler, 29 years old, had plotted to kill his father and hope. Mrs. Haag then had her son arrested on the accusation that he had threatened to blow the house up with dynamite.

The mining village of Van Meter, in Westmoreland county, was almost destroyed by fire. Twelve houses belonging to the Osborne Saeger Coal company, were consumed and the twenty or more families rendered homeless. The origin of the fire is unknown.

Claud Sprovels and James Monigor, of Washington, were taken from an oil tank, which they were cleaning, in an unconscious condition. They were overcome by gas. It required several hours' effort to save them.

Contracts for the erection of a new tin plate plant at Washington, have been let. Manufacturing will begin early next summer, giving employment to about 200 men.

Rev. Washburn, of the Universalists church in Sharpsville, tendered his resignation because he differs with members of his congregation over the liquor license cases.

Harry Orchard, of Sharon, candidate for state senator, announced his withdrawal from the race. This leaves James C. Pruitt without any opposition in Mercer county.

A quick jump saved John Fritz, a milkman of Kittanning, from instant death. His wagon was struck and demolished by a train, but he and his horse escaped.

The Logan house, at Altoona, was damaged to the extent of a few hundred dollars by a fire which broke out in the drying department of the laundry.

A plant for the manufacture of storage batteries is soon to be in operation in New Wilmington. Prof. W. J. Shields, of Pittsburgh, is the chief promoter.

Rev. John Mitchell, professor of Greek in Westminster college, New Wilmington, is dangerously ill with pleurisy and typhoid fever.

The Reading iron and coal company has decided to shut down its mine for an indefinite period, to resist the tonnage of various companies.

The fight over electric lights at Washington has been compromised, the company putting up 65 arc lights for an annual rental of \$5,000.

The Western New York and Pennsylvania railroad is to be extended from New Castle to Mahoningtown.

**Color Music.**  
For some years Mr. Rivington, a wealthy amateur artist, has been investigating the theory of the intimate connection between form, sound and color. He has constructed a color organ by means of which he has produced results inexpressibly beautiful. According to the undulatory theory of light, the rates of vibration producing different colors vary in much the same ratio as the intervals in vibrations producing musical notes. Mr. Rivington in his color organ has provided a practical means of delighting the eye with music played in color. There is a keyboard attached to delicate mechanism, and upon depressing any key the color answering to that note is flashed upon a screen at the end of the room in which the instrument stands. At a recent exhibition, while some of Chopin's preludes were played, the piano screen was flooded with successive rhythmical waves of harmonious color from simple to complex, glowing scarlet, gold deepening to orange, exquisite half-tones in mauve, grays, browns and turquoise blue. A waltz of Dvorak's showed the higher possibilities of lovely complexity, and the overture to "Rienzi" was strikingly beautiful in half-tones of color. Everybody agreed that Mr. Rivington has provided a new joy for cultured humanity, and everybody was equally unanimous that the evening was very fatiguing, for the rapidity with which color ousted color from the retina produced a painful effect upon all observers.

Some women make the same display of disciplining their children that they make of their embroidered doilies.

**INDUSTRIAL NEWS.**

**Points of Interest to the Working World—**  
**Labor Notes.**

The past week has been the quietest in industrial circles in the Mahoning Valley that has been seen for a year, many of the mills being shut down, while others have only been running in a few departments. This condition has had a depressing effect upon business, merchants complaining that their sales have been reduced to the actual necessities of life, strict economy being practiced by the wage workers. The coming week promises a decided improvement at the iron plants. Andrews Brothers & Co. started all departments of their mill in full Monday, while the prospect is of a continuance. The Mahoning Valley Iron Company has nearly everything on in full this week, and the other mills will do much better than last week.

