# Boils

It is often difficult to convince peo le their blood is impure, until dread ful carbuncies, abcesses, boils, scrof-ula or salt rheum, are painful proof of the fact. It is wisdom now, or whenever there is any indication of

# **Impure**

blood, to take Hood's Sarsaparilla, and prevent such eruptions and suffering.

"I had a dreadful carbuncle abscess red, flery, flerce and sore. The doctor attended me over seven weeks. When the abscess broke, the pains were terrible, and I thought I should not live through it. I heard and read so much about Hood's Sarsaparilla, that I decided to take it and husband, who was suffering with boils, took it also. It soon purified our

that, although the doctor said I would be able to work hard, I have since done the work for 20 people. Hood's Sarsaparilla cured my husband of the boils, and we regard it a wonderful medicine." Mns. Anna Peterson, Laumer, Kansas.

#### "finance" his affnirs, six mouths ago. Eden's Flowers and Thorns.

In this beautiful season of flowering green when the air is balmy and the sunlight golden, it seems a pity that anything should enter into this Elen of ours to mar its pleasures and blight its joy, but so it is ordained; man has his heritage, and it is even doubtful—if all of lift were a scone of pleasure—whether we could possibly enjoy it. The birds come and sing, and the birds sing and go. Rheumatism comes also. It comes from exposure to the dampness of the nights and mornings, to the sudden change of temporature, and it certainly goes, as thousands know, by the prompt use of St. Jacobs Oli, which is a complete and perfect cure. It is well, therefore, while we enjoy all these seasonable delights, not to be without this great remedy for pain, and to have it ready, more because we are the more liable at this season than any other to suffer from such attacks. enter into this E len of ours to mar its pleas-

## THE TURN OF LIFE.

THE MOST CRITICAL PERIOD IN THE LIFE OF A WOMAN

Experience of Mrs. Kelly, of Patchogue,

There is no period in woman's earthly career which she approaches with so much anxiety as the "change of life."

past twenty years women have learned much from It is safe to sav

that women who prepare for the eventful (

period, through it much easier than in the

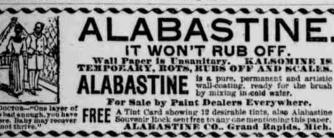

past. There is but one course to pursue to subdue the nervous complications, and prepare

the system for the change. Lydia E. Pinkham's Vegetable Compound should be used.

It is well for those approaching this time, to write Mrs. Pinkham, at Lynn, Mass. She has the experience of years to aid her in advising. She will charge you nothing.

She helped this woman, who says:-"I have used Lydia E. Pinkham's Vegetable Compound in my family ten years, with the best results. Some time ago my daughter had catarrh of the womb, and it entirely cured her. I was approaching the "change of life," and was in a deplorable condi-tion. My womb had fallen, and the bearing-down pains and backache were

terrible, and kidneys affected
"I began taking the Compound, and my pains ceased. I consider it the strong bridge between sickness and health, and recommend it to everybody I meet who needs it."-MRS. L. KELLY. Patchogue, L. I.

with Pearline. Twould be absurd. It isn't necessary. Pearline contains everything of a soapy nature that's needed or that's good to go with it. And Pearline is so much better than soap that it has the work all done

before the soap begins to take any part. You're simply throwing away money. It's a clear waste of soap—and soap may be good for something, though it isn't much use in washing and cleaning, when Pearline's around.

## KEYSTONE STATE NEWS GONDENSED

ALTOONA HAS A BOOM.

A Number of Costly Buildings to be Erected This Summer.

Altoena is booked for quite a building oom this summer, if all reports are correct, and there are enough of them already proven so to assure quite a spurt in this direction. Airendy there are on the tapis projected Airwady there are on the tapis projected buildings which to erect will necessitate an expenditure of almost haif a million dollars. Among the buildings sure to be erected are the First Lutheran church and Sink's Hotel, each to cost \$50,000; five business blocks to cost from \$12,000 to \$20,000; four \$8,000 residences, and 63 minor buildings, to cost anywhere from \$2,000 to \$6,000. There is also in view a new First National Bank building, at an estimated outlay of \$100,000.

Work has begun on the bridge which will cross the Youghiogheny at Suterville, near West Newton. The machinery used in building is now on the ground. The bridge will be a handsome steel structure, and will connect Westmoreland and Allegheny counties. R. H. Swaney and other residents of Me-Keesport are financially interested, and the bridge is considered a link of the recently chartered troiley line which is to extend from McKeesport to West Newton.

At the meeting of the Uniontown council At the meeting of the Uniontown council it was decided to appropriate \$200 out of the borough funds to aid in defraying the expenses of the coming centennial of the borough, July 3 and 4. A large amount has been already raised by subscription, and council was asked to appropriate \$500. The council also decided to pave Church street with brick, the work to be commenced immediately.

