

Yankee Enterprise Needed.
 Taken as a whole, Central America offers a fair field for foreign enterprise. By young men of self-denying and sober habits, possessing a capital of from \$5,000 and a tolerable knowledge of the Spanish language, success either in commerce, agriculture or mining may be confidently counted upon, but they must avoid all interference in local politics. In these, as in all other countries, the foreigner whose character and mode of life command respect will very seldom, if ever, suffer molestation at the hands of the authorities. The Nicaragua canal, if once commenced in earnest, will open up the almost inexhaustible resources of that republic, and the engineering works alone will offer lucrative employment to thousands of foreigners. Its physical difficulties are insignificant compared with those which Lesseps never overcame on the Isthmus of Panama; and, perhaps, the greatest obstacle to contend with is the silting of the alluvial deposits at the mouth of the San Juan river, the Atlantic entrance to the canal. The whole length will be 194 English miles, 110 of which are included in the great lake of Nicaragua, 134 feet above sea level, whose total superficial area is 3,068 English square miles. A short cutting will connect this lake with that of Managua, 156 feet above sea level, with a superficial area of 600 English square miles, being 50 miles long and 25 miles broad, with an average depth of five fathoms.

Round the Hearstons.
 Household necessities, cheer and warmth in winter, require the building of more fires. A cheerful, warm fire-place is a gracious comfort, but the burn fire may do no harm. Hearstons have stored legends, and there are stories of how houses are burned down by carelessness. But it is because we have more fires than there are more burns and scalds, the treatment of which, to allow at once the torturing pain, requires something for immediate use. No household should be without it and St. Jacobs Oil supplies the need. Used according to direction, it heals, soothes and cures, and leaves no scars behind.

Sour

Stomach, sometimes called water-brash, and burning pain, distress, nausea, dyspepsia, are cured by Hood's Sarsaparilla. This it accomplishes because with its wonderful power as a blood purifier, Hood's Sarsaparilla gently tones and strengthens the stomach and digestive organs, invigorates the liver, creates an appetite, gives refreshing sleep and raises the health tone. In cases of dyspepsia and indigestion it seems to have "a magic touch."

"For over 12 years I suffered from sour

with severe pains across my shoulder, and great distress. I had violent nausea, which would leave me very weak and faint, difficult to get my breath. These spells came oftener and more severe. I did not receive any lasting benefit from physicians, but found such happy effects from a trial of Hood's Sarsaparilla that I took several bottles, and I mean to always keep it in the house. I am now able to do all my own work, which for six years I have been unable to do. My husband and son have also been greatly benefited by Hood's Sarsaparilla—for pains in the back and after the grip. I gladly recommend this grand blood medicine." Mrs. PEARL DUVAL, Leominster, Mass.

KEYSTONE STATE NEWS CONDENSED.

LABEL THE ACCUSATION.

Assemblyman Foelt and Candidate Miller Held for Trial.

Sheriff Condo, of Center county, went to Lewisburg and arrested Assemblyman B. K. Foelt, editor of the Saturday News, for publishing and the Center Daily Reporter, the accused were brought to Bellefonte and held under \$1,000 bail for appearance for trial at the next term of Center county court. Miller wrote an article accusing Foelt of having confessed fraudulent judgment in his suit of \$1,000 to his son, and Foelt published the story in the Lewisburg News.

RIO DEAL IN COAL LAND.

An extensive deal in coal land has just been consummated in Greene county by James White, of Jacksonville, Westmoreland county. The tract contains about 1,200 acres and is situated on the Big Whittier creek in Monongahela township. The land is said to be underlain by a superior grade of coal. It is the intention of Mr. White to drive shafts and to place the deal on the market at an early day.

Last week a dog attacked a flock of sheep belonging to James Kelso, at Moravia, killing several and wounding others. Next morning Mr. Kelso visited his sheep-fold and found 11 of the bitten sheep tearing wildly about, snapping their jaws and frothing at the mouth. Two others lay dead, having killed themselves by butting against the side of the building. Mr. Kelso at once suspected that the sheep were affected with hydrophobia, and shot every one of the suspected animals. The dog that did the mischief has not been found.

J. Harry De Haas, treasurer of Benecot township, Elk county, left home 10 days ago. Last week, when the auditors examined his accounts, they were found to be \$700 short, and the amount was charged to his bondsmen, Henry Blesh and Deucatur Hewitt. De Haas wrote from Chicago, sending the auditors to get the amount of township money deposited in the Ridgway bank. It is thought that he has gone to Alaska and will eventually make the deficit good. He leaves a wife at his home in Benecot.

At Washington a spirited contest took place for the election of borough officers for the ensuing year. The election of Charles Greer to the office of chief of police was a big surprise. As John A. Greer looked upon a sure winner, he having been elected high constable in February. The other officers elected are as follows: Treasurer, R. H. Myers; solicitor, A. M. Templeton; street commissioner, Robert M. Brown; secretary, William C. Wiley.

