

There are nearly 400 varieties of humming birds.

His Back Up.

When Noah blow his horn, the camel humped himself to get abroad, and by a curious freak he stayed humped all his life. Lambago or lama hump a man's back simply because he cannot straighten himself on account of the stiffness and weakness accompanying the ailment. Nature helped the camel to his hump for a special purpose. Nature will help a man to get rid of his hump right off if he uses St. Jacobs Oil, because the character of the trouble is such that it needs just such a remedy to warm, soften and straighten out the contracted muscles. From the time of Noah down to the present time men have had lame backs, but only since the introduction of St. Jacobs Oil has the cure for it been known. Lambago really disables, but St. Jacobs Oil enables one to attend to business without loss of time.

Cataract Cannot be Cured

With local applications, as they cannot reach the seat of the disease, cataract is a local or constitutional disease, and in order to cure it you must take internal remedies. Hall's Cataract Cure is taken internally, and acts directly on the humor of the eye. It is a powerful, but not a quick medicine. It was prescribed by one of the best physicians in this country for years, and is a regular prescription. It is composed of the best ingredients known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing cataract. Send for testimonials, free. F. J. Cheney & Co., Props., Toledo, O. Sold by Druggists, price the base.

Have found this cure for Consumption an unfailing medicine.—E. R. Love, 1335 Scott St., Covington, Ky., Oct. 1, 1894.

This permanently cures. No fits or nervousness after first day's use of Dr. Kline's Great Nerve Restorer. \$2 trial bottle and treatise free. Dr. R. H. Kline, Ltd., 601 Arch St., Phila., Pa.

Spring Humors

These unsightly eruptions, painful boils, annoying pimples and other affections, which appear so generally at this season, make the use of that grand Spring Medicine, Hood's Sarsaparilla, a necessity. Take Hood's Sarsaparilla now. It will do you good. It will purify your blood, give you an appetite, keep your nerves, strengthen your stomach, and cure all spring humors. Remember Hood's Sarsaparilla is the One True Blood Purifier. 50¢ per bottle. Hood's Pills are the only pills to take with Hood's Sarsaparilla.

Would Not "Hold Still."

Everybody who knows an amateur photographer is familiar with the excuses that are presented for failures. Sometimes these excuses strain the credulity a little. "I tried the other day," said one amateur to another, "to get an instantaneous view of Bunker Hill Monument." "Well, did you succeed?" "Succeeded! No! It must have moved just as I exposed the plate."

How He Figured It.

A Missouri farmer figured it out one rainy day that he had walked 300 miles in cultivating one acre of corn. He thereupon sold his farm and moved to a town, where he walked 600 miles to find a job.

The surprising news that a Chicago alderman has been acquitted of something has been received. However, his skirts are not clean; he is still guilty of being a Chicago alderman.

The Wonderful Kava-Kava Shrub.

A New Botanical Discovery.—Of Special Interest to Sufferers from Diseases of the Kidneys or Bladder. Rheumatism, etc.—A Blessing to Humanity.

A Free Gift of Great Value to You.

Our readers will be glad to know that the new botanical discovery, Alkavis, from the wonderful Kava-Kava shrub has proved an assured cure for all diseases caused by Eric acid in the blood, or by disordered action of the kidneys or urinary organs. The Kava-Kava Shrub, or as botanists call it, *Piper Methysticum*, grows on the banks of the Ganges river, East India.

The Kava-Kava Shrub and probably was (Piper Methysticum) used for centuries by the natives before its extraordinary properties became known to civilization through Christian missionaries. In this respect it resembles the discovery of quinine from the peruvian bark, made known by the Indians to the early Jesuit missionaries in South America, and by them brought to civilized man. It is a wonderful discovery, with a record of 1200 hospital cures to its credit. It acts directly on the blood and kidneys, and is a true specific, just as quinine is in malaria. We have the strongest testimony of many ministers of the gospel, well known doctors and business men cured by Alkavis, when all other remedies had failed.

