Hendrix's life in China is a picture frame made of oak dug from beneath the foundations of the Chinese wall, where it is supposed to have lain since the year 214 B. C. Seward Tabor, who carved the frame, found the wood almost black and nearly as hard as iron. Not only is the frame an object of interest; the picture it surrounds is a novelty—a handsome photograph of Viceroy Li Hung Chang, with that distinguished statesman's autograph in native characters adown the border. The photograph was a present to the bishop from the viceroy. The frame was obtained in the rough from some British contractors who were blasting out piling under a section of the wall, preparatory to repairs of the masonry.

Why Not.

It is said that if we take care of little things, the big things will take care of themselve But why can't we be always prepared for many of our little troubles. What's the use of suffering days and weeks, when in ten minutes we can get rid of the pain. A sud-den attack of backache, toothache, or neu-raliste headache. Budathe most of us without anything at hand, while St. Jacobs Oil would cure and put an end to the trouble promptly.

Two St. Louis dentiets fought a duel with pistels; one killed the other.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with ito all treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Chency & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in deses from 10 drops to a teaspoonful. It acts directly on the blood and muous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials, free. Address.

TOO MANY JUSTICES.

Four Justices of the Peace to Take the Place of Twenty.

Gov, Hastings has appointed Michael J. Lawlor and John Cardin, justices of the pence for Shenandoah, and Jonathan L. Jones and Philip E. Coyle, justices for Mahonoy City. These will take the places of 20 jus-tices who are now in these two boroughs, 10 in each. As the towns were divided into wards 'com time to time, the justices were increased until the grand juries protested. Legal proceedings will be instituted to oust those not appointed by the Governor.

MONEY FOR A SCHOOL OF MINES.

Chancelior Holland, of the Western university, has informed the Superintendent of Fublic Instruction at Harrisburg, that \$25,000 has been raised for the school of mines and mining and engineering, and that he expected, in a short time, the \$50,000 required, before a similar amount will be given by the State. The State appropriation will be available whenever the private subscriptions reach \$50,000. The site has not yet been approved.

FLED TO ITALY.

The officers who have been searching for Angelo Pregori, the Italian who recently murdered James Daugherty, near Greensburg, believe he has fied to Naples, his native place. The wife of the murderer took her children and quietly went away several days ago. It has been learned that the woman salled for Naples from New York Saturday last, a purse having been raised among her countrymen to defray her expenses.

The Lawrence county grand jury has found true bills on seven acparate indictments against Joseph Suglitz, Lewis Schiedt, Lewis Zachman and Charles Walzer for burglary. They are the band of robbers who have been working in all parts of Lawrence county during the past winter. Their plunder was hauled to New Castle, where it was found secreted at the old Kirst brewery. There are several cases yet against the men for robbery.

At the Beaver county court the following licenses were granted Monday: John Book, Beaver Falls; Michael Walsh, Bridgewater: Daniel Cusick, Shanopin; Anderson Browing company, Beaver Falls. All other applications were laid over until the third Monday in March.

A CHANGE OF FRONT.

A. R. U. is Now a Secret Order With Signs and Grips and Pass Words.

The American Railway Union, of which Eugene Debe is the moving spirit, has adopted an entirely new method of procedure. It is now a "close coporation" affair; com-It is now a "close coporation" affair; communication is by signs and cipher. There are no public meetings anymore. Men are detailed to pass the word in each union; and it can be done while they are on their way to or from work, or even while they are at the bench or lathe or telegraph instrument. The A. R. U. now numbers fally 158,000 members, and it is growing. Eugene Debs is in the South doing missionary work. A prominent railroad man, who has just come from the South, and was in several towns at the same time Debs was, says that new lodges are being secretly organized every day as the result of his presence. He appears and makes a public lecture, and while doing this his agencies are at work. The dues are \$1 s year.

ADVANCE IN WAGES.

Will Receive 70 Cents a Ton, Be ginning Monday.

Uniformity is practically assured in the Pittsburg mining district, as about forty of the largest operators signed the agreement,

the largest operators signed the agreement, themselves to observe the conditions placing all the mines on an equal footing.

The committee of ten held an important meeting at which the agreement of the December conference was ratified in the following resolution:

"Whereas, The operators of this district are about to enter into an agreement of uniformity, said agreement being now in the hands of a committee to secure sufficient signatures to make the contract operative be it

it
"Resolved, That, pending the securing of
names as above, we declare the price of
mining in the district on and after March 1
to be 70 cents a ton, in the thin vein coal, to
conform with the agreement entered into between the miners and operators in the December meeting. The above price is to continue until further notice."