In 1880 President Jackson appointed James McGee postmaster at Christ Mills, now known as McGee Mills, Clearfield county, and this office has been held continuously since by some member of the family. At the death of James McGee he was succeeded by his son, Thomas A., who was succeeded by his wife, Mary. At her death William, her son, was installed.

Attorney General McCormick will bring suit against a number of straightway companies for neglect to file a report of their operations for the fiscal year ending June 30, 1925. These corporations are liable to a penalty of \$5,000 each for failure to comply with the law requiring them to make a report annually to the Internal Affairs Department.

At Sharon, William Goldberg, the wealthy junk dealer, was re-elected on the charge of complexity in the robbery of wire from the Bell Telephone company. "Whisky" McGilough, one of the men arrested with the wire in their possession, turned state's evidence and implicated Goldberg. All the accused are now in the Mercer jail.

Three dozen students of State college came to Bellefonte in sleds. While they were jamming the streets they were pelted with snowballs by some Bellefonte young men. The students made a rush for their assailants and a fist fight resulted. Black eyes and battered faces were the most serious results.

Frank Willing Leach announced himself as a candidate for chairman of the Republican state committee to succeed Senator Quay, who will not accept a re-election. Mr. Leach is now chairman of the executive committee of the state committee.

Alexander Montgomery, the Democratic candidate for overseer of the poor in Armstrong county, has filed a contest of the election of Frank King, alleging that illegal votes were cast by Republicans in the Second ward of Kittanning.

John Grzeskniek was arrested at Scranton on suspicion of having murdered John Miesko, whose corpse was found with the skull crushed in and the pockets emptied. Grzeskniek's coat had blood stains on it.

James McBride, a Mercer county farmer, was vexed on by the sheriff for not accounting to \$4,000. His principal creditor is the First National bank of Mercer.

The Central Ohio paper company of Columbus, and the A. J. Newmyer lumber company, of Waldo, Kan., were licensed at Harrisburg to open branches in Pittsburg.

Burglars broke into the Blair county court house at Hollidaysburg, Tuesday night, but were unable to open the treasury vaults and get nothing of any value.

Cecil Groves Chase, a little girl who was partly paralyzed by being struck by a P. C. & St. L. train, was awarded \$487.34 damages at Washington, Pa.

A meeting of the Bar association of Crawford county at Meadville, resolutions of respect to the memory of the late H. L. Richmond were adopted.

A Hungarian, whose name is unknown, cut open the head of his wife with a hat box at Smock. He fled to the woods and the woman is dying.

A deal was made at New Castle for the consolidation of the Courant and Guardian. The new paper will be called the Courant-Guardian.

INDUSTRIAL AFFAIRS.

Conditions of the Labor Market—Items for the Workingman.

Conditions remain about the same as they have during the past month. Production is steadily declining, and unless there is a decided revival in demand and improvement in prices, it is quite certain that more furnaces, both in the South and East, will be obliged to cease operation. Stocks of iron at furnaces are increasing. There has been considerable talk among buyers of the probability of Southern roads dropping freight rates to the point where they were over a year ago. It seems to be forgotten that freight rates now are at the minimum under agreement with the Southern Railroad Association, and the leading officials of the railroads interested say there is no idea of reducing freight rates. The bulk of the tonnage is from sales made to large customers who have fixed a price in their minds as to what the bottom should be, and when a turn has been found that will accept their terms, they close for round lots.

RAILROAD WAGES CUT.

Great Northern Puts in Force a So-Called Equalization.
 The Great Northern railroad has made another reduction in the wages of its employees, the men affected being agents, telegraph operators, cashiers and engine wipers. The scaling down dates from March 1, although the circular letter making the change is dated March 8. The change is not only a cut, but an equalization, because some salaries have been raised. But the increases are very few, and the amount does not exceed \$2.50 per month, while the reductions amount to as high as \$12.50.

National Labor Exchange.

A branch of the National Labor Exchange has been formed in Columbus, O. The movement is backed by Dr. C. T. Nelson, of that place, who is a member of the National or Central Exchange, with headquarters at Independence, Mo. The object of the organization, as set forth in the articles of incorporation, are to provide employment for the idle, facilitate interchange of commodities and services among associates and the public, to alleviate suffering and lighten the burden of charitable institutions by establishing one that is self-sustaining. The Exchange has checks which it gives to persons performing labor for the organization or for produce bought. These checks are on bank-note paper, and are used in the place of money in all transactions between the Exchange and its individual members. The motto of the organization is, "In essentials, unity; in non-essentials, liberty, in all things, charity. Arbitration the law." Similar branches have already been established in Toledo and Ashtabula.

INDUSTRIAL ITEMS.

