TOWN COUNCIL MEETING.

Street Light to be Placed at Main Street Crossing of R. & F. C. R'y.

Regular meeting of the town council was held on Monday evening, with President Stone in the chair. Members present: Spears, Elliott, Hoover, Reynolds and Corbett. Minutes of the previous meetings read and approved.

No report from the burgess. Secretary Board of Health reported receipts to be but \$1.50.

Clerk reported he had received \$43.00 from the C. D. & P. T. Co. for license on 86 poles.

On motion bills amounting to \$200.18 were ordered paid.

President Stone stated he had seen the publishers of the city papers and they wished to put in a bid for the printing of ordinance. On motion the ordinance committee was instructed to get the ordinance printed in book form.

Finance committee reported that the solicitor had not been able to get the costs on the Sanders case adjusted, but would have soon.

Chairman of street committee reported he had called on Mr. Robinson, Gen'l Manager of J. & C. C. & I. Co. in regards to a light at the Main street crossing at the iron bridge and that they would place a light.

Chairman of street committee reported the expense on the street for month of August, including lumber for sidewalks and crossings, to be \$119.18.

Mr. Henninger, high constable, reported he had received \$5.00 through impounding cattle and had turned the same over to the borough treasurer.

On motion the reports of the different committees were accepted.

Chairman of the street committee stated that the act passed by the legislature at its last session did not control or interfere with the sewerage of our borough. He also stated he had been making further investigations in regard to sewerage.

On motion action on the removing of the bell tower was held over until next meeting.

Ordinance No. 43 passed second reading and became a law by unanimous vote of the council and the clerk was instructed to have them printed in both papers and posted as required by law.

After hearing the decision of Solicitor M. M. Davis read, in the matter of the request of J. J. Sutter for a sidewalk from Jackson street to Pleasant avenue, on motion the president of the council was requested to see what arrangements can be made satisfactorily with persons interested in the petition for a sidewalk from Jackson street to Pleasant avenue.

Chairman of the street committee reported that Mr. Burns could not grant the right of way to open an alley through the Burns estate, Mr. Burns being the executor.

On motion the solicitor was authorized to prepare a petition to court to have viewers appointed to assess the damages for opening an alley across the Burns estate.

On motion the building committee was instructed to inquire into the lease of lot on which hose house No. 1 is built, and make suitable approaches to the doors of hose house No. 1.

The follies, vices, and consequent miseries of multitudes, displayed in a newspaper, are so many admonitions and warnings, so many beacons continually burning, to turn others from the rocks on which they have been shipwrecked. What caution likely to be more effectual against gambling and profligacy than the mournful relation of an execution, or the fate of a despairing suicide? What finer lecture on the necessity of economy than an auction of estates, houses and furniture? "Talk they of morals?" There is no need of Hutcheson, Smith or Paley. Only take a newspaper, and consider it well: read it, and it will instruct thee.—Bishop Horne.

The last legislature enacted a law which provides that no appeal shall be entertained from the judgment of a Justice of the Peace unless the appellant, or his attorney or agent, make affidavit that the appeal is not for delay, but because he verily believes that injustice has been done. Another new law requires justices to return to the plaintiff all costs paid by him in cases where an appeal is made by defendant.

French on the Way to Klondyke.

A party of Phillipsburg, Pa., young men, goldfieldwards, consisting of O. T. Switzer, C. B. French and H. L. Carlisle, are in the city and to-night they will leave on the City of Seattle for Victoria where they will take the Bristol for St. Michaels. At St. Michaels they will transfer to the river steamer Eugene going direct to Dawson City. Last night the party was seen at the Hotel Stevens and stated that they were generally surprised at the moderate price charged in Seattle for supplies. They were told in St. Paul that they could not get bacon or flour in Seattle at any but panic prices. Upon their arrival here they found every thing cheaper than the figures quoted them in St. Paul. They did say, however, that they found hardware higher here than in Pennsylvania, but that was not to be wondered at. They came from an iron manufacturing State, and naturally brought a schedule of values with them. When the freight and packing were added, however, there was no great difference, and they expressed themselves entirely satisfied. The only regret they feel is in the matter of leaving Seattle, which they say is the best city in the country to-day. All of the members of the Phillipsburg party are old-time friends of ex-city clerk R. F. Stewart, and for the past three days he has divided his time in assisting them to make up a first-class outfit. They will take up nearly a ton to each man, all of which has been purchased in Seattle, excepting furs and fur garments, which they bought in St. Paul.—Seattle Post-Intelligencer.

Resolutions of Paradise Grange No. 854.

WHEREAS, It has pleased God in His all-wise dealings to remove from our midst our beloved sister, Ida V. Syphrit, a charter member of our order, and in so doing has deprived us of one who had the interest of our order dear to heart, and in whom all confidence was placed. The death is indeed a sad blow to our order, to the church and to the family, to whom she was a loving daughter and sister, and will be deeply mourned, but we bow in humble submission to the will of God, knowing He doeth all things well. Therefore,

Resolved, That we drape our charter for thirty days and that these resolutions be recorded on the minutes and sent to THE STAR for publication, and that a copy be presented to the bereaved family. J. F. STRAUSS, Com. MRS. A. J. SPRAGUE, Sec. MRS. NOAH STRAUSS.

In a Man's Mind.

A thin man always puts on a lot of airs when he has a fat baby.

The most successful liar is the man that lies least and then lies hardest.

A woman never feels really helpless until she gets a mosquito bite under her corset.

Kissing is like eating mushrooms. You are never sure what will happen until afterward.

Every woman keeps a list in her head of people she won't invite if she can afford to give a party.

Fortune may knock at every man's door, but it is generally gone by the time he can get his coat on.

When a girl says that all the men are alike you may know that she has had an experience with one of them.

A woman always has an idea that she can make a man fidget around and act uncomfortable when she looks at him hard.—Ex.