In the New York Weekly World of Sept. 10th, the testimony of Rev. W. B. Moore, D. D., of Washington, D. C., was given, describing years of suffering from kidney disease and rheumatism, and his rapid cure by Alkavis. Rev. John H. Watson, a minister of the gospel of thirty years' service, was struck down at his post of duty by kidney disease. After hovering between life and death for two months, and all his doctors had failed, he took Alkavis, and was completely restored to health and strength, and is following his duties as minister of the gospel. Mr. R. C. Wood, a prominent attorney of Lowell, Indiana, was cured of Rheumatism, Kidney and Bladder disease of ten years standing, by Alkavis. Mr. Wood describes himself as being in constant misery, often compelled to rise ten times during the night on account of weakness of the bladder. He was treated by all his doctors but without the least benefit and finally completely cured in a few weeks by Alkavis. The testimony is un doubted and really wonderful. Mrs. James Young, of Kent, Ohio, writes that she had tried six doctors in vain, that she was about to give up in despair, when she found Alkavis and promptly cured of kidney disease and restored to health. Many other ladies also testify to the wonderful curative powers of Alkavis in the various disorders peculiar to womanhood.

So far the Church Kidney Cure Company, No. 424 Fourth Avenue, New York, are the only importers of this new remedy, and they are so anxious to prove its value that for the sake of introduction they will send a free treatment of Alkavis prepaid by mail to every reader of this paper who is a sufferer from any form of Kidney or Bladder disorder, Bright's Disease, Rheumatism, Dropsy, Gravel, Pain in Back, Female Complaints, or other affliction due to improper action of the Kidneys or Urinary Organs. We advise all sufferers to send their names and address to the company, and receive the Alkavis free. It is sent to you entirely free, to prove its wonderful curative powers.

CONGRESSIONAL.

Abstract of the Important Measures in Both Houses.

April 5.—The Senate was in session about forty-five minutes this afternoon and it went through business at a lightning pace. In exactly twenty minutes the statements of the upper branch passed sixteen bills on second reading and twenty-five more on first reading.

This was the last night for putting in bills in the house without securing unanimous consent. As a result 63 legislative propositions were dumped in.

April 6.—There was an exciting debate in the Senate to-day between Mr. Morgan and Mr. Hale. During a Cuban speech the senator from Maine (Hale) could not conceal the fact, ascertained and reported to the senate numerous particulars in regard to the government of such of the nations with which the United States has diplomatic relations.

Mr. Bates offered a resolution making available the "epidemic" fund, which amounts to \$450,000, for relief of flood sufferers. The house is expected to concur in this resolution.

April 7.—Senator Jones, of Arkansas, offered a joint resolution appropriating \$150,000 for supplies to the Mississippi river sufferers and it was passed by the Senate. Mr. Catchings, of Missouri, offered a resolution appropriating \$200,000 for the relief of the Mississippi flood sufferers. This passed the house and was adopted by the Senate in the afternoon.

April 8.—Senator Mantle, of Montana, introduced an amendment to the wool schedule of the Dingley tariff bill, which provides for the advancing of rates on several varieties of raw wools. It proposes to make the duty on washed wools of both the first and second classes instead of the first class only double that on unwashed; to double the duty on all classes "imported in any other than ordinary condition, or which has been sorted or improved in value by the rejection of any part of the original fleece," thus extending the scope of the paragraph in the bill which applies only to wools of the first and second classes. Senator Geary, of Iowa, made a report on the bill to authorize a commission consisting of the secretaries of the treasury and the interior and the attorney-general, to adjust the details of the Pacific railroads to the government.

April 10.—The house held nothing in the shape of business to attend to Saturday and so indulged in a little political debate. Jerry Simpson began his obstructing tactics almost before the chaplain had finished his prayer by declaring there was no quorum present. A count by the speaker soon convinced ever Mr. Simpson that he was wrong. The Kansas man took early opportunity to make another attack on Speaker Reed.

Remarkable Snowdrifts.

