Some men who say they are laying up treasures in heaven don't stand much of a chance of ever seeing them again.

The Pennsylvania railroad company has issued the decree forbidding employees of the Union News company to sell fruit, cigars, candy and chewing gum on its trains. Nothing but the sale of papers and other periodicals will be allowed.

The State Editorial Association will take its annual outing in Bradford, June 22-25. Excursions to the Kinzua bridge and over the B. B. & K. to witness the shooting of an oil well; an informal reception at the home of Senator Lewis Emery Wednesday evening; banquet by Board of Trade Thursday evening, and Friday morning an excursion to Chautauque, are included in the program.

An Ohio editor says the hay fever is caused by kissing grass widows. A Missouri editor says it is caused by a grass widow kissing a fellow by moonlight. An Ohio editor says it is caused by a fellow kissing the hired girl while feeding hay to the cow. An eastern exchange is of the opinion that it is caused by missing the girl and kissing the cow. —*Ex.* Our individual opinion is that it is the lack of girls to kiss that caused our attack.—*Clarion Republican.* We opine that hay fever is caused by oscillating with a girl who chews a "cud."

Critics are as common as grass hoppers, so don't worry yourself about what people are going to say about this and that action. No matter what you do, or leave undone, some will criticize you severely, and the very best rule for getting through life with comparative comfort is, after you have made up your mind as to the propriety and advisability of a certain course, to pursue it calmly and without paying the slightest attention to the criticisms of the lookers on from the outside. You see, just because they are on the outside they can only see the surface. It does not matter in the least what they think.

Dr. Charles W. Dulles, of Philadelphia, in a paper read before the forty-seventh annual convention of the Pennsylvania State Medical Society held in Pittsburg last week, said: "Hydrophobia is largely a nervous disease, or imaginary on the part of the patient, or resulting from fright or morbid fears." He further declared that the "patients suffering from what is commonly called hydrophobia are almost always killed by attending physicians and not by the disease." His views were assailed by the doctors, case on case being cited of hydrophobia and examples given of how inoculation had resulted in all the symptoms of rabies.

The Philadelphia Record says: "Next to reducing the cumbersome size of the official ballot in this State the most important amendment of the election laws is to suppress the numerous 'assisted' voters and their 'assistants.' Until the Constitution of Pennsylvania shall have been amended so as to exclude anphabeterists from the suffrage the election laws should require two members of the election board to assist the illiterate voter in marking his ticket. As matters now stand every knave in Pennsylvania who may wish to sell his vote has only to pretend that he cannot read; and then another knave is called in to witness the sale."

The publisher of a newspaper has one thing to sell and one thing to rent. He has the newspaper to sell and the space in his columns to rent. Can anyone inform us why he should be expected to give away either the one or the other? He can if he so chooses, and he does, as a matter of fact, furnish a great deal of space rent free. But it does not follow that he ought to be expected to do so. It ought to be recognized as a contribution exactly as would be the giving away of sugar or coffee by a grocer. But, strange to say, it is not looked upon in that light at all, yet everybody knows that the existence of a newspaper depends upon the rent of its space and the sale of the paper, as a merchant's success depends on selling his goods instead of giving them away.—*The Copy Hook.*

### The Last Crew Gone.

Ever since the Pennsylvania yards were established on the east side eight or nine years ago their prospective removal to Brookwayville. This industrial calamity has never yet come to pass, and is not likely to; but its effect has been temporarily realized in a measure by the indefinite suspension of operations at the yards and the removal of all the trainmen who have their layover here.

While this move is apparently a black eye for the community in an industrial way it is not really so bad as it appears. Many of the men transferred do not intend to move their families away, and it is reported they were advised not to by the officials. Some traffic is expected in the fall again, and by another year the Pennsylvania may get contracts enough to have all these men back again. That is the expectation, and it was a failure to get contracts this year which is the cause of the present suspension.