The action of the Bar Iron Manufacturers' Association, which adjourned its meeting until Thursday at Cleveland, is expected to result in stimulating the iron trade. Every effort is being made by the members to induce every manufacturer of bar iron to join the association, in order that there may be concerted action in maintaining prices. It is proposed to attach a heavy penalty to any member violating the agreement by cutting the rates decided upon by the association. The Ohio Steel Company is making every effort to increase its output in order to keep pace with its orders and fill contracts on hand. During 24 hours, that past week the output was 1,252 tons, which is the highest point reached yet.

The Poultney Foundry and Engineering Works has been incorporated, with a capital of \$50,000, and will make a number of important improvements at its plant.

The Finished Steel Company is making shipments of its product, and in a few days will have additional machinery in operation that will largely increase its capacity for production.

**LABOR NOTES.**  
It is said that the reduction of expenses on the railroads of the country in 1894 resulted in the discharge of 94,000 employees. During that period there were about 750,000 employees, which is about 12,000 less than the number employed in 1892. During 1894, only 5,000 general officers, it is asserted, suffered, as well as 15,000 trackmen and 150,000 shopmen, and altogether about 3,000,000 people were seriously affected by the retrenchment.

The Avonmore, Pa., Board of Trade has secured the Keystone Glass company, of Pittsburgh, together with seven acres of ground, and a factory equipped with modern improvements. The new company will be known as the Avonville Glass company, and will have a capital of \$200,000. In addition to operating the present factory, the company will erect a new plant to make thin plate glass, mirrors and other glass products. About 200 men will be employed in both factories.

The Ohio State Board of Arbitration has succeeded in settling the Peacock, at Pomeroy, difficulty involving 200 miners. The miners are given 20 cents a ton, the 2-cent rate increase asked. The coal vein is placed on the basis of low Hooking Valley vein.

**A Patron of Music.**  
The Emperor William's interest in music was (in Berlin correspondent says) lately shown in a very practical way. The other day, when he was shooting in the forests of Letzlingen, the band of the Uhlands played selections during dinner. The Emperor, with his suite, went up to the musicians and made some observations about the way in which an Italian popular song, "Funiculi Funicula," had been played, saying that it should have been taken quicker. Thereupon the Emperor took the baton, and under his conductorship the song had to be repeated. He further conducted some military marches, five songs by Count Philip Von Eichenberg, the German ambassador in Vienna, pleased the Emperor so much that all had to be repeated.

**A Street Incident.**  
A significant circumstance occurred during a visit of the Emperor of Germany to England. The Kaiser was for one day the guest of the lord mayor, and the city of London received him and several of the queen's children on that day.

The old city was splendidly decorated, and set for a great public function. The streets from Buckingham palace to the lord mayor's mansion were lined with infantry and cavalry, back of whom was a solid mass of people.

Between these lines the royal carriages slowly passed. They moved in almost absolute silence, save for the funfuntory salutes of the soldiery. The queen was not present, and for mere royalty as royalty, there was apparently no popular feeling save that of curiosity.

When, however, the carriage of the Princess of Wales appeared, and her sweet, kind face was seen, the applause grew enthusiastic. Suddenly a burst of cheers was heard, as a low, black wagon came swiftly down the thronged street. It was the ambulance of a hospital, which has precedence everywhere, carrying some wounded man to receive succor. The crowd paid homage to charity in a sincere though inappropriate fashion.

It was a hint which the actions of the ruling families of Europe present should have understood. Queen Victoria knows that her people pay allegiance to her more as a wise, good woman, wife and mother than as one of the House of Hanover.

"The divinity which doth hedge a king" must now have its bases in humanity and personal respect rather than in descent or etiquette.