So heavy have been the snowdrifts in Sargent County, North Dakota, that it is said a farmer of Harlem Township has added thirty-five feet of tubing to his well pipe in order to raise water above the snow. A hotel proprietor, Z. O. Patten, has had to build a hundred-wire fence around the roof of his hotel to keep away stray stock, a horse having one day crashed through the roof while walking over what appeared to be a snow-covered hill. Sidney Mullen claims to have dug thirteen feet into a drift to get at the top of his windmill.

Pastor's Novel Ideas.

Rev. Alexander S. Van Dyck has been Rector of the Reformed Church in Highland Park, N. J., for two months. He has made himself very popular with the younger members of the congregation by organizing a bicycle club, and he has now announced his intention of converting the chapel over the church into a gymnasium.

Starved in Brooklyn.

Leonard A. Campbell, once a prosperous merchant in New York City, was found dead from starvation in his Brooklyn home, his body guarded by his wife, who has lost her reason and will probably die.

ONE OF THE OLDEST SHIPS.

American Bark 133 Years Old Doing Duty in English Waters.

The bark True Love, built in Philadelphia in 1764, has been found upon search to be yet afloat in the capacity of a coal bulk, engaged in active trade at the age of 133 years. This discovery was made through a casualty recorded in the Maritime Exchange as follows: True Love, barge, was in collision with seaman Gravesend of London, off Gravesend, and had port quarter damaged to such an extent that it was found necessary to tow her to Rochester, and she arrived at that place in charge of the tug Commerce. The True Love has not only outlived her builders and their successors, but has also outlived every craft that was built in her time and for many years afterward, and this fact, coupled with the report that the historic craft is still engaged in active pursuits, places Philadelphia at the very top notch as a shipbuilding center.

In 1764, when the famous old craft was launched on the banks of the Delaware, although her length was but 90 feet 8 inches, she was then the largest vessel of commerce that the Delaware had ever floated. Contrast this with the dimensions of the huge Hamburg-American Packet Company's steamship Pennsylvania, the latest addition to commerce, whose length is 587 feet, while the new White Star liner building is 701 feet long, and one will be amazed with the magnitude of the modern ship of commerce. The True Love upon being completed sailed away from Philadelphia early in 1765, and no record is had of her return to this city until August 22, 1873, when at the age of 109 years she came into port from Vigot, Greenland, with a cargo of kryolite, in command of Capt. Thomas Nathaniel, consigned to B. Crowley. She was discharged here and surveyed by the American Lloyd's in October, 1873, and sailed away, never to return again. Upon her arrival shortly after in London she was sold and turned into a coal bulk, in which capacity she still serves.

The dimensions of this famous True Love are: Length, 96 feet 8 inches; beam, 26 feet 9 inches; depth of hold, 17 feet. She measured 236 tons register, and like all old craft, carried very little more cargo.

The discovery that there was still afloat a Philadelphia-built vessel of such an age has caused much comment on the floors of the Maritime Exchange, and some shipping men are of the opinion that this old craft should, if possible, be purchased as a relic. Records show that the True Love was for a time owned in Hull, England, by G. Dahl, previous to her purchase by John S. Ward, of London, and during that time she was engaged in the Baltic trade.—Philadelphia Press.

The Polar Snow Cap of Mars.

We have received the following information from America: "A telegram received at Harvard Observatory on Jan. 11 from Lowell Observatory, now located near the City of Mexico, says that a rift has been observed since Jan. 7 in the north polar cap of Mars in longitude 40." This "rift" is probably similar to those observed at the opposition of 1894, in the southern cap. Prof. W. H. Pickering, with a six-inch telescope, found one in May 22, crossing the cap from longitude 330 to 170. This grew considerable in size, measurements made on June 4 and 15 indicating a width of 100 and 350 miles respectively. Mr. Douglass also during the same month, June 10, detected a second and third rift, the latter running from longitude 170 to 90. The sequence of phenomena observed seems to indicate that they are due to the lower levels at the poles being uncovered; in this way, as the snow melts, the bare ground is exposed, appearing dark in contrast to the snow still lying on the more elevated heights. Their broadening is then a natural result of the departing snow, and indicates that the polar cap is at that time in a far advanced state of disintegration.—Nature.