Largest Pipe Ever Made.

Largest Pipe Ever Made.

The new and improved machinery which was put in by the Pennsylvania Tube Works at Pittsburg last summer has been doing some remarkable work recently. The firm has now on exhibition in front of its office a section of the largest pipe ever turned out anywhere in the world, whether lap-welded or butt-welded. This pipe is lap-welded and is 28 inches in diameter, a very remarkable size, and one that requires the best and heaviest machinery available. The material for each pipe is rolled into a sheet, which is afterward rolled into the shape of a pipe with the edges slightly overlapping. These are then welded together firmly. Each sheet weighs 2,300 pounds.

Hitch in a Glass Works Sale.

Hitch in a Glass Works Sale.

The resumption of Beatty's glass works in Steubenville by Beatty, Brady & Co., who purchased it recently, has been postponed until the wording of the transfer papers can be changed or modified. The new firm had paid the larger portion of the purchase money, bought the equipment of the factory and made some repairs, but the consummation of the deal has been blocked by the United States Glass company, who want to bind the new firm in the transfer papers to not make competing ware.

Electric railways are said to be proving of great benefit to the farmers of Maine. Trolley lines are run out of the large cities and towns to villages far removed from steam railway communication, and in several districts arrangements are being made to run trolley milk trains, vegetable trains and the like, to enable the farmers to get their produce quickly to market. It is even proposed to run trolley coal trains to supply coal to finall towns that now use only wood.

Apples are useful in nervous dyspepsia; they are nutritious, medicinial and vitalizing; they aid digestion, clear the voice, correct the acidity of the stomach, and are valuable in rheumatism, insomnia and liver troubles. An apple contains as much nutriment as a potato in a pleasanter and more wholesome form.

Grapes dislodge and dissolve gravel and calcul, and bring the stomach and bowels to a healthy condition.

TIW E'NAMOW

TOLD BY A SOCIETY GIRL;

Something About Morphine, Sulphur, Molasses and Other Things.

From the Evening News, Newark, N. J. Among the popular society leaders in East Orange, N. J., Emma L. Stoll, a charming young maiden, stands in the foremost rank. She is of a lovable disposition and the light of the social set in which she moves. For two years she has been a sick girl from internal troubles peculiar to women, and having recently recovered, has given our reporter the following interesting account:

"Instead of improving under the care of my physician I became worse. For five weeks I was unable to get out of ped and about six o'clock each morning I suffered horribly. My lips were sore and lacerated from the marks of my teeth, for in my efforts

about six o'clock each morning I suffered borribly. My lips were sore and lacerated from the marks of my teeth, for in my efforts to keep from screaming I sunk my teeth deep into my lips. At such times I rolled and tosaed until the bed shook like an aspen leaf and it finally got so serious that the doctor—I won't tell you his name—gave me some morphine pills to take. The very thought of them now makes me shiver. These morphine pills simply put me to sleep for a while, and when I became conscious again my agony was renewed.

"The pain in my stomach and back was more than I could stand. 'Your blood is poor,' said the doctor, 'take sulphur and molasses,' and I did until it was agreat won't der that I was not a molasses cake. It was time wasted in taking it because I was not benefited in the least; my suffering continued, but by a mighty effort after being in bed so long, I got up. Oh, but I was a ead sight then. From 112 pounds, I had fallen to minety, my cheeks were pale and sunken and I limped; yes, actually hobbied from the extreme pain in my side. Then I read of Dr. Williams Pink Pills for Pale People and the testimonial in the News inspired me with hope. I got the pills and took them. Before many days' I began to improve and before I had finished one box I felt as if I could go out and walk for miles. I soon stopped limping and through the Pink Pills I soon bid good bye to my headaches, while the pain to leave one's body. Now I am as I used to be, well and strong, light-hearted and merry but never without the pills. See I have got some of them now," and from a nearby desk she handed out one of the boxes.

Dr. Williams' Pink Fills contain, in a condensed form, all the elements necessary to give now life and richness to the blood, and restore shultered nerves. They are also a specific for troubles peculiar to females, such as suppressions, irregularities and all forms of weakness. In howe fore a radical cure in all cases arising from mental worry, overwork or excesses of whatever nature. Pink Pills are sold in

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction. With a better understanding of the