Ever since the absorption of the Bell, Lewis and Yates coal interests at DuBois and Reynoldsville by the Buffalo, Rochester and Pittsburg people a year ago, traffic at the yards has been declining. It was the hauling of the Bell, Lewis and Yates coal which made the yards for the layover here necessary, and when their coal went over the Pennsylvania road it was a big thing for Brookwayville. The deal a year ago diverted this traffic to the B. & P. road, and the result was the extra Pennsylvania trainmen who laid over here were gradually removed until but one crew remained. It was reported in semi-official circles that the Pennsylvania people expected to get some traffic from the Berwind-White shaft at DuBois this season, but the Berwind-White people were outbid in the big yearly contracts and did not get any. However, this is in prospect for next year again, and the present slump can only be considered as temporary at the worst.—*Brookwayville Record.*

### Improvement in Passenger Service on the Pennsylvania R. R.

The attention of the public is called to the fact that on new schedule, taking effect May 17, 1897, the time of trains on Ridgway & Clearfield R. R. will be changed as follows: Train 101 will leave Ridgway at 9:15 A. M., instead of 9:25, reaching Falls Creek about ten minutes earlier. Train 106 will leave DuBois and Falls Creek a little later with connection at Falls Creek from Allegheny Valley R'y trains from the east and west. Train 110 will also leave DuBois and Falls Creek later with connection from Allegheny Valley Railway R'y trains from the West. This train will leave Falls Creek 7:00 P. M., instead of 5:20, reaching Ridgway in time to connect with trains 11 for Kane and the west and train 4 for points east. This will enable passengers from Ridgway, Johnstown, Kane, St. Marys, Emporium and other points to reach Reynoldsville, Brookville and other points on Allegheny Valley R'y and return same day with ample time to attend to business.

Train 4 eastward will leave Kane a few minutes later. The time of train 11 for Kane will also be made later. Train 11 will be known as train 15 on new time table.

Train 219 Johnstown R. R. will leave Clearfield 5 minutes earlier, 10:40 A. M., and train now leaving Ridgway for Clearfield at 9:20 A. M. will leave Ridgway at 9:15 A. M.

### Consistency Not In It.

We read in an exchange of a certain editor who wrote a long and carefully prepared article on the importance of patronizing home industries, giving many reasons why farmers and others should patronize home merchants rather than send off for their goods. The article was so good that it attracted the attention of the merchants and they highly commended the loyalty of the editor. One merchant was so favorably impressed with the article that he sat down and wrote a congratulatory letter to the editor, but to the surprise of the pencil pusher, the letter head which the merchant used had been printed in a neighboring town, and the return on the envelope was made with a rubber stamp furnished by a Chicago axle-grease house.

### Stands at the Head.

Aug. J. Bogel, the leading druggist of Shreveport, La., says: "Dr. King's New Discovery is the only thing that cures my cough, and it is the best seller I have." J. F. Campbell, merchant of Safford, Ariz., writes: "Dr. King's New Discovery is all that is claimed for it; it never fails, and is a sure cure for consumption, coughs and colds. I cannot say enough for its merits." Dr. King's New Discovery for consumption, coughs and colds is not an experiment. It has been tried for a quarter of a century, and to-day it stands at the head. It never disappoints. Free trial bottle at H. Alex. Stoke's drug store.

### Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted long and perhaps fatal bilious fevers. No medicine will act more surely in counteracting and freeing the system from the malaria poison. Headache, indigestion, constipation, dizziness yield to Electric Bitters. 50c. and \$1.00 per bottle at H. Alex. Stoke's drug store.

### P. R. R. Improved Passenger Service.

The Pennsylvania Railroad Co. placed in service on Monday, May 17th, new passenger trains on Sunbury Division, between Sunbury and Wilkesbarre. A train will leave Sunbury on arrival of train 8 from the west and train 11 from the east, at 2:00 P. M. from Wilkesbarre, Scranton and other points. Passengers can leave Canadagua, 7:50 A. M.; Elmira, 10:05 A. M.; Kane, 6:30 A. M.; DuBois, 7:10 A. M.; Bellefonte, 9:28 A. M.; Lock Haven, 11:20 A. M.; Williamsport, 12:40 P. M.; Harrisburg, 11:35 A. M.; and reach Danville, 2:24 P. M.; Catawissa, 2:43 P. M.; East Bloomsburg, 2:50 P. M.; Nescopec, 3:15 P. M.; Moccasinque, 3:42 P. M.; Nanticoke, 4:02 P. M.; Wilkesbarre, 4:15 P. M.; Scranton, 5:22 P. M. Returning train will leave Scranton 4:41 P. M., Wilkesbarre 6:00 P. M., stopping at other principal points connecting at Sunbury with trains 6 and 13 for points east and west.
