Used a Stiletto.
Last Saturday night, a few minutes before the town clock pealed out the midnight hour, one Italian ran a stiletto into another one in front of the opera house. The Ikes had been guzzling beer and were well "boozed." One of the Ikes was trying to persuade another one to go home and the fellow drew his stiletto and stabbed him. The manipulator of the stiletto struck low or he might have spilled the life-blood of his fellow countryman on the sidewalk. The sharp instrument punctured the Ikes body near the left hip joint—in front. The stabbing may yet prove a serious matter.

Jailed Yesterday.
Clarence Rolls, of Big Run, and three other fellows handled a young man named Zimmerman, of Troutville, roughly at a meeting one night last week. They used steel knuckles, &c., on Zimmerman. Warrants were issued for the arrest of the four men on the charge of aggravated assault and battery. Two of the men gave bail for their appearance at court, one skipped out and Frank P. Adelsperger, of this place, took the fourth. Clarence Rolls, of Brookville jail yesterday. Rolls made his brags that no one would take him to jail, but Adelsperger did it all the same. Adelsperger hand-cuffed Rolls to him and kept his mace in his right hand.
"The Spinster's Fortnight Club"
The Reynolds opera house was taxed to its fullest seating capacity, and then a few had to stand—to witness the mirth-producing entertainment, "The Spinster's Fortnight Club," given by ladies of the Presbyterian church last Friday evening. The play, which represents elderly maidens of a half century ago, and the object matrimony, required considerable practice to present it in a pleasing manner but, the play was rendered creditably and all who participated did nicely. The mystical make-over machine, into which any of the spinsters could go and be made over into young girls or boys, with whatever talents they asked for, was the closing act which afforded great amusement for the audience. The large audience seemed to be very well pleased with the entertainment, and the ladies realized a snug sum from it.

County Institute.
The Jefferson county teachers' institute convened in the court house in Brookville at two o'clock Monday afternoon. Almost three hundred teachers were enrolled before the opening of the first session. Dr. Conway, of Brookville Presbyterian church, conducted the devotional exercises, and Ex-Senator W. J. McKnight made the address of welcome. Dr. Ruric N. Roark, Dean of the Department of Pedagogy of Kentucky State College of Lexington, Ky., gave an address on "Instruction." Prof. A. W. Moore, of the Chicago University, gave a brief talk on "Inspiration." The singing by Prof. J. G. Dalley, of Buffalo, N. Y., was well received. His "Dear School Mam" song carried the institute by storm. Miss Susanna J. Dalley, daughter of Prof. Dalley, presided at the piano. County Superintendent Tetrick appointed Prof. Millen, of Stanton, secretary of the institute.
The evening session consisted of music by the Brookville Banjo, Mandolin and Guitar Club, singing by Prof. Dalley and lecture, "The Unity of Life," by Prof. A. W. Moore.
The Tuesday morning session opened at 9:00 o'clock with devotional exercises, singing by Prof. Dalley, followed with addresses by Dr. Roark and Prof. Moore. At the afternoon session Prof. Dalley gave instruction in music, Prof. Moore, Miss Alice E. Allen, of Clarion Normal, and Dr. Roark addressed the institute.
The program for Tuesday evening was given at the opera house, which consisted of solos by Prof. Dalley and a lecture, "Get There and Stay There," by Rev. Sam P. Jones. The opera house was packed.
Assembly Hall opened.
The opening of Assembly Hall last Thursday evening by the Torbett Concert Co., the first entertainment in the course to be given by the public school, was a grand success. The company is first class, the audience was made up of a good class of people, who were mostly all "togged out" in their "best," the hall was nicely illuminated, comfortably heated and well ventilated, the encores were frequent, and yet there was no boisterousness such as whistling and stamping of feet. All things considered, the most fastidious can hardly do otherwise than acknowledge it to have been a first-class affair.
There was one objection, however, and that was big hats, especially so on account of the seats all being on the same level. People who attend such places should have some consideration for those who sit in seats back of them. It might be inconvenient for ladies to remove their hats at public meetings, but it would often remove a source of great annoyance for those who sit behind them that want to see the speaker or performer.

Gold Strike No. 2.

For some time the company have been sinking another shaft and last week at the 250 foot level struck a vein of gold bearing quartz 36 inches wide. The company now have two shafts on the property out of which is being taken very rich ore. Another mine in the district is called the Abe Lincoln but so far have not struck pay ore. Better Obey the Law.
The Board of Health of this borough has had two sections of the law enacted in 1895, "to provide for the more effectual protection of the public health," printed, framed and hung up in hotels, churches, and school building, so no one need be ignorant of the restrictions in case of contagious disease. Unless people obey the requirements of the law, some one will get into trouble. Below we print the two sections above referred to:
Sec. 11. No child or other person belonging to, or residing with the family of any person or residing in the same house in which any person may be located who is suffering from cholera, small-pox, (variola or varioloid), scarlet fever, typhus fever, yellow fever, relapsing fever, diphtheria, diphtheritic croup, membranous croup or leprosy shall be permitted to attend any public, private, parochial, Sunday or other school in said municipalities, and all school principals, Sunday school superintendents or other persons in charge of such schools, are hereby required to exclude any and all such children and persons from said schools, such exclusion to continue for a period of thirty days following the discharge by recovery or death of the person last affected in said house or family, or his or her removal to hospital, and the thorough disinfection of other persons as aforesaid, before being permitted to attend or return to school, shall furnish to said principal or other person in charge of said schools, a certificate signed by the medical attendant of said children or persons, or by a physician to be designated by the health authorities of said municipalities, setting forth that the thirty days mentioned in this section have fully expired: Provided, however, that the health authorities may by rule or regulation provide that such certificates shall only be given by a person to be designated by said authorities, and in such case no other certificate shall be recognized.
Sec. 21. Any physician, undertaker, principal of a school, superintendent of a Sunday school, sexton, janitor, head of a family or any other person or persons named in this act, who shall fail, neglect or refuse to comply with, or who shall violate any of the provisions or requirements of this act, shall for every such offense, upon conviction thereof before any mayor, burgess, alderman, police magistrate, or justice of the peace of the municipality in which said offense was committed, be liable to a fine or penalty therefor of not less than five dollars nor more than one hundred dollars, which said fines or penalties shall be paid into the treasury of said municipality, and in default of payment thereof, such person or persons shall undergo an imprisonment in the jail of the proper county for a period not exceeding sixty days.

The modern maid is, I am afraid, Not worth the time to cage her; In silken gown to take the town, Her first and last ambition. What good is she to you or me Who have but a position? So let us drink to her, But think of him who has to keep her. Who has not a wife must spend out life in bachelorhood, 'tis cheaper."
—THE HOPELESS DOZEN.

Torbett Concert Co.
The Torbett Concert Co., which appeared in this place last Thursday evening, was well received by the large audience that greeted them. The male portion of the company have sweet voices that blend harmoniously, but the words of their selections were "out of sight." There is no exaggeration in the statement that Miss Ollie Torbett displayed exceptional skill on the violin. The repeated encores she received was sufficient evidence that she delighted her hearers. Miss Lucile Mawson, who presided at the piano, proved by a number of fine pieces, that she is master of that instrument.
Their prices are below all others. Who? Millirens of Course.

Something to Depend On.
Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into hasty consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen bottles cured her sound and well.