It is reported that the Republic of Mexico will adopt the metric system from June 1 next.

Western Union operators in Pittsburg have been notified to leave the American railway union or lose their positions.

Auburn, N. Y., is a great manufacturing center having \$10,000,000 invested in these industries. The mow and reaper plant of D. M. Osborn & Co., is now employing 2,100 persons.

Another Salvation Army.

In England the Established church has set an organization in the field modeled upon the lines of the Salvation Army, and it has proved extremely successful. The Episcopal church here now is taking steps towards the formation of a similar force. It is not thought that its work will interfere with that of the Salvationists, but it is expected to supplement it to reach large classes inaccessible to the ordinary ministrations of the church. Two efforts of the sort have already been made. One, several years ago in Detroit by the Rev. Joseph H. Johnson, now bishop of Los Angeles. The second is now in successful operation in Pittsburg, having been founded by James H. Bakewell, a lawyer, and a member of the Brotherhood of St. Andrew, in New York. The more general organization now proposed is to be under the auspices of the entire church and to extend its work over the whole country, after the example of the parent order. There is room for all of them and a field for their efforts wide enough to give them all elbow room.

Trolley Cars and Pills.

From the Evening News, Newark, N. J.
 Mrs. Anna Burns, of 308 Plane Street, Newark, N. J., is a decidedly pretty brunette, twenty-six years old, tall, and a pleasant conversationalist. On the ground floor of her residence she conducts a well-ordered candy store. Burns is reported to have been attracted in response to a question told him a very interesting story.

"Until about two months ago," she began, "I enjoyed the very best of health and could work night and day if necessary. Suddenly, and without any apparent cause, I began to suffer from intense pains in my head, in my limbs and temples. Almost distracted with this seemingly never ending pain, I tried cure after cure, prescription after prescription and almost a gallon of medicine of all kinds. Nothing did me any good. In fact I became worse. The knuckles of my hands soon became cramped and the pain in my hips became more and more distressing until I was unable to stand. I had to be attended to, however, and so I was obliged, suffering as I was, to keep more or less on my feet and occasionally I was forced to go out. This was the ordeal I dreaded. Each time I went out I trembled when I caught the car tracks for my pain at times was so severe that I was obliged to stand perfectly still no matter where I was. On one occasion I was seized in this way while I was crossing the tracks on Market Street and there I stood perfectly rigid, unable to move hand or foot while a trolley car came thundering along. Fortunately it was stopped before it struck me, but the dread of it all lasted as long as my pain, for I never knew when crossing the tracks, whether I would be crushed to the ground in my agony and not drop to death. My anxiety to get well grew apace and I had about given up in despair when I saw in the Evening News one day, an advertisement of Dr. Williams' Pink Pills. How was I to get them? I had not tried before and I lost no time in getting to the nearest drug store. There I paid fifty cents for a box of these truly wonderful, health restoring pills. Before I had finished taking the first box I began to feel better. I was able to get up and walk, and the pain in my hips gradually disappeared and for the first time in many days I felt as if there was some hope. I continued to take the pills and the more I took, the better I felt. I don't know how long it took, but I am now having taken only a few of the second fifty-cent's worth, I am free from all pain and as happy as the day is long. Since I began to take Dr. Williams' Pink Pills I have gained thirty pounds and now when I cross the car tracks I don't care if there is a dozen wheels nearby. It is a great relief, I assure you, and suffering humanity has a never failing friend in Dr. Williams' Pink Pills for Pale People. I know what I am talking about. I speak from experience."

Dr. Williams' Pink Pills contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are also a specific for troubles peculiar to females, such as suppression, irregularities and all forms of weakness. In men they effect a radical cure in all cases arising from mental, worry, overwork or excesses of whatever nature. Pink Pills are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

DEAR MRS. PINKHAM:

"I cannot begin to tell you what your remedies have done for me. I suffered for years with falling and neuralgia of the womb, kidney trouble and leucorrhoea in its worst form. There were times that I could not stand, was sick all over and in despair. I had not known a real well day for 15 years. I knew I must do something at once. I had tried physicians without receiving any lasting benefit. I began the use of Lydia E. Pinkham's Vegetable Compound. Now, I have used 9 bottles; my weight has increased 25 lbs. I tell every one to whom and what I owe my recovery, and there are 15 of my friends taking the Compound after seeing what it has done for me. Oh, if I had known of it sooner, and saved all these years of misery. I can recommend it to every woman."—KATE YODER, 408 W. 9th St., Cincinnati, O.

Should advice be required, write to Mrs. Pinkham, at Lynn, Mass., who has the utter confidence of all intelligent American women. She will promptly tell what to do, free of charge. Lydia E. Pinkham's Vegetable Compound, which is easily obtained at any druggist's, will restore any ailing woman to her normal condition quickly and permanently.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physician, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