**IMPORTANT DECISION.**  
Walter Baker & Co.'s Cocoa to Be Sold in Ohio.

On the 5th December last, Messrs. Walter Baker & Co., Limited, Dorchester, Mass., well and widely known for more than a century as manufacturers of Cocoa and Chocolate preparations, issued a circular to the trade in which they stated that they had agreed to withdraw their cocoa from sale in Ohio. "We take this course," they said, "because it seems the only one open to us in view of the numerous presentations that have been instituted against parties selling our products since the recent decision of the Court of Common Pleas of Cuyahoga County in the proceedings against Mr. Howe, of Cleveland, for selling our Breakfast Cocoa. In that case the chemist employed by the state testified that the sample sent to him was pure cocoa, with no other adulteration than the removal of the oil." He also testified that he never had examined any powder or cocoa that he had been furnished with, and that he was satisfied, by removing the excess of oil without the use of any chemicals and without the addition of starch or sugar. "The name Breakfast Cocoa is applied only to powder cocoa, and we have always stated conspicuously, on every can, that the cocoa is made purely by removing the excess of oil without the use of any chemicals and without the addition of starch or sugar. "Our object has been to produce an extract of cocoa containing the stimulating and exhilarating properties of the bean in the most concentrated, concentrated and digestible form, and our success has been fully attested by the leading physicians and teachers of cooking. We fully believe we have adopted the best method known for the purpose, and there is no question that the demand for the product is great and greatly increasing. On the 23rd January, Messrs. Walter Baker & Co., issued another circular to the trade in which they said: "The Circuit Court of Cuyahoga County has reversed the decision of the Court of Common Pleas of December 5, and decided that our Breakfast Cocoa, being a pure article, made from the cocoa bean by the removal of the excess of oil, is not within the provisions of the food law of Ohio, and that it may be sold with its present label. This sustains us in the position which we have always maintained,—that the law is intended to prevent adulteration and not to interfere with trade in pure products, when sold under their appropriate names. "We therefore take pleasure in announcing to you that what we place upon our cans, and fasten our name upon it, is pure Cocoa, and for the convenience of the trade we shall see that a full supply reaches the state at an early day to replace what has been withdrawn."

**\$100 Reward. \$100.**  
The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hood's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hood's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CROOK & Co., Toledo, O. Sold by Druggists, 75c.

**Where Did You Get This Coffee?**  
Had the Ladies' Aid Society of our Church out for tea, forty of them, and all pronounced the German Coffeeberry equal to Ho! Salzer's catalogue tells you all about it! 35 packages Earliest vegetable seeds \$1.00. Order to-day.

If you will cut this out and send with 15c. stamps to John A. Salzer Seed Co., La Crosse, Wis., you will get free a package of above great coffee seed and our 145 page catalogue! Catalogue alone 5c. postage. (A.)

The Franco-German war cost \$71,515,330, besides an incalculable loss to trade.

**The Modern Way**  
Commends itself to the well-informed, to do pleasantly and effectually what was formerly done in the crudest manner and disagreeably as well. To cleanse the system and break up colds, headaches and fevers without unpleasant after effects, use the delightful liquid laxative remedy, Syrup of Figs. Manufactured by California Fig Syrup Company.

The private estates of the Czar cover 1,000, 600 square miles.  
The only floating soap now made that is 100 per cent. pure and contains Borax is Dobbin's Floating-Borax Soap. Why buy an adulterated soap when you can get the genuine? Put up only in red wrappers.

The Bank of France is four times as large as the Bank of England.

**A Simile in Smoke.**  
There's all sorts of grades of tobacco plant. The best comes from Havana. There's all sorts of grades of sarsaparilla plant. The best comes from Honduras. If you want cheap tobacco, all right—provided you get value for your money. Cheap tobacco's not as good to smoke—but it don't cost as much.  
If you want cheap sarsaparilla... But you don't want it. Of course you don't. You are paying for the best. To pay for the best and get anything but Honduras sarsaparilla is like paying for Havana cigars and getting Pittsburgh "Stogies." There's only one sarsaparilla made exclusively from the imported Honduras plant. That's Ayer's. Just keep it in mind that you are paying for Honduras sarsaparilla when you are paying for the best; but you don't get what you pay for unless you get Ayer's Sarsaparilla.  
Any doubt about it? Send for the "Corebook." It kills doubts but cures doubters.  
Address: J. C. Ayer Co., Lowell, Mass.

**Battle-AX PLUG**