CASCARETS stimulate liver, kidneys and bowels. Never sicken, weaken or gripe; 10c.

There is a Class of People Who are injured by the use of coffee. Recently there has been placed in all the grocery stores a new preparation called Grain-O, made of pure grains, that takes the place of coffee. The most delicate stomach receives it without distress, and but few can tell it from coffee. It does not cost over one-quarter as much. Children may drink it with great benefit. 15 cents, and 25 cts. per package. Try it. Ask for Grain-O.

When bilious or constive, eat a Cascaret, only cathartic; cure guaranteed; 10c., 25c.

A pound of phosphorus heads 1,000,000 matches.

No-To-Bac for Fifty Cents. Over 40,000,000. Why not let No-To-Bac purify or remove your desire for tobacco? Saves money, makes health and manhood. Cure guaranteed. 50 cents and \$1.00, at all druggists.

Both the Utah Senators were born in Salt Lake City.

Shake Into Your Shoes

Allen's Foot-Ease, a powder for the feet. It cures painful, swollen, smarting feet, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. Allen's Foot-Ease makes tight-fitting or new shoes feel easy. It is a certain cure for sweating, callous and hot, tired, aching feet. Try it to-day. Sold by all druggists and shoe stores. By mail for 25c. in stamps. Trial package FREE. Address, Allen S. Quinsell, Le Roy, N. Y.

Inflicted with sore eyes use Dr. Isaac Thompson's Eye-water. Druggists sell at 25c. per bottle.

Mrs. Winslow's Soothing Syrup for children teething, softens the gums, reduces inflammation, allays pain, cures wind colic, 25c. a bottle.

HALL'S Vegetable Sicilian HAIR RENEWER

Beautifies and restores Gray Hair to its original color and vitality; prevents baldness; cures itching and dandruff. A fine hair dressing. R. P. Hall & Co., Props., N. H. Hall by all Druggists.

The Vendish Tongue in Germany.

Consul General De Kay writes for the Century a paper on the Serbian Swamp Vendland under the title of "An Inland Vendland." Mr. De Kay says: These people speak German to the lords; but we miss Vendish to our boatman; but the Vendish is disappearing because, for the sake of the army, its teaching is discouraged. Throughout all this district, far over into Saxony, only a few churches still offer sermons in the old tongue. Yet if the Vendish tongue disappears the names of places will tell the tale, even as such names in Brandenburg and Saxony still do. Dresden, Leipzig, there are Vendish words—or call them Slavik, with the broader term that now means the race. And herabout are Cottbus, Vetschau, Muschen, Braubow, Babow, Dling, Radusch, Lelpe, Lohde, Ryhlegubre, Straupitz and Lubben. And the flosses that wind or shoot straight in and out of forest and cleared fields retain Vendish names: Mutznitz, Blushnitza, Rogazo, Zschapitz, Polenzogroblitz, and Natusatz. Efforts have been made to give German names to many of them, but country people everywhere are great holders to precedent, and the people who stick so tightly to their old costume are not going to give up their place names without a struggle.

Just try a 10c. box of Cascarets, the finest liver and bowe regulator ever made.

FIBROID TUMOR

Expelled by Lydia E. Pinkham's Vegetable Compound.

Interview With Mrs. B. A. Lombard.

I have reason to think that I would not be here now if it had not been for Lydia E. Pinkham's Vegetable Compound. It cured me of a fibroid tumor in my womb.

Doctors could do nothing for me, and they could not cure me at the hospital. I will tell you about it:

I had been in my usual health, but had worked quite hard. When my monthly period came on, I flowed very badly. The doctor gave me medicine, but it did me no good. He said the flow must be stopped if possible, and he must find the cause of my trouble.

Upon examination, he found there was a Fibroid Tumor in my womb, and gave me treatment without any benefit whatever. About that time a lady called on me, and recommended Lydia E. Pinkham's Vegetable Compound, and I still continued taking the Compound for some time. Then the doctor made an examination again, and found everything all right. The tumor had passed away and that dull ache was gone.—Mrs. B. A. LOMBARD, Box 71, Westdale, Mass.