The charges of violation of the liquor laws and gambling prefered against J. Frank Pickard, of the Grand Central hotel at Mt. Pleasant, were ignored by the grand jury. Ten days ago Mr. Pickard was refused a license on the strength of these charges. W. F. Morrison, the prosecutor, paid the costs. Job Jones, at Irwin, was granted a liquor Pickard.

At the spring meeting of the stockholders At the spring meeting of the stockholders of the California Normal school James K. Billingsley, of California, and James S. Me-Kean were recommended as State trustees, and John N. Dixon, L. W. Morgan, L. T. Claybaugn, and W. H. Winfield, all of California, were elsetted local trustees. All save McKean and Winfield were re elected.

William McQuiston was removed from his home in Mercer county to Warren, Pa., asylum, a raving maniae. He claimed to have had a conversation with God and was chosen to take the place of Elijah, and he also had been endowed with power to kill every one who differed with him. The New York Club has given to Pitcher

Pitcher Pond, of the Baltimores, is the pitching sensation of the season.

Burkett, of Cleveland, starts out as if he was going to lead the batters again this Pitcher Altman, of the Princetons, has done the best work of any college pitcher thus far.

Connor is playing like a colt for St. Louis, all of which must make New Yorkers feel regretful.

Corbett, brother of the puglist, has been regularly signed for the season by the Buiti-mers Clab.

"Bench-warming" takes the nerve out of a player quicker than anything else. Anson is quoted as saying that Cary and Gleason are stronger than Doylo and Beitz.

New York and Louisville are the two League cities pecudar for not standing by a losing team.

St. Louis has two pitchers who may be de-pended upon to do first-class work, Breiten-stein and Hart.

Hamilton has had his way. He is now in Boston's centre fleid, Duffy having changed places with him.

Breitenstein has beiter control than any left-banded pitcher, not even excepting Kul-roy in his palmy days. The Washington youngsters, Rogers, De Montreville, McAuley and McJames, have as far shown up most promisingly.

Chicago ctaims to have the best outfield in the League—Flynn, Lange and Byan—and the claim is based upon good judgment. Donnelly, the Baltimore third baseman, is no novice in the League. He played in that organization with Detroit away back in 1885. The Eastern League will adopt the Nation-i League rule prohibiting umpires from topping at hotels with home or visiting

THE INDUSTRIAL WORLD.

Items for the Working Man .- Minnesota Coal Beds.

A dispatch from Duluth, Minn., snnounce the discovery of vast beds of anthracite coal in the extreme northern part of Minnesista. It is also stated that these vast beds have become the property of James J. IIII, presi-dent of the Northern Pacific railroad com-pany, who is geing to develop them and run a branch line of that railroad to the mines. Similar discoveries of very excellent authracite coal have been in Alberta, antiracité coul have been in Alberta, Cana-da, hundreds of miles westward of the Min-nescha deposits. Should it turn out that good coul can be cheaply delivered near the Great Superior beds of iron ore, it might re-sult in an eventual transfer of the iron busi-ness. The place where the raw material can be most cheaply assembled has undentable advantages which in the end will assert themselves against all competition.

Weigle Bros., of Elizabeth, Pa., propose to spend \$100,000 in building "marine ways" at the Monengahela river town this summer. Elizabeth was once noted for its prominence as a boatbuilding town. During the past few years this importance has declined a large extent on account of the lack of Incilities. Several times government orders have been received, but tecause the Elizabeth contractors were unable to fully equip the boats the contracts had to be given up. The surveys for the new ways have been made, and work will be commenced at once. Inclined planes will be built and the ways will be large enough to accommodate three tow-boats.

#### Searcity of Farm Labor.

Laborers for trucking farms are scarce all along the Atlantic coast. The papers of Baltimore are directing attention to this scarcity of laborers, and at the same time printing facts and statistics showing how intelligent laborers can earn good wages for the present, with a chance for a permanent home atterward. This is true of New Jersey, Delaware, Maryland and Virginia. In all those states truck gardening is an important industry, and during the spring and summer there is usually such harvest of small fruits and vegetables that there are seldom laborers enough to gather them. This may be a suggestion of value to those who are out of work in the large cities, or to those organizations which are interested in promoting the welfare of the poor. of the poor.

#### LABOR NOTES

The official reports of the treasury department show that for the nine months of the iscal year ending with March the exports of the retrieval manufactures reached the unpresedented total of \$163,187,926.

A conditional settlement of the fight in the A conditional settlement of the fight in the winclow glass workers' association was affected recently by the representedives appointed by the two factions, which if ratified by the council and assembly will terminate the internal troubles of the organization and legal proceedings will be withdrawn. The settlement will probably provide that the administrative power of the association be placed in the hands of the president and council if a majority vote of the trade is given to a resolution making this change which is now before the membership.

The National association of master plumb rs will hold its annual convention in Cleve and on June 2.

Paralysis.

From the Press, New York City, Morris Presianer, of No. 1 Pitt Street, New York, who is a real estate agent and collector of rents, caught a severe cold early last spring, which settled upon his kilneys. Soon he began to suffer severe pain in his backbone, sides and chest. His symptoms grow rapidly more alarming, until at last he was as helpless as a child and could scarcely move as he lay on his bed. As Mr. Presinger to well known in the part of the town where he resides, he had many sympathizers, who did

all they could to help him.

Though a native of Berlin, Mr. Preslaner has lived in this country for forty years, having served the country of his a toption by three years' hard services in the civil war. He enlisted with the Ninetseath Hilinois In-

three years' hard service in the civil war. He enlisted with the Nineteenth Hillinois Infantry, taking part in many buttles and marching with General Sherman to the sea. While in Georgia, Mr. Preslaner was promoted to first Sergmant for bravery on the field of action. He is now a member of Koltes Post, G. A. R., and is one of the most popular men in the Post.

Mr. Preslaner told a reporter the story of his dreadful illness and won-ierful recovery. The reporter met him as he was returning from a long walk, and, saying that he had heard of his wonderful cure, asked him to tell the story. When Mr. Preslaner was comfortably scated in his pleasant parlor, he told the following story, which, he said, he hoped everyone who was suffering as he had suffered, would read. His words were as follows: "To begin with, I was taken sick just a year and a month ago, having taken a severe cold which settled on my kidneys. At first I thought the pain I suffered would soon pass away, but, instead of doing this, it grew mere intense every day, so that in a week I could walk only with considerable difficulty.

"I called in a doctor, who said I had loco."

is grew more intense every day, so that in a week I could walk only with considerable difficulty.

"I called in a doctor, who said I had locomotor ataxia and began treating me for that disease. He did me no good, and all summer long I could scarcely attend to my business at all. Then I called another doctor and took his medicine for several weeks, but experienced no relief. Dr. Truman Nichols, of No. 237 East Brondway, who I at last called in, helped me more than any of the other doctors, but along towards fail I grew worse, despite his treatment. I think Dr. Nichols is a good doctor and understood my case, but despite this fact his medicines did me no lasting good.

"Early in November the little strength I had in my legs left me and I was unable to stand. The pain in my back and sides became almost unbearable and my limbs grew cold. An electric battery I bought failed to help, and for weeks I felt myself gradually growing weaker until all hope left me.

"Sometime before this I had read of a wonderful cur- a man had received from Dr. Williams Pink Pills for Pale People, but was so prejudieed against what I thought was a pattent medicine of the usual worthless character that I could not make up my mind to try them. As my pains increased and death

so prejudiced against what I thought was a patent medicine of the usual worthless character that I could not make up my mind to try them. As my pains increased and death seemed coming near, I thought of what I had read and of the symptoms of the man who had been cured. They were precisely the same as mine, and at last, with my wife's carnest entreaty, I consented to try Pink Pills. "I am now convinced that these pills saved my life. Gradually my strength began to return, the desire to live grow stronger. After having taken three boxes I left my bed. This was early in March. All pain had left me, and that terrible dead feeling in my legs had gone away. I was still very weak, but before I had taken the fourth box I was able to get down stairs for a short walk in the open air. Now I feel as if I had been born again and am as happy as a child. Every pleasant day I take a walk, and am sure that in a month I will be as well as ever."

All diseases, such as locomotor ataxia, St. Vitus' dance, partial paralysis, sciatica, rheumatism, neuralgia, nervous headache, palpitation of the heart, effects of la grippe, pale and sallow complexions, and all forms of weakness, either in man or woman, disappear when Dr. Williams' Pink Pills can be bought of any dealer, or will be sent post paid on receipt of price, 50 cents a box or six hoxes for \$2.50, by addressing Dr. Williams' Medicine Co., Schenectady, N. Y.

You are bound to succeed in making HIRES Rootbeer if you follow the simple directions. Easy to make, delightful to take.

Made only by The Charles E. Hires Co., Philadelphia.

J. C. Simpson, Marquess, W. Va., says; "Hall's Catarrh Cure cured me of a very bad case of catarrh." Druggists sell it, 75c.

#### Gladness Comes

With a better understanding of the transient nature of the many physical lils which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which tacts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California. Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction. With a better understanding of the
